INDEPENDENT AUDITOR'S REPORT

To the Participants and the Board of Trustees of
Texas Iron Workers' Defined Contribution Retirement Plan
Houston, Texas

Opinion

We have audited the accompanying financial statements of Texas Iron Workers' Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Texas Iron Workers' Defined Contribution Retirement Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years ended December 31, 2024 and December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis of Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Texas Iron Workers' Defined Contribution Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Texas Iron Workers' Defined Contribution Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures including examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Texas Iron Workers' Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Texas Iron Workers' Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Investments Held at Year End are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matters

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Administrative Expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying account and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

TEXAS IRON WORKERS' DEFINED CONTRIBUTION
RETIREMENT PLAN

Notes to Financial Statements
December 31, 2024 and 2023

A. DESCRIPTION OF THE PLAN

The following brief description of the Texas Iron Workers' Defined Contribution Retirement Plan (DCRP) is provided for general information purposes only. Participants should refer to their Plan agreement for more complete information.

1. **General.** The Plan is a defined contribution pension plan covering substantially all employees of employers who maintain collective bargaining agreements with the Union. The "Union" means the Iron Workers' District Council of Texas and the Mid-South States representing the International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers' Local Union No. 84 and Riggers Local Union No. 84 of Houston, Texas, Local Union 135, Local Union 135 – Industrial & Maintenance, and Riggers Local Union 135 of Galveston, Texas, Local Union No. 66 of San Antonio, Texas, Local Union No. 482 of Austin, Texas, and Local Union No. 263 of Dallas-Ft. Worth, Texas, and any other Iron Workers' Local Union or Local Union whose office and principal place of business is located within the State of Texas. Effective July 1, 2009, Locals No. 84, and No. 66 ceased participation in the DCRP. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
2. **Contributions.** Effective December 1, 2014 participating employers will contribute from \$.55 to \$5.61 per hour to the DCRP. Participants will be allowed to choose between any of several different investment funds permitted under the Plan.
3. **Contributions Receivable.** Receivables for contributions have been established for contributions which were earned in the current year, but the money for those contributions was not received until January or February of the subsequent year.
4. **Participants Accounts.** Participant's accounts consist of elective contributions, non-elective contributions, and the earnings thereon less expenses incurred. A participant is auto enrolled as of the date contributions are first made on his behalf by an employer.
5. **Vesting.** An employee's accumulated share which consists of the amount in his participant account, shall be 100% vested as to employer contributions when the employer contributions reach \$325. An employee's accumulated share shall be 100% vested and nonforfeitable at all times.
6. **Investments.** Plan participants have several different investment options with varying degrees of risk. They may allocate their contributions to the investment funds in multiples of five percent.

Notes to Financial Statements – Continued

7. **Payment of benefits.** Benefits are recorded when paid. If an employee has attained at least age 55 and retires, the employee shall be eligible to receive his accumulated share in the form of a single lump-sum payment, to be paid no later than the 60th day after the close of the Plan year in which the participant retires or an annuity to be paid based on a formula to be established by the Trustees and uniformly applied with respect to each employee, provided the employee acknowledges in writing that such distribution may be subject to an excise tax. If an employee's accumulated share is less than \$5,000 there shall be a mandatory lump-sum payment, no later than the 60th day of the close of the Plan year in which the employee retires. The requirement of a mandatory lump-sum payment shall not apply to any amount of the employee's accumulated share representing non-elective contributions.

If an employee has not reached the age of 55, the employee must have two consecutive years with no active contributions or must be deemed totally disabled by the Social Security Administration before the employee is eligible to withdraw their funds.

If any employee dies prior to receiving his accumulated share, his accumulated share shall be paid to his designated beneficiary in a single lump-sum payment. If an employee who is vested in his individual account is deemed disabled by the Social Security Administration, he shall be eligible to receive his accumulated share.

8. **Forfeitures.** At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$17,146 and \$37,280, respectively. If an employee's participation in the Plan is terminated and there have been no Employer Contributions made on the employee's behalf, and his account balance is under \$325.00, his account will be forfeited and applied toward Plan expenses.

B. SUMMARY OF ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

1. **Date of Management's Review.** Subsequent events were evaluated through July 23, 2025, which is the date the financial statements were available to be issued.
2. **Basis of Accounting.** The accompanying financial statements have been prepared using the accrual method of accounting.

Notes to Financial Statements - Continued

3. **Use of Estimates.** The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The estimates included in these financial statements are those for the fair value of investments. Actual results could differ from those estimated. Estimates may change prior to December 31, 2025.

4. **Investment Valuation and Income Recognition.** The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

5. **Operating Expenses.** The Plan's operating expenses are disclosed on the final page of the report. The Schedule of Operating Expenses is not a part of the Supplemental Schedules required by the Department of Labor.

6. **Payment of Benefits.** On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

C. PLAN TERMINATION

Currently there are no intentions to terminate the plan, but in the event of termination of the Plan, or in the event of complete discontinuance of contributions, each Employee will have non-forfeitable rights, and the assets then remaining after providing for the expenses of the Plan and for the payment of any Accumulated Share theretofore approved shall be distributed among the Employees. Each Employee shall receive that part of the total remaining assets in the same ratio as his Accumulated Share bears to the aggregate amount of the Accumulated Share of all Employees.

Notes to Financial Statements – Continued

No part of the assets shall be returned to any Employer or inure to the benefit of any Employer or the Union. In the event an Employee cannot be located upon termination of the Plan and no claim is made on his behalf for payment of his Accumulated Share within six (6) months following the sending of notice by registered mail to the Employee's last known address, his Accumulated Share shall be deposited into a suspense account under the provisions of Section 5.01 (2) hereof. In the event the liquidation value of the assets on the date of termination is less than total of all Accumulated Shares plus expenses, the Trustees shall have the option of paying all Accumulated Shares to Employees over a period not to exceed ten (10) years to the extent permitted by the assets available.

D. FUNDING POLICY

The Plan is funded by employer and employee contributions as well as investment income. The funding policy has not changed since the previous audit report.

E. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 and level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values of Mutual Funds in trust accounts are based on quoted market prices from active markets.

G. CONCENTRATION OF RISK

The employers who contribute to the Plan are located in Texas. A downturn in the economy in this region of the country could adversely affect the Plan.

H. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated September 10, 2015, that the Plan qualifies as a tax-exempt organization under Section 401(b) of the Internal Revenue Code and, therefore, is not subject to tax under present income tax laws. The Internal Revenue stated that the Plan, as then designed, was in compliance with the applicable requirements, including the minimum coverage and nondiscrimination requirements of the Internal Revenue Code.

Generally accepted accounting principles require management to evaluate tax positions taken and recognize a tax liability if the entity has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has evaluated the tax positions taken by the Plan and concluded that as of December 31, 2024 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. Management believes the Plan is no longer subject to income tax examinations for years prior to the 2020.

I. Reconciliation of Financial Statements to Internal Revenue Service Form 5500 Amounts

The difference between the information in the financial statements and in the assets, liabilities, income, expenses, and changes in net assets reported in Form 5500 are explained below.

The following is a reconciliation of change in net assets available for benefits per the financial statements at December 31, 2024 and 2023 to Form 5500:

	December 31,

J. TRANSACTIONS WITH PARTIES - IN - INTEREST

Transactions with the Plan's TPA, attorney, auditor, and consultant are performed in the ordinary course of business. Transactions with all parties - in - interest are equivalent to those that prevail in arms - length transactions.

K. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

L. COMMITMENTS

There is a significant concentration of credit risk arising from cash deposits in excess of federally insured limits. Cash on deposit which exceeded those insured limits was \$1,000,944 and \$540,950 for the years ended December 31, 2024 and 2023, respectively.
