Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditor's Report

To the Plan Administrator
Mauser Consolidated Pension Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Mauser Consolidated Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Mauser Consolidated Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended, December 31, 2024 and 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mauser Consolidated Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mauser Consolidated Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mauser Consolidated Pension Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mauser Consolidated Pension Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and of reportable transactions, as of and for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are

presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MAUSER CONSOLIDATED PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Mauser Consolidated Pension Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

On July 13, 2021, the Employee Benefit Plans Committee of BWAY Corporation, on behalf of Mauser USA, LLC, North America Packaging Corporation, and Central Can Company, Inc., approved the merger of Pension Plan for Certain Collective Bargaining Employees of Mauser USA, LLC and North America Packaging Corporation Pension Plan with and into the Central Can Company Pension Plan, such merger to be effective June 30, 2022. Upon merger, the Pension Plan for Certain Collective Bargaining Employees of Mauser USA, LLC, the North America Packaging Corporation Pension Plan, and the Central Can Company Pension Plan, constitute a single plan for purposes of Treasury Regulations Section 1.414(l)-1(b)(1). As a result of the merger, all plan assets and liabilities were transferred from Pension Plan for Certain Collective Bargaining Employees of Mauser USA, LLC and North America Packaging Corporation Pension Plan into the Central Can Company Pension Plan into the Plan on June 30, 2022 (See Note 10). Immediately after the merger, the Central Can Pension Company Plan was renamed “Mauser Consolidated Pension Plan”.

- A. *General.* The Plan is a noncontributory defined benefit plan providing retirement, disability, and death benefits to eligible employees. The Plan document was restated January 1, 2023 to incorporate the previous separate plans’ documents into one document with the following components for each of the former legacy Plans.

Central Can Company Pension Plan (“Central Can”) covered substantially all of the employees of Central Can Company, Inc. until it was amended and restated effective January 1, 2009. Under this amendment, all future benefit accruals under the plan ceased effective December 31, 2008. The accrued benefit of each participant and beneficiary has been finally determined as of December 31, 2008 and will not increase after such date.

North America Packaging Corporation Pension Plan (“NAMPAC”) covered the employees of North America Packaging Corporation and its affiliates, subsidiaries, or assignees who expressly adopted the plan. Effective December 31, 1998, for hourly employees and October 31, 2004, for salaried employees, the Plan was frozen. The assets attributable to the plan participants will be held by the trustee until distributed. No employee who was not a participant prior to the effective date will be eligible to become a participant in the Plan on or after the effective date, and no period of the participant’s employment after the effective date will be taken into account for purposes of computing credited service. Each participant’s accrued benefit under the terms and conditions of the Plan will be determined as of the end of the day on December 31, 1998, or October 31, 2004, as appropriate, as if such participant had terminated employment on such date for computing the participant’s credited service. Any hourly or salaried employee actively employed by the Company on December 31, 1998, or October 31, 2004, respectively, became 100% vested in his or her accrued benefit.

Pension Plan for Certain Collective Bargaining Employees of Mauser USA, LLC (“MPP”) covered those individuals eligible by virtue of having been employed by Mauser USA, LLC and who were covered by a collective bargaining agreement with the United Steelworkers of America, Local #5210, Local #9777-43U, Local #5210-3, and Local #15534; International Association of Machinists and Aerospace Workers, Local #8; International Brotherhood of

Teamsters, Local #781; Graphic Communications International Union, Local #527-S; United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied-Industrial and Service Workers International Union, Local #13-1; or United Food and Commercial Workers, Local #1167 during the Plan's benefit accrual period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The accrual of benefits has ceased for all employee groups covered by the Plan. Cessation of accruals was phased in for various Locals/Divisions from March 2000 through July 2010.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Board of Directors of the Company control and manage the operation and administration of the Plan. The Plan's investments are managed by outside investment managers.

Coronavirus Relief Legislation. Congress passed the Coronavirus Aid, Relief, and Economic Security ("CARES") Act on March 27, 2020, in response to the Coronavirus worldwide epidemic. Management has until December 31, 2026 to amend the Plan document for the provisions it adopted, if any.

SECURE 2.0 Act. The Securing a Strong Retirement Act (SECURE 2.0 Act) was signed into law on December 29, 2022, and includes mandatory and optional provisions with varying effective dates in 2023 and later. The Plan Administrator will determine the optional provisions to elect and amend the Plan document accordingly.

- B. *Funding Policy.* The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The sponsor elected to utilize a portion of the Plan's pre-funding balance to satisfy the 2024 and 2023 minimum required contribution. During the years ended December 31, 2024 and 2023, the Company made contributions of \$632,819 and \$261,181, respectively. The Company's contributions for 2024 and 2023 met or exceeded the minimum funding requirements of ERISA.

Although it has not expressed any intention to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions set forth in ERISA.

- C. *Pension Benefits* Described are the pension benefits of the three merging legacy plans that have as of June 30, 2022 merged and the name changed to Mauser Consolidate Pension Plan.

Central Can Company Pension Plan ("Central Can") - No present or future employee who was not a participant in the Plan on December 31, 2008 may become a participant in the Plan after such date. To qualify for plan participation, an employee must have completed 1,000 hours of service within a 12-month period. The normal benefit formula is 1% of average compensation multiplied by years of service (maximum of 40 years) earned after 1997, plus the benefit accrued as of December 31, 1997, under the prior plan formula. All future benefit accruals under the Plan ceased effective December 31, 2008. All participants are now fully vested in their accrued benefit.

The following are the definitions of the various retirement classifications: (a) Normal – Age 65 and completion of three years of credited service, (b) Early – Age 55 and completion of fifteen years of credited service, (c) Disability – Total and permanent disability after completion of five years of credited service, and (d) Survivor's – 65 if single and any age if married which did not begin receiving a pension before death after completion of three years of credited service.

MAUSER CONSOLIDATED PENSION PLAN
Notes to Financial Statements

Participants may generally elect to receive their benefits in the form of a single life annuity, a 10-year certain annuity or a joint and survivor annuity.

North American Packaging Corporation Pension Plan ("NAMPAC") The normal form of benefit payment is a life annuity for unmarried participants and a life annuity with a 50% joint and survivor annuity for married participants. The normal retirement age is 65.

Upon disability or retirement, salaried participants are entitled to receive a monthly benefit equal to the greater of: (a) 1-1/3% of average monthly compensation multiplied by years of service, or (b) \$8.50 multiplied by the participant's years of benefit service. The Plan permits early retirement and deferred vested retirement at age 55 with a minimum of 10 years of vested service. Salaried employees hired after October 31, 2004 may not participate in the Plan. Participants are 100% vested in their accrued benefit.

Upon disability or retirement, hourly participants are entitled to receive a specified monthly benefit based upon years of credited service prior to December 31, 1998. Hourly employees hired after December 31, 1998, may not participate in the Plan. The Plan permits early retirement and deferred vested retirement if certain age and service requirements are met (generally, age 60 with 10 years of service for early retirement and 5 years of service for deferred vested retirement). Participants are 100% vested in their accrued benefit.

Upon death, the normal form of payment for a married participant is a Qualified Joint and Survivor Annuity, which pays 50% of the participant's benefits to his or her eligible spouse for the eligible spouse's life.

Lump sum distributions are available and are based on an actuarial equivalent present value of the calculated monthly benefit.

Pension Plan for Certain Collective Bargaining Employees of Mauser USE, LLC ("MPP") - Employees are entitled to monthly pension benefits beginning at normal retirement age. Normal retirement age is defined as the date on which the participant attains age 65. For employees who are members of the United Steelworkers of America, Local #5210, it is the later of the participant's sixty-fifth birthday or the fifth anniversary of his/her date of participation in the Plan. As noted above, accrual of benefits under this Plan ceased for all employee groups covered by the Plan during the year ended July 31, 2010. For employees who are members of the United Steelworkers of America, Local #5210, the monthly multiplier in effect on the date of cessation of accruals was \$26.50 for each year of benefit service. For employees who are members of the United Food and Commercial Workers, Local #1167, the monthly multiplier in effect on the date of cessation of accruals was \$10.50 for each year of service. For all other locations, the benefit is determined by multiplying the various multipliers based upon the Local/Division by total years of service and offsetting the result by the applicable Smurfit Plan benefit rate as of December 31, 1997, also based upon the Local/Division. The Company acquired the plastics division of Smurfit Packaging Corporation in November 1997. These multipliers range from \$12.50 to \$25.50 with offsets ranging from \$10.00 to \$21.00 as of the date of cessation of accruals depending on the Local/Division.

The Plan permits early retirement, defined as attainment of age fifty-five and completion of fifteen years of benefit service, except for members of Local #5210. For members of Local #5210, early retirement is defined as attainment of age sixty and completion of ten years of benefit service. The benefit is determined under the same formula as for normal retirement, reduced by one half of 1% for each month by which the early retirement date precedes either (i)

MAUSER CONSOLIDATED PENSION PLAN
Notes to Financial Statements

the first day of the month after the participant attains age sixty-two, if the participant has completed thirty years of benefit service, or (ii) his normal retirement date, if the participant has completed less than thirty years of benefit service or he is a member of the United Steelworkers of America, Local #5210.

The normal form of benefit payments is a monthly life annuity. Participants also have the option to receive these benefits in the form of a 50% or 100% joint and survivor annuity, ten years certain and life or level income option (Local #5210 only). All participants became fully vested upon the freezing of the Plan.

Disability benefits are equal to 100% of the participant's accrued benefit as of the date of disability and are not reduced for early commencement of benefits. Once vested, a 50% survivor death benefit is provided for the spouse of a married participant, payable on the date the member would have been eligible for early or normal retirement. Participants who are members of Local #5210 receive a widow's joint survivor benefit at fifty percent of an employee's benefit at age forty with ten years of service.

Lump sum distributions are available and are based on an actuarial equivalent present value of the calculated monthly benefit.

2. Summary of Significant Accounting Policies

- A. *Basis of Accounting.* The accompanying financial statements are prepared on the accrual basis of accounting.
- B. *Use of Estimates.* The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.
- C. *Investment Valuation and Income Recognition.* Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- D. *Payments of Benefits.* Benefit payments to participants are recorded upon distribution.
- E. *Administrative Expenses.* The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan, that are paid by the Plan, are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation or depreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

MAUSER CONSOLIDATED PENSION PLAN

Notes to Financial Statements

F. *Actuarial Assumption and Method Changes.* The ERISA interest rate assumption for minimum funding requirements was changed from segment rates with a four-month lookback (as of September 2022) of 4.75%, 5.00%, and 5.74%, each adjusted as needed to fall within the 25-year average interest corridor under ARPA to segment rates with a four-month lookback (as of September 2023) of 4.75%, 4.87%, and 5.59%, each adjusted as needed to fall within the 25-year average interest corridor under ARPA. The ERISA interest rate assumption for maximum tax purpose funding requirements was changed from segment rates of 1.41%, 3.09%, and 3.58% to segment rates of 3.62%, 4.46%, and 4.52% without regard to interest rate stabilization. For ERISA requirements, the mortality assumption changed from the 2023 static mortality table for annuitants and non-annuitants per §1.430(h)(3)-1(a)(3) and IRS Notice 2022-22 for healthy and disabled lives to the 2024 generational mortality table for annuitants and non-annuitants per §1.430(h)(3)-1(b) for healthy and disabled lives, and the expected rate of return on assets assumptions remained 6.0%. For ASC 960 requirements, the discount rate assumption remained 6.0% and the mortality improvement scale assumption remained MP-2021.

3. Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Bank, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2024 and 2023, the related investment activity reflected in the statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, the schedule of assets (held at end of year) as of December 31, 2024, and all the information reflected on the schedule of reportable transactions for the year ended December 31, 2024.

4. Plan Termination

Although the Company has not expressed any intention of terminating the Plan, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distribution of the plan assets shall be made to the participants according to the provisions for such distribution in the plan document determined in accordance with ERISA and applicable regulations.

If the Plan terminates, a portion of the benefits under the Plan is insured by the Pension Benefit Guaranty Corporation ("PBGC"), a U.S. Government agency. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor benefits. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the plan's net assets to provide those benefits and may also depend on the level and type of benefits guaranteed by the PBGC. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

5. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements)

MAUSER CONSOLIDATED PENSION PLAN

Notes to Financial Statements

and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described below:

Basis of Fair Value Measurement:

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following discussion describes the valuation methodologies used for assets measured at fair value on a recurring basis. The techniques utilized in estimating the fair values of financial instruments are reliant on the assumptions used. Care should be exercised in deriving conclusions based on the fair value information of financial instruments presented below.

Fair value estimates are made at a specific point in time, based on available market information and judgments about the financial instrument. Such estimates do not consider the tax impact of the realization if unrealized gains or losses. In addition, the disclosed fair values may not be realized in the immediate settlement of the financial instrument. There were no significant changes to the valuation process during 2024 or 2023.

Mutual Funds – These investments are public investment vehicles valued using the Net Asset Value (“NAV”) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Equities – These investments are valued at the closing price reported on the active markets on which the individual securities are traded.

Interest-Bearing Cash – Cash held on deposit at a brokerage company or financial institution.

Mortgage-Backed Security – This is a debt instrument with mortgages as the underlying investment, and is not considered to be actively traded, but indirectly valued based on trades of similar instruments.

MAUSER CONSOLIDATED PENSION PLAN

Notes to Financial Statements

The following tables present by level, within the fair value hierarchy, the plan investment assets at fair value, as of December 31, 2024 and 2023. As required by FASB ASC 820, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

Total	<u>\$ 34,371,503</u>	<u>\$ 33,249,531</u>	<u>\$ 1,121,972</u>

6. Actuarial Value of Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during their credited service. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of January 1, 2024 and 2023 were (a) for 2024 and 2023, life expectancy of participants based on the amounts-weighted aggregate rates (separate rates for contingent survivors) from the Pri-2012 mortality study with future mortality improvement projected generationally from 2012 using scale MP-2021 (b) an assumed average retirement age (61 for active Legacy Central Can participants, 62 for active Legacy NAMPAC participants, 65 for active Legacy MPP participants, 64 for terminated vested Legacy Central Can participants, 63 for terminated vested Legacy NAMPAC participants, and 65 for terminated vested Legacy MPP participants) or present age if greater, and (c) an assumed investment return rate remained 6.00% for 2024 and 2023. The foregoing actuarial assumptions are based on the presumption that the

MAUSER CONSOLIDATED PENSION PLAN
Notes to Financial Statements

Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits as of January 1, 2024 and 2023 is as follows:

	<u>2024</u>	<u>2023</u>
Actuarial present value of accumulated plan benefits		
Vested benefits:		
Participants and/or beneficiaries currently receiving payments	\$ 21,027,679	\$ 20,989,408
Participants with deferred benefits	<u>15,203,137</u>	<u>15,309,031</u>
	36,230,816	36,298,439
Nonvested benefits	<u>992,493</u>	<u>1,017,101</u>

7. Related-Party Transactions and Party in Interest Transactions

As described in Note 2E, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

The Plan holds an investment which is sponsored and managed by Principal Bank, the trustee of the Plan. Therefore, transactions in these investments are party in interest transactions. The trustee has substantial discretionary authority concerning purchase and sales of investments, within plan provisions.

Fees incurred by the Plan for investment management services are included in the net appreciation or depreciation in fair value of the investment, as they are paid through revenue sharing, rather than direct payment. Of these incurred fees, \$584 and \$1,140 were returned to the Plan as revenue sharing, and included in other income in 2024 and 2023, respectively.

The Plan was charged administrative and investment advisory fees totaling \$48,161 and \$65,136 for

MAUSER CONSOLIDATED PENSION PLAN

Notes to Financial Statements

the years ended December 31, 2024 and 2023, respectively. Included in these amounts are fees charged by the trustee of \$40,970 and \$41,080, and fees charged by an investment advisor of \$7,191 and \$24,056 for the years ended December 31, 2024 and 2023, respectively.

The above transactions are party-in-interest transactions under ERISA.

8. Tax Status

The Plan obtained its latest determination letter on August 21, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The plan administrator believes the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, the Plan and the related trust are tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits is reported, based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

10. Subsequent Events

The Plan has evaluated subsequent events through October 10, 2025, which is the date the financial statements were available to be issued; no material events were identified which require disclosure in or adjustment to the financial statements.

Decrement Timing

Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%)

Surviving Spouse Benefit

It is assumed that 80% of males and 80% of females have an eligible spouse, and that males are three years older than their spouses.

Benefit Limits

Projected benefits are limited by the current IRC section 415 maximum benefit of \$275,000.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this

manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Expected Return on Assets

2022 Plan Year	6.00%, limited to 5.92%

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Decrement Timing

Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%)

Surviving Spouse Benefit

It is assumed that 80% of males and 80% of females have an eligible spouse, and that males are three years older than their spouses.

Benefit Limits

Projected benefits are limited by the current IRC section 415 maximum benefit of \$275,000.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Mauser Consolidated Pension Plan
EIN: 36-3624491 PN: 004

manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Expected Return on Assets

2022 Plan Year	6.00%, limited to 5.92%
2023 Plan Year	6.00%, limited to 5.74%
2024 Plan Year	6.00%, limited to 5.59%

Trust Expenses Included in Target Normal Cost

Expenses are assumed to be equal to the prior year's actual administrative expenses, rounded up to \$10,000 (\$90,000 for 2024).

Schedule SB, Part V — Summary of Plan Provisions

Central Can Company Pension Plan

Effective Date June 1, 1949. Amended as of June 30, 2022.

Eligibility An employee hired prior to February 1, 2008, who is not a (1) leased employee, (2) independent consultant or contract employee, or (3) independent contractor and who has completed 1,000 or more hours of service during either the 12-month period commencing on the employees' date of hire or a plan year commencing after the date of the employee's employment by the company.

Normal Retirement

Eligibility Sixty-fifth birthday.

Benefit The plan benefit was frozen (pay and service) as of December 31, 2008. Age-65 accrued benefits are listed in the plan document.

Prior to the freeze the benefit formula was (1) + (2):

- (1) The amount of the participant's accrued benefit, if any, as of January 1, 2002; plus
- (2) 1% of the participant's average earnings for each plan year after 2001 and before 2009 for which the participant receives credit for a year of benefit service, provided that additional benefits will not accrue after a participant has completed 40 years of benefit service.

Early Retirement

Eligibility Termination of employment after attaining age 55 with 15 years of service.

Benefit The accrued benefit at normal retirement date reduced by an early retirement reduction factor based on the age at which benefits commence, as follows:

Age	Factor	Age	Factor
55	0.3894	61	0.6682
56	0.4242	62	0.7363
57	0.4628	63	0.8133
58	0.5059	64	0.9006

Disability Benefits

Eligibility	Termination from employment as a result of a disability after completing at least five years of service.
Benefit	The accrued benefit calculated at date of termination and payable the first of the month coincident with or next following the date of termination of employment.

Termination

Eligibility	Termination of employment after completing three years of service.
Benefit	The accrued benefit calculated at date of termination and payable at normal retirement date, multiplied by a vesting percentage equal to 20% for participants with three years of service grading up to 100% for a participant with at least seven years of service. A participant with at least 15 years of service may elect to receive an early retirement benefit any time after attaining age 55.

Preretirement Death Benefits

Eligibility	Spouse of an active or terminated participant who has completed at least three years of service or beneficiary of a participant who retires or continues employment on or after the normal retirement date in the event of the participant's death before benefit payments commence.
Benefit	<p>In the event of a married participant's death before the normal retirement date, the spouse's benefit is 50% of the normal retirement benefit calculated at the earlier of the participant's date of termination or date of death, reduced for joint and survivor coverage.</p> <p>In the event of a married participant's death on or after the normal retirement date, the spouse's benefit is 100% of the normal retirement benefit calculated at the earlier of the participant's date of termination or date of death, reduced for joint and survivor coverage.</p> <p>In the event of a single participant's death on or after the normal retirement date, the beneficiary's benefit is a 10-year certain annuity equal to the normal retirement benefit calculated at the earlier of the participant's date of termination or date of death, reduced by the factor applied to a 10-year certain and life annuity.</p>

Definitions

Years of Service	A participant will be granted a year of service for each calendar year in which the participant has completed 1,000 or more hours of service with the company.
Benefit Service	A participant will be granted a year of benefit service for each calendar year in which the participant has completed 1,000 or more hours of service with the company as a covered employee. Benefit service was frozen on December 31, 2008.
Earnings	A participant's total compensation including such items as base pay, overtime pay, bonuses, commissions, incentive compensation, and any salary reduction amounts, but excluding such items as employer contributions for the participant's benefit, reimbursements for expenses, compensation received while on a leave of absence, and severance pay. Earnings were frozen on December 31, 2008.
Average Monthly Earnings	The total aggregate earnings of the participant for each of the participant's full calendar years of employment prior to 2009 and after January 1, 1986 divided by the number of such full calendar years prior to 2009 which have elapsed as of the end of such plan year. This amount is then divided by 12 to convert from annual to monthly earnings. For this purpose, earnings for a partial calendar year of employment as a covered employee shall be excluded. Each year's earnings is limited to the 401(a)17 limitation on pay for the year.
Normal Retirement Date	Sixty-fifth birthday.

Form of Payment

Normal Form of Payment	Actuarial equivalent 50% joint and survivor annuity, if married; Life annuity, if single.
Optional Forms of Payment	Life annuity; 100%, 75%, 50% joint and survivor; 10-year certain. Lump sum option if the present value of the benefit is less than \$5,000. The optional forms of payment are determined as the actuarial equivalent of the life annuity.

Plan Provisions

North America Packaging Corporation Pension Plan

Salaried Participants

Effective Date

June 28, 2001. Amended as of June 30, 2022.

Participation

All salaried employees who were participants in the prior Southcorp plan immediately prior to the effective date and working for companies below, except those whose conditions of employment are established by the terms of a collective bargaining agreement. No newly hired salaried employees shall become a participant after October 31, 2004. Employees shall enter the plan as follows:

Southcorp Packaging USA, Inc.

A salaried employee of Southcorp Packaging USA, Inc. (formerly North American Packaging Corporation) shall become a participant on the later of July 1, 1988 and date of hire.

Bennett Industries

An employee of Bennett Industries shall become a participant on the later of August 1, 1996 and date of hire.

Indianapolis

Hourly active employees as of July 1, 2003 who were fully vested on December 31, 1998 accrue the salaried benefit for the period from July 1, 2002 to June 30, 2003. Hourly active employees as of July 1, 2004, who were fully vested on December 31, 1998, accrue the salaried benefit for the period from July 1, 2003 to October 31, 2004.

Accrued Benefit

Greater of (1) and (2) offset by (3):

- (1) $1\frac{1}{3}\%$ of the participant's average monthly compensation times the participant's years of credited service.
- (2) \$8.50 times the participant's years of credited service.
- (3) Frozen accrued benefit earned in the Rheem Manufacturing Company's Pension Plan for Salaried Employees.

Mauser Consolidated Pension Plan

EIN: 36-3624491 PN: 004

All current active salaried participants will cease to accrue benefits after October 31, 2004.

Normal Retirement

Eligibility

Later of attainment of age 65 or completion of five years of participation.

Benefit

Accrued benefit.

Early Retirement

Eligibility

Later of attainment of age 55 or completion of 10 years of service.

Benefit

Accrued benefit reduced by the lesser of (1) 0.25% for each month benefit commencement precedes normal retirement date, or (2) 0.25% for each month years of vesting service are less than 30 years.

Terminated Vested Benefits

Eligibility

Earlier of completion of five years of vesting service or attainment of normal retirement age. All actively employed participants on October 31, 2004 shall be 100% vested in their accrued benefit.

Benefit

Accrued benefit payable at age 65. Benefits may commence early at age 55 with 10 years of vesting service. Benefits are reduced to date of benefit commencement according to early retirement benefit above.

Preretirement Spouse's Benefit

Eligibility/Benefit

If an employed participant dies after age 55 but prior to retiring, the participant's spouse is entitled to a benefit equal to 50% of the participant's normal retirement benefit.

If an employed participant dies before age 55 but has 20 years of vesting service, the spouse's benefit is equal to 50% of the participant's normal retirement benefit reduced by 1/12 of 5% for each month that the participant's death occurs before attainment of age 55.

Mauser Consolidated Pension Plan

EIN: 36-3624491 PN: 004

Preretirement Spouse's Benefit

Eligibility/Benefit

For other vested participants, the participant's spouse will receive an annuity actuarially equivalent to 50% of the normal retirement benefit the participant would have received if the participant had left employment on the date of death, survived until his fifty-fifth birthday, and retired at that time. This benefit would be reduced by 0.5% for each year in excess of five years that the spouse's age is less than the participant's age at date of death.

The normal retirement benefit is based on the average monthly compensation and years of credited service at date of death.

Normal Form of Annuity

Single

Single life annuity.

Married

A 50% joint and survivor annuity. The amount payable is actuarially equivalent to a single life annuity.

Optional Forms of Benefit

Payment in the following forms with benefits actuarially equivalent to the normal form:

- 100% joint and survivor annuity;
- 75% joint and survivor annuity;
- 50% joint and survivor annuity; and
- Lump sum between \$5,000 and \$10,000.

Lump sum greater than \$10,000 for prior Rheem Manufacturing Company's Pension Plan for Salaried Employees participant who is eligible for early, normal or late retirement and has at least 10 years of credited or vesting service as of January 1, 1981.

Benefit Limits

Benefits cannot exceed the limits set by IRC section 415.

Years of Credited Service

Southcorp Packaging USA, Inc. (formerly North American Packaging Corporation)

All service with RAL Pacific Holdings used to compute benefits under the RAL Pacific Holdings Pension Plan for Salaried Employees plus the period of employment from the date of closing of sale (December 31, 1985) by RAL Pacific Holdings to Rheem Pacific Packaging Corporation until termination of employment.

Two former Rheem Manufacturing Company participants were granted their service with Rheem Manufacturing Company prior to December 3, 1987.

Schedule SB, Part V — Summary of Plan Provisions

Central Can Company Pension Plan

Effective Date June 1, 1949. Amended as of June 30, 2022.

Eligibility An employee hired prior to February 1, 2008, who is not a (1) leased employee, (2) independent consultant or contract employee, or (3) independent contractor and who has completed 1,000 or more hours of service during either the 12-month period commencing on the employees' date of hire or a plan year commencing after the date of the employee's employment by the company.

Normal Retirement

Eligibility Sixty-fifth birthday.

Benefit The plan benefit was frozen (pay and service) as of December 31, 2008. Age-65 accrued benefits are listed in the plan document.

Prior to the freeze the benefit formula was (1) + (2):

- (1) The amount of the participant's accrued benefit, if any, as of January 1, 2002; plus
- (2) 1% of the participant's average earnings for each plan year after 2001 and before 2009 for which the participant receives credit for a year of benefit service, provided that additional benefits will not accrue after a participant has completed 40 years of benefit service.

Early Retirement

Eligibility Termination of employment after attaining age 55 with 15 years of service.

Benefit The accrued benefit at normal retirement date reduced by an early retirement reduction factor based on the age at which benefits commence, as follows:

Age	Factor	Age	Factor
55	0.3894	61	0.6682
56	0.4242	62	0.7363
57	0.4628	63	0.8133
58	0.5059	64	0.9006
59	0.5539	65	1.0000
60	0.6077

Disability Benefits

Eligibility	Termination from employment as a result of a disability after completing at least five years of service.
Benefit	The accrued benefit calculated at date of termination and payable the first of the month coincident with or next following the date of termination of employment.

Termination

Eligibility	Termination of employment after completing three years of service.
Benefit	The accrued benefit calculated at date of termination and payable at normal retirement date, multiplied by a vesting percentage equal to 20% for participants with three years of service grading up to 100% for a participant with at least seven years of service. A participant with at least 15 years of service may elect to receive an early retirement benefit any time after attaining age 55.

Preretirement Death Benefits

Eligibility	Spouse of an active or terminated participant who has completed at least three years of service or beneficiary of a participant who retires or continues employment on or after the normal retirement date in the event of the participant's death before benefit payments commence.
Benefit	<p>In the event of a married participant's death before the normal retirement date, the spouse's benefit is 50% of the normal retirement benefit calculated at the earlier of the participant's date of termination or date of death, reduced for joint and survivor coverage.</p> <p>In the event of a married participant's death on or after the normal retirement date, the spouse's benefit is 100% of the normal retirement benefit calculated at the earlier of the participant's date of termination or date of death, reduced for joint and survivor coverage.</p> <p>In the event of a single participant's death on or after the normal retirement date, the beneficiary's benefit is a 10-year certain annuity equal to the normal retirement benefit calculated at the earlier of the participant's date of termination or date of death, reduced by the factor applied to a 10-year certain and life annuity.</p>

Definitions

Years of Service	A participant will be granted a year of service for each calendar year in which the participant has completed 1,000 or more hours of service with the company.
Benefit Service	A participant will be granted a year of benefit service for each calendar year in which the participant has completed 1,000 or more hours of service with the company as a covered employee. Benefit service was frozen on December 31, 2008.
Earnings	A participant's total compensation including such items as base pay, overtime pay, bonuses, commissions, incentive compensation, and any salary reduction amounts, but excluding such items as employer contributions for the participant's benefit, reimbursements for expenses, compensation received while on a leave of absence, and severance pay. Earnings were frozen on December 31, 2008.
Average Monthly Earnings	The total aggregate earnings of the participant for each of the participant's full calendar years of employment prior to 2009 and after January 1, 1986 divided by the number of such full calendar years prior to 2009 which have elapsed as of the end of such plan year. This amount is then divided by 12 to convert from annual to monthly earnings. For this purpose, earnings for a partial calendar year of employment as a covered employee shall be excluded. Each year's earnings is limited to the 401(a)17 limitation on pay for the year.
Normal Retirement Date	Sixty-fifth birthday.

Form of Payment

Normal Form of Payment	Actuarial equivalent 50% joint and survivor annuity, if married; Life annuity, if single.
Optional Forms of Payment	Life annuity; 100%, 75%, 50% joint and survivor; 10-year certain. Lump sum option if the present value of the benefit is less than \$5,000. The optional forms of payment are determined as the actuarial equivalent of the life annuity.

Actuarial Equivalent

Plan's Definition	1984 Unisex Pension Mortality Table and 6% interest.
Lump Sum	Based on the interest rate and mortality assumptions prescribed by IRC section 417(e).

Plan Provisions

North America Packaging Corporation Pension Plan

Salaried Participants

Effective Date

June 28, 2001. Amended as of June 30, 2022.

Participation

All salaried employees who were participants in the prior Southcorp plan immediately prior to the effective date and working for companies below, except those whose conditions of employment are established by the terms of a collective bargaining agreement. No newly hired salaried employees shall become a participant after October 31, 2004. Employees shall enter the plan as follows:

Southcorp Packaging USA, Inc.

A salaried employee of Southcorp Packaging USA, Inc. (formerly North American Packaging Corporation) shall become a participant on the later of July 1, 1988 and date of hire.

Bennett Industries

An employee of Bennett Industries shall become a participant on the later of August 1, 1996 and date of hire.

Indianapolis

Hourly active employees as of July 1, 2003 who were fully vested on December 31, 1998 accrue the salaried benefit for the period from July 1, 2002 to June 30, 2003. Hourly active employees as of July 1, 2004, who were fully vested on December 31, 1998, accrue the salaried benefit for the period from July 1, 2003 to October 31, 2004.

Accrued Benefit

Greater of (1) and (2) offset by (3):

- (1) $1\frac{1}{3}\%$ of the participant's average monthly compensation times the participant's years of credited service.
- (2) \$8.50 times the participant's years of credited service.
- (3) Frozen accrued benefit earned in the Rheem Manufacturing Company's Pension Plan for Salaried Employees.

Schedule SB Attachment (Form 5500) — 2024 Plan Year

Mauser Consolidated Pension Plan

EIN: 36-3624491 PN: 004

All current active salaried participants will cease to accrue benefits after October 31, 2004.

Normal Retirement

Eligibility

Later of attainment of age 65 or completion of five years of participation.

Benefit

Accrued benefit.

Early Retirement

Eligibility

Later of attainment of age 55 or completion of 10 years of service.

Benefit

Accrued benefit reduced by the lesser of (1) 0.25% for each month benefit commencement precedes normal retirement date, or (2) 0.25% for each month years of vesting service are less than 30 years.

Terminated Vested Benefits

Eligibility

Earlier of completion of five years of vesting service or attainment of normal retirement age. All actively employed participants on October 31, 2004 shall be 100% vested in their accrued benefit.

Benefit

Accrued benefit payable at age 65. Benefits may commence early at age 55 with 10 years of vesting service. Benefits are reduced to date of benefit commencement according to early retirement benefit above.

Preretirement Spouse's Benefit

Eligibility/Benefit

If an employed participant dies after age 55 but prior to retiring, the participant's spouse is entitled to a benefit equal to 50% of the participant's normal retirement benefit.

If an employed participant dies before age 55 but has 20 years of vesting service, the spouse's benefit is equal to 50% of the participant's normal retirement benefit reduced by 1/12 of 5% for each month that the participant's death occurs before attainment of age 55.

Schedule SB Attachment (Form 5500) — 2024 Plan Year

Mauser Consolidated Pension Plan

EIN: 36-3624491 PN: 004

Preretirement Spouse's Benefit

Eligibility/Benefit

For other vested participants, the participant's spouse will receive an annuity actuarially equivalent to 50% of the normal retirement benefit the participant would have received if the participant had left employment on the date of death, survived until his fifty-fifth birthday, and retired at that time. This benefit would be reduced by 0.5% for each year in excess of five years that the spouse's age is less than the participant's age at date of death.

The normal retirement benefit is based on the average monthly compensation and years of credited service at date of death.

Normal Form of Annuity

Single

Single life annuity.

Married

A 50% joint and survivor annuity. The amount payable is actuarially equivalent to a single life annuity.

Optional Forms of Benefit

Payment in the following forms with benefits actuarially equivalent to the normal form:

- 100% joint and survivor annuity;
- 75% joint and survivor annuity;
- 50% joint and survivor annuity; and
- Lump sum between \$5,000 and \$10,000.

Lump sum greater than \$10,000 for prior Rheem Manufacturing Company's Pension Plan for Salaried Employees participant who is eligible for early, normal or late retirement and has at least 10 years of credited or vesting service as of January 1, 1981.

Benefit Limits

Benefits cannot exceed the limits set by IRC section 415.

Years of Credited Service

Southcorp Packaging USA, Inc. (formerly North American Packaging Corporation)

All service with RAL Pacific Holdings used to compute benefits under the RAL Pacific Holdings Pension Plan for Salaried Employees plus the period of employment from the date of closing of sale (December 31, 1985) by RAL Pacific Holdings to Rheem Pacific Packaging Corporation until termination of employment.

Two former Rheem Manufacturing Company participants were granted their service with Rheem Manufacturing Company prior to December 3, 1987.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
Mauser Consolidated Pension Plan

Bennett Industries

The period of time beginning on the date an employee becomes a participant.

Credited service shall not include any period beginning after October 31, 2004.

Years of Vesting Service

One year of vesting service shall be earned for each plan year during which 1,000 hours of service are credited. For employees of North American Packaging Corporation, vesting service shall be defined and credited as in the RAL Pacific Holdings Pension Plan for Salaried Employees.

Average Monthly Compensation

The average of the compensation paid to a participant during the 60 consecutive calendar months of the last 120 calendar months of his years of credited service that will produce the largest amount.

Compensation

Regular basic salary plus shift differential and overtime including commissions and salary deferrals and excluding incentive payments.

Schedule SB Attachment (Form 5500) – 2024 Plan Year

Mauser Consolidated Pension Plan

EIN: 36-3624491 PN: 004

Hourly Participants

Effective Date June 28, 2001. Amended and restated most recently as of July 1, 2008.

Participation Hourly employees prior to effective date who are not covered by a collective bargaining agreement become participants upon the attainment of age 21. No newly hired hourly employees shall become participants after December 31, 1998.

Accrued Benefit A participant's monthly accrued benefit is determined based on years of credited service according to the following schedule:

Benefit Level Location	First 15 Years of Multiplied by	Next 15 Years of Multiplied by	Years of Service in 30 Multiplied by
Raritan	\$ 10.00	\$ 11.00	\$ 12.00
Indianapolis	\$ 9.00	\$ 10.50	\$ 12.00

Normal Retirement

Eligibility

A participant is eligible to receive normal retirement pension at age 65 if he has completed five years of vesting service or reached his fifth anniversary of plan participation.

Benefit

The accrued benefit determined as of the employee's retirement date.

Unreduced Early Retirement

Eligibility

Age	Years of Vesting Service	Age Plus Years of Service
55	5 to 30	70
--	5 to 30	80
55	30	--

65 and receiving disability pension.

Benefit

The unreduced accrued benefit determined as of the employee's early retirement date.

Reduced Early Retirement

Eligibility

Age 60 and 10 or more, but less than 30 years of vesting service. Effective January 1, 2006, age 60 and 10 or more years of vesting service.

Benefit

Accrued benefit multiplied by applicable percentage based on age at retirement. See Appendix C of document for percentages.

Terminated Vested Benefits

Eligibility

Five years of vesting service. All participants who were actively employed on December 31, 1998 are 100% vested regardless of years of vesting service.

Benefit

Accrued benefit at termination deferred to normal retirement age.

Schedule SB Attachment (Form 5500) — 2024 Plan Year

Mauser Consolidated Pension Plan

EIN: 36-3624491 PN: 004

Disability Benefit

Eligibility

Ten years of vesting service, and permanently incapacitated.

Benefit

Accrued benefit based upon benefit service at date of termination of employment due to disability, payable until age 65.

Minimum benefit equal to \$125 a month for employees of Raritan, Indianapolis, Bryan, Newark, Bennett and Toccoa. Minimum benefit for Puerto Rico employees is \$100 a month. The frozen accrued benefit earned in the Rheem Manufacturing Company plan offsets the minimum benefit.

Preretirement Spouse's Benefit

Eligibility/Benefit

Ten years of vesting service and combined age, plus continuous vesting service of at least 70 years, or retired with eligibility for early, normal or disability pension, and have reached age 50 but under age 65. The spouse of a married participant meeting this eligibility who dies is entitled to 50% of the accrued benefit of the deceased participant or 50% of the retirement income the deceased participant was receiving. For retired participants, the benefit payable to the spouse will be decreased by $\frac{1}{2}$ of 1% times the years such spouse is under age 50 as of the benefit commencement date.

For other vested participants, the participant's spouse will receive an annuity actuarially equivalent to 50% of the normal retirement benefit the participant would have received if the participant had left employment on the date of death, survived until his fifty-fifth birthday, and retired at that time.

Normal Form of Benefit

Single

Single life annuity.

Married

A 50% joint and survivor annuity. The amount payable is actuarially equivalent to a single life annuity.

Optional Forms of Benefits

Payment in the following forms with benefits actuarially equivalent to the normal form:

- 100% joint and survivor annuity;
