INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the NYLSI, Inc. DBA Sunrise Toyota Scion 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of NYLSI, Inc. DBA Sunrise Toyota Scion 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4j – Schedule of Reportable Transactions and Schedule H, line 4i – Schedule of Assets (Held at Year End) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NYLSI, INC. DBA SUNRISE TOYOTA SCION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN

The following description of the NYLSI, Inc. DBA Sunrise Toyota Scion 401(K) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of NYLSI, Inc. DBA Sunrise Toyota Scion and participating employers that have adopted the plan provisions (the “Company”). The basic plan entry requirements include a service requirement of at least one year of service or 1,000 service hours. Eligible employees are allowed to enroll in the plan on the first day of the quarter coinciding with the date eligibility requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participant

Participants may elect to contribute a percentage of their compensation to the Plan on a pre-tax basis through elective salary deferrals; however, annual contributions may not exceed the maximum allowed under the Internal Revenue Code in any calendar year. Participants of qualifying age may make additional “catch-up” contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations.

Employer

A discretionary contribution may be made for certain union employees for each plan year in an amount determined by the plan sponsor. During 2024, the plan sponsor made matching contributions of 50% of eligible employee contributions up to \$6,000 or \$3,500 for the year based on their contract which equaled \$68,996.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Company’s matching contributions, and Plan earnings and losses. Allocations are based upon an eligible participant’s relative compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NYLSI, INC. DBA SUNRISE TOYOTA SCION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN (Continued)

Investment Options

The Plan is invested in pooled separate accounts. The underlying investments are primarily stocks, bonds, and mutual funds. The Plan also has guaranteed funds which seek to protect any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. All assets in the guaranteed funds are credited with interest using a declared monthly rate determined by the Lincoln National Life Insurance Company ("Lincoln") and are stated in advance.

Participants are permitted to direct the plan administrators as to respective percentages of their account balances to be invested. They are also permitted to change those percentages; and to direct the plan administrators to transfer a percentage of their accounts invested in the various accounts in accordance with guidelines established by the Plan. These balances can come from elective deferral contributions, participant and rollover contributions, and other contributions.

Vesting

Participants are immediately vested in their elective deferred contributions plus actual earnings thereon. Vesting in Company's matching contribution portion of their accounts is based on years of continuous service. A participant is 20 percent vested after two years of credited service and continues to vest in increments of 20 percent until 100 percent vested after six years of credited services. In addition, upon death, disability or attainments of normal retirement age, as defined by the plan document, a participant will become 100 percent vested.

Forfeitures

Any non-vested portion of the Company's matching contribution that a participant has lost the right to is called a forfeiture. These amounts should first be used to pay plan administrative expenses where any excess amounts should then be used to restore previously forfeited account balances of participants who have been rehired and any additional excess amounts after that will be used to reduce Company matching contributions. During 2024, forfeitures of \$0 were used to offset plan expenses. At December 31, 2024 and 2023, the unused forfeiture account balance was \$0 for both years.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms cannot exceed five years unless the proceeds are used to acquire a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. At December 31, 2024, outstanding loans bore interest rates ranging from 4.25% to 9.50%. Principal and interest is paid ratably through payroll deductions.

NYLSI, INC. DBA SUNRISE TOYOTA SCION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN (Continued)

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or for other reasons, a participant or beneficiary of the deceased may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

The Plan permits normal withdrawals of the participant's vested account balance beginning at age 59½. In addition, hardship distributions are permitted if certain criteria are met.

Plan Expenses

The Plan is responsible for management fees relating to the investments, which reduce investment returns, and third-party administrator fees. Individual participants pay for associated expenses. Substantially all other expenses related to the Plan for administration, legal, audit, and other services are paid by the Plan Sponsor.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts which is 100% of contract value.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NYLSI, INC. DBA SUNRISE TOYOTA SCION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The investment assets are reported by Lincoln at their fair market value and are valued daily using publicly available quoted market prices. The change in market value from year to year is reported as unrealized gains and losses. The Plan does not share in the realized gains of the investments, just in the change in market value. In addition, certain investment assets generate interest and dividend income for the Plan. See Note 3 for discussion of fair value measurements and Note 4 for guaranteed funds valuation.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Plan management has evaluated subsequent events through October 15, 2025, the date the financial statements were available to be issued. Effective March 2025, the Plan changed its third-party administrator from Lincoln National Life Insurance Company to Equitable. This change is not expected to have a material effect on the Plan's financial statements for the year ended December 31, 2024. Based upon this evaluation, the Plan has determined that, except for the event described above, no other subsequent events have occurred which require adjustment to or additional disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NYLSI, INC. DBA SUNRISE TOYOTA SCION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

3. FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023:

Pooled Separate Accounts

Investments in pooled separate accounts represent ownership of units of participation (Units), rather than ownership of specific assets. The value of any one pooled separate account is determined by aggregating the value of all of the Units held by the Plan. The value of a single Unit is the total value of the pooled separate accounts underlying investments plus other assets less liabilities divided by the number of Unit outstanding. Investments in the pooled separate accounts are valued at a net asset value ("NAV") per share method (unit pricing) which is generally determined by the quoted market price of the underlying investments.

Pooled separate accounts are measured at fair value using the net value per unit (or its equivalent) practical expedient as reported by the custodian. Accordingly, these NAV-based investments have been excluded from the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

December 31, 2024			
Level 1	Level 2	Level 3	Fair Value
\$ -	\$ -	\$ -	\$ -
Pooled separate accounts measured at NAV (practical expedient)			\$ 6,801,079
Total investments at fair value			\$ 6,801,079
December 31, 2023			
Level 1	Level 2	Level 3	Fair Value
\$ -	\$ -	\$ -	\$ -
Pooled separate accounts measured at NAV (practical expedient)			\$ 5,694,213
Total investments at fair value			\$ 5,694,213

NYLSI, INC. DBA SUNRISE TOYOTA SCION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

4. GUARANTEED FUNDS

In 2018, the Plan entered into traditional fully benefit-responsive guaranteed funds with Lincoln with a balance of \$635,886 and \$539,856 as of December 31, 2024 and 2023, respectively. The Lincoln guaranteed funds are fixed annuity contract issued by the Lincoln National Life Insurance Company for contracts sold outside New York. For contracts sold in New York, the contract is issued by Lincoln Life & Annuity Company of New York. Contracts are backed by the general account of the issuing company. The account is credited with a stated interest rate that is provided at least 30 days prior to the effective date each plan year. Administrative fees and recordkeeping fees not paid by the employer may be charged against this fund as expenses. Lincoln General Account Fixed Annuity Contracts guarantee a rate of return pursuant to the contract terms. Regardless of the performance of its underlying investments, the insurance company is obligated pursuant to the contract to pay the guaranteed rate of return. The crediting rate is based on a formula established by the contract issuer that can range from 1% to 3%. The contract provides that crediting rate formula won't be reduced in the first three years of the contract except by mutual agreement. After three years, Lincoln will provide advance notice if the crediting rate formula is changed.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

If the plan sponsor decides to terminate the contract, the contract may contain one or more of distribution or payout options upon termination: (1) pay out the balance in six installments over five years by paying 20% immediately, 20% in year 1, 25% in year 2, 33% in year 3, 50% in year 4, and 100% in the final year. During the payout period, interest will continue to be credited to the balance. (2) complete a market value payout based on a formula in the contract, which may result in a total payout amount that's lower than the current account balance. However, it will never be lower than the principal accumulated at the guaranteed minimum interest rate, so it will never cause the contract to result in a loss of principal plus guaranteed minimum interest. (3) complete the payout as a 36-month or shorter put option. This payout will be made at book value (principal plus accumulated interest) within the applicable time frame.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

NYLSI, INC. DBA SUNRISE TOYOTA SCION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

4. GUARANTEED FUNDS (continued)

In addition, no event will result in the Plan not being able to receive contract value over a five-year installment period. Certain events can trigger termination by the issuer, resulting in the plan not being able to receive immediate contract value. Such events include (1) any charges billed to the contract owner haven't been paid to Lincoln within 30 days, (2) the Plan ceases to meet the requirements of the Internal Revenue Code for purchasers of this contract, (3) at any time following the end of the third contract year, the contract owner's account balance is less than \$15,000, (4) at any time following the end of the third contract year, there is no deposit activity for a 24-consecutive-month period and the contract owner's account balance is less than \$50,000, (5) the contract owner fails to furnish requested information or other documentation, (6) Lincoln discovers any misrepresentation of material information, (7) Lincoln discontinues offering this contract form to the public, (8) the Plan terminates its recordkeeping agreement with Lincoln.

5. UNAUDITED INFORMATION CERTIFIED BY CUSTODIAN

Lincoln holds the Plan's investment assets and has certified that all information pertaining to investments included in the financial statements is complete and accurate. This investment information has not been audited by the independent auditors.

The accompanying financial statements include the following unaudited information as of December 31, 2024 and 2023 and for the year ended December 31, 2024 that was obtained from data prepared and certified to be complete and accurate by the Plan's custodian:

	<u>2024</u>	<u>2023</u>
Investments	<u>\$ 7,436,965</u>	<u>\$ 6,234,069</u>
Net appreciation in fair value of investments	<u>\$ 829,800</u>	
Interest and dividend income	<u>\$ 14,848</u>	

Investment balances and information is included in supplemental Schedule H.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are shares in pooled separate accounts and guaranteed funds managed by Lincoln. Lincoln is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were \$97,741 for the year ended December 31, 2024.

NYLSI, INC. DBA SUNRISE TOYOTA SCION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

8. TAX STATUS

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the Internal Revenue Code ("IRC"). The Plan is relying on the IRS approval of the standardized prototype plan that it is utilizing. The IRS has determined and informed the trustee by a letter dated June 30, 2020 that the prototype plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

The Plan has determined that it does not have any material unrecognized tax benefits or obligations as of December 31, 2024. The 2021, 2022, and 2023 tax years remain subject to examination by major tax jurisdictions.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

10. DELINQUENT CONTRIBUTIONS

As per DOL regulations, payments must be remitted to the Plan within a reasonable period of time once the amounts can reasonably be segregated from the sponsor's general assets. During 2024 there were no delinquent contributions to the Plan.
