OTTER LAKE TECHNOLOGIES, LLC 401(K) PLAN

MANAGEMENT COMMENT LETTER

DECEMBER 31, 2024

October 14, 2025

To the Plan Committee and Plan Management
Otter Lake Technologies, LLC 401(k) Plan
White Bear Township, Minnesota

In planning and performing our audit of the financial statements of Otter Lake Technologies, LLC 401(k) Plan as of and for the year ended December 31, 2024, in accordance with auditing standards generally accepted in the United States of America, we considered Otter Lake Technologies, LLC 401(k) Plan's internal control over financial report (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

However, during our audit we became aware of certain matters that are opportunities for strengthening internal controls and/or improving operating efficiency. The following summarizes our comments and recommendations regarding those matters. This letter does not affect our report dated October 14, 2025, on the financial statements of Otter Lake Technologies, LLC 401(k) Plan.

Our comments are summarized as follows:

Issue: There is no formal committee providing oversight of the Plan.

Recommendation: We recommend that management formalize oversight procedures for the Plan to ensure consistent governance and regulatory compliance. In addition, establishing a structured education initiative for management would enhance understanding of plan operations, fiduciary responsibilities, and the financial and overall implications of the Plan activities. This would support more informed oversight, strengthen internal controls, and promote strategic decision-making related to plan administration. This oversight should include regular committee meetings (at least twice a year). The meetings should involve the Plans investment advisor and the committee members. These meetings should be documented by minutes and involve a look at the investment options, potential plan amendments and fee benchmarking.

Issue: Certain eligible pay codes are marked as ineligible in the payroll system.

Recommendation: During our audit, we noted that the payroll system improperly excluded eligible compensation, resulting in missed employee deferrals and associated employer matching contributions. Although this error was identified in October of the audit year, it was not corrected during the audit period. We advise that a receivable should be recorded for the missed deferrals and that, in accordance with IRS correction guidelines, at least 50% of the missed deferrals and 100% of the missed matching contributions must be submitted to the plan. We recommend that management promptly address the correction of these missed contributions and implement enhanced controls over payroll system configuration and compensation eligibility. Additionally, periodic reviews should be conducted to ensure accurate compensation reporting and timely correction of any discrepancies.

Issue: Misclassified deferrals due to duplicate participant names.

Issue: During our audit we discovered that there are two employees with the same name and that it appears that contributions were misclassified between those two employees. The employees name is Chee N Yang.

Recommendation: An inaccurate ending account balance for each participant was the result of this finding. We recommend that management correct the misclassification by transferring the missed deferral contributions, employer matching contributions, and associated earnings to the appropriate participant account. In addition, we recommend that management implement controls and processes that include ensuring that the contributions for plan participants are accurately allocated to the proper accounts. This may include reconciling contributions in total and potentially taking it a step further and analyzing any participants with the same name more closely.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various Company personnel, and we will be pleased to discuss them in further detail at your convenience, or to assist you in implementing the recommendations.

Should any members of management have questions about matters contained in this letter, please do not hesitate to contact us.

This communication is intended solely for the information and use of management and others within the organization and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

OTTER LAKE TECHNOLOGIES, LLC 401(K) PLAN
COMMUNICATION WITH THOSE CHARGED WITH GOVERNANCE
DECEMBER 31, 2024

October 14, 2025

To the Plan Committee and Trustee
Otter Lake Technologies, LLC 401(k) Plan
White Bear Township, Minnesota

We have audited the financial statements of Otter Lake Technologies, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the period from February 16, 2024 through December 31, 2024, and have issued our report thereon dated October 14, 2025. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Ascensus Trust Company, the trustees, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated September 23, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Otter Lake Technologies, LLC 401(k) Plan are described in Notes 1 and 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2024. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no significant estimates noted in the financial statements.

The financial statement disclosures are neutral, consistent and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements detected as a result of audit that were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 14, 2025.

Management Consultation with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of accounting principle to the Plan's financial statements or a determination of the type of the auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the trustee, Plan committee and management of Otter Lake Technologies, LLC 401(k) Plan and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Boyum & Barescheer PLLP
