Independent Auditor's Report

To the Board of Directors
Beth Israel Lahey Health 403(b) Retirement Savings Plan
Brookline, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Beth Israel Lahey Health 403(b) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Prior to January 1, 2009, certain records were maintained at a contract, not plan, level; therefore, management has not maintained, and Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF") did not provide, sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine

the extent to which the financial statements have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP"), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America ("GAAS") and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Beth Israel Lahey Health 403(b) Retirement Savings Plan (the “Plan”) is provided for general informational purposes only. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, adopted June 6, 1977, is a defined contribution plan established under Section 403(b) of the Internal Revenue Code (the “Code”). All employees of Beth Israel Lahey Health (the “BILH” or the “Plan Sponsor”) and other participating employers are eligible to participate in the Plan on the first day of the first payroll period commencing on or after the remittance of a salary reduction agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

BILH is the plan sponsor and plan administrator of the Plan. The Board of Directors has delegated responsibility for oversight of the Plan to BILH, who has delegated to the BILH Retirement Plans Committee the responsibility to oversee the Plan, including administrative matters, and to determine the appropriateness of the Plan’s investment offerings as well as to monitor investment performance.

Effective December 31, 2023, the Lahey Clinic 403(B) Retirement Savings Plan, Milton Hospital Retirement Savings Plan, New England Baptist Hospital 403(b) Plan, Northeast Health System 403(b) Retirement Plan, Winchester Hospital Flexible Pension Plan, and Beth Israel Deaconess Hospital-Needham 403(b) Plan were merged into the Plan. Concurrent with the merger, the assets of the Lahey Clinic 403(B) Retirement Savings Plan, Milton Hospital Retirement Savings Plan, New England Baptist Hospital 403(b) Plan, Northeast Health System 403(b) Retirement Plan, Winchester Hospital Flexible Pension Plan, and Beth Israel Deaconess Hospital-Needham 403(b) Plan were transferred to the Plan.

Effective December 31, 2024, RetirementPLUS Retirement Plan for Employees of Mount Auburn Hospital, Beth Israel Deaconess Hospital-Plymouth, Inc. 403(b) Retirement Plan, and Anna Jaques 403(b) Retirement Plan were merged into the Plan. Concurrent with the merger, the assets of the RetirementPLUS Retirement Plan for Employees of Mount Auburn Hospital, Beth Israel Deaconess Hospital-Plymouth, Inc. 403(b) Retirement Plan, and Anna Jaques 403(b) Retirement Plan were transferred to the Plan as noted in the accompanying statement of changes in net assets available for benefits.

Contributions

Participants may contribute up to 100% of their wages, not to exceed the maximum annual contribution allowed by the Internal Revenue Service (the “IRS”). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Upon enrollment, a participant may direct their contributions to any of the Plan’s fund options.

Beth Israel Lahey Health 403(b) Retirement Savings Plan

Notes to Financial Statements

Participants Accounts

Each participant's account is credited with the participant's contributions and employer contributions as well as allocation of plan earnings and administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all contributions plus earnings thereon.

Loans

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their total account balances within the Plan. Participants are able to have only one loan outstanding at a time. Loan terms range from one to five years unless the loan is for the purchase of a primary residence. The notes receivable from participants are secured by the balance in the participants' accounts and bear interest between 3.75% and 9.50%. Principal and interest are paid through periodic direct debit deductions between the participant and Fidelity Management Trust Company ("Fidelity") and not through payroll deduction.

Payment of Benefits

Amounts may be distributed to participants only (i) upon termination of employment, (ii) upon attaining the age of 59½, (iii) upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship" (as defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Code standards established by the Secretary of the Treasury or his delegate), (iv) upon becoming eligible for Social Security disability benefits, or (v) upon death.

On termination of service, participants may elect to rollover their account into another qualified plan. In addition, participants whose account value exceeds \$5,000 may elect a distribution in any form of payment available under the terms of the funding vehicle of the Plan.

TIAA Traditional Annuity

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including Retirement Annuities ("RA"), Group Retirement Annuities ("GRA"), Supplemental Retirement Annuities ("SRA"), and Group Supplemental Retirement Annuities ("GSRA"). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

Beth Israel Lahey Health 403(b) Retirement Savings Plan

Notes to Financial Statements

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

For accumulating RA contracts, the crediting interest rate was 5.25% and 6.75% as of December 31, 2024 and 2023, respectively. For accumulating SRA and GSRA contracts, the crediting interest rate was 4.5% and 6.75% as of December 31, 2024 and 2023, respectively.

The RA contract does not allow lump-sum cash withdrawals, and transfers must be spread over 10 annual installments. All other withdrawals and transfers from RA contracts must be spread over 10 annual installments (five annual installments for withdrawals after termination of employment). The SRA and GSRA contracts provide for full participant-directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

2. Summary of Accounting Principles

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Annual Reporting Requirements

The Plan was established in 1977 and was historically viewed as an amalgamation of individual annuity and custodial accounts. Prior to January 1, 2009, TIAA and CREF maintained records at a contract, not plan, level and administratively decided not to provide accounting records and supporting documentation at the participant or plan level relating to certain annuity and custodial accounts issued to current and former employees. As such, neither the Plan Sponsor nor TIAA and CREF have been able to produce sufficient records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009.

As a result, the completeness and the accuracy of the annuity and custodial accounts, related investment income, and distributions related to these accounts, if any, could not be determined.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Beth Israel Lahey Health 403(b) Retirement Savings Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value except for fully benefit-responsive investment contracts and life insurance contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Certain TIAA Traditional Annuity contract types, including the SRA and the GSRA, Lincoln Group Annuity Guaranteed Fund, Prudential Guaranteed Interest Account, MetLife Traditional Fixed Account, Voya Fixed Account, and Variable Annuity Life Insurance Fixed Account are considered fully benefit-responsive and are stated at contract value for the years ended December 31, 2024 and 2023. See Note 1 for further discussion of the TIAA Traditional Annuity. Contract value equals accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals.

Due to the plan merger (see Note 1), a life insurance contract with Transamerica Life Insurance Company was transferred into the Plan totaling \$15,671 at December 31, 2024. The investments are reported at cash surrender value, which is the amount that the policyholders would receive in the event their policies are voluntarily terminated.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Notes to Financial Statements

Other Income

The Plan provides for revenue sharing agreements with various investment brokers of the Plan's investments. The income from revenue sharing agreements amounted to \$1,853,056 for the year ended December 31, 2024.

Transfers between Fidelity and TIAA and CREF

As a result of historical records not being maintained since the Plan was established in 1977, participants may have individual balances with legacy custodians which are not reflected in the net assets as of January 1, 2009. When participants wish to transfer to or from legacy custodians, these balances are recorded as transfers into or out of the plan assets held with Fidelity or TIAA and CREF. There were \$143,680 and \$-0- in transfers into Fidelity from TIAA and CREF for the years ended December 31, 2024 and 2023, respectively. This amount is recorded as transfer in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2025 which is the date the financial statements were available to be issued.

3. Information Certified by the Plan's Custodians

The Plan Sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Fidelity, TIAA, CREF, Lincoln National Life Insurance Company ("Lincoln"), MetLife Life Insurance Company ("MetLife"), Voya Retirement Insurance and Annuity Company ("Voya"), and Variable Annuity Life Insurance Company ("Valic"), the custodians of the Plan and qualified institutions, have certified as being complete and accurate the investments and notes receivable from participants on the statements of net assets available for benefits as of December 31, 2024 and 2023, and the investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024, and the investment information included in the supplemental schedule to the financial statements as of December 31, 2024. Accordingly, as permitted under such election, the Plan Sponsor instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified as complete and accurate by the custodians for their respective periods, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule.

4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Beth Israel Lahey Health 403(b) Retirement Savings Plan

Notes to Financial Statements

The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investment options available to participants include the TIAA Traditional Annuity, TIAA Real Estate, CREF Annuities, and select Fidelity mutual funds.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds

The mutual funds invest principally in equity securities, fixed income instruments, and short-term instruments in accordance with each fund's investment objectives. The funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 assets in the fair value hierarchy.

Self-brokerage Funds

Self-directed brokerage accounts represent a brokerage account in which participants are invested in mutual funds and cash reserves. The Plan has individual investments in the self-directed brokerage accounts that are valued on the basis of readily determinable market prices.

TIAA Traditional Annuity

Investments in certain TIAA Traditional Annuity contracts (retirement annuity) are reported at fair value. These investments are contract-based and observable prices for identical or similar investments do not exist; accordingly, these investments are valued using unobservable inputs (Level 3). Fair value is determined using a discounted cash flow model. The TIAA Traditional Annuity

Beth Israel Lahey Health 403(b) Retirement Savings Plan

Notes to Financial Statements

Contracts are not available for sale or transfer on any security exchange. The fixed annuity contracts are subject to various restrictions. See also Note 1 for discussion of the TIAA Traditional Annuity.

CREF Variable Annuities and TIAA Real Estate

TIAA offers eight CREF variable annuities. Unlike TIAA Traditional, the variable accounts do not provide guaranteed returns. Participant returns depend entirely on the investment performance of each account. The accounts invest principally in equity securities, fixed income instruments, and short-term investments in accordance with each portfolio's investment objectives. The value of the variable annuity contracts are determined at the close of each business day at the NAV and based on the fair value of the underlying investments. The underlying investments in the variable annuity contracts are invested in registered investment companies, which are valued at quoted market prices in an exchange and active markets. The NAV, as provided by TIAA, is used as a practical expedient to estimate fair value. There are no restrictions on the trading or withdrawals of these investments. There are no unfunded commitments, and the redemption frequency and redemption notice period are both daily.

The CREF Stock fund seeks to invest in a wide range of equities from all around the world. The CREF Growth Account seeks to invest in large established companies with innovative solutions that enhance earnings or cash flow prospects. The CREF Global Account seeks to invest globally in companies of all sizes. The CREF Equity Index Account seeks to invest in a diversified portfolio of publicly traded U.S. stocks represented by a broad market index. The Social Choice Fund seeks to invest in a diversified portfolio of bonds and global stocks while giving special consideration to certain environmental, social, and governance factors. The CREF Bond Market Fund seeks to invest in intermediate-term corporate and government fixed-income securities designed to balance and manage risk. The CREF Inflation-Linked Bond Fund seeks to invest in fixed-income securities that seek to protect U.S. dollar investors from a loss of "real buying power" due to inflation. The CREF Money Market Fund seeks to invest in high-quality short-term securities that aim to preserve capital and provide income.

In addition, TIAA offers the Real Estate Account ("REA") which is a separate account of TIAA. This account is a variable account similar to the CREF variable accounts; as such, its returns are not guaranteed and its accumulations and returns fluctuate based on the performance of the underlying investments. The account generally invests in real estate properties and real estate-related investments. The REA investments are generally valued at the NAV of the underlying real estate holdings or other real estate-related investments. There are no unfunded commitments, and the redemption frequency and redemption notice period are both daily.

Transfers out of the TIAA REA to a TIAA or CREF account or into another option can be executed at any time but are limited to once per calendar quarter. Transfers out of the TIAA Traditional contracts can only be affected over a period of time (up to 10 years) and may be subject to limitations. Transfers out of mutual funds into another investment option may be executed on a daily basis.

Pooled Separate Account

The pooled separate accounts are valued based on the observable NAV of the underlying investments. NAV is used as a practical expedient for fair value. The pooled separate accounts include asset allocation funds, aggressive growth funds, conservative funds, growth and income funds, growth funds, and income funds. When quoted prices are not available for identical or similar

Beth Israel Lahey Health 403(b) Retirement Savings Plan

Notes to Financial Statements

securities, the underlying investments are valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks. There are no unfunded commitments, and the redemption frequency and redemption notice period are both daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the valuation of the Plan's financial instruments under the fair value hierarchy levels as of:

<i>December 31, 2024</i>	Level 1	Level 2	Level 3	Total

5. Related-Party and Party-in-Interest Transactions

Certain plan investments are in funds and accounts that are managed by Fidelity, TIAA and CREF, Lincoln, MetLife, Voya, and Valic. Fidelity, TIAA and CREF, Lincoln, MetLife, Voya, and Valic are the custodians of the Plan. Transactions such as investments-related transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction rules. Notes receivable from participants also qualify as exempt party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. As described in Note 2, the Plan Sponsor also pays certain administrative expenses of the Plan.

6. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

7. Tax Status

The Plan has been designed to qualify under Section 403(b) of the Code. The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. This guidance, *IRS Revenue Procedure 2013-22*, established new procedures for IRS preapproval of the form of 403(b) plan documents. Effective January 1, 2020, the Plan was amended and restated using a 403(b) Volume Submitter Plan to comply with certain regulatory requirements. The 403(b) Volume Submitter Plan received an IRS opinion letter date August 7, 2017, stating that the form of the Plan is acceptable under the Code.

Beth Israel Lahey Health 403(b) Retirement Savings Plan

Notes to Financial Statements

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax period.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
