### Report on the Audits of the Financial Statements

#### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of 3M Voluntary Investment Plan and Employee Stock Ownership Plan and 3M Savings Plan (Plans), employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plans (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

#### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Plan Administrator  
3M Voluntary Investment Plan and  
Employee Stock Ownership Plan and  
3M Savings Plan

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plans and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plans' abilities to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining current plan instruments, including all plan amendments, administering the Plans, and determining that the Plans' transactions that are presented and disclosed in the financial statements are in conformity with the Plans' provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Plan Administrator  
3M Voluntary Investment Plan and  
Employee Stock Ownership Plan and  
3M Savings Plan

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plans' internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plans' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

***Other Matter — Supplemental Schedules Required by ERISA***

The supplemental schedules of assets (held at end of year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Plan Administrator  
3M Voluntary Investment Plan and  
Employee Stock Ownership Plan and  
3M Savings Plan

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

---

December 31, 2024 and 2023

### Note 1 - Description of Plans

The following description of 3M Voluntary Investment Plan and Employee Stock Ownership Plan (VIP) and 3M Savings Plan (Savings Plan) (collectively, the "Plans") are provided for general information purposes only. Participants should refer to the Summary Plan Descriptions and plan documents for a more complete description of each of the plan's provisions.

#### **General**

Substantially all active United States regular full-time and part-time salaried and non-union hourly employees of 3M Company and its subsidiaries (3M or the "Company") are eligible to participate in VIP.

Effective October 1, 1988, 3M created the Savings Plan for union employees. Substantially all active United States regular full-time and part-time union employees of 3M who have been employed for at least three continuous months are eligible to participate if this benefit has been bargained for in their respective collective bargaining agreement.

Effective April 1, 2024, 3M spun off its health care business to the newly independent Solventum Corporation ("Solventum"). Related participants were spun-off and transferred out of the Plans. Approximately \$2,179,000,000 and \$5,900,000 were transferred out of VIP and Savings Plan, respectively, related to this spin-off.

The Plans are defined contribution plans and are subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

#### **Contributions**

Contributions are made by participating employees and by 3M.

#### **Participant Contributions**

##### *VIP*

VIP is comprised of accounts for participants: the Individual Retirement Account (IRA), the After-Tax Savings Account, the Before-Tax 401(k) Account, the Roth 401(k) Account, and three Rollover Accounts: After-Tax, Before-Tax, and Roth rollover accounts. The IRA is no longer a contribution option for current 3M employees even though certain participant balances still include investments related to this former provision. Participants may contribute to the Before-Tax 401(k) Account, Roth 401(k) Account or the After-Tax Savings Account or to all three accounts. After-tax savings contributions are not eligible for matching contributions. Participants may contribute from 2% to 35% of their compensation to the 401(k) Accounts (Before-Tax and/or Roth) through salary deferrals, not to exceed the Internal Revenue Service (IRS) limits (17% maximum for employees whose annual compensation is in excess of certain IRS limits).

##### *Savings Plan*

The Savings Plan is comprised of accounts for participants: the Before-Tax Account 401(k), Roth 401(k) Account, the After-Tax Savings Account and the Rollover Accounts. Participants may contribute to the Before-Tax 401(k) Account, Roth 401(k) Account or the After-Tax Savings Account or to all three accounts. After-tax savings contributions are not eligible for matching contributions. Participants may contribute from 2% to 20% of their compensation to the 401(k) Accounts through salary deferrals, not to exceed the Internal Revenue Service (IRS) limits (10% maximum for employees whose annual compensation is in excess of certain IRS limits).

## Notes to Financial Statements

---

December 31, 2024 and 2023

### Note 1 - Description of Plans (Continued)

#### *Both Plans*

Subject to overall plan and IRS limitations, participants may contribute 2% to 9% of their compensation to the After-Tax Savings Account. The Rollover Accounts accept direct rollovers or eligible rollover contributions from a former employer's qualified plan. The Plans also accept rollovers of lump-sum payments from 3M Employee Retirement Income Plan, the Company's qualified pension plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions to their 401(k) Accounts (Before-Tax and/or Roth), subject to IRS limits. Catch-up contributions are not eligible for company matching contributions.

Newly hired employees in the Savings Plan are automatically enrolled three months after their hire date, and newly hired employees in VIP are automatically enrolled 45 days after their hire date, at a default before-tax contribution rate of 6% for Savings Plan and 7% for VIP, with contributions invested 100% in the LifePath® Portfolio closest to the year in which the participant will reach age 65. In addition, participants automatically enrolled will have their default percentage increased by 1% each year up to a maximum of 10% of compensation beginning as soon as administratively possible on or after April 1 in the plan year following the plan year they were enrolled. Employees can enroll, decline or change their contribution rate or investment elections at any time.

#### **Company Contributions**

All employer contributions are made in cash and invested at the direction of the participant, based on provisions of the respective plan, and will default to the 3M LifePath® Portfolio closest to the year in which the participant will reach age 65 when no contribution election is on file.

#### *VIP*

3M makes matching contributions to VIP at rates from 45% to 100% of eligible 401(k) Account (Before-Tax and/or Roth) contributions (limited to the first 5% of eligible earnings). Employees hired or rehired on or after January 1, 2009, or hired prior to January 1, 2009 and whose employer became a participating subsidiary on January 1, 2009 or later, will also receive a nonelective company contribution of 3% of 401(k) eligible earnings.

#### *Savings Plan*

Pursuant to the terms of various collective bargaining agreements, 3M may make matching contributions to the Savings Plan from 40% to 100% of the eligible participants' 401(k) Account contributions (up to the first 5% of 401(k) eligible earnings, as listed in the collective bargaining agreement). In addition, those participants (dependent on the specific collective bargaining unit agreement and membership) hired or rehired on January 1, 2009 or later receive a nonelective company contribution (Retirement Income Account (RIA)) made in cash. The percent of the nonelective company contribution is determined by the collective bargaining agreement. 3M employer contributions are made to the Company Match Account.

#### **Participant Accounts**

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### **Vesting**

Participants are immediately vested in their own contributions to the Plans, plus any earnings thereon.

### Note 1 - Description of Plans (Continued)

#### **VIP**

For VIP, each participant's interest in employer contributions vests at 40% after one year of service, 70% after two years of service, and 100% after three years of service. Also, a participant can become immediately 100% fully vested upon attainment of age 65, when a participant is determined to be totally and permanently disabled while also receiving Social Security disability income, when a participant's employment ends as a result of a management-approved downsizing, business sale or shutdown, or when a participant dies.

#### **Savings Plan**

For Savings Plan, each participant's interest in employer contributions vests at 40% after one year of service, 70% after two years of service, and 100% after three years of service. Also, a participant can become immediately 100% fully vested upon retirement, death or becoming permanently disabled. If a participant terminates employment before being fully vested, the nonvested portion of their account will be forfeited.

#### **Forfeitures**

Forfeitures of nonvested account balances are used to reduce future plan administrative expenses or company contributions. At December 31, 2024 and 2023, forfeited nonvested accounts for VIP totaled \$5,606,109 and \$5,810,415, respectively. Forfeitures of \$6,191,886 were used to reduce VIP employer contributions for the year ended December 31, 2024. At December 31, 2024 and 2023, forfeited nonvested accounts for Savings Plan totaled \$667,213 and \$258,899, respectively. Forfeitures of \$265,542 were used to reduce Savings Plan employer contributions for the year ended December 31, 2024.

#### **Withdrawals**

Subject to certain federal tax considerations, participants may withdraw funds from the After-Tax Savings account, Individual Retirement Account (IRA), if applicable, or Rollover account at any time. Participants may withdraw funds from the remaining accounts when specific conditions are met. These conditions include reaching age 59½, termination of employment (including retirement), and becoming permanently and totally disabled while also receiving Social Security disability income.

A participant who has common shares of 3M stock in their participant account and is eligible to request a withdrawal may choose to receive the value of the 3M stock in cash or in actual shares of 3M common stock with a cash payment for any fractional shares.

#### **Investment of Funds**

Participants can make initial investment elections, reallocate the investment of their current accounts or change the way their future contributions will be invested, with the exception of company stock, which is closed. If the request is made before the close of market on a day in which the stock market is open, the changes will be effective that same business day at the closing prices of that day. If the request is received after the close of market or on a day the stock market is closed, then the changes will be effective at the closing prices on the next business day when the market is open.

### Note 1 - Description of Plans (Continued)

#### ***Notes Receivable from Participants (Loans)***

Participants may borrow against their 401(k) Accounts and Rollover Account balance. The maximum amount of a participant's loan may not exceed (1) 50% of the combined total of their 401(k) Accounts, Rollover Accounts, certain other accounts and the vested portion of their Company Match Account and their RIA Account (if any), (2) \$50,000 less the highest outstanding loan balance during the last 12 months or (3) the sum of the participant's 401(k) Accounts and Rollover Accounts invested in the Plans' investment funds (excluding 3M stock and the Schwab Personal Choice Retirement Account® (PCRA)) minus \$1,000 if the participant has a balance in the self-directed brokerage account PCRA. Loan repayment terms generally range from 1 to 60 months. Certain loans acquired through plan mergers have loan terms up to 30 years. The loan interest rate is fixed at time of origination at the prime rate (as quoted in *The Wall Street Journal*) plus 2%. 3M and a third-party recordkeeper administer loans to participants and loan repayments. Loans are repaid to the 401(k) Accounts and Rollover Accounts and are invested pro rata according to how the borrowers have currently invested their new 401(k) contributions. Principal and interest are repaid ratably through payroll deductions.

#### ***Transfers***

Due to 3M acquisition or divestiture activity and employee status changes, assets may transfer into or out of the Plans. These transfers, if any, are shown as "net transfers in/(out)" on the statements of changes in net assets available for benefits. The fair market value of assets transferred to the VIP Plan from the Savings Plan during the year ended December 31, 2024 totaled \$921,618.

#### ***Tax Status***

The Plans each constitute a qualified plan under the requirements of Sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and are, therefore, exempt from federal income taxes under the provisions of Section 501(a). The Plans obtained their latest determination letters on January 24, 2018 in which the IRS stated that the Plans, as designed, were in compliance with the applicable requirements of the IRC. The Plans have been amended since receiving the determination letters. However, the Plans' administrator believes that the Plans are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plans and recognize a tax liability (or asset) if the Plans have taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management evaluated the Plans' tax positions and did not identify uncertain tax positions. The Plans are subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### ***Plan Termination***

While 3M has not expressed any intent to discontinue either of the Plans, it may do so at any time, subject to the provisions of ERISA. In the event such discontinuance results in the termination of either of the Plans, all accounts shall be fully vested and nonforfeitable. The affected plan shall continue until all assets have been distributed to the participants.

#### ***Plan Expenses***

Certain internal administrative costs, plan investment costs and plan accounting are paid by the Plans. 3M pays all other internal administrative costs of the Plans. External administrative costs, including trustee fees, record-keeping fees, customer service fees, and investment management expenses are proportionately charged directly to the Plans' various investment funds and accounts.

## Notes to Financial Statements

---

December 31, 2024 and 2023

### Note 1 - Description of Plans (Continued)

#### *Trustee*

The Bank of New York Mellon/BNY Mellon N.A. (the "Trustee") is the trustee of the Plans.

### Note 2 - Summary of Significant Accounting Policies

#### *Basis of Accounting*

The financial statements of the Plans are prepared on the accrual basis of accounting.

#### *Valuation of Assets and Income Recognition*

Investments held by the Plans are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

#### *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. In accordance with IRS rules, participant note receivable defaults by participants who are not eligible to receive actual distributions from the Plans, such as participants who are active employees, are treated as deemed distributions under the Plans and are recorded with benefits paid directly to participants or beneficiaries on the statements of changes in net assets available for benefits.

#### *Concentration of Market Risk*

At December 31, 2024 and 2023, VIP's net assets available for benefits were invested (as part of the 3M Voluntary Investment Plan and Savings Plan Trust (the "Master Trust")) in the common stock of 3M Company and accounted for approximately 8% and 7% of total investments at fair value, respectively. At December 31, 2024 and 2023, the Savings Plan's net assets available for benefits were invested (as part of the Master Trust) in the common stock of 3M Company and accounted for approximately 10% of total investments at fair value.

The value of the 3M Company common stock is dependent on the performance of 3M Company and the market's evaluation of such performance. It is a least reasonably possible that changes in the fair value of 3M Company common stock in the near term could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

#### *Benefit Payments*

Benefits are recorded when paid.

#### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

December 31, 2024 and 2023

### Note 2 - Summary of Significant Accounting Policies (Continued)

#### *Risks and Uncertainties*

The Plans and Master Trust invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

#### *Subsequent Events*

The financial statements and related disclosures include evaluation of events up through and including October 14, 2025, which is the date the financial statements were available to be issued.

### Note 3 - Certification of Investments

The Plans' administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that certain investments, including investment information included in Note 5, and related earnings (loss) included in the accompanying financial statements and related notes and supplemental schedules are complete and accurate. Self-directed brokerage investments and related earnings (loss) have not been certified.

### Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

#### *Level 1*

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Master Trust and the Plans have the ability to access.

#### *Level 2*

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

#### *Level 3*

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Master Trust's and Plans' assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## Notes to Financial Statements

---

December 31, 2024 and 2023

### Note 4 - Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets held by the Plans (including those held through the Master Trust) and measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

#### ***Interest-bearing Cash***

The interest-bearing cash is valued at the outstanding balance, which approximates fair value due to the short-term maturity of these investments.

#### ***3M and Solventum Common Stock***

3M and Solventum common stock are valued at the closing price reported on the active markets on which 3M and Solventum stock are traded.

#### ***Mutual Funds***

Mutual funds are valued at the net asset value (NAV) of shares held by the Master Trust at year end based on the closing price reported on the active market on which the individual mutual funds are traded.

#### ***Common/Collective Trusts and Registered Investment Companies***

Common/collective trusts with a readily determinable fair value are valued at NAV, which is based on the fair value of the funds' underlying net assets and are classified as Level 2 in the accompanying fair value hierarchy. Common/collective trusts and registered investment companies without a readily determinable fair value, because there is no published NAV available, are valued at NAV as a practical expedient, and are not classified within the valuation hierarchy. These investments file as Direct Filing Entities (DFEs) with the DOL, except for the State Street Bank and Trust Investment Fund in the amount of approximately \$410,000,000. This fund invests in an actively managed common/collective trust that primarily invests in liquid money market funds. The common/collective trusts and registered investment companies have daily redemption frequencies and daily redemption notice periods as of December 31, 2024 and 2023. There are no unfunded commitments as of December 31, 2024 and 2023.

#### ***U.S. Government Obligations***

U.S. government obligations are bonds, notes or municipals valued at either the closing price reported in the active market in which the individual security is traded or valued based on yields currently available on comparable securities of issuers with similar credit ratings.

#### ***Corporate Obligations***

Corporate obligations are bonds and notes that are valued based on the yields currently available on comparable securities of issuers with similar credit ratings or valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks.

#### ***Other Investments***

Other investments consist of futures contracts, swaps, forwards, option contracts, municipals, and international government bonds. Options that are valued using the last bid price are valued as a Level 1. The Level 2 futures contracts, swaps, forwards, and options are valued using models calibrated to initial trade price. Subsequent valuations are based on observable inputs to the valuation model (e.g., interest rates and credit spreads). Model inputs are only changed when corroborated by market data. The municipal and international government bonds are valued at either the closing price reported in the active market in which the individual security is traded or valued based on yields currently available on comparable securities of issuers with similar credit rates.

#### Note 5 - Interest in Master Trust

To provide equivalent investment returns to both non-union and union employees, a portion of the Plans' investments are held in a single Master Trust. The investments of the Master Trust include participant-directed funds of the Plans and the non-participant-directed 3M-provided Company Contribution Account assets of the Plans.

Each plan has an interest in specific assets in the Master Trust based on participant investment elections. The assets of the Master Trust are held by a third-party trustee. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon each plan's relative interest in the assets held in the Master Trust at the close of each day.

### Note 5 - Interest in Master Trust (Continued)

The Master Trust's investment income for the year ended December 31, 2024 is as follows:

Net realized and unrealized gains and losses on investments	\$ 1,406,531,796
Interest	9,642,580
Dividends	<u>26,834,707</u>
Total investment income	1,443,009,083
Less investment fees	<u>468,043</u>
Net investment income	<u><u>\$ 1,442,541,040</u></u>

#### **Derivative Instruments**

The Master Trust uses derivative instruments to hedge market risk, gain market exposure, and advance the overall objectives of the Master Trust and its investment strategies. Derivatives are utilized by external investment managers retained by the Master Trust and in protective overlay strategies designed to achieve investment objectives.

The Master Trust is party to certain agreements, which are designed to manage exposures to foreign exchange and interest rate risks. The interest rate and foreign currency instruments are used for the purpose of hedging changes in the fair value of assets that result from interest rate changes and currency fluctuations or as an efficient substitute for traditional securities. Derivatives are not held in the Master Trust for speculative purposes.

Management has elected to present derivatives on a gross basis when subject to a master netting arrangement. Derivatives, except for the foreign exchange contracts, are recorded in other investments of the Master Trust. At December 31, 2024, the Master Trust's investment in derivative instruments was insignificant. The following are the estimated fair values of derivative instruments at December 31, 2023 shown at the gross amounts:

	2023	
	<u>Gross Assets</u>	<u>Gross Liabilities</u>
Futures contracts	\$ 4,693,748	\$ (1,699,604)
Written and purchased options	-	(156,540)
