(1) Name: **FORVIS MAZARS, LLP**

(2) EIN: **44-0160260**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
 If "Yes," enter the amount of any plan assets that reverted to the employer this year 0.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Jenner & Block Cash Balance Plan, an employee benefit plan subject to *the Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 (in liquidation) and 2023 (ongoing), and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Jenner & Block Cash Balance Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 (in liquidation) and 2023 (ongoing), and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Jenner & Block Cash Balance Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further described in Note 2 to the financial statements, on November 15, 2024, the Policy Committee of Jenner & Block Cash Balance Plan approved the termination of the Plan, and management determined liquidation was imminent. As a result, the Jenner & Block Cash Balance Plan changed its basis of accounting from the ongoing basis of accounting used in presenting the 2023 financial statements to the liquidation basis of accounting used in presenting the 2024 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Jenner & Block Cash Balance Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Jenner & Block Cash Balance Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Jenner & Block Cash Balance Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Jenner & Block Cash Balance Plan
Notes to Financial Statements
December 31, 2024 (in Liquidation) and 2023 (Ongoing)

Note 1. Plan Description

The following description of the Jenner & Block Cash Balance Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan covering eligible partners and certain senior management level employees of Jenner & Block LLP (Firm) who have met the Plan's service and eligibility requirements. Participants designated as a Percentage Partner, Hybrid Partner, or certain Lateral Stipend Partner are eligible to participate in the Plan. A Stipend Partner that was formerly a Percentage Partner, or the Executive Director/COO are eligible to participate in the Plan. The Plan was adopted effective January 1, 2014. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Firm's Management Committee. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

Participant Accounts

The Plan provides that participants' accounts are credited annually with Cash Balance Plan Credits. All participants must have at least 1,000 hours of service (as defined in the Plan) in a plan year in order to receive a cash balance credit. Cash balance credits consist of a formula credit and a basic earnings credit.

Formula Credits

A formula credit shall be credited to the cash balance account of each participant who has completed a year of benefit service during a plan year. The cash balance credit for a plan year shall be equal to the formula credit, but in no event greater than the maximum credit amount.

The maximum credit amount for any participant is equal to 10% of the actuarial present value of the 415(b) dollar limitation applicable to the participant for the plan year based on the participant's age (computed in completed years) as of the last day of the plan year. The actuarial present value of the Code Section 415(b) dollar limit at a participant's attained age shall be determined using a 6% interest assumption, truncated to the nearest \$100. In no event shall the maximum credit amounts, as determined above for any age preceding age 65, exceed the amount determined at age 65.

The formula credit shall be equal to the following, based on the participant's ownership points for the plan year:

- (i) The product of the formula multiplier (defined below) and the participant's ownership points.

The above result multiplied by (ii), if applicable:

- (ii) If a participant terminates employment with the Firm, the formula credit amount for the plan year shall be the full amount as determined by section (i) above multiplied by a fraction, the numerator of which is the number of completed months of service in the firm by such participant and the denominator which is 12.

Jenner & Block Cash Balance Plan
Notes to Financial Statements
December 31, 2024 (in Liquidation) and 2023 (Ongoing)

The formula multiplier is based on a participant's age as of the last day of the plan year and the participant's partnership tier level, which is based on that participant's ownership points attributable to the current plan year. The plan document provides schedules which determine a participant's formula multiplier.

Earnings Credits

For each day, the Plan shall determine a basic earnings credit and a maximum earnings credit on behalf of each participant.

For each day during the plan year ending before April 1 (or if such day is not a day of business, the next succeeding business day) of the plan year, a participant's basic earnings credit shall be determined by applying the rate of return to the basic account as of the beginning of the day, prior to the crediting of the formula credit for the immediately preceding plan year (if any).

For each day during the plan year on and after April 1 (or if such day is not a day of business, the next succeeding business day) of the plan year, a participant's basic earnings credit shall be determined by applying the rate of return to the basic account as of the beginning of the day, after the crediting of the formula credit for the immediately preceding plan year (if any).

The maximum earnings credit shall be the amount determined by applying a 7.00% annualized rate of return to the participant's maximum account as of the beginning of the day prior to the formula credit accrued for the current plan year. For any day in which a distribution is made to a participant or beneficiary, the maximum earnings credit shall cease as of the last day immediately preceding the day in which the distribution is made.

Effective February 10, 2025, the Plan was amended to lift the 7% cap.

Vesting

Participants are immediately 100% vested in their cash balance accounts.

Forfeitures

The plan is not subject to forfeitures as participants are immediately vested in their cash balance accounts.

Payment of Benefits

Participants are entitled to receive their accrued benefits in the form of a single life annuity, a qualified 50% or 75% joint and survivor annuity (if married) or a lump sum beginning at normal retirement age of 65. The Plan also provides for early retirement, death benefits, and age 59½ in-service distributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

In November 2024, the Firm made the decision to terminate the plan. With the election to terminate the Plan, the 2024 financial statements are prepared in accordance with the liquidation basis of accounting. See Note 11.

Jenner & Block Cash Balance Plan
Notes to Financial Statements
December 31, 2024 (in Liquidation) and 2023 (Ongoing)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices. The common or collective trust funds are valued at the net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. There are no participant redemption restrictions for these investments, and participant redemptions are allowed daily. A redemption notice period is applicable only at the plan level. There were no unfunded commitments at December 31, 2024 and 2023.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan pays for investment transaction fees. Other administrative fees, generally, are paid by the Firm. The Firm is entitled to reimbursement out of the trust fund for its reasonable expenses properly and actually incurred in the performance of its duties in the administration of the Plan. The Firm did not seek reimbursement for any administrative fees in 2024 or 2023.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 5) are those estimated future payments for annuities or lump-sum distributions that are based upon the cash balance plan credits earned and allocated to the participant's accounts during employment. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated partners or their beneficiaries, (b) beneficiaries of partners who have died and (c) present partners or their beneficiaries. Benefits payable under all circumstances - retirement, death, disability and termination of employment - are included to the extent they are deemed attributable to employee service rendered to the valuation date.

Change in Accounting Principle

In 2024, the Plan changed its accounting policy on plan financial statements presentation and disclosures by adopting the provisions of Accounting Standards Update (ASU) 2013-07, *Presentation of Financial Statements – Liquidation Basis of Accounting*. In accordance with this guidance, contributions, investment income and plan expenses expected to be incurred through the Plan's final liquidation date are required to be accrued, as discussed further in Note 11. This change was applied prospectively to the 2024 financial statements.

Jenner & Block Cash Balance Plan
Notes to Financial Statements
December 31, 2024 (in Liquidation) and 2023 (Ongoing)

Note 3. Certification of Plan Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Northern Trust Company, the trustee of the Plan and a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate:

- Noninterest-bearing cash and investments, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2024 (in liquidation) and 2023 (ongoing).
- Investment income components as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 (in liquidation) and 2023 (ongoing).
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2024 (in liquidation), and the accompanying schedule of reportable transactions for the year ended December 31, 2024 (in liquidation).

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related information included in the financial statements and ERISA-required supplemental schedules.

Note 4. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted market prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 (in liquidation) and 2023 (ongoing).

The fair value of shares of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Jenner & Block Cash Balance Plan
Notes to Financial Statements
December 31, 2024 (in Liquidation) and 2023 (Ongoing)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 (in liquidation) and December 31, 2023 (ongoing):

	Total	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2024 (in liquidation)				
Registered investment companies (included within fair value hierarchy)	\$32,189,178	\$32,189,178	\$ -	\$ -
Investments measured at net asset value (A)	47,220,553	-	-	-
Total	\$79,409,731	\$32,189,178	\$ -	\$ -
December 31, 2023 (ongoing)				
Registered investment companies (included within fair value hierarchy)	\$31,780,736	\$31,780,736	\$ -	\$ -
Investments measured at net asset value (A)	47,790,758	-	-	-
Total	\$79,571,494	\$31,780,736	\$ -	\$ -

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by the actuary, October Three Consulting LLC, and is based on the expected cost of settling the obligations which is the current value of the plan account balances as of the measurement date as all benefits are 100% vested and payable upon termination, retirement or death.

The actuarial valuation is done using the beginning-of-year method. Therefore, the actuarial present value of accumulated plan benefits at December 31, 2024, is presented from information provided by the actuary as of January 1, 2024.

Jenner & Block Cash Balance Plan
Notes to Financial Statements
December 31, 2024 (in Liquidation) and 2023 (Ongoing)

There has been no significant change in the Plan's provisions or coverage from December 31 to January 1.

The actuarial present value of accumulated plan benefit information as of January 1, 2024, as calculated by the Plan's actuary is as follows:

Vested benefits	
Active participants	\$ 94,858,453
Terminated vested participants	<u>3,956,390</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 98,814,843</u>

A reconciliation of the change in the actuarially computed value of accumulated plan benefits for the period January 1, 2023 to January 1, 2024, are as follows:

Actuarial present value of accumulated plan benefits, beginning of year	<u>\$ 81,596,431</u>
Increase (decrease) during the year attributable to	
Benefits accumulated	19,785,895
Interest earned	8,202,858
Benefits paid	<u>(10,770,341)</u>
Net increase	<u>17,218,412</u>
Actuarial present value of accumulated plan benefits, end of year	<u>\$ 98,814,843</u>

The significant actuarial assumptions used in the calculations as of January 1, 2024, are as follows:

Weighted average retirement age	65
Mortality basis	IRS 2024 Static Mortality Tables
Cost method	Traditional unit credit
Effective interest rate	5.01%

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Note 6. Funding Policy

It is the Firm's policy to make annual contributions to the Plan in an amount at least sufficient to satisfy the minimum funding requirements of ERISA, as recommended by October Three Consulting, LLC. The minimum funding requirement was \$7,683,459 for 2024. The Firm elected to make discretionary contributions in excess of the minimum funding requirement for 2024.

Note 7. Tax Status

The IRS has determined and informed the Company by a letter dated May 6, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Jenner & Block Cash Balance Plan
Notes to Financial Statements
December 31, 2024 (in Liquidation) and 2023 (Ongoing)

Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term as such changes could materially affect amounts reported in the statements of net assets available for benefits.

Contributions to the Plan are reported based on certain assumptions pertaining to interest rates and partner demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements and related notes.

Note 9. Party-in-Interest Transactions

Certain plan investments are managed by The Northern Trust Company, the trustee. These transactions, therefore, qualify as party-in-interest. Fees paid by the Plan totaled \$468,512 and \$449,847 during 2024 and 2023, respectively.

Note 10. Plan Termination

Upon termination of the Plan by the Firm, in whole or in part, all affected participants will be entitled to their accumulated benefits under the Plan and the assets in the trust fund (or the portion of the trust fund determined in accordance with Section 14.6 of the plan document) will be allocated as follows:

- There shall first be credited to each participant, who was receiving retirement income or who was eligible to receive retirement income at least three years prior to the date of plan termination and to each spouse and beneficiary who was receiving retirement income or who was eligible to receive retirement income at least three years prior to the date of plan termination, an amount which will provide for him or her the amount of retirement income then accrued to him or her under the Plan, but not in excess of the benefit insured by the *Pension Benefit Guaranty Corporation* (PBGC).

- There shall next be credited to each participant, who was receiving retirement income or who was eligible to receive retirement income on the date of the Plan's termination and to each spouse and beneficiary who was receiving retirement income or who was eligible to receive retirement income on the date of the Plan's termination, an amount which will provide for him or her the amount of retirement income then accrued to him or her under the Plan, but not in excess of the benefit insured by the PBGC.
- There shall next be credited to each other participant who, on the date on which the Plan shall terminate, is eligible for retirement income in accordance with the plan document, an amount which will provide for him or her the amount of the retirement income then accrued to him or her under the Plan, but not in excess of the benefit insured by the PBGC.
- There shall next be credited to each other participant who would be entitled to additional retirement income in accordance with (a), (b) and (c) above, were such additional income not in excess of the amount insured by the PBGC, an amount which will provide for him or her the amount of retirement income then accrued to him or her under the Plan.
- There shall next be credited to each other participant an amount which will provide for him or her the amount of retirement income then accrued to him or her under the Plan.

Allocation in any of the above classes shall be adjusted for any allocation made to the same participant under a prior class.

Note 11. Subsequent Events

In November 2024, the Firm made the decision to terminate the plan. On February 11, 2025, the Policy Committee of Jenner & Block Cash Balance Plan approved a final resolution to terminate the Plan, and such termination became effective May 1, 2025. In connection with the Plan termination, participants can either transfer their cash balance account in one lump sum to a qualified retirement account, or the Plan will purchase an annuity contract for the benefit of the participant.

Additionally, effective May 1, 2025, due to the Plan termination, the Firm elected to freeze formula credits to the Plan. Therefore, notwithstanding any other provisions of the Plan to the contrary, no formula credits shall be credited with respect to plan years beginning after December 31, 2024.

Subsequent events have been evaluated through October 15, 2025, which is the date the financial statements were available to be issued. As of the date of this report, substantially all assets of the Plan have been distributed as directed by the participants.

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

Plan Sponsor Elections

Yield curve election: The plan sponsor did not elect to use the full yield curve under IRC section 430(h)(2)(D)(ii).

Applicable month: The plan sponsor elected to base the segment rates on the rates published in the month containing the valuation date.

Economic Assumptions

	Funding Target		PBGC Funding Target
	with stabilization	without stabilization	
First segment rate (years 0 to 4):	4.75%	4.37%	5.01%
Second segment rate (years 5 to 19):	4.96%	4.96%	5.13%
Third segment rate (years 20 and after):	5.59%	4.95%	5.15%
Effective interest rate (current year):	5.01%	4.91%	N/A

Interest crediting rate: 3.50%

The interest rates listed above are compounded annually.

The cash balance interest crediting rate is equal to the rate of return on plan assets, subject to cumulative minimum and maximum interest crediting rates. Accordingly, the assets needed to provide future cash balance benefits are independent of interest rates and only dependent on the plan's asset allocation to the extent that the cumulative minimum or maximum interest crediting rates affect the cash balance accounts. This plan provision is difficult to measure using traditional deterministic valuation procedures. To account for this plan provision, the interest crediting rate was selected from a reasonable range based on the plan's asset allocation that, when combined with the segment interest rates, produced a funding target that was as close as possible to the economic value of the cash balance accounts.

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

Demographic Assumptions

RETIREMENT

All participants are assumed to retire according to the following schedule, but no earlier than one year from the valuation date of January 1, 2024:

Assumed retirement age	Percent assumed to retire
65	100.00%

WEIGHTED AVERAGE RETIREMENT AGE

The weighted average retirement age for the population during the current year, rounded to the nearest whole number, is 65.

WITHDRAWAL AND DISABILITY

None.

RATIONALE FOR RETIREMENT AGE, WITHDRAWAL AND DISABILITY ASSUMPTIONS

The economic value of the cash balance benefits is not materially affected by the timing of benefit commencement. Therefore, no preretirement withdrawal or disability is assumed, and all participants are assumed to retire according to the schedule above.

MORTALITY AND MORTALITY IMPROVEMENT

The mortality follows the IRS 2024 Static Mortality Table, as prescribed by Treasury regulation section 1.430(h)(3)-1. The mortality decrement is assumed to occur as of the beginning of the year.

Other Assumptions

FORM OF PAYMENT

Based on the experience of the plan and future expectations, all participants are assumed to elect a lump sum form of payment.

Jenner & Block LLP Cash Balance Plan

EIN / PN 36-2192554 / 002

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

EXPENSES

Assumed expenses are \$348,500 for 2024, based on the experience of the plan and future expectations. In accordance with our understanding of the available guidance, the expense assumption reflects administrative expenses and does not include investment-related expenses or any other non-administrative expense.

Changes from Prior Year and Rationale for Changes

The Interest crediting rate has changed from 2.00% in 2023 to 3.50% in 2024 to better reflect expected experience under the plan. The assumed expenses has changed from \$0 in 2023 to \$348,500 in 2024 to better reflect expected experience under the plan.

Actuarial Methods

VALUATION DATE

The valuation date is January 1, 2024.

ACTUARIAL VALUE OF ASSETS

The actuarial value of assets is equal to the market value of assets.

MINIMUM FUNDING METHOD

The funding target and target normal cost for minimum funding calculations are determined using the traditional unit credit cost method as prescribed by Treasury regulation section 1.430(d)-1. The liability under the unit credit cost method is the value of the accrued pension benefit using service and pay as of the valuation date. The sum of the present value of the accrued benefits for all participants is the ERISA funding target. The normal cost is the present value of the benefits earned during the year. The target normal cost is the sum of the normal costs for all participants and the assumed administrative expenses.

Changes in Method from Prior Year and Rationale for Changes

None.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
