INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Oversight Committee of the
Chapa-de Indian Health Program, Inc. TSA Retirement Plan
Auburn, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Chapa-de Indian Health Program, Inc. TSA Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Chapa-de Indian Health Program, Inc. TSA Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

CHAPA-DE INDIAN HEALTH PROGRAM, INC. TSA RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

1. DESCRIPTION OF THE PLAN

The following description of the Chapa-de Indian Health Program, Inc. TSA Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established on March 1, 1994, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan provides benefits for all employees of Chapa-de Indian Health Program, Inc. (the Organization).

Eligibility – Participants are eligible to begin deferring into the Plan immediately upon employment. To be eligible to receive employer matching contributions, a participant must complete one year of service, as defined, and have attained the age of 18.

Administration – The Organization is the administrator of the Plan and, as such, carries out the duties imposed under ERISA. The Organization has delegated certain responsibilities for the operation and administration of the Plan. TIAA and CREF, Lincoln National Life Insurance Company, Matrix Trust Company, and Massachusetts Mutual Life Insurance Company are the appointed trustees of the Plan's assets (collectively, the trustees). Recordkeeping and technical assistance are provided by the trustees. Certain investments are managed by the trustees; therefore, the related transactions are party-in-interest transactions.

Contributions – Participant contributions are made to the Plan through salary deferrals (before-tax). Participants have the option to defer at any percentage, up to the maximum amount allowed by IRS limitations. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers).

Matching – The Plan provides for a matching contribution of 100% of the first 6% of each participant's salary deferral.

Participant accounts – Individual accounts are maintained for each Plan participant to reflect the participant's contributions and employer contribution. In addition, participant accounts are credited with the earnings on their investments as earned. The vested balance in a participant's account is the benefit to which the participant would be entitled upon termination or retirement.

Vesting – Participants' contributions and rollovers from other qualified plans are 100% vested at all times. The Organization's matching contributions are 100% vested at all times, once the participant becomes eligible for and receives matching contributions.

Payment of benefits – Benefits are payable upon retirement, termination, attainment of age 59 ½, disability, hardship or death. Benefits are paid in either a single lump sum distribution or a rollover to another qualified plan or an individual retirement account.

Notes receivable from participants – Under certain circumstances, participants are allowed to borrow against their vested account balance. Notes receivable from participants must be for a minimum of \$1,000 and are capped at the lesser of one-half of the participant's vested account balance or \$50,000. All loans must bear a reasonable rate of interest as determined by the Plan administrator based on prevailing interest rates. Loans must be repaid in level payments through

CHAPA-DE INDIAN HEALTH PROGRAM, INC. TSA RETIREMENT PLAN

after-tax payroll deductions on at least a quarterly basis over a five-year period unless it is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 10 years from the date of the loan.

Investment options – Plan investments are self-directed by the individual participants. Upon enrollment in the Plan, a participant may direct contributions in any selected investment option consisting of mutual funds and fixed income annuities of varying risks.

Costs of administration – The Plan administrator pays plan audit fees, with all other investment fees being allocated among participants.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – Financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition – Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to the fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income and gains (losses) are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are valued at the outstanding loan balance, plus accrued unpaid interest, which approximates fair market value.

Interest on notes receivable from participants – Interest on notes receivable from participants is recognized in the period it is assessed.

Payment of benefits – Benefits are recorded when paid.

Contributions – Employee contributions and the related employer match are recorded in the period payroll deductions are made.

**CHAPA-DE INDIAN HEALTH PROGRAM, INC.
TSA RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024**

Income taxes – The Plan is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2017, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

The Plan has applied the accounting principles related to accounting for uncertainty in income taxes and has determined that there is no material impact on the financial statements. With some exceptions, the Plan is no longer subject to U.S. federal and state income tax examinations by tax authorities for years prior to 2020.

Subsequent events have been evaluated for recognition and disclosure through October 14, 2025, the date which these financial statements were available to be issued. The Organization concluded that no material events have occurred since December 31, 2024, that requires disclosure in the financial statements.

3. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds certain investment contracts which meet the fully benefit-responsive investment contract criteria and therefore reported at contract value. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses.

The traditional investment contracts held by the Plan are guaranteed investment contracts, in which the Plan owns only the contracts themselves. Traditional contracts are designed to accrue interest based on crediting rates established by the contract issuers. The contract issuers are contractually obligated to repay the principal and interest at a specified interest rate that are guaranteed to the Plan. The contracts cannot be terminated before the scheduled maturity date.

The following represents the Plan’s investment in fully benefit-responsive investment contracts, guaranteed minimum investments crediting rates, and the rate review effective dates:

<u>Issuer</u>	<u>Guaranteed Minimal Rate</u>	<u>Rate Review Effective Dates</u>	<u>Contract Value 12/31/2024</u>
Lincoln	3.00%	Quarterly	\$ 812,507
TIAA-CREF*	1.00% to 3.00%	January 1 st and July 1st	<u>623,555</u>
			<u>\$ 1,436,062</u>

*TIAA-CREF Stable Value provides for additional interest, called additional amounts when called by the TIAA-CREF Board Trustees, which remain in effect from January 1 through June 30 and from July 30 through December 31 and are not guaranteed for future periods.

CHAPA-DE INDIAN HEALTH PROGRAM, INC. TSA RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Although not expected, certain events may limit the ability of the Plan to transact at contract value with the issuers. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will automatically become fully vested in their accounts.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within a fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Oversight Committee of the
Chapa-de Indian Health Program, Inc. TSA Retirement Plan
Auburn, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Chapa-de Indian Health Program, Inc. TSA Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Chapa-de Indian Health Program, Inc. TSA Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

CHAPA-DE INDIAN HEALTH PROGRAM, INC. TSA RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

1. DESCRIPTION OF THE PLAN

The following description of the Chapa-de Indian Health Program, Inc. TSA Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established on March 1, 1994, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan provides benefits for all employees of Chapa-de Indian Health Program, Inc. (the Organization).

Eligibility – Participants are eligible to begin deferring into the Plan immediately upon employment. To be eligible to receive employer matching contributions, a participant must complete one year of service, as defined, and have attained the age of 18.

Administration – The Organization is the administrator of the Plan and, as such, carries out the duties imposed under ERISA. The Organization has delegated certain responsibilities for the operation and administration of the Plan. TIAA and CREF, Lincoln National Life Insurance Company, Matrix Trust Company, and Massachusetts Mutual Life Insurance Company are the appointed trustees of the Plan's assets (collectively, the trustees). Recordkeeping and technical assistance are provided by the trustees. Certain investments are managed by the trustees; therefore, the related transactions are party-in-interest transactions.

Contributions – Participant contributions are made to the Plan through salary deferrals (before-tax). Participants have the option to defer at any percentage, up to the maximum amount allowed by IRS limitations. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers).

Matching – The Plan provides for a matching contribution of 100% of the first 6% of each participant's salary deferral.

Participant accounts – Individual accounts are maintained for each Plan participant to reflect the participant's contributions and employer contribution. In addition, participant accounts are credited with the earnings on their investments as earned. The vested balance in a participant's account is the benefit to which the participant would be entitled upon termination or retirement.

Vesting – Participants' contributions and rollovers from other qualified plans are 100% vested at all times. The Organization's matching contributions are 100% vested at all times, once the participant becomes eligible for and receives matching contributions.

Payment of benefits – Benefits are payable upon retirement, termination, attainment of age 59 ½, disability, hardship or death. Benefits are paid in either a single lump sum distribution or a rollover to another qualified plan or an individual retirement account.

Notes receivable from participants – Under certain circumstances, participants are allowed to borrow against their vested account balance. Notes receivable from participants must be for a minimum of \$1,000 and are capped at the lesser of one-half of the participant's vested account balance or \$50,000. All loans must bear a reasonable rate of interest as determined by the Plan administrator based on prevailing interest rates. Loans must be repaid in level payments through

after-tax payroll deductions on at least a quarterly basis over a five-year period unless it is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 10 years from the date of the loan.

Investment options – Plan investments are self-directed by the individual participants. Upon enrollment in the Plan, a participant may direct contributions in any selected investment option consisting of mutual funds and fixed income annuities of varying risks.

Costs of administration – The Plan administrator pays plan audit fees, with all other investment fees being allocated among participants.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – Financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition – Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to the fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income and gains (losses) are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are valued at the outstanding loan balance, plus accrued unpaid interest, which approximates fair market value.

Interest on notes receivable from participants – Interest on notes receivable from participants is recognized in the period it is assessed.

Payment of benefits – Benefits are recorded when paid.

Contributions – Employee contributions and the related employer match are recorded in the period payroll deductions are made.

**CHAPA-DE INDIAN HEALTH PROGRAM, INC.
TSA RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024**

Income taxes – The Plan is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2017, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

The Plan has applied the accounting principles related to accounting for uncertainty in income taxes and has determined that there is no material impact on the financial statements. With some exceptions, the Plan is no longer subject to U.S. federal and state income tax examinations by tax authorities for years prior to 2020.

Subsequent events have been evaluated for recognition and disclosure through October 14, 2025, the date which these financial statements were available to be issued. The Organization concluded that no material events have occurred since December 31, 2024, that requires disclosure in the financial statements.

3. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds certain investment contracts which meet the fully benefit-responsive investment contract criteria and therefore reported at contract value. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses.

The traditional investment contracts held by the Plan are guaranteed investment contracts, in which the Plan owns only the contracts themselves. Traditional contracts are designed to accrue interest based on crediting rates established by the contract issuers. The contract issuers are contractually obligated to repay the principal and interest at a specified interest rate that are guaranteed to the Plan. The contracts cannot be terminated before the scheduled maturity date.

The following represents the Plan’s investment in fully benefit-responsive investment contracts, guaranteed minimum investments crediting rates, and the rate review effective dates:

<u>Issuer</u>	<u>Guaranteed Minimal Rate</u>	<u>Rate Review Effective Dates</u>	<u>Contract Value 12/31/2024</u>
Lincoln	3.00%	Quarterly	\$ 812,507
TIAA-CREF*	1.00% to 3.00%	January 1 st and July 1st	<u>623,555</u>
			<u>\$ 1,436,062</u>

*TIAA-CREF Stable Value provides for additional interest, called additional amounts when called by the TIAA-CREF Board Trustees, which remain in effect from January 1 through June 30 and from July 30 through December 31 and are not guaranteed for future periods.

CHAPA-DE INDIAN HEALTH PROGRAM, INC. TSA RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Although not expected, certain events may limit the ability of the Plan to transact at contract value with the issuers. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will automatically become fully vested in their accounts.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within a fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.
