## INDEPENDENT AUDITORS' REPORT

Plan Administrators  
Inside Edge Employee Stock Ownership Plan

### **Report on the Audit of the Financial Statements**

#### ***Opinion***

We have audited the accompanying financial statements of Inside Edge Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Inside Edge Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Inside Edge Employee Stock Ownership Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Inside Edge Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Plan Administrators  
Inside Edge Employee Stock Ownership Plan

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Inside Edge Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Inside Edge Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Plan Administrators  
Inside Edge Employee Stock Ownership Plan

***Supplemental Schedules Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) and schedule of reportable transactions as of and for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan covers all employees of the Employer and Inside Edge Commercial Interior Services, LLC and ProCoat Products, Inc. (participating Employers) who have attained age 21 and completed 1,000 or more hours of service for the Employer during 12 consecutive months of employment. The Plan excludes employees covered by a union contract between a union representative and the Employer under which retirement benefits were the subject of good faith bargaining, nonresident aliens whose only income is from other than U.S. sources and leased employees. An eligible employee will begin participation on January 1 in the year in which the eligibility requirements are completed. The Plan is designed to invest primarily in securities issued by the Employer and is authorized to borrow money for such investments. It is subject to the provisions of ERISA, as amended.

The Plan purchased Employer common stock using the proceeds of a note payable to the Employer and holds the stock in a trust established under the Plan (see Note 5). As the Plan makes debt payments, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The borrowing is collateralized by the Plan's unallocated shares of common stock. As the Plan makes principal and interest payments, an appropriate percentage of stock is allocated to eligible participant's accounts. Shares are allocated to each participant's account based upon the individual participant's annual compensation, as defined, in relation to the total compensation for all participants. The lender has no rights against shares once they are allocated under the Plan. Accordingly, the financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to:

- (a) The account of employees with vested rights in allocated common stock (Allocated),  
and
- (b) Common stock not yet allocated to employees (Unallocated)

**NOTE 1 DESCRIPTION OF PLAN (CONTINUED)**

**Contributions**

Each year, the Employer may contribute to the Plan up to 25% of covered compensation as determined annually by the Employer's Board of Directors. Contributions may be in the form of shares of common stock or cash. Contributions for each year are never less than the amount required to enable the Plan to discharge its current obligations, without regard to whether some or all of such contribution may fail to qualify for an income tax deduction by the Employer. In order to receive an allocation of Employer contributions, a participant must complete 1,000 hours of service and be employed on the last day of the Plan year unless termination is due to death, disability or retirement. Contributions by Plan participants are not permitted by the Plan. Contributions are subject to Internal Revenue Service (IRS) limitations.

**Participant Accounts**

Each participant's account is credited with the Employer contributions, forfeitures and investment income or losses. Employer contributions and forfeitures are allocated proportionately based on eligible compensation of all eligible participants. Income is allocated annually based on each participant's share of the fund. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

**Vesting**

Vesting of participant's accounts is based on years of credited service with the Employer. A participant's account becomes fully vested after six years of credited service with the Employer, under a graded vesting schedule. Service prior to January 1, 2014 shall not be credited for vesting purposes.

Notwithstanding the above, participants shall, however, become 100% vested in the account upon attaining normal retirement age of 65, their death, or becoming permanently disabled.

**Payment of Benefits**

Payment of benefits from the Plan will be made after a participant retires, dies, becomes disabled, or otherwise terminates employment.

Upon termination of service due to attainment of normal retirement age, death or disability, payment will be made in a single lump sum. Upon termination of employment for any other reason and the vested account balance does not exceed \$100,000, payment will be made in a single lump sum. If the value of the vested account balance exceeds \$100,000, payment will be made in the form of equal, annual installments over a period of five years. The amount to be distributed is based upon the account valuation date immediately preceding the distribution.

**INSIDE EDGE EMPLOYEE STOCK OWNERSHIP PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**NOTE 1 DESCRIPTION OF PLAN (CONTINUED)**

**Payment of Benefits (Continued)**

If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan administrators will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name. Otherwise, upon death, termination of employment, or in the event of the participant's total and permanent disability, the participant may elect to receive all amounts credited to their account.

**Voting Rights**

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

**Put Option**

Under federal income tax regulations, the Employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations includes a put option. The put option is a right to demand that the Employer buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Employer may pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

**Forfeitures**

Forfeitures of nonvested accounts are reallocated to remaining participants in the same manner as Employer contributions. Forfeitures in the amount of \$174,570 and \$165,036 were reallocated to remaining participants during 2024 and 2023, respectively. At December 31, 2024 and 2023, there were no unallocated forfeitures.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrators to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Valuation of Investments and Income Recognition**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Allocations**

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

**Payment of Benefits**

Benefit payments are recorded when paid.

**Administrative Expenses**

The Employer pays all administrative expenses on behalf of the Plan.

**Subsequent Events**

The Plan has evaluated subsequent events through October 7, 2025, the date the financial statements were available to be issued.

**NOTE 3 INVESTMENTS**

**Investment in Employer Securities**

The Plan's initial investment in Employer securities consisted of 60,000 shares of the outstanding common stock of Mendota Holdings, Inc. The shares were acquired on March 10, 2014 for \$19,999,980 (\$333.33 per share which was the estimated fair market value determined by an independent appraisal). The estimated fair market value per share as of December 31, 2024 and 2023 was \$711.49 and \$956.24, respectively. During both of the Plan years ended December 31, 2024 and 2023, 2,008 shares were released and allocated to participants.

**NOTE 3 INVESTMENTS (CONTINUED)**

**NOTE 4 FAIR VALUE OF INVESTMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the assets or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2024 and 2023.

*Mendota Holdings, Inc. Common Stock:* The fair value of the common stock held by the Plan is valued at fair value based on an independent third-party appraisal. This appraisal is based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and estimated fair value of Employer assets and liabilities.

*Money Market Funds:* Valued using unadjusted quoted prices in active markets.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

**NOTE 5 NOTE PAYABLE**

On March 10, 2014, the Plan entered into a \$19,999,980 term loan agreement with the Employer. The proceeds of the loan were used to purchase the Employer's common stock. The Plan has a note payable related to the purchase of Employer common stock on December 31 as follows:

<u>Description</u>	<u>2024</u>	<u>2023</u>
Note Payable - Mendota Holdings, Inc. Interest at a rate of 3.75%, due December 31, 2043; Secured by unallocated Mendota Holdings, Inc. common stock purchased with proceeds from this note	<u>\$ 15,050,888</u>	<u>\$ 15,588,086</u>

While the Employer reserves the right to change the amounts and the timing of contributions to the Plan, the scheduled amortization of the Plan's loan and related Plan contributions are as follows:

<u>Year Ending December 31,</u>	<u>Amount</u>
2025	\$ 557,343
2026	578,243
2027	599,928
2028	622,425
2029	645,766
2029 and thereafter	12,047,183

**NOTE 6 PLAN TERMINATION**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**NOTE 7 PARTY-IN-INTEREST TRANSACTIONS**

The Plan's assets, which consist primarily of Employer common shares, are held by First International Bank & Trust, the Plan's trustees. Employer contributions are held and managed by the trustees, who invest cash received as a result of cash contributions and interest income, and make distributions to participants.

The Plan is administered by the Employer and certain administrative functions are outsourced to a third-party administrator. Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan.

**INSIDE EDGE EMPLOYEE STOCK OWNERSHIP PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**NOTE 8 RISKS AND UNCERTAINTIES**

The Plan provides for investment primarily in Employer common stock. In general, these investments are exposed to various risks, such as interest rate, credit, and overall market volatility risk. The stock of the Employer is valued annually by an independent third-party valuation specialist. Because of the inherent subjectivity in any valuation, those estimated values may differ significantly from the values that would have been used had a ready market for the securities existed, and the differences could be material. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE 9 PLAN TAX STATUS**

The IRS has determined and informed the Employer by a letter dated November 25, 2014, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the IRC. The Plan administrators believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
