## Report of Independent Auditor

To the Plan Participants and Trustees  
Fusion92 401(k) Savings & Retirement Plan  
Chicago, Illinois

### Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed audits of the financial statements of the Fusion92 401(k) Savings & Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audits.

### **Supplemental Schedule Required by ERISA**

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule, Part IV, Line 4i as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Note 1—Description of the Plan**

The following description of the Fusion92 401(k) Savings & Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

*General* – The Plan is a defined contribution plan covering all employees of Virtual Marketing, LLC dba Fusion92 (the “Company” and “Plan sponsor”) except those covered by a collective bargaining agreement and non-resident aliens. Employees must also attain the age of 21 and have completed three months of employment. Initial enrollment is available immediately after reaching eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan Trustees are responsible for oversight of the Plan, determining the appropriateness of the Plan’s investment offerings, and monitoring investment performance.

*Administration* – The Plan sponsor has designated certain employees, who serve without additional compensation, to administer the Plan. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities.

*Contributions* – Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan Agreement. Participants have the option of contributing a percentage of their taxable compensation as a Roth contribution. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations as outlined in the Internal Revenue Code (“IRC”).

The Company will match 25% of the first 4% of eligible compensation that a participant contributes to the Plan. For the year ended December 31, 2024, the Company contributed \$194,443 of matching contributions to the Plan. The Company may also make a discretionary profit sharing contribution to participants. For the year ended December 31, 2024, the Company did not make any discretionary profit sharing contributions.

*Participant Accounts* – Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contributions and Company safe harbor matching contributions, and an allocation of Plan investment results. Participant accounts are charged with their withdrawals and an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, specific participant transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

*Vesting* – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant is 33% vested after one year of credited service, 67% vested after two years of credited service, and 100% vested after three years of credited service.

*Investment Options* – Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.

*Notes Receivable from Participants* – Participants may borrow from their fund accounts. Participant loans can be for any purpose, classified as either a general purpose or residential purpose loan (as defined in the Plan Agreement), and are limited to the lesser of \$50,000 or 50% of the vested portion of the participant’s account balance. The loans are secured by the balance in the participant’s account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is repaid ratably through payroll deductions.

**Note 1—Description of the Plan (continued)**

*Payment of Benefits* – Upon termination of service or attaining normal retirement age, a participant may elect to receive either a lump-sum amount, installment payments, or partial payments equal to the value of the participant’s vested interest in his or her account, in accordance with the Plan Agreement. Participants may also receive hardship distributions and in-service distributions at age 59½. Vested account balances of those terminated that are below \$5,000 will be automatically distributed upon termination. Automatically distributed account balances above \$1,000 that are distributed without consent or direction of the participant will be rolled over into an individual retirement account.

*Forfeited Accounts* – The nonvested portion of former participants’ accounts attributable to matching contributions will be used to pay administrative fees of the Plan or to reduce future Company contributions. Forfeited accounts approximated \$4,700 and \$3,100 at December 31, 2024 and 2023, respectively. For the year ended December 31, 2024, \$9,411 was used to pay administrative expenses and \$-0- was used to reduce employer contributions.

**Note 2—Summary of significant accounting policies**

*Basis of Presentation* – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

*Use of Estimates* – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

*Investment Valuation and Income Recognition* – The Plan’s investments are reported at fair value. U.S. GAAP defines fair value as the exchange price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the Plan year.

*Investment Management Fees and Operating Expenses* – Investment management fees and operating expenses charged to the Plan for certain investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction in the investment return for such investments.

*Notes Receivable from Participants* – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant’s account and are included in administrative expenses when incurred. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

*Payment of Benefits* – Benefits are recorded when paid. There were no benefit payments requested and not yet disbursed at December 31, 2024 and 2023.

*Administrative Expenses* – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses.

**Note 3—Information certified by the qualified institution (unaudited)**

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American Trust Company, a qualified institution, has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule.

- Investments, at fair value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2024.

At the request of the Plan administrator, the Plan's independent auditor did not perform auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

**Note 4—Fair value measurements**

U.S. GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**FUSION92**  
**401(k) SAVINGS & RETIREMENT PLAN**  
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

**Note 4—Fair value measurements (continued)**

The following are descriptions of the valuation methodologies used for investments measured at fair value, including the general classification of such assets pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2024 or 2023.

*Mutual Funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are, therefore, classified within Level 1 of the valuation hierarchy.

*Collective Trust Fund* – Valued at NAV of units held by the Plan at year-end provided by the issuer of the fund and, therefore, not reflected in the valuation hierarchy. NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets owned by the fund, minus its liabilities. This practical expedient is not used when it is determined to be probable the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure securities liquidations will be carried out in an orderly business manner. There are currently no redemption restrictions or unfunded commitments on these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets measured at fair value on a recurring basis at December 31:

<b>Assets at Fair Value as of December 31, 2024</b>				
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	\$ 8,764,787	\$ -	\$ -	\$ 8,764,787
Investments measured at NAV *				4,703
Investments, at fair value				\$ 8,769,490

  

<b>Assets at Fair Value as of December 31, 2023</b>				
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	\$ 6,213,487	\$ -	\$ -	\$ 6,213,487
Investments measured at NAV *				50,406
Investments, at fair value				\$ 6,263,893

\* Certain investments measured at fair value using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

**NOTES TO THE FINANCIAL STATEMENTS**

*DECEMBER 31, 2024 AND 2023*

**Note 5—Related party transactions and party-in-interest transactions**

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company. The Plan has entered into various service agreements with parties-in-interest. Notes receivable from participants and related activity also qualify as party-in-interest transactions.

American Trust Company, the custodian of the plan, provides recordkeeping and transaction processing services to the Plan. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services amounted to \$71,322 for the year ended December 31, 2024.

These party-in-interest transactions are exempt from prohibited transaction rules of ERISA.

**Note 6—Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Company's matching and profit sharing contribution portion of their accounts.

**Note 7—Tax status of Plan**

The Internal Revenue Service ("IRS") ruled on June 30, 2020, that the pre-approved plan of AT Retirement Services LLC upon which the Plan is based, is designed in accordance with applicable sections of the IRC. The Plan has been amended since receipt of the opinion letter. However, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 8—Risks and uncertainties**

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the financial statements.

**Note 9—Subsequent events**

The Plan has evaluated all subsequent events through October 14, 2025, which is the date these financial statements were available to be issued. During 2025, the Plan changed custodians to Principal Life Insurance Company.
