RSM US LLP

401(k) Committee and Plan Participants
Audax 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Audax 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2024, and the supplemental schedule of delinquent participant contributions for the year ended December 31, 2024, are presented for purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Audax 401(k) Savings Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Audax 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all full-time employees of Audax Management Company, LLC and its wholly owned subsidiary, Audax Management Company (NY), LLC, (collectively, the Company) who have attained the age of 21. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's administrator is the Company's human resources manager (Plan Administrator).

Contributions: Each year participants may contribute any amount of their eligible compensation, as defined by the Plan, subject to limitations established by the IRC. Contributions may be pretax or Roth. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans provided the receipt of such amounts does not adversely affect the tax qualified status of the Plan.

The Plan offers an annual discretionary match of 100% of an employee's deferral up to a maximum of \$3,000 annually. To be eligible for the discretionary matching contribution, an employee must be eligible for contributing to the Plan, must have completed the service requirement of 12 months, and must be employed by Audax on December 31 of the eligible matching year. For the year ended December 31, 2024, the Company recorded an employer match amount of \$934,276.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions (if any), an allocation of plan earnings (losses) and an allocation of administrative expenses (if any). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings and vest over five years in the Company's discretionary matching contributions plus actual earnings as follows:

Years of Service	% Vested
1	20%
2	40%
3	60%
4	80%
5	100%

A participant will become 100% vested upon death or disability if that event occurs while the participant is employed by the Company. If death or disability occurs subsequent to employment, then the participant is entitled to only his or her vested balance.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the 401(k) Committee. Participants may change their investment options daily. Investment options in the Plan include mutual funds, a money market fund and a common collective trust.

Note 1. Description of the Plan (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 reduced by the participant's highest outstanding loan balance during the 12 months prior to the date of the loan or 50% of their vested account balance. Loans must be paid within five years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator based on the prevailing interest rates charged on comparable loans. The interest rate is fixed for the term of the loan. These interest rates range from 4.25% to 9.50% on loans outstanding as of December 31, 2024, and maturity dates extend through 2029. Principal and interest are paid ratably through payroll deductions. Only one outstanding loan is permitted at a time.

Payment of benefits: Upon termination of service due to disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in his or her account, to roll the distribution into an individual retirement account (IRA) or another qualified retirement plan, or to defer distribution until attainment of age 72 (70.5 if age attained prior to January 1, 2021) provided a minimum vested balance of \$1,000 at time of termination, at which time, he or she will be required to take a minimum required distribution from the Plan. On termination due to death, the participant's beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or roll the distribution into an IRA.

Participants are allowed to withdraw certain portions of their accounts, as defined by the Plan upon determination of financial hardship, as defined by the IRC.

Forfeitures: Unallocated forfeitures are used to pay administrative expenses or reduce discretionary matching contributions. During the year ended December 31, 2024, amounts forfeited totaled \$47,679. During the year ended December 31, 2023, forfeitures of \$ 24,278 were used to offset employer matching contributions. As of December 31, 2024 and 2023, there was \$43,863 and \$20,463 of unallocated forfeitures, respectively.

Plan administration and administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements have been prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Audax 401(k) Savings Plan

Notes to Financial Statements

Note 2. Summary of Accounting Policies (Continued)

Purchases and sales of investments are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of investments, which includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based on the terms of the plan document.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are earned.

Payment of benefits: Benefits are recorded when paid.

Income taxes: GAAP requires Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2021.

Note 3. Information Certified by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statement and supplemental schedules, that was prepared by or derived from information provided by Fidelity Management Trust Company (Trustee) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedules related to the following assets:

	December 31	
	2024	2023
Investments, at fair value:		
Mutual funds	\$ 79,338,827	\$ 61,265,085
Money market fund	461,813	608,039
Common collective trust	449,840	642,813
Total investments	<u>\$ 80,250,480</u>	<u>\$ 62,515,937</u>
Notes receivable from participants	<u>\$ 157,549</u>	<u>\$ 100,180</u>

The Trustee also certified to the completeness and accuracy of \$7,507,207 of net appreciation in fair value of investments, \$2,697,683 of interest and dividends related to the aforementioned investments, and \$11,168 of interest income on notes receivable from participants for the year ended December 31, 2024.

Note 4. Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 Fair Value Measurements are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Mutual funds and money market fund: Mutual funds and money market funds are valued at quoted net asset value (NAV) of shares held by the Plan. These securities are categorized as Level 1 as they are actively traded and no valuation adjustments apply.

Common collective trust: Investments in the fund are stated at NAV per unit based on the fair value of the underlying assets of the fund as based on information reported in the fund's audited financial statements as of year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables present for each hierarchy level, the Plan's assets that are measured at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	\$ 79,338,827	\$ -	\$ -	\$ 79,338,827
Money market fund	461,813	-	-	461,813
Common collective trust (a)	-	-	-	449,840
	<u>\$ 79,800,640</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 80,250,480</u>

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	\$ 61,265,085	\$ -	\$ -	\$ 61,265,085
Money market fund	608,039	-	-	608,039
Common collective trust (a)	-	-	-	642,813
	<u>\$ 61,873,124</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 62,515,937</u>

(a) In accordance with ASU 2015-07, certain investments that are measured at fair value using NAV per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following tables set forth disclosures of the Plan's investments measured at fair value at NAV using the practical expedient as of December 31, 2024 and 2023:

Investment	Fair Value Estimated Using NAV Per Share			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period

Notes to Financial Statements

Note 5. Party-in-Interest Transactions

Certain investments of the Plan are shares of mutual funds, a money market fund and a common collective trust managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions. The Plan also issues loans to participants, which are secured by the balances in the participant's account and constitute party-in-interest transactions.

Note 6. Income Tax Status

The Plan uses a prototype plan document. The prototype plan received its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since the prototype plan received its determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

Note 9. Prohibited Transactions

During 2024, the Plan Sponsor inadvertently failed to deposit approximately \$64 of participant contributions within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The Plan Sponsor deposited delinquent contributions in the amount totaling approximately \$64 to correct this failure in 2025 and is in the process of determining the related lost earnings. The Plan Sponsor intends to file a Form 5330, correct for lost earnings, and pay the applicable excise tax to the IRS. The correction will be made from the Plan Sponsor's assets and not from assets of the Plan.
