## Independent Auditor's Report

Board of Directors and Plan Administrator  
The Waldinger Corporation Profit Sharing and Savings Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Waldinger Corporation Profit Sharing and Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter—Supplemental Schedules Required by ERISA**

The supplemental schedules of Schedule H—Line 4a—Schedule of delinquent participant contributions for the year ended December 31, 2024, and Schedule H—Line 4i—Schedule of assets (held at end of year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## The Waldinger Corporation Profit Sharing and Savings Plan

### Notes to Financial Statements

---

#### Note 1. Plan Description

The following description of The Waldinger Corporation Profit Sharing and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General and eligibility:** The Plan is a defined contribution plan covering substantially all full-time employees of The Waldinger Corporation (TWC), TWC Services, Inc. (TWCS) and Quality Manufacturing Corporation (QMC) (collectively, the Companies) who are not covered by a collective bargaining agreement. Employees are eligible to make salary deferral contributions to the Plan immediately following employment. To be eligible for employer matching and discretionary profit sharing contributions a participant must complete 1,000 hours of service in a consecutive 12-month period. In addition, to be eligible for the discretionary profit sharing contributions participants must be employed on the last day of the plan year. Participants who are shop employees of Quality Manufacturing Corporation are not eligible to receive the discretionary profit sharing contribution. Plan Trustee are responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions and investment options:** Participants may contribute up to 50% of eligible compensation subject to an annual limit as defined by the Internal Revenue Code (IRC). Employees may elect a different percentage or elect not to make any elective deferral contributions. The Plan allows for after-tax Roth contributions. The Companies provide a matching contribution determined at the Companies' discretion on a year-to-year basis. The Companies, at the discretion of their Boards of Directors, may also make annual profit sharing contribution. In 2024, the matching contribution was equal to 100% of employee pretax contributions up to a maximum of 2% for employees of TWC and TWCS or 3% for employees of QMC and the profit sharing contribution was equal to 5% of eligible compensation for employees of TWC and TWCS. Contributions are subject to certain limitations. The amounts contributed by the employee and employer are deposited into one or more mutual funds at the employee's discretion. Participants may change their investment options daily.

**Automatic enrollment:** The Plan includes an auto-enrollment whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated investment until changed by the participant.

**Automatic increase:** The Plan also includes an auto-escalation provision whereby participants are subject to an annual automatic deferral rate increase of 1% until their deferral rate reaches 10% of eligible compensation. Participants may elect to discontinue their participation in the automatic deferral rate increase at any time.

**Participant accounts:** Each participant's account is credited with the participant's elective deferrals and the Companies' discretionary matching contributions and an allocation of the Companies' discretionary profit sharing contributions and Plan earnings. The Companies' discretionary profit sharing contributions are allocated based on eligible wages to total eligible wages, as defined. Other allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

**Vesting:** Participants are immediately vested in their contributions and the Companies' matching contributions plus actual earnings thereon. Vesting in the Companies' discretionary profit sharing contributions plus earnings thereon is based on years of service. A year of service is defined as a plan year during which an employee works at least 1,000 hours.

#### Note 1. Plan Description (Continued)

The vesting schedule for employees is as follows:

| Years of service | Percent of nonforfeitable accrued benefit |
|------------------|---|
| 1                | 10%                                       |
| 2                | 20%                                       |
| 3                | 40%                                       |
| 4                | 60%                                       |
| 5                | 80%                                       |
| 6                | 100%                                      |

All employees shall become 100% vested upon the attainment of normal retirement age, death or permanent disability.

**Payment of benefits:** On termination of service due to death, disability, hardship or retirement, a participant may, if the value of the participant's vested balance is less than \$5,000, roll over the amount into another qualified plan or receive a lump-sum distribution. If the vested balance is \$5,000 or more, the participant may elect to defer distribution until such time as distribution is required as a matter of applicable law. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½.

**Notes receivable from participants:** The Plan does not allow for participants to borrow from their participant accounts however notes receivable balances were allowed to be merged into the Plan in a prior year Plan merger. Notes receivable from participants are secured by the balance in the vested balance in the participant's account. Principal and interest are paid ratably through payroll deductions. The notes receivable outstanding at December 31, 2024, mature in June 2029. Notes receivable outstanding at December 31, 2024 and 2023, bear interest at 4.25%.

**Forfeited accounts:** Forfeitures of terminated participants' nonvested accounts attributable to the Companies' discretionary profit sharing contributions are used in at the Companies' discretion. During the year ended December 31, 2024, forfeitures were used to reduce employer contributions. At December 31, 2024 and 2023, approximately \$309,000 and \$247,000, respectively, remain in the forfeiture account to be allocated to participant accounts. During the year ended December 31, 2024, forfeitures from nonvested account balances totaled approximately \$299,000.

#### Note 2. Significant Accounting Policies

**Basis of accounting:** The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

**Contributions:** Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation. Discretionary profit sharing contributions from the employer are recorded in the year in which the related participant compensation is earned.

### Notes to Financial Statements

---

#### Note 2. Significant Accounting Policies (Continued)

**Accounting estimates and assumptions:** The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment valuation and income recognition:** The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. The Plan's Board of Directors determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income (loss) earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon terms of the plan document. Interest income is recorded on the accrual basis.

**Payment of benefits:** Benefits are recorded when paid.

**Subsequent events:** Management has evaluated subsequent events for potential recognition and disclosure through October 14, 2025, which is the date the financial statements were available to be issued.

#### Note 3. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Companies and are excluded from these financial statements.

#### Note 4. Information Certified and Provided by Vanguard Fiduciary Trust Company (the Trustee)

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company (Vanguard), the Trustee, a qualified institution.

#### **Note 4. Information Certified and Provided by Vanguard Fiduciary Trust Company (the Trustee) (Continued)**

Vanguard also certified to the completeness and accuracy of dividend income of \$6,856,974, interest income of \$1,059 from notes receivable from participants, and net appreciation in fair value of mutual funds (including investments bought, sold and held during the year) of \$15,870,197 for the year ended December 31, 2024.

#### **Note 5. Fair Value Measurements**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) requires the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. In that regard, the Topic establishes a fair value hierarchy for valuation inputs that give the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

- Level 1:** Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2:** Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.
- Level 3:** Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

#### Note 5. Fair Value Measurements (Continued)

Financial assets and financial liabilities measured at fair value on a recurring basis as of December 31, 2024 and 2023, are as follows:

|                      | Total          | Quoted Prices in<br>Active Markets for<br>Identical Assets<br>(Level 1) | Significant Other<br>Observable<br>Inputs<br>(Level 2) | Significant<br>Unobservable<br>Inputs<br>(Level 3) |
|----------------------|----------------|---|--|--|
| 2024:                |                |   |  |  |
| Assets, mutual funds | \$ 193,143,478 | \$ 193,143,478  | \$ -   | \$ -   |
| 2023:                |                |   |  |  |
| Assets, mutual funds | \$ 164,989,682 | \$ 164,989,682  | \$ -   | \$ -   |

A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The level to which an asset is classified is based upon the lowest level of input that is significant to the fair value measurements. There have been no changes in valuation methodologies at December 31, 2024, compared to December 31, 2023.

**Mutual funds:** Mutual funds are reported at fair value based on the quoted market price of the fund and are classified within Level 1 of the valuation hierarchy.

#### Note 6. Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

#### Note 7. Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### Note 8. Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by Vanguard. Vanguard is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Trustee totaled \$127,244 for the year ended December 31, 2024.

### **Notes to Financial Statements**

#### **Note 9. Risks and Uncertainties**

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### **Note 10. Nonexempt Transactions**

During the year ended December 31, 2023, the Companies inadvertently failed to deposit \$109,324 of participant deferrals within the required timeframe as stated by the DOL. The DOL considers late deposits to be nonexempt transactions. During the year ended December 31, 2024, the Employer filed form 5330 to reimburse the Plan for lost earnings. The excise tax payments were made from the Employer's assets and not from the assets of the Plan.

## Independent Auditor's Report

Board of Directors and Plan Administrator  
The Waldinger Corporation Profit Sharing and Savings Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Waldinger Corporation Profit Sharing and Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter—Supplemental Schedules Required by ERISA**

The supplemental schedules of Schedule H—Line 4a—Schedule of delinquent participant contributions for the year ended December 31, 2024, and Schedule H—Line 4i—Schedule of assets (held at end of year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## The Waldinger Corporation Profit Sharing and Savings Plan

### Notes to Financial Statements

---

#### Note 1. Plan Description

The following description of The Waldinger Corporation Profit Sharing and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General and eligibility:** The Plan is a defined contribution plan covering substantially all full-time employees of The Waldinger Corporation (TWC), TWC Services, Inc. (TWCS) and Quality Manufacturing Corporation (QMC) (collectively, the Companies) who are not covered by a collective bargaining agreement. Employees are eligible to make salary deferral contributions to the Plan immediately following employment. To be eligible for employer matching and discretionary profit sharing contributions a participant must complete 1,000 hours of service in a consecutive 12-month period. In addition, to be eligible for the discretionary profit sharing contributions participants must be employed on the last day of the plan year. Participants who are shop employees of Quality Manufacturing Corporation are not eligible to receive the discretionary profit sharing contribution. Plan Trustee are responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions and investment options:** Participants may contribute up to 50% of eligible compensation subject to an annual limit as defined by the Internal Revenue Code (IRC). Employees may elect a different percentage or elect not to make any elective deferral contributions. The Plan allows for after-tax Roth contributions. The Companies provide a matching contribution determined at the Companies' discretion on a year-to-year basis. The Companies, at the discretion of their Boards of Directors, may also make annual profit sharing contribution. In 2024, the matching contribution was equal to 100% of employee pretax contributions up to a maximum of 2% for employees of TWC and TWCS or 3% for employees of QMC and the profit sharing contribution was equal to 5% of eligible compensation for employees of TWC and TWCS. Contributions are subject to certain limitations. The amounts contributed by the employee and employer are deposited into one or more mutual funds at the employee's discretion. Participants may change their investment options daily.

**Automatic enrollment:** The Plan includes an auto-enrollment whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated investment until changed by the participant.

**Automatic increase:** The Plan also includes an auto-escalation provision whereby participants are subject to an annual automatic deferral rate increase of 1% until their deferral rate reaches 10% of eligible compensation. Participants may elect to discontinue their participation in the automatic deferral rate increase at any time.

**Participant accounts:** Each participant's account is credited with the participant's elective deferrals and the Companies' discretionary matching contributions and an allocation of the Companies' discretionary profit sharing contributions and Plan earnings. The Companies' discretionary profit sharing contributions are allocated based on eligible wages to total eligible wages, as defined. Other allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

**Vesting:** Participants are immediately vested in their contributions and the Companies' matching contributions plus actual earnings thereon. Vesting in the Companies' discretionary profit sharing contributions plus earnings thereon is based on years of service. A year of service is defined as a plan year during which an employee works at least 1,000 hours.

#### Note 1. Plan Description (Continued)

The vesting schedule for employees is as follows:

| Years of service | Percent of nonforfeitable accrued benefit |
|------------------|---|
| 1                | 10%                                       |
| 2                | 20%                                       |
| 3                | 40%                                       |
| 4                | 60%                                       |
| 5                | 80%                                       |
| 6                | 100%                                      |

All employees shall become 100% vested upon the attainment of normal retirement age, death or permanent disability.

**Payment of benefits:** On termination of service due to death, disability, hardship or retirement, a participant may, if the value of the participant's vested balance is less than \$5,000, roll over the amount into another qualified plan or receive a lump-sum distribution. If the vested balance is \$5,000 or more, the participant may elect to defer distribution until such time as distribution is required as a matter of applicable law. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½.

**Notes receivable from participants:** The Plan does not allow for participants to borrow from their participant accounts however notes receivable balances were allowed to be merged into the Plan in a prior year Plan merger. Notes receivable from participants are secured by the balance in the vested balance in the participant's account. Principal and interest are paid ratably through payroll deductions. The notes receivable outstanding at December 31, 2024, mature in June 2029. Notes receivable outstanding at December 31, 2024 and 2023, bear interest at 4.25%.

**Forfeited accounts:** Forfeitures of terminated participants' nonvested accounts attributable to the Companies' discretionary profit sharing contributions are used in at the Companies' discretion. During the year ended December 31, 2024, forfeitures were used to reduce employer contributions. At December 31, 2024 and 2023, approximately \$309,000 and \$247,000, respectively, remain in the forfeiture account to be allocated to participant accounts. During the year ended December 31, 2024, forfeitures from nonvested account balances totaled approximately \$299,000.

#### Note 2. Significant Accounting Policies

**Basis of accounting:** The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

**Contributions:** Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation. Discretionary profit sharing contributions from the employer are recorded in the year in which the related participant compensation is earned.

## The Waldinger Corporation Profit Sharing and Savings Plan

### Notes to Financial Statements

---

#### Note 2. Significant Accounting Policies (Continued)

**Accounting estimates and assumptions:** The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment valuation and income recognition:** The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. The Plan's Board of Directors determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income (loss) earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon terms of the plan document. Interest income is recorded on the accrual basis.

**Payment of benefits:** Benefits are recorded when paid.

**Subsequent events:** Management has evaluated subsequent events for potential recognition and disclosure through October 14, 2025, which is the date the financial statements were available to be issued.

#### Note 3. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Companies and are excluded from these financial statements.

#### Note 4. Information Certified and Provided by Vanguard Fiduciary Trust Company (the Trustee)

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company (Vanguard), the Trustee, a qualified institution.

#### **Note 4. Information Certified and Provided by Vanguard Fiduciary Trust Company (the Trustee) (Continued)**

Vanguard also certified to the completeness and accuracy of dividend income of \$6,856,974, interest income of \$1,059 from notes receivable from participants, and net appreciation in fair value of mutual funds (including investments bought, sold and held during the year) of \$15,870,197 for the year ended December 31, 2024.

#### **Note 5. Fair Value Measurements**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) requires the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. In that regard, the Topic establishes a fair value hierarchy for valuation inputs that give the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

- Level 1:** Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2:** Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.
- Level 3:** Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

#### Note 5. Fair Value Measurements (Continued)

Financial assets and financial liabilities measured at fair value on a recurring basis as of December 31, 2024 and 2023, are as follows:

|                      | Total          | Quoted Prices in<br>Active Markets for<br>Identical Assets<br>(Level 1) | Significant Other<br>Observable<br>Inputs<br>(Level 2) | Significant<br>Unobservable<br>Inputs<br>(Level 3) |
|----------------------|----------------|---|--|--|
| 2024:                |                |   |  |  |
| Assets, mutual funds | \$ 193,143,478 | \$ 193,143,478  | \$ -   | \$ -   |
| 2023:                |                |   |  |  |
| Assets, mutual funds | \$ 164,989,682 | \$ 164,989,682  | \$ -   | \$ -   |

A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The level to which an asset is classified is based upon the lowest level of input that is significant to the fair value measurements. There have been no changes in valuation methodologies at December 31, 2024, compared to December 31, 2023.

**Mutual funds:** Mutual funds are reported at fair value based on the quoted market price of the fund and are classified within Level 1 of the valuation hierarchy.

#### Note 6. Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

#### Note 7. Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### Note 8. Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by Vanguard. Vanguard is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Trustee totaled \$127,244 for the year ended December 31, 2024.

### **Notes to Financial Statements**

---

#### **Note 9. Risks and Uncertainties**

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### **Note 10. Nonexempt Transactions**

During the year ended December 31, 2023, the Companies inadvertently failed to deposit \$109,324 of participant deferrals within the required timeframe as stated by the DOL. The DOL considers late deposits to be nonexempt transactions. During the year ended December 31, 2024, the Employer filed form 5330 to reimburse the Plan for lost earnings. The excise tax payments were made from the Employer's assets and not from the assets of the Plan.

## Independent Auditor's Report

Board of Directors and Plan Administrator  
The Waldinger Corporation Profit Sharing and Savings Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Waldinger Corporation Profit Sharing and Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter—Supplemental Schedules Required by ERISA**

The supplemental schedules of Schedule H—Line 4a—Schedule of delinquent participant contributions for the year ended December 31, 2024, and Schedule H—Line 4i—Schedule of assets (held at end of year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## The Waldinger Corporation Profit Sharing and Savings Plan

### Notes to Financial Statements

---

#### Note 1. Plan Description

The following description of The Waldinger Corporation Profit Sharing and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General and eligibility:** The Plan is a defined contribution plan covering substantially all full-time employees of The Waldinger Corporation (TWC), TWC Services, Inc. (TWCS) and Quality Manufacturing Corporation (QMC) (collectively, the Companies) who are not covered by a collective bargaining agreement. Employees are eligible to make salary deferral contributions to the Plan immediately following employment. To be eligible for employer matching and discretionary profit sharing contributions a participant must complete 1,000 hours of service in a consecutive 12-month period. In addition, to be eligible for the discretionary profit sharing contributions participants must be employed on the last day of the plan year. Participants who are shop employees of Quality Manufacturing Corporation are not eligible to receive the discretionary profit sharing contribution. Plan Trustee are responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions and investment options:** Participants may contribute up to 50% of eligible compensation subject to an annual limit as defined by the Internal Revenue Code (IRC). Employees may elect a different percentage or elect not to make any elective deferral contributions. The Plan allows for after-tax Roth contributions. The Companies provide a matching contribution determined at the Companies' discretion on a year-to-year basis. The Companies, at the discretion of their Boards of Directors, may also make annual profit sharing contribution. In 2024, the matching contribution was equal to 100% of employee pretax contributions up to a maximum of 2% for employees of TWC and TWCS or 3% for employees of QMC and the profit sharing contribution was equal to 5% of eligible compensation for employees of TWC and TWCS. Contributions are subject to certain limitations. The amounts contributed by the employee and employer are deposited into one or more mutual funds at the employee's discretion. Participants may change their investment options daily.

**Automatic enrollment:** The Plan includes an auto-enrollment whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated investment until changed by the participant.

**Automatic increase:** The Plan also includes an auto-escalation provision whereby participants are subject to an annual automatic deferral rate increase of 1% until their deferral rate reaches 10% of eligible compensation. Participants may elect to discontinue their participation in the automatic deferral rate increase at any time.

**Participant accounts:** Each participant's account is credited with the participant's elective deferrals and the Companies' discretionary matching contributions and an allocation of the Companies' discretionary profit sharing contributions and Plan earnings. The Companies' discretionary profit sharing contributions are allocated based on eligible wages to total eligible wages, as defined. Other allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

**Vesting:** Participants are immediately vested in their contributions and the Companies' matching contributions plus actual earnings thereon. Vesting in the Companies' discretionary profit sharing contributions plus earnings thereon is based on years of service. A year of service is defined as a plan year during which an employee works at least 1,000 hours.

### Notes to Financial Statements

---

#### Note 1. Plan Description (Continued)

The vesting schedule for employees is as follows:

| Years of service | Percent of nonforfeitable accrued benefit |
|------------------|---|
| 1                | 10%                                       |
| 2                | 20%                                       |
| 3                | 40%                                       |
| 4                | 60%                                       |
| 5                | 80%                                       |
| 6                | 100%                                      |

All employees shall become 100% vested upon the attainment of normal retirement age, death or permanent disability.

**Payment of benefits:** On termination of service due to death, disability, hardship or retirement, a participant may, if the value of the participant's vested balance is less than \$5,000, roll over the amount into another qualified plan or receive a lump-sum distribution. If the vested balance is \$5,000 or more, the participant may elect to defer distribution until such time as distribution is required as a matter of applicable law. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½.

**Notes receivable from participants:** The Plan does not allow for participants to borrow from their participant accounts however notes receivable balances were allowed to be merged into the Plan in a prior year Plan merger. Notes receivable from participants are secured by the balance in the vested balance in the participant's account. Principal and interest are paid ratably through payroll deductions. The notes receivable outstanding at December 31, 2024, mature in June 2029. Notes receivable outstanding at December 31, 2024 and 2023, bear interest at 4.25%.

**Forfeited accounts:** Forfeitures of terminated participants' nonvested accounts attributable to the Companies' discretionary profit sharing contributions are used in at the Companies' discretion. During the year ended December 31, 2024, forfeitures were used to reduce employer contributions. At December 31, 2024 and 2023, approximately \$309,000 and \$247,000, respectively, remain in the forfeiture account to be allocated to participant accounts. During the year ended December 31, 2024, forfeitures from nonvested account balances totaled approximately \$299,000.

#### Note 2. Significant Accounting Policies

**Basis of accounting:** The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

**Contributions:** Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation. Discretionary profit sharing contributions from the employer are recorded in the year in which the related participant compensation is earned.

#### Note 2. Significant Accounting Policies (Continued)

**Accounting estimates and assumptions:** The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment valuation and income recognition:** The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. The Plan's Board of Directors determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income (loss) earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon terms of the plan document. Interest income is recorded on the accrual basis.

**Payment of benefits:** Benefits are recorded when paid.

**Subsequent events:** Management has evaluated subsequent events for potential recognition and disclosure through October 14, 2025, which is the date the financial statements were available to be issued.

#### Note 3. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Companies and are excluded from these financial statements.

#### Note 4. Information Certified and Provided by Vanguard Fiduciary Trust Company (the Trustee)

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company (Vanguard), the Trustee, a qualified institution.

#### **Note 4. Information Certified and Provided by Vanguard Fiduciary Trust Company (the Trustee) (Continued)**

Vanguard also certified to the completeness and accuracy of dividend income of \$6,856,974, interest income of \$1,059 from notes receivable from participants, and net appreciation in fair value of mutual funds (including investments bought, sold and held during the year) of \$15,870,197 for the year ended December 31, 2024.

#### **Note 5. Fair Value Measurements**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) requires the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. In that regard, the Topic establishes a fair value hierarchy for valuation inputs that give the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

- Level 1:** Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2:** Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.
- Level 3:** Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

#### Note 5. Fair Value Measurements (Continued)

Financial assets and financial liabilities measured at fair value on a recurring basis as of December 31, 2024 and 2023, are as follows:

|                      | Total          | Quoted Prices in<br>Active Markets for<br>Identical Assets<br>(Level 1) | Significant Other<br>Observable<br>Inputs<br>(Level 2) | Significant<br>Unobservable<br>Inputs<br>(Level 3) |
|----------------------|----------------|---|--|--|
| 2024:                |                |   |  |  |
| Assets, mutual funds | \$ 193,143,478 | \$ 193,143,478  | \$ -   | \$ -   |
| 2023:                |                |   |  |  |
| Assets, mutual funds | \$ 164,989,682 | \$ 164,989,682  | \$ -   | \$ -   |

A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The level to which an asset is classified is based upon the lowest level of input that is significant to the fair value measurements. There have been no changes in valuation methodologies at December 31, 2024, compared to December 31, 2023.

**Mutual funds:** Mutual funds are reported at fair value based on the quoted market price of the fund and are classified within Level 1 of the valuation hierarchy.

#### Note 6. Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

#### Note 7. Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### Note 8. Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by Vanguard. Vanguard is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Trustee totaled \$127,244 for the year ended December 31, 2024.

#### **Note 9. Risks and Uncertainties**

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### **Note 10. Nonexempt Transactions**

During the year ended December 31, 2023, the Companies inadvertently failed to deposit \$109,324 of participant deferrals within the required timeframe as stated by the DOL. The DOL considers late deposits to be nonexempt transactions. During the year ended December 31, 2024, the Employer filed form 5330 to reimburse the Plan for lost earnings. The excise tax payments were made from the Employer's assets and not from the assets of the Plan.
