Independent Auditors' Report

To the Participants, Investment Committee, and Administrative Committee of
The PNC Financial Services Group, Inc.
Incentive Savings Plan

Opinion

We have audited the financial statements of The PNC Financial Services Group, Inc. Incentive Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The PNC Financial Services Group, Inc. Incentive Savings Plan

Notes to Financial Statements
December 31, 2024 and 2023

1. Description of the Plan

The following description of The PNC Financial Services Group, Inc. Incentive Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The PNC Financial Services Group, Inc. (PNC or the Company) is the sponsor of the Plan. The Plan is a defined contribution plan covering substantially all salaried and hourly employees of PNC, excluding employees not paid through the U.S. payroll system.

Salaried employees generally become eligible to participate in the Plan on date of hire. Hourly employees must generally complete one year of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Administrative Committee appointed by the Chief Executive Officer of PNC. The Administrative Committee has appointed a plan manager to assist in the administration of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan provides for an automatic enrollment feature. Impacted participants must actively elect to opt out within 30 days (35 days effective January 1, 2025) after the date they became eligible. Employees who neither opt-out nor make an alternate affirmative election, are automatically enrolled in the Plan at a contribution rate of 4 percent invested in the target date fund that aligns with their attainment of age 65. Effective January 1, 2025, the automatic enrollment contribution rate increased from 4 percent to 6 percent.

On June 1, 2021, PNC acquired BBVA USA Bancshares, Inc. (BBVA). As a result:

- Effective October 9, 2021, the BBVA USA SmartInvestor 401(k) Plan (the BBVA Plan) was terminated, and the account balances of participants and any assets remaining in the BBVA Plan following the payment of permissible administrative expenses were transferred to the Plan in accordance with applicable law. A subset of legacy BBVA employees became eligible to participate in the Plan as a result of the acquisition effective July 19, 2021, with the remainder of the legacy BBVA employees becoming eligible to participate in the Plan effective October 9, 2021, in both cases, subject to plan terms.
- The Simple Finance Technology Corp 401(k) Plan was merged into the Plan effective February 28, 2022.

Contributions and Vesting

Each year, participants in the Plan may contribute any amount from 1 percent to 75 percent of their eligible compensation, as defined by the Plan, as pre-tax or Roth elective deferrals, subject to limitations of the Internal Revenue Code (IRC). Participants who are age 50 or older (or who will become age 50 by the end of the plan year) may make additional pre-tax or Roth elective deferrals, referred to as catch-up contributions, subject to the limitations of the IRC. Participants may also contribute amounts representing distributions from other eligible retirement plans as rollover contributions. The Plan allows participants to convert all or a portion of their existing non-Roth vested account to Roth.

The Plan provides for an employer matching contribution equal to 100 percent of the participant's contributions (excluding catch-up contributions) up to 4 percent of the participant's eligible compensation, subject to limitations of the IRC.

The PNC Financial Services Group, Inc. Incentive Savings Plan

Notes to Financial Statements
December 31, 2024 and 2023

Employer matching contributions will only apply to those participants who have completed a six-month service period. Generally, participants who earn less than \$50,000 of eligible compensation a year will receive a minimum employer matching contribution equal to at least \$2,000 as long as the participant contributes at least 4 percent of his or her eligible compensation every pay period throughout the year and remains employed on the last business day of the year. This minimum employer match is prorated for part-time employees and those eligible for matching contributions under the Plan for less than a full year. Employer matching contributions are subject to certain limitations, as defined in the plan document.

Participants direct the investment of all contributions into various investment options offered by the Plan.

The PNC Common Stock Fund (the Fund) became frozen effective January 1, 2011. No contributions (from participants or the Company) are made to the Fund. The Fund only allows liquidation for plan activity.

The Plan allows participants to make an annual election to either receive any PNC common stock dividends paid in cash or receive automatic reinvestment of units to the Fund held within the Plan.

Participants are generally subject to a three year cliff vesting schedule with respect to all employer contributions.

Participant contributions to the Plan are recorded in the period that payroll deductions are made from plan participants.

Participant Accounts

Each participant's account is credited with the participant's contribution along with any employer matching contributions, as adjusted for applicable investment earnings and/or losses. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Participants may borrow from their individual accounts in an amount equal to a minimum of \$500 up to a maximum equal to the lesser of \$50,000 less the highest outstanding note balance during the past year or 50 percent of their vested account balance. Terms generally range from 1 to 5 years or up to 15 years for the purchase of a primary residence. Borrowings are secured by the balance in the participant's plan account and bear interest at rates ranging from 2.33 percent to 9.53 percent at December 31, 2024. The interest rate on the borrowings is generally based upon the prime rate (Reuters Prime effective January 1, 2025) of interest plus 1.00 percent. The prime rate used is announced by PNC Bank, National Association (PNC Bank) on the 15th day of the month preceding the date the note application is submitted. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may generally elect to receive either a lump-sum amount, partial lump-sum amount, or installment payments equal to the value of the participant's vested account. In addition, hardship distributions and in-service withdrawals are permitted if certain criteria are met.

The PNC Financial Services Group, Inc. Incentive Savings Plan

Notes to Financial Statements
December 31, 2024 and 2023

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts were approximately \$11.2 million and \$9.1 million, respectively. Plan forfeitures are used to either reduce administrative expenses of the Plan or employer matching contributions. During 2024, the minimum employer matching contributions related to the 2023 plan year were reduced by approximately \$9.1 million from forfeited non-vested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's trustee and investment advisor. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan, including, but not limited to, professional services and recordkeeping fees, are paid by the Plan. Trustee fees are paid by PNC on behalf of the Plan and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

The PNC Financial Services Group, Inc. Incentive Savings Plan

Notes to Financial Statements
December 31, 2024 and 2023

Plan Termination

Although it has not expressed any intent to do so, PNC has the right to discontinue contributions at any time and to terminate the Plan, in whole or in part, subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer matching contributions.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 14, 2025, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The PNC Financial Services Group, Inc. Incentive Savings Plan

Notes to Financial Statements
December 31, 2024 and 2023

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investment companies, common stock fund and cash equivalents: Shares of registered investment companies and cash equivalents, consisting of shares of money market portfolios, are valued at the quoted net asset value (NAV) of shares held by the Plan at year end. Investments in common stock held within the common stock fund are valued at the quoted market price on the last business day of the year in the active market on which the individual securities are traded.

Collective trust funds: Collective trust funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the funds' trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023 (amounts in thousands):

The PNC Financial Services Group, Inc. Incentive Savings Plan

Notes to Financial Statements
December 31, 2024 and 2023

4. Related-Party and Party In Interest Transactions

PNC Bank is the Plan's trustee and also provides custodial and certain administrative services. Effective January 1, 2025, the Plan's trustee changed to Fidelity Management Trust Company. Trustee fees paid by PNC on behalf of the Plan were approximately \$1.7 million in 2024. Fees paid by the Plan to PNC Bank were approximately \$0.2 million in 2024. Certain of the Plan's investments are managed by PNC or its affiliates.

The Plan owns shares of PNC common stock and notes receivable from participants that are secured by the participant's account balance. These transactions qualify as party in interest transactions that are exempt under ERISA.

During 2024, purchases and sales of PNC common stock were approximately \$16.5 million and \$50.9 million, respectively. Dividends earned on PNC common stock were approximately \$17.7 million in 2024. As of December 31, 2024 and 2023, the Plan owned approximately 2.6 million and 2.8 million shares of PNC common stock, respectively.

As of December 31, 2024 and 2023, approximately 5 percent of the Plan's assets were invested in PNC common stock. It is at least reasonably possible that changes in the fair value of PNC common stock in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

5. Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated January 29, 2025, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2024 and 2023, the Plan had investments of approximately \$2.7 billion and \$2.2 billion, respectively, that were concentrated in one fund.
