INDEPENDENT AUDITORS' REPORT

To the Administrative Committee and Participants
United Ability, Inc.
403(b) Retirement Plan
Birmingham, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Financial Statements

We have performed audits of the accompanying financial statements of United Ability, Inc. 403(b) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ending December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all

Members:

- The American Institute of Certified Public Accountants
- The Alabama Society of Certified Public Accountants
- PCPS - The AICPA Alliance for CPA Firms
- National CPA Health Care Advisors Association

material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of United Ability, Inc. 403(b) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about United Ability, Inc. 403(b) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery,

intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of United Ability, Inc. 403(b) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about of United Ability, Inc. 403(b) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of

management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**UNITED ABILITY, INC. 403(b) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023**

Note A - Description of Plan

The following description of the United Ability, Inc. (“the Company”) 403(b) Retirement Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan funded by employee and employer contributions and administered by United Ability, Inc. Participation in the Plan is available to all eligible employees of United Ability, Inc. and its affiliates. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (“IRC”) including the universal availability requirement of Section 403(b). The Plan is subject to the provisions of the Employee Retirement Income Security Act (“ERISA”). Certain administrative functions are performed by employees of the Company. No employees receive compensation from the Plan. Certain other administrative expenses are paid directly by the Company.

Eligibility

All eligible employees may begin making deferral contributions immediately upon employment, regardless of their scheduled hours per week. To be eligible to receive employer contributions, they must satisfy a one-year service requirement and work more than 20 hours per week. The entry date for employer contributions is the first day of the month immediately following satisfaction of the eligibility requirements.

Contributions

The Company’s contribution is a tiered match using the same formula as the prior discretionary match. The match includes an annual true-up provision. The Company began remitting the match and participant contributions to Mutual of America in December 2021. Participants may make Roth elective deferrals in addition to the existing pre-tax deferrals. Participant catch-up and rollover contributions remain unchanged. The definition of compensation excludes all items in Regulation 1.414(s)-1(c)(3) (i.e., expense allowances, fringe benefit, moving expenses, etc.).

Participant Accounts

Mid Atlantic Trust Company holds the Plan’s assets and executes investment transactions as directed. Mutual of America maintains the records of participant data and activity. Participants direct the investment of their account through a choice of funds offered by Mutual of America. Participants have the ability to change their investment options at any time throughout the year.

In the event the Plan terminates or the employer permanently discontinues contributions, the amounts then credited to the accounts of participating employees become fully vested, although the time for distribution may be deferred.

Vesting

Vesting is based on years of vested service, as defined by the Plan. Employer contributions to a participant's account become 25% vested after two years of credited service, as defined, 50% vested after three years of credited service, and 100% vested after four years of credited service. Amounts not vested at the time a covered employee ceases to participate in the Plan are forfeited and will be used to reduce employer contributions. Forfeitures of \$2,682 and \$2,462 were available to be applied as of December 31, 2024 and 2023, respectively. In the year ended December 31, 2024, forfeitures of \$15,472 were used to reduce employer contributions.

Administrative Fees

The Company pays most of the administrative costs of the Plan associated with professional services provided to the Plan and the cost of communications to the participants. Administrative expenses recorded in the Plan represent transactional fees paid directly by participants to the recordkeeper.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loans are secured by the balance in the participant's account and bear interest at a rate of one percent above the Wall Street Journal's published prime rate. Principal and interest is paid ratably through at least quarterly under a level amortization schedule. Participants are limited to one loan outstanding at any time. Participant loans of \$103,141 and \$94,607 were outstanding at December 31, 2024 and 2023.

Payment of Benefits

A participant's account becomes fully vested upon the participant's death, permanent and total disability, or attaining normal retirement age. Upon the participant's termination, death, total disability, or retirement, the vested benefits allocated to the participant's account will be paid under one of the following options, as selected by the participant: lump sum payment or periodic payments of equal amounts for a specified number of years.

Note B - Summary of Significant Accounting Policies

Basis of Statements

The financial statements of the United Ability, Inc. 403(b) Retirement Plan have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Financial Statement Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. All investments in the Plan are participant-directed.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments.

Contributions

Employer and employee contributions are reported in the year services are rendered to the Company by plan participants.

Payment of Benefits

Benefits are reported in the year paid.

Date of Management Review

Management has evaluated subsequent events through October 14, 2025, which is the date the financial statements were available to be issued and noted no events occurring during such periods that would require recognition or disclosure in the financial statements.

Note C - Information Prepared and Certified by Custodian (Unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Mid Atlantic Trust Company:

- Investments at fair value
- Interest and dividends
- Net appreciation in fair value of investments
- Schedule of Assets (Held at End of Year)

Note D - Fair Value Measurements

FASB ASC Section 820 - *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The hierarchy consists of three broad levels, described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds - Valued at the daily closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

<u>2024</u>	<u>Fair Value</u>	<u>Fair Value Measurements Using</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual Funds	<u>\$ 8,020,444</u>	<u>\$ 8,020,444</u>	<u>\$ -</u>	<u>\$ -</u>

Note D - Fair Value Measurements - Continued

<u>2023</u>	<u>Fair Value</u>	<u>Fair Value Measurements Using</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual Funds	<u>\$ 6,125,682</u>	<u>\$ 6,125,682</u>	<u>\$ -</u>	<u>\$ -</u>

Note E - Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Mutual of America. Mutual of America is the record-keeper of the Plan; therefore, these transactions qualify as party-in-interest.

Note F - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

Note G - Plan Tax Status

The Plan uses a volume submitter document provided by Mutual of America. The Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, the Plan is qualified, and the related trust is tax-exempt.

The Plan follows accounting standards relating to uncertainty of income tax positions. Tax positions are recognized in the financial statements when it is more likely than not that the position will be sustained by the tax authorities. The Plan administrator has assessed whether there were any uncertain tax positions that may give rise to income tax liabilities and determined that there were no such matters requiring recognition in the accompanying financial statements. The Plan files the required annual returns under U.S. Federal jurisdiction. With few exceptions, the Plan is no longer subject to U.S. federal tax examinations for years before 2021.

There were no differences in net assets and changes in net assets between these financial statements and the Form 5500 annual return as of December 31, 2024 and 2023.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
