California Advanced Imaging Medical Associates, Inc.
Retirement and 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of California Advanced Imaging Medical Associates, Inc. Retirement and 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ending December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year, as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following description of the California Advanced Imaging Medical Associates, Inc. Retirement and 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan was established in 1969 to provide benefits for employees of California Advanced Imaging Medical Associates, Inc., and an affiliated company, Immix Management Services, LLC (the "Plan Sponsor") and the employees' beneficiaries. The Plan is a qualified defined contribution plan covering all employees of the Plan Sponsor who have attained the age of twenty-one (21) and completed sixty (60) days of service. The Plan is designed to comply with Section 401(k) of the Internal Revenue Code (the "Code") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Plan Sponsor acts as the Plan Administrator. Vanguard Fiduciary Trust Company serves as the Plan's third party administrator, custodian of Plan assets, and is the Plan trustee.

Plan Year
Effective July 1, 2023, the Plan changed from a fiscal year-end of June 30 to a calendar year-end of December 31.

Contributions
The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Code. Employees may voluntarily contribute from 1% to 100% of their regular allowable wages, subject to various nondiscrimination tests and limitations prescribed by the Code. Upon satisfaction of eligibility requirements, participants are auto-enrolled at 3% unless they opt out. Employee salary deferrals include both pre-tax elective deferrals and Roth after-tax elective deferrals.

- *Employee Rollover Contributions from Another Qualified Plan*
  Participants may make rollover contributions from another qualified plan.

- *Employer Profit Sharing Contributions*
  The Plan Sponsor's Board of Directors may, at its discretion, contribute an amount to the Plan based on profits and other business considerations. Profit sharing contributions are allocated based on an integrated allocation formula. Participants are eligible to receive profit sharing contributions after one year of service, defined as 12 consecutive months with at least 1,000 hours of service.

- *Employer Nonelective ADP and ACP Safe Harbor Contributions*
  Effective January 1, 2024, the Plan was amended to allow the Sponsor's Board of Directors to make a nonelective ADP test safe harbor contributions equal to 3% of eligible compensation. Qualified nonelective contributions are allocated to participants based on eligible compensation. All employees eligible to participate in the Plan are eligible for the safe harbor contribution. Participants are eligible to receive qualified nonelective contributions after one year of service, defined as 12 consecutive months with at least 1,000 hours of service.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Contributions (continued)

- *Employer Matching Contributions*
  The Plan Sponsor's Board of Directors may, at its discretion, contribute an amount to the Plan based upon each contributing participant's elective deferrals, excluding catch-up contributions. The amount, allocation formula, and percentage or dollar limit shall be determined by the Board of Directors from year to year. Participants are eligible to receive employer matching contributions after one year of service, defined as 12 consecutive months with at least 1,000 hours of service. Effective January 1, 2024, the Plan was amended to remove the employer matching contributions.

- *Employer Qualified Non-Elective Contributions (QNEC)*
  The Plan Sponsor's Board of Directors may, at its discretion, contribute an amount to the Plan that would be allocated to all non-highly compensated employees in the same ratio to such contribution as that participant's "testing compensation" bears to the "testing compensation" of all participants eligible for such an allocation.

Allocation

The Plan provides various investment fund options and allows participants to direct their investments. Investment earnings and losses are allocated based on the actual earnings or losses in participant's self-directed accounts.

Participant Accounts

Each participant's self-directed account is credited with the participant's salary deferral contributions, rollover contributions, the Plan Sponsor's matching, discretionary profit sharing and qualified non-elective contributions, an allocation of earnings or losses, and an allocation of certain plan expenses, as defined by the Plan. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account.

Forfeitures

Forfeitures are used to reduce the employer contributions to the Plan. Forfeitures totaling $283,379 and $0 were used to reduce employer contributions paid as of December 31, 2024 and 2023, respectively. Forfeited amounts totaling $61,480 and $234,290 were available to reduce employer contributions as of December 31, 2024 and 2023, respectively.

Vesting

Participants are always 100% vested in their deferral and employer qualified nonelective safe harbor contributions. For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year. Discretionary employer contributions and earnings or losses credited thereon vest over a six-year period as follows:

Less than 2 years credited service	0%
After 2 years credited service	20%
After 3 years credited service	40%
After 4 years credited service	60%
After 5 years credited service	80%
After 6 years credited service	100%

Retirement

Normal retirement under the Plan is age sixty-two (62).

Payment of Benefits

Payment of benefits may be made at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) termination of the Plan, 4) in-service upon reaching age 59½, 5) upon demonstration of financial hardship, or 6) death or disability of the participant. Benefit payments are made in a single lump sum distribution.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts. Participants may borrow an amount equal to 50% of their non-forfeitable balance up to $50,000. Borrowings bear interest at rates established by the Plan trustee and are due within five years, or longer if for the acquisition of a principal residence.

Administrative Expenses

Administrative expenses are paid by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds, common stocks, bonds, and exchange traded funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net realized and unrealized appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Increases in the unit values of investments are reflected in each participant's self-directed account. Investments are valued daily.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits to participants are recorded when paid.

Income Taxes

The Plan adopted a prototype plan effective July 1, 2021. The prototype plan obtained a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. Plan management has analyzed tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however there are currently no audits for any tax periods in progress.

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: **INFORMATION CERTIFIED BY THE PLAN TRUSTEE**

The following amounts included in the financial statements and supplemental schedule were taken directly from statements provided and certified as complete and accurate by the Plan's Trustee, Vanguard Fiduciary Trust Company, for the years ending December 31, 2024 and 2023 as follows:

	2024	2023
Investments, participant directed, at fair value:	$ 182,374,084	$ 173,231,826
Notes receivable from participants	$ 109,363	$ 199,631
Net realized and unrealized appreciation in fair value of investments	$ 16,629,733	
Interest and dividend income	$ 5,245,018	
Interest income, notes receivable from participants	$ 5,423	

NOTE 4: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 5: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6: **RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are notes receivable from participants as well as mutual funds managed by the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to administration of the Plan and investment advisory fees were paid by the Plan or by the Plan Sponsor. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules of ERISA.

NOTE 7: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) ASC 820, *Fair Value Measurement and Disclosures*, provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 – Inputs are quoted (unadjusted) prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly.

Level 3 – Inputs that are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- ***Mutual funds:*** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- ***Self-directed brokerage accounts:*** Accounts include mutual funds, common stocks, exchange traded funds, government bonds and corporate bonds that are valued on the basis of readily determinable market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 152,595,209	$ -	$ -	$ 152,595,209
Self-directed brokerage accounts	29,778,875	-	-	29,778,875
	$ 182,374,084	$ -	$ -	$ 182,374,084

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 145,192,194	$ -	$ -	$ 145,192,194
Self-directed brokerage accounts	28,039,632	-	-	28,039,632
	$ 173,231,826	$ -	$ -	$ 173,231,826

NOTE 8: **RECONCILIATION TO FORM 5500**

The following is a reconciliation of net assets available for plan benefits and contributions per the financial statements, to Form 5500 for the years then ended December 31, 2024 and 2023:

	2024	2023
Net assets per Form 5500	$ 182,483,447	$ 173,431,457
Contributions receivable not reported on Form 5500	641,065	647,221
Net assets available for benefits as reported	$ 183,124,512	$ 174,078,678
Contributions per Form 5500	$ 4,090,632	
Change in contributions receivable not reported on Form 5500	(6,156)	
Total contributions as reported	$ 4,084,476	

NOTE 9: **SUBSEQUENT EVENTS**

Plan management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 14, 2025, the date the financial statements were available to be issued, and Plan management has determined that no subsequent events have occurred that should be disclosed.

INDEPENDENT AUDITOR'S REPORT

To the Plan Committee
California Advanced Imaging Medical Associates, Inc.
Retirement and 401(k) Plan
Novato, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of California Advanced Imaging Medical Associates, Inc. Retirement and 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ending December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year, as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: **DESCRIPTION OF PLAN**

The following description of the California Advanced Imaging Medical Associates, Inc. Retirement and 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established in 1969 to provide benefits for employees of California Advanced Imaging Medical Associates, Inc., and an affiliated company, Immix Management Services, LLC (the "Plan Sponsor") and the employees' beneficiaries. The Plan is a qualified defined contribution plan covering all employees of the Plan Sponsor who have attained the age of twenty-one (21) and completed sixty (60) days of service. The Plan is designed to comply with Section 401(k) of the Internal Revenue Code (the "Code") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Plan Sponsor acts as the Plan Administrator. Vanguard Fiduciary Trust Company serves as the Plan's third party administrator, custodian of Plan assets, and is the Plan trustee.

Plan Year

Effective July 1, 2023, the Plan changed from a fiscal year-end of June 30 to a calendar year-end of December 31.

Contributions

The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Code. Employees may voluntarily contribute from 1% to 100% of their regular allowable wages, subject to various nondiscrimination tests and limitations prescribed by the Code. Upon satisfaction of eligibility requirements, participants are auto-enrolled at 3% unless they opt out. Employee salary deferrals include both pre-tax elective deferrals and Roth after-tax elective deferrals.

- *Employee Rollover Contributions from Another Qualified Plan*
  Participants may make rollover contributions from another qualified plan.

- *Employer Profit Sharing Contributions*
  The Plan Sponsor's Board of Directors may, at its discretion, contribute an amount to the Plan based on profits and other business considerations. Profit sharing contributions are allocated based on an integrated allocation formula. Participants are eligible to receive profit sharing contributions after one year of service, defined as 12 consecutive months with at least 1,000 hours of service.

- *Employer Nonelective ADP and ACP Safe Harbor Contributions*
  Effective January 1, 2024, the Plan was amended to allow the Sponsor's Board of Directors to make a nonelective ADP test safe harbor contributions equal to 3% of eligible compensation. Qualified nonelective contributions are allocated to participants based on eligible compensation. All employees eligible to participate in the Plan are eligible for the safe harbor contribution. Participants are eligible to receive qualified nonelective contributions after one year of service, defined as 12 consecutive months with at least 1,000 hours of service.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Contributions (continued)

- *Employer Matching Contributions*
  The Plan Sponsor's Board of Directors may, at its discretion, contribute an amount to the Plan based upon each contributing participant's elective deferrals, excluding catch-up contributions. The amount, allocation formula, and percentage or dollar limit shall be determined by the Board of Directors from year to year. Participants are eligible to receive employer matching contributions after one year of service, defined as 12 consecutive months with at least 1,000 hours of service. Effective January 1, 2024, the Plan was amended to remove the employer matching contributions.

- *Employer Qualified Non-Elective Contributions (QNEC)*
  The Plan Sponsor's Board of Directors may, at its discretion, contribute an amount to the Plan that would be allocated to all non-highly compensated employees in the same ratio to such contribution as that participant's "testing compensation" bears to the "testing compensation" of all participants eligible for such an allocation.

Allocation
The Plan provides various investment fund options and allows participants to direct their investments. Investment earnings and losses are allocated based on the actual earnings or losses in participant's self-directed accounts.

Participant Accounts
Each participant's self-directed account is credited with the participant's salary deferral contributions, rollover contributions, the Plan Sponsor's matching, discretionary profit sharing and qualified non-elective contributions, an allocation of earnings or losses, and an allocation of certain plan expenses, as defined by the Plan. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account.

Forfeitures
Forfeitures are used to reduce the employer contributions to the Plan. Forfeitures totaling $283,379 and $0 were used to reduce employer contributions paid as of December 31, 2024 and 2023, respectively. Forfeited amounts totaling $61,480 and $234,290 were available to reduce employer contributions as of December 31, 2024 and 2023, respectively.

Vesting
Participants are always 100% vested in their deferral and employer qualified nonelective safe harbor contributions. For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year. Discretionary employer contributions and earnings or losses credited thereon vest over a six-year period as follows:

Less than 2 years credited service	0%
After 2 years credited service	20%
After 3 years credited service	40%
After 4 years credited service	60%
After 5 years credited service	80%
After 6 years credited service	100%

Retirement
Normal retirement under the Plan is age sixty-two (62).

Payment of Benefits
Payment of benefits may be made at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) termination of the Plan, 4) in-service upon reaching age 59½, 5) upon demonstration of financial hardship, or 6) death or disability of the participant. Benefit payments are made in a single lump sum distribution.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts. Participants may borrow an amount equal to 50% of their non-forfeitable balance up to $50,000. Borrowings bear interest at rates established by the Plan trustee and are due within five years, or longer if for the acquisition of a principal residence.

Administrative Expenses

Administrative expenses are paid by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds, common stocks, bonds, and exchange traded funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net realized and unrealized appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Increases in the unit values of investments are reflected in each participant's self-directed account. Investments are valued daily.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits to participants are recorded when paid.

Income Taxes

The Plan adopted a prototype plan effective July 1, 2021. The prototype plan obtained a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. Plan management has analyzed tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however there are currently no audits for any tax periods in progress.

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: **INFORMATION CERTIFIED BY THE PLAN TRUSTEE**

The following amounts included in the financial statements and supplemental schedule were taken directly from statements provided and certified as complete and accurate by the Plan's Trustee, Vanguard Fiduciary Trust Company, for the years ending December 31, 2024 and 2023 as follows:

	2024	2023
Investments, participant directed, at fair value:	$ 182,374,084	$ 173,231,826
Notes receivable from participants	$ 109,363	$ 199,631
Net realized and unrealized appreciation in fair value of investments	$ 16,629,733	
Interest and dividend income	$ 5,245,018	
Interest income, notes receivable from participants	$ 5,423	

NOTE 4: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 5: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6: **RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are notes receivable from participants as well as mutual funds managed by the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to administration of the Plan and investment advisory fees were paid by the Plan or by the Plan Sponsor. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules of ERISA.

NOTE 7: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) ASC 820, *Fair Value Measurement and Disclosures*, provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are as follows:

> Level 1 – Inputs are quoted (unadjusted) prices in active markets for identical assets or liabilities that the Plan has the ability to access.
>
> Level 2 – Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly.
>
> Level 3 – Inputs that are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- ***Mutual funds:*** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- ***Self-directed brokerage accounts:*** Accounts include mutual funds, common stocks, exchange traded funds, government bonds and corporate bonds that are valued on the basis of readily determinable market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 152,595,209	$ -	$ -	$ 152,595,209
Self-directed brokerage accounts	29,778,875	-	-	29,778,875
	$ 182,374,084	$ -	$ -	$ 182,374,084

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 145,192,194	$ -	$ -	$ 145,192,194
Self-directed brokerage accounts	28,039,632	-	-	28,039,632
	$ 173,231,826	$ -	$ -	$ 173,231,826

NOTE 8: **RECONCILIATION TO FORM 5500**

The following is a reconciliation of net assets available for plan benefits and contributions per the financial statements, to Form 5500 for the years then ended December 31, 2024 and 2023:

	2024	2023
Net assets per Form 5500	$ 182,483,447	$ 173,431,457
Contributions receivable not reported on Form 5500	641,065	647,221
Net assets available for benefits as reported	$ 183,124,512	$ 174,078,678
Contributions per Form 5500	$ 4,090,632	
Change in contributions receivable not reported on Form 5500	(6,156)	
Total contributions as reported	$ 4,084,476	

NOTE 9: **SUBSEQUENT EVENTS**

Plan management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 14, 2025, the date the financial statements were available to be issued, and Plan management has determined that no subsequent events have occurred that should be disclosed.

INDEPENDENT AUDITOR'S REPORT

To the Plan Committee
California Advanced Imaging Medical Associates, Inc.
Retirement and 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of California Advanced Imaging Medical Associates, Inc. Retirement and 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ending December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year, as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF PLAN

The following description of the California Advanced Imaging Medical Associates, Inc. Retirement and 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan was established in 1969 to provide benefits for employees of California Advanced Imaging Medical Associates, Inc., and an affiliated company, Immix Management Services, LLC (the "Plan Sponsor") and the employees' beneficiaries. The Plan is a qualified defined contribution plan covering all employees of the Plan Sponsor who have attained the age of twenty-one (21) and completed sixty (60) days of service. The Plan is designed to comply with Section 401(k) of the Internal Revenue Code (the "Code") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Plan Sponsor acts as the Plan Administrator. Vanguard Fiduciary Trust Company serves as the Plan's third party administrator, custodian of Plan assets, and is the Plan trustee.

Plan Year
Effective July 1, 2023, the Plan changed from a fiscal year-end of June 30 to a calendar year-end of December 31.

Contributions
The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Code. Employees may voluntarily contribute from 1% to 100% of their regular allowable wages, subject to various nondiscrimination tests and limitations prescribed by the Code. Upon satisfaction of eligibility requirements, participants are auto-enrolled at 3% unless they opt out. Employee salary deferrals include both pre-tax elective deferrals and Roth after-tax elective deferrals.

- *Employee Rollover Contributions from Another Qualified Plan*
  Participants may make rollover contributions from another qualified plan.

- *Employer Profit Sharing Contributions*
  The Plan Sponsor's Board of Directors may, at its discretion, contribute an amount to the Plan based on profits and other business considerations. Profit sharing contributions are allocated based on an integrated allocation formula. Participants are eligible to receive profit sharing contributions after one year of service, defined as 12 consecutive months with at least 1,000 hours of service.

- *Employer Nonelective ADP and ACP Safe Harbor Contributions*
  Effective January 1, 2024, the Plan was amended to allow the Sponsor's Board of Directors to make a nonelective ADP test safe harbor contributions equal to 3% of eligible compensation. Qualified nonelective contributions are allocated to participants based on eligible compensation. All employees eligible to participate in the Plan are eligible for the safe harbor contribution. Participants are eligible to receive qualified nonelective contributions after one year of service, defined as 12 consecutive months with at least 1,000 hours of service.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Contributions (continued)

- *Employer Matching Contributions*
  The Plan Sponsor's Board of Directors may, at its discretion, contribute an amount to the Plan based upon each contributing participant's elective deferrals, excluding catch-up contributions. The amount, allocation formula, and percentage or dollar limit shall be determined by the Board of Directors from year to year. Participants are eligible to receive employer matching contributions after one year of service, defined as 12 consecutive months with at least 1,000 hours of service. Effective January 1, 2024, the Plan was amended to remove the employer matching contributions.

- *Employer Qualified Non-Elective Contributions (QNEC)*
  The Plan Sponsor's Board of Directors may, at its discretion, contribute an amount to the Plan that would be allocated to all non-highly compensated employees in the same ratio to such contribution as that participant's "testing compensation" bears to the "testing compensation" of all participants eligible for such an allocation.

Allocation
The Plan provides various investment fund options and allows participants to direct their investments. Investment earnings and losses are allocated based on the actual earnings or losses in participant's self-directed accounts.

Participant Accounts
Each participant's self-directed account is credited with the participant's salary deferral contributions, rollover contributions, the Plan Sponsor's matching, discretionary profit sharing and qualified non-elective contributions, an allocation of earnings or losses, and an allocation of certain plan expenses, as defined by the Plan. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account.

Forfeitures
Forfeitures are used to reduce the employer contributions to the Plan. Forfeitures totaling $283,379 and $0 were used to reduce employer contributions paid as of December 31, 2024 and 2023, respectively. Forfeited amounts totaling $61,480 and $234,290 were available to reduce employer contributions as of December 31, 2024 and 2023, respectively.

Vesting
Participants are always 100% vested in their deferral and employer qualified nonelective safe harbor contributions. For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year. Discretionary employer contributions and earnings or losses credited thereon vest over a six-year period as follows:

Less than 2 years credited service	0%
After 2 years credited service	20%
After 3 years credited service	40%
After 4 years credited service	60%
After 5 years credited service	80%
After 6 years credited service	100%

Retirement
Normal retirement under the Plan is age sixty-two (62).

Payment of Benefits
Payment of benefits may be made at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) termination of the Plan, 4) in-service upon reaching age 59½, 5) upon demonstration of financial hardship, or 6) death or disability of the participant. Benefit payments are made in a single lump sum distribution.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts. Participants may borrow an amount equal to 50% of their non-forfeitable balance up to $50,000. Borrowings bear interest at rates established by the Plan trustee and are due within five years, or longer if for the acquisition of a principal residence.

Administrative Expenses

Administrative expenses are paid by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds, common stocks, bonds, and exchange traded funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net realized and unrealized appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Increases in the unit values of investments are reflected in each participant's self-directed account. Investments are valued daily.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits to participants are recorded when paid.

Income Taxes

The Plan adopted a prototype plan effective July 1, 2021. The prototype plan obtained a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. Plan management has analyzed tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however there are currently no audits for any tax periods in progress.

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: **INFORMATION CERTIFIED BY THE PLAN TRUSTEE**

The following amounts included in the financial statements and supplemental schedule were taken directly from statements provided and certified as complete and accurate by the Plan's Trustee, Vanguard Fiduciary Trust Company, for the years ending December 31, 2024 and 2023 as follows:

	2024	2023
Investments, participant directed, at fair value:	$ 182,374,084	$ 173,231,826
Notes receivable from participants	$ 109,363	$ 199,631
Net realized and unrealized appreciation in fair value of investments	$ 16,629,733	
Interest and dividend income	$ 5,245,018	
Interest income, notes receivable from participants	$ 5,423	

NOTE 4: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 5: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6: **RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are notes receivable from participants as well as mutual funds managed by the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to administration of the Plan and investment advisory fees were paid by the Plan or by the Plan Sponsor. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules of ERISA.

NOTE 7: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) ASC 820, *Fair Value Measurement and Disclosures*, provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 – Inputs are quoted (unadjusted) prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly.

Level 3 – Inputs that are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- ***Mutual funds:*** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- ***Self-directed brokerage accounts:*** Accounts include mutual funds, common stocks, exchange traded funds, government bonds and corporate bonds that are valued on the basis of readily determinable market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 152,595,209	$ -	$ -	$ 152,595,209
Self-directed brokerage accounts	29,778,875	-	-	29,778,875
	$ 182,374,084	$ -	$ -	$ 182,374,084

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 145,192,194	$ -	$ -	$ 145,192,194
Self-directed brokerage accounts	28,039,632	-	-	28,039,632
	$ 173,231,826	$ -	$ -	$ 173,231,826

NOTE 8: **RECONCILIATION TO FORM 5500**

The following is a reconciliation of net assets available for plan benefits and contributions per the financial statements, to Form 5500 for the years then ended December 31, 2024 and 2023:

	2024	2023
Net assets per Form 5500	$ 182,483,447	$ 173,431,457
Contributions receivable not reported on Form 5500	641,065	647,221
Net assets available for benefits as reported	$ 183,124,512	$ 174,078,678
Contributions per Form 5500	$ 4,090,632	
Change in contributions receivable not reported on Form 5500	(6,156)	
Total contributions as reported	$ 4,084,476	

NOTE 9: **SUBSEQUENT EVENTS**

Plan management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 14, 2025, the date the financial statements were available to be issued, and Plan management has determined that no subsequent events have occurred that should be disclosed.
