## *INDEPENDENT AUDITOR'S REPORT*

To the Board of Trustees  
Retirement Plan of Granite State Independent Living  
Concord, New Hampshire 03301

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We were engaged to perform the audits of the financial statements of Retirement Plan of Granite State Independent Living (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits - modified cash basis as of December 31, 2024 and 2023, and the related statement of changes in net assets available for plan benefits - modified cash basis for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

### **Disclaimer of Opinion**

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

## **Basis for Disclaimer of Opinion**

As described in Note 10 the Plan has excluded from investments in the accompanying statements of net assets available for plan benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for plan benefits. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements. The effects of these excluded contracts and custodial accounts and the related income and distributions on the financial statements are not reasonably determinable.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financials are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our responsibility is to conduct an audit of Retirement Plan of Granite State Independent Living's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Retirement Plan of Granite State Independent Living, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

## Other Matters

### *Basis of Accounting*

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### *Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) for the year ended December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

### NOTES TO FINANCIAL STATEMENTS

---

#### *Note 1. Description of the Plan*

The following description of the Retirement Plan of Granite State Independent Living (the “Plan”) provides only general information. Participants should refer to the Plan document for more detailed information.

**General:** The Plan is a defined contribution 403(b) plan sponsored by Granite State Independent Living (the “Company” and “Plan Sponsor” and “Plan Administrator”), covering substantially all employees. Subsequent to year end, the Plan covers all employees regardless of number of hours worked effective February 2025. The Plan is subject to the provision of Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan management is currently evaluating the provisions of the SECURE Act to determine which amendments will be made, if any, and how the Plan will adopt controls for mandatory provisions as applicable.

**Contributions:** Participants may elect to enter into a salary deferral arrangement to defer up to 100% of their gross compensation, as defined by the Plan, on a pre-tax or after-tax “Roth” basis, subject to Internal Revenue Code (“IRC”) limitations. Participants who are at least age 50 may make an additional “catch-up” contribution subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan (“rollover contributions”), subject to certain requirements.

The Company may make a discretionary matching contribution to eligible employees who are at least 21 years of age and have completed one year of service. Subsequent to year end, the Plan was amended to decrease the age requirement to 18 effective February 2025. In 2024, the Company elected to match 100% of the first 6% of compensation for eligible participants. Total discretionary matching contribution made for the year ended December 31, 2024 amounted to \$145,614.

**Participant accounts:** Each participant’s account is credited with the participant’s contributions, the participant’s allocation of the Company’s contributions, and the participant’s proportional allocation of the Plan’s earnings, including realized and unrealized gains and losses, and expenses. Participants determine the percentage in which contributions are to be invested in each fund.

**Investment options:** Upon enrollment in the Plan, a participant may choose to direct all contributions in any of various investment options, with varying investment risk. Participants may change their investment options as set forth in the Plan document.

**Vesting:** Participants are 100% vested at all times in all accounts.

**Unallocated assets:** The Plan holds assets in an expense account which receives deposits as a result of a revenue sharing agreement with Lincoln Financial Group Trust Company, LLC. During the year ended December 31, 2024, deposits of the account totaled \$39,213. Funds in the account are used to pay qualified plan expenses including investment management fees, trustee fees, audit fees, and legal fees. During the year ended December 31, 2024, \$17,250 was used to pay plan expenses. Unallocated assets were \$6,601 and \$10,277 at December 31, 2024 and 2023, respectively.

### NOTES TO FINANCIAL STATEMENTS

---

**Distribution of benefits:** Vested benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Distributions under the Plan may be made in lump sums or installments.

A participant may also request a withdrawal upon attainment of age 59 ½ or upon demonstration by the participant to the Plan Administrator that the participant is suffering from “hardship”. Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate. Participants may also withdraw from their rollover and participant funds at any time. Participants are limited to no more than one in-service withdrawal in a Plan year. In-service withdrawals must be a minimum of \$500. The Plan has an involuntary distribution threshold of \$5,000.

**Notes receivable from participants:** A participant may borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of the participant’s vested account balance. Participants may not have more than one note outstanding at any time during a Plan year. Notes are collateralized by the participant’s interest in the Plan and are supported by a promissory note. Notes bear interest at the *Wall Street Journal* prime rate plus 1% (8.50% at December 31, 2024). Notes must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed. Principal and interest is paid ratably through payroll deductions. Notes receivable are valued at the unpaid principal balance plus any accrued by unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

**Funding Policy:** Bi-weekly deferrals are withheld from eligible participants’ wages. These deferrals and the employer discretionary matching contributions are remitted bi-weekly to Brighthouse Life Insurance Company and Lincoln Financial Group Trust Company, Inc. (the “Custodians”), and are invested based on the instructions provided by the participant. No contributions were remitted to Brighthouse Life Insurance Company for the year ended December 31, 2024.

#### *Note 2. Significant Accounting Policies*

**Valuation of investments:** Retirement Plan of Granite State Independent Living (the “Plan”) investments in mutual funds and variable annuity contracts that are reported at fair value. The Plan also invests in fully benefit responsive contracts which are reported at contract value. See Note 3 and Note 4 for discussion on fair value measurements and valuation, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date.

The changes in the difference between the current value and the cost of investments and realized gains and losses are reflected in the statement of changes in net assets available for plan benefits as an increase or decrease in appreciation or depreciation in the value of investments.

## RETIREMENT PLAN OF GRANITE STATE INDEPENDENT LIVING

### NOTES TO FINANCIAL STATEMENTS

---

**Accounting method:** The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a basis of accounting other than U.S. generally accepted accounting principles. Under this method, contributions, interest and dividends and other amounts are recognized only when actually received by the Plan.

**Estimates and assumptions:** Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Accordingly, actual results may differ from these estimates.

**Payment of benefits:** Benefits are recorded when paid.

**Plan expenses:** Some of the costs and expenses associated with the operations of the Plan were paid by the Company for the year ended December 31, 2024.

#### *Note 3. Fair Value of Investments*

Accounting standards established a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs are other than quoted prices that are observable for the asset or liability. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value.

# RETIREMENT PLAN OF GRANITE STATE INDEPENDENT LIVING

## NOTES TO FINANCIAL STATEMENTS

---

*Mutual funds:* Valued at the net asset value of the shares held by the Plan at the year end as determined by quoted market prices.

*Variable annuity contracts:* Valued at the net asset value of units of a variable annuity. The net asset value, as provided by the contract issuer, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,384,258	\$ -	\$ -	3,384,258
Variable annuity ( <i>measured at NAV</i> )*				29,287
<i>Total investments at fair value</i>			<u>\$</u>	<u><b>3,413,545</b></u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,233,189	\$ -	\$ -	3,233,189
Variable annuity ( <i>measured at NAV</i> )*				46,111
<i>Total investments at fair value</i>			<u>\$</u>	<u><b>3,279,300</b></u>

(\*) *In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in their fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.*

*Variable annuity contracts:* This category consists of accounts managed by Brighthouse Financial. There are no unfunded commitments. There are no restrictions on redemptions of these investments for participant-initiated transactions.

Accounting's standards require disclosure of investment strategies for investments valued using net asset value as a practical expedient to estimate fair value if the investment does not file a Form 5500 with the DOL as a direct filing entity ("DFE").

## RETIREMENT PLAN OF GRANITE STATE INDEPENDENT LIVING

### NOTES TO FINANCIAL STATEMENTS

---

The Plan holds investment contracts issued by Brighthouse Life Insurance Company and Lincoln National Life Insurance Company (“the contract issuers”). The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The investment contracts held by the Plan are guaranteed investment contracts. These contracts are designed to accrue interest based on crediting rates established by the contract issuers. The contract issuers are contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3.5% for the contract with Brighthouse Financial and 1% for the contract at Lincoln Financial. Such interest rates are reviewed on an annual basis and quarterly basis, respectively, for resetting. The contracts do not have a maturity date.

The Plan must provide 90 day written notice to Lincoln Financial to redeem its interest in the investment at contract value. Withdrawals from the Brighthouse Financial contract may be subject to a surrender charge and a 6-month notice period.

The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act at 1974.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that would also limit the ability of the Plan to transact at contract value with the participants.

#### *Note 5. Transactions with Parties-in-Interest*

The Plan Sponsor provides to the Plan certain accounting and administrative services for which no fees are charged. The employees that provide these services also are contributing participants in the Plan. These transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. However, under the provisions of ERISA these transactions meet the criteria for exemption, are not considered prohibited transactions, and do not need to be reported in the supplementary schedules of Form 5500.

### NOTES TO FINANCIAL STATEMENTS

---

The Plan invests in variable annuities, mutual funds, and fully benefit responsive contracts managed by the Brighthouse Life Insurance Company and Lincoln Financial Group Trust Company, Inc. who act as Custodians for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

#### *Note 6. Risk and Uncertainties*

The Plan provides for a combination of various investment options. Investments are exposed to various risks, such as interest rate, credit, and market. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

#### *Note 7. Plan Termination*

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.

#### *Note 8. Tax Status*

The Plan has adopted a restated pre-approved plan document, and the IRS has determined and informed the sponsor of the pre-approved plan document by a letter dated March 31, 2017, that the pre-approved plan document is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

The Plan adopted the provisions of FASB ASC 740, Accounting for Uncertainty in Income Taxes. Accordingly, management has evaluated the Plan's tax positions and concluded the Plan had maintained its tax-exempt status, does not have any significant unrelated business income and had taken no uncertain tax positions that require adjustment or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the Federal authorities for years before 2021.

#### *Note 9. Information Certified by the Plan's Custodians*

The Plan Administrator has elected the methods of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Brighthouse Life Insurance Company and Lincoln Financial Group Trust Company, Inc. have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

### *Note 10. Exclusion of Certain Accounts*

The Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in assets available for benefits. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements. The effects of these excluded contracts and custodial accounts and the related income and distributions on the financial statements are not reasonably determinable.

### *Note 11. Subsequent Events*

The Company has evaluated subsequent events through October 1, 2025, the date which the financial statements were available to be issued and have not evaluated subsequent events after that date. With the exception of Note 1, no other subsequent events were identified that would require disclosure in the financial statements for the year ended December 31, 2024.
