## Other Documents Containing Audited Financial Statements

The Plan's audited financial statements are included in the Form 5500, *Annual Return/Report of Employee Benefit Plan*, filed with the Department of Labor Employee Benefits Security Administration. As part of our procedures, we read the draft Form 5500 that is substantially complete to determine if financial information discussed in sections outside the financial statements materially contradicts the audited financial statements. If we identify any such matters, we bring them to management's attention and review subsequent revisions.

Our responsibility also includes communicating to you any information we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

## Qualitative Aspects of Significant Accounting Policies & Practices

### Significant Accounting Policies

Significant accounting policies are described in Note 2 of the audited financial statements.

With respect to new accounting standards adopted during the year, we call to your attention the following topics detailed in the following pages:

- Liquidation basis of accounting

## Alternative Accounting Treatments

We had discussions with management regarding alternative accounting treatments within GAAP for policies and practices for material items, including recognition, measurement, and disclosure considerations related to the accounting for specific transactions as well as general accounting policies, as follows:

- No matters are reportable

Accounting estimates are an integral part of financial statement preparation by management, based on its judgments. Significant areas of such estimates for which we are prepared to discuss management's estimation process and our procedures for testing the reasonableness of those estimates include:

- Fair value measurements

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

## Adjustments Identified by Audit

During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments that, in its judgment, are required to prevent the financial statements from being materially misstated.

A misstatement is a difference between the amount, classification, presentation, or disclosure of a reported financial statement item and that which is required for the item to be presented fairly in accordance with the applicable financial reporting framework.

*Provided to:*

**Forvis Mazars, LLP**

Certified Public Accountants  
1401 50th Street, Suite 350  
West Des Moines, Iowa 50266

The undersigned (“We”) are providing this letter in connection with Forvis Mazars’ audits of the financial statements of Olathe Health System, Inc. TSA Retirement Plan (the Plan) as of and for the year ended December 31, 2024 and 2023 and supplemental schedule as of December 31, 2024.

Our representations are current and effective as of the date of Forvis Mazars’ report: October 14, 2025.

Our engagement with Forvis Mazars is based on our contract for services dated: June 27, 2025.

### **Our Responsibility & Consideration of Material Matters**

We confirm that we are responsible for the fair presentation of the financial statements subject to Forvis Mazars’ report in conformity with accounting principles generally accepted in the United States of America and for the fair presentation of the accompanying supplemental schedules in conformity with the Department of Labor’s (DOL) Rules and Regulations under the *Employee Retirement Income Security Act of 1974* (ERISA).

We are also responsible for adopting sound accounting policies; establishing and maintaining effective internal control over financial reporting, operations, and compliance; and preventing and detecting fraud.

We elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audits did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and, that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles and that the assets held by and certified to by a qualified institution agree to, are derived from, in all material respects, the certified investment information.

We understand you were unable to apply auditing procedures to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as we have not maintained sufficient accounting records and supporting documents relating to these accounts (which were excluded from investments as permitted by the Department of Labor’s Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*). The investment income and distributions related to such accounts have also been excluded. The investment income and distributions related to such accounts

have also been excluded. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

### **Confirmation of Matters Specific to the Subject Matter of Forvis Mazars' Report**

We confirm, to the best of our knowledge and belief, the following:

#### ***Broad Matters***

  - g. All significant contracts.
4. We acknowledge the Plan does not meet the definition of a "public entity" under generally accepted accounting principles.
5. We have responded fully and truthfully to all your inquiries.

***Plan Design & Operations***

6. We acknowledge our responsibility for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the ERISA plan financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.
7. The financial statements of the Plan as of and for the year ended December 31, 2024, are presented on the liquidation basis of accounting. With respect to that:

8. The adoption date of the most recent plan amendment was February 2, 2024 as provided to you.
9. The Plan obtained its latest determination letter on September 4, 2009, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, we believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, we believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.
10. The Plan has complied with the fidelity bonding requirements of ERISA.
11. The Plan has made no investments during the year that violate the terms of the Plan or Trust Agreement.
12. We have reviewed the reports of all transactions processed by third-party services, and, based on our review, we believe the transactions shown in the reports are valid and in accordance with our instructions to the third-party processor. We also have had no communications from any of the Plan's service organizations regarding any fraud, noncompliance with laws and regulations, or uncorrected misstatements.
13. We have complied with the DOL's regulations concerning the timely remittance of participant contributions and loan repayments.
14. As applicable, we have complied with the DOL's regulations concerning the services provider fee disclosures in accordance with Section 408(b)(2).
15. We understand the values of the assets and liabilities recorded in the financial statements could change rapidly, resulting in material future adjustments to investment values that could negatively impact the Plan. We acknowledge that you have no responsibility for future changes caused by the current economic environment and the resulting impact on the Plan's financial statements. Further, the Plan Sponsor is solely responsible for all aspects of managing the Plan, including questioning the quality and valuation of investments.

16. We have evaluated whether there are conditions or events known or reasonably knowable, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year of the date of this letter without consideration of potential mitigating effects of management's plans not yet fully implemented and concluded substantial doubt does not exist.

***Misappropriation, Misstatements, & Fraud***

17. We have informed you of all current risks of a material amount that are not adequately prevented or detected by our procedures with respect to:
  - a. Misappropriation of assets.
  - b. Misrepresented or misstated assets or liabilities.
18. We have no knowledge of fraud or suspected fraud affecting the Plan involving:
  - a. Management or employees who have significant roles in internal control over financial reporting, or
  - b. Others when the fraud could have a material effect on the financial statements.
19. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from participants, former participants, regulators, third-party servicers or others.
20. We have assessed the risk that the financial statements may be materially misstated as a result of fraud and disclosed to you any such risk identified.

***Related Parties & Parties-in-Interest***

21. We have disclosed to you the identity of all of the Plan's related parties and parties-in-interest and all the related-party and party-in-interest relationships of which we are aware.

In addition, we have disclosed to you all related-party transactions and amounts receivable from or payable to related parties of which we are aware, including any modifications during the year that were made to related-party transaction agreements which existed prior to the beginning of the year under audit, as well as new related-party transaction agreements that were executed during the year under audit.

Related-party relationships and transactions have been appropriately accounted for and disclosed in accordance with accounting principles generally accepted in the United States of America.

22. We understand that the term related-party refers to:

- Trusts for the benefits of employees, such as pension and profit-sharing trusts that are managed by or under the trusteeship of management
- Principal owners and members of their immediate families

Another party is also a related party if it can significantly influence the management or operating policies of the transacting parties or if it has an ownership interest in one of the transacting parties and can significantly influence the other to an extent that one or more of the transacting parties might be prevented from fully pursuing its own separate interests.

The term affiliate refers to a party that directly or indirectly controls, or is controlled by, or is under common control with, the entity.

23. Related-party transactions asserted to or disclosed in the financial statements as arm's length were conducted on terms equivalent to those prevailing for comparable transactions with unrelated parties or, in the absence of comparable transactions, terms that would be offered in good faith to unrelated parties, and support regarding the assertion has been provided.

***Litigation, Laws, Rulings & Regulations***

24. Neither the Plan nor the Plan Sponsor are aware of any pending or threatened litigation or claims whose effects should be considered when preparing the financial statements. Neither the Plan nor the Plan Sponsor have sought or received attorney's services related to pending or threatened litigation or claims during or subsequent to the audit period. Also, we are not aware of any litigation or claims, pending or threatened, for which legal counsel should be sought.

25. We have no knowledge of communications, other than those specifically disclosed, from regulatory agencies, governmental representatives, employees, or others concerning investigations or allegations of noncompliance with laws and regulations, deficiencies in financial reporting practices, or other matters that could have a material adverse effect on the financial statements.

26. We have disclosed to you all known instances of violations or noncompliance or possible violations or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements or as a basis for recording a loss contingency.

27. We have apprised you of all communications, written or oral, with regulatory agencies concerning the operation of the Plan.

***Nonattest Services***

28. You have provided nonattest services, including the following, during the period of this engagement:
- Preparing a draft of the financial statements and related notes and supplementary information
  - Maintenance of certain account reconciliations
29. With respect to these services:
- a. We have designated a qualified management-level individual to be responsible and accountable for overseeing the nonattest services.
  - b. We have established and monitored the performance of the nonattest services to ensure they meet our objectives.
  - c. We have made any and all decisions involving management functions with respect to the nonattest services and accept full responsibility for such decisions.
  - d. We have evaluated the adequacy of the services performed and any findings that resulted.
  - e. Established and maintained internal controls, including monitoring ongoing activities.
  - f. When we receive final deliverables from you we will store those deliverables in information systems controlled by us. We have taken responsibility for maintaining internal control over these deliverables.

***Financial Statements & Reports***

30. We have reviewed and approved a draft of the financial statements and related notes referred to above, which you prepared in connection with your audit of our financial statements. We acknowledge that we are responsible for the fair presentation of the financial statements and related notes.
31. With regard to supplementary information:
- a. We acknowledge our responsibility for the fair presentation of the supplementary information, including its form and content in conformity with relevant regulatory requirements or other applicable criteria.
  - b. The methods of measurement and presentation of the supplementary information are unchanged from those used in the prior period, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplementary information.
  - c. We believe the significant assumptions or interpretations underlying the measurement and/or presentation of the supplementary information are reasonable and appropriate.
  - d. The supplemental information, including its form and content, is fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
  - e. The supplemental information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

***Transactions, Records, & Adjustments***

32. All transactions have been recorded in the accounting records and are reflected in the financial statements.
33. We have everything we need to keep our books and records.
34. We have disclosed any significant unusual transactions the Plan has entered into during the period, including the nature, terms, and business purpose of those transactions.
35. There are no uncorrected misstatements or omitted disclosures.

***Accounting & Disclosure***

36. We are not aware of any side agreements or other arrangements (either written or oral) that are in place.
37. Except as reflected in the financial statements, there are no:
  - a. Plans or intentions that may materially affect carrying values of assets and liabilities.
  - b. Material transactions omitted or improperly recorded in the financial records.
  - c. Material unasserted claims or assessments that are probable of assertion or other gain/loss contingencies requiring accrual or disclosure in accordance with Accounting Standards Codification (ASC) Topic 450, *Contingencies*, including those arising from environmental remediation obligations.
  - d. Events occurring subsequent to the date of the statement of net assets available for benefits through the date of this letter, which is the date the financial statements were available to be issued, requiring adjustment or disclosure in the financial statements.
38. Except as disclosed in the financial statements, the Plan has:
  - a. Satisfactory title to all recorded assets, and those assets are not subject to any liens, pledges, or other encumbrances.
  - b. Complied with all aspects of contractual agreements, for which noncompliance would materially affect the financial statements.

***Estimates***

39. We have identified all accounting estimates that could be material to the financial statements, and we confirm the appropriateness of the methods and the consistency in their application, the accuracy and completeness of data, and the reasonableness of significant assumptions used by the Plan in making the accounting estimates, including those measured at fair value reported in the financial statements.
40. Significant estimates that may be subject to a material change in the near term have been properly disclosed in the financial statements. We understand that "near term" means the period within one year of the date of the financial statements. In addition, we have no knowledge of concentrations, which refer to volumes of loans, investments, or deposits, existing at the date of the financial statements that would make the Plan vulnerable to the risk of severe impact in the near term that have not been properly disclosed in the financial statements.

***Fair Value***

41. With respect to the fair value measurements of financial assets and liabilities, recognized in the financial statements or disclosed in the notes thereto:
- a. The underlying assumptions are reasonable and they appropriately reflect management's intent and ability to carry out its stated course of action.
  - b. The measurement methods and significant assumptions used in determining fair value are appropriate in the circumstances for financial statement measurement and disclosure purposes and have been consistently applied.
  - c. The significant assumptions appropriately reflect market participant assumptions.
  - d. The disclosures related to fair values are complete, adequate, and in conformity with accounting principles generally accepted in the United States of America.
  - e. There are no subsequent events that require adjustments to the fair value measurements and disclosures included in the financial statements.

***Investments***

42. Investments are properly measured at fair value. Investments measured at fair value include:
- a. Investments with a readily determinable fair value that are reported at net asset value (NAV) per share/unit.

***Off-Balance Sheet Risk***

43. Financial instruments with off-balance sheet risk and financial instruments with concentrations of credit risk have been properly recorded or disclosed in the financial statements.

## Independent Auditor's Report

Board of Directors  
Olathe Health System, Inc. TSA Retirement Plan  
Olathe, Kansas

### ***Scope and Nature of the ERISA Section 103(a)(3)(C)***

We were engaged to perform audits of the financial statements of Olathe Health System, Inc. TSA Retirement Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Disclaimer of Opinion***

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

### ***Basis for Disclaimer of Opinion***

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

***Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting***

As discussed in Note 1 to the financial statements, the Plan was amended effective January 1, 2024, to terminate the Plan, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the December 31, 2023 financial statements to the liquidation basis used in presenting the December 31, 2024 financial statements. Our opinion is not modified with respect to this matter.

***Responsibilities of Management***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities***

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section it is inappropriate to and we do not express an opinion on this supplemental schedule.

**Note 1. Description of the Plan**

The following description of Olathe Health System, Inc. TSA Retirement Plan (Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan sponsored by Olathe Health System, Inc. (Organization), for the benefit of its employees and the employees of its affiliates. All employees were eligible to make employee elective contributions to the Plan upon date of hire. Employees who had at least six months of service were eligible to receive employer matching contributions beginning the next January 1 entry date. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity Management Trust Company (the Trust Company) serves as plan custodian and recordkeeper. The Plan is designed to meet the requirements of Section 403(b) of *the Internal Revenue Code of 1986*, as amended.

On December 21, 2023, management approved an amendment effective January 1, 2024, to freeze further participation in the Plan and to terminate the Plan upon liquidation of Plan assets. It also approved for participants to receive their respective account balances, including transfer to another plan, transfers to participants' existing plan, cash withdrawal, or transfer to participants' IRA. The Plan is to be subsequently terminated when all participant balances have been liquidated.

**Contributions**

Participants were able to contribute a percentage of their annual wages up to the IRS allowable limits. Employee rollover contributions were also permitted. Employer matching contributions were 100% of an employee's contribution up to 3% of an employee's compensation. The Organization contributed \$4,573,877 for the year ended December 31, 2023. Contributions were subject to certain limitations.

The Plan Document also included an automatic deferral feature whereby a participant is treated as electing to defer 5 percent of eligible compensation unless the participant made an affirmative election otherwise.

On January 1, 2024, the Plan was amended to be frozen effective February 1, 2024 and subsequently terminated upon liquidation of Plan assets. Contributions were permitted in 2024 related to payroll periods ending prior to January 1, 2024. An immaterial amount of employer catch-up contributions that were fully funded by forfeitures were received by the Plan prior to February 1, 2024. The Plan also received rollover contributions in the amount of \$218,488 prior to February 1, 2024.

**Participant Investment Account Options**

Investment account options available include various mutual funds and a group annuity contract. Each participant had the option of directing his/her contributions into any of the investment options and could change the allocation daily.

**Participant Accounts**

Each participant's account was credited with the participant's contribution, the Organization's contribution and plan earnings and was charged with administrative expenses, as applicable. Allocations were based on participant earnings or account balances, as defined. The benefits to which a participant was entitled is the benefit that could be provided from the participant's vested account.

***Vesting***

Participants were immediately vested in their voluntary contributions and rollovers, plus earnings thereon. For participants hired prior to January 1, 2012, participants were immediately vested in the Organization's contribution portion of their accounts plus earnings thereon. For participants hired January 1, 2012 or later, vesting in the Organization's contribution portion of their accounts plus earnings thereon was based on years of continuous service. A participant was fully vested after five years of continuous service. The nonvested balance was forfeited upon the earlier of the date the participant receives a distribution following termination of service or the date on which the participant receives a five-year break in service. As a result of the plan termination, participant accounts were fully vested.

***Payment of Benefits***

Upon termination of service, an employee was able to elect to remain in the Plan, receive either a lump-sum amount equal to the value of his/her account or elect from a variety of annuity options offered by the Plan. Vested account balances upon termination of service that did not exceed \$5,000, without regard to rollover accounts, were automatically distributed to the participant in the form of a lump-sum payment, without the participant's consent.

Additionally, the Plan allowed for withdrawals to be made from a participant's account once he/she reached the age of 59½ or was able to demonstrate financial hardship. A participant could withdraw all or a portion of his/her salary reduction account upon request to the plan custodian.

***Notes Receivable from Participants***

Notes receivable from participants were reported at amortized principal balance plus accrued but unpaid interest. Delinquent participant loans were reclassified to benefit payments based upon the terms of the Plan Document.

The Plan Document included provisions authorizing loans from the Plan to active eligible participants. Loans were made to any eligible participant demonstrating a qualifying need. The maximum amount of a loan was determined by the available loan balance restricted to the lesser of \$50,000 or 50 percent of the participant's vested account balance. All loans were covered by demand notes and were repayable directly by participants over a period not to exceed five years (except for loans for the purchase of a principal residence) unless the participant was paying the loan in full. Interest on the loans was based on local prevailing rates as determined by the Plan Administrator.

***Forfeited Accounts***

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$4,868 and \$148,334, respectively. These accounts were used first to restore the accounts of rehired participants by using the allocation method. Also, in 2024, employer contributions were reduced by \$26,097 from forfeited nonvested accounts.

**Note 2. Summary of Significant Accounting Policies**

***Basis of Accounting***

The accompanying 2024 financial statements are prepared on the liquidation basis of accounting.

The accompanying 2023 financial statements are prepared on the accrual basis of accounting.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at the published net asset value (NAV) of shares held by the Plan at year end. The self-directed brokerage account is valued based on the values of the underlying mutual funds and cash included in the account.

The fair value of the group annuity contract, which is not considered to be benefit-responsive, is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Payment of Benefits***

Benefit payments to participants are recorded upon distribution.

***Administrative Expenses***

Administrative expenses may be paid by the Organization or the Plan, at the Organization's discretion.

***Plan Investments***

Prior to 1998, plan assets were maintained with various custodians. During 1998, the Plan began utilizing a single custodian, presently Fidelity, for participants choosing to continue making elective salary deferrals and receiving Organization matching contributions. Since the transfer of pre-1998 assets was elective at the participants' option, plan management cannot represent that all plan assets are maintained with Fidelity. Such omitted amounts could materially affect the determination of net assets available for benefits and the changes in net assets available for benefits.

**Note 3. Certification of Plan Custodian**

The Sponsor has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023
- Investment income and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2024

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

**Note 4. Related Party and Party-in-Interest Transactions**

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

The Plan invests in certain funds of the plan custodian. The Plan paid \$41,983 and \$240,635 of recordkeeping fees to Fidelity Management Trust Company during 2024 and 2023, respectively. Additionally, the Trust Company provides certain administrative services at no cost to the Plan.

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

**Note 5. Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net increase per the financial statements for the year ended December 31, 2024 to Form 5500:

	<u>2024</u>
Net decrease per the financial statements	\$ (194,475,621)
Net transfers from the plan	<u>193,773,937</u>
Net decrease per Form 5500	<u>\$ (701,684)</u>

**Note 6. Disclosures About Fair Value of Plan Assets**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

***Recurring Measurements***

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2024 and 2023:

	<b>December 31, 2024</b>			
	<b>Fair Value Measurements Using</b>			
	<b>Fair Value</b>	<b>Quoted Prices in Active Markets for Identical Assets (Level 1)</b>	<b>Significant Other Observable Inputs (Level 2)</b>	<b>Significant Unobservable Inputs (Level 3)</b>
Mutual funds	\$ 113,721	\$ 113,721	\$ -	\$ -
Investments at fair value	<u>\$ 113,721</u>	<u>\$ 113,721</u>	<u>\$ -</u>	<u>\$ -</u>
	<b>December 31, 2023</b>			
	<b>Fair Value Measurements Using</b>			
	<b>Fair Value</b>	<b>Quoted Prices in Active Markets for Identical Assets (Level 1)</b>	<b>Significant Other Observable Inputs (Level 2)</b>	<b>Significant Unobservable Inputs (Level 3)</b>
Mutual funds	\$ 183,382,855	\$ 183,382,855	\$ -	\$ -

Group annuity contract	3,505,270	-	-	3,505,270
Investments at fair value	<u>\$ 193,489,090</u>	<u>\$ 189,983,820</u>	<u>\$ -</u>	<u>\$ 3,505,270</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2024 and 2023. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

**Olathe Health System, Inc. TSA Retirement Plan**  
**Notes to Financial Statements**  
**December 31, 2024 (in Liquidation) and 2023 (Ongoing)**

**Investments**

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. The Plan has no Level 2 securities. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. Level 3 securities include a group annuity contract.

**Level 3 Activity**

	<b>Group Annuity Contract</b>
<b>2024</b>	
Purchases	\$ 4,701,416
Issues	\$ (8,206,286)
<b>2023</b>	
Purchases	\$ 909,533
Issues	\$ (2,101,991)

**Unobservable (Level 3) Inputs**

The following tables present quantitative information about unobservable inputs used in recurring Level 3 fair value measurements:

	<b>Fair Value at 12/31/2024</b>	<b>Valuation Technique</b>	<b>Unobservable Inputs</b>	<b>Crediting Interest Rate</b>
Investment contract with insurance company	\$ -	Discounted cash flow	Contractual interest rate	2.00%
	<b>Fair Value at 12/31/2023</b>	<b>Valuation Technique</b>	<b>Unobservable Inputs</b>	<b>Crediting Interest Rate</b>
Investment contract with insurance company	\$ 3,505,270	Discounted cash flow	Contractual interest rate	1.50%

**Uncertainty of Fair Value Measurements**

The following is a description of the uncertainty of the fair value measurement at the reporting date from the use of significant unobservable inputs, if those inputs reasonably could not have been different at the reporting date, the interrelationships between those inputs and other unobservable inputs used in recurring fair value measurement and how those inputs might magnify or mitigate the effect of changes in the unobservable inputs on the fair value measurement.

**Olathe Health System, Inc. TSA Retirement Plan**  
**Notes to Financial Statements**  
**December 31, 2024 (in Liquidation) and 2023 (Ongoing)**

---

***Principal Group Annuity Contract***

The significant unobservable input used in the fair value measurement of the Plan's Principal group annuity contract is the interest rate of the investment contract. Changes in the contractual interest rate would have resulted in a significant change in fair value to the extent the change deviates from changes in market interest rates. Generally, an increase (decrease) in the difference between the contractual interest rate and the market interest rate would have been accompanied by a directionally opposed change in the fair value.

**Note 7. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

**Note 8. Plan Termination**

The Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, all employees will be 100 percent vested in their accounts. Effective January 1, 2024, the plan was amended to be frozen and subsequently terminated after all participant balances have been liquidated, making liquidation of the Plan imminent.

**Note 9. Plan Amendments**

Effective April 1, 2023, the Plan was amended to add the enhanced lost participant search solution services, which increased the fee to search for participants during plan liquidation.

Effective January 1, 2024, the Plan was amended which froze future contributions to the Plan and approved termination after participant balances are fully liquidated.

Effective February 1, 2024, the Plan was amended to remove joint and survivor annuity (spousal consent) rule from the Plan and allow forfeitures to be distributed to participants.

Effective February 2, 2024, the Plan was amended to allow for the plan administrator to allocate a participant forfeiture attributable to all contribution types or attributable to all nonelective contributions or to all matching contributions.

**Note 10. Tax Status**

The Plan, together with the investment vehicles, is intended to be a tax-sheltered annuity plan under Section 403(b) of the *Internal Revenue Code of 1986*, as amended. The Plan has not requested or obtained a determination letter, as the Internal Revenue Service does not currently provide that service for 403(b) plans. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and not subject to tax. Subsequent to this determination by the Plan Administrator, the Plan was amended to be frozen and subsequently terminate.

**Note 11. Subsequent Events**

Subsequent events have been evaluated through October 14, 2025, which is the date the financial statements were available to be issued.

## Other Documents Containing Audited Financial Statements

The Plan's audited financial statements are included in the Form 5500, *Annual Return/Report of Employee Benefit Plan*, filed with the Department of Labor Employee Benefits Security Administration. As part of our procedures, we read the draft Form 5500 that is substantially complete to determine if financial information discussed in sections outside the financial statements materially contradicts the audited financial statements. If we identify any such matters, we bring them to management's attention and review subsequent revisions.

Our responsibility also includes communicating to you any information we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and, that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles and that the assets held by and certified to by a qualified institution agree to, are derived from, in all material respects, the certified investment information.

We understand you were unable to apply auditing procedures to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as we have not maintained sufficient accounting records and supporting documents relating to these accounts (which were excluded from investments as permitted by the Department of Labor’s Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*). The investment income and distributions related to such accounts have also been excluded. The investment income and distributions related to such accounts

have also been excluded. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

***Plan Design & Operations***

6. 13. We have complied with the DOL's regulations concerning the timely remittance of participant contributions and loan repayments.
14. As applicable, we have complied with the DOL's regulations concerning the services provider fee disclosures in accordance with Section 408(b)(2).
15. We understand the values of the assets and liabilities recorded in the financial statements could change rapidly, resulting in material future adjustments to investment values that could negatively impact the Plan. We acknowledge that you have no responsibility for future changes caused by the current economic environment and the resulting impact on the Plan's financial statements. Further, the Plan Sponsor is solely responsible for all aspects of managing the Plan, including questioning the quality and valuation of investments.

16. We have evaluated whether there are conditions or events known or reasonably knowable, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year of the date of this letter without consideration of potential mitigating effects of management's plans not yet fully implemented and concluded substantial doubt does not exist.

Another party is also a related party if it can significantly influence the management or operating policies of the transacting parties or if it has an ownership interest in one of the transacting parties and can significantly influence the other to an extent that one or more of the transacting parties might be prevented from fully pursuing its own separate interests.

The term affiliate refers to a party that directly or indirectly controls, or is controlled by, or is under common control with, the entity.

23. Related-party transactions asserted to or disclosed in the financial statements as arm's length were conducted on terms equivalent to those prevailing for comparable transactions with unrelated parties or, in the absence of comparable transactions, terms that would be offered in good faith to unrelated parties, and support regarding the assertion has been provided.

26. We have disclosed to you all known instances of violations or noncompliance or possible violations or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements or as a basis for recording a loss contingency.

27. We have apprised you of all communications, written or oral, with regulatory agencies concerning the operation of the Plan.

***Nonattest Services***

28. You have provided nonattest services, including the following, during the period of this engagement:

29. With respect to these services:
- a. We have designated a qualified management-level individual to be responsible and accountable for overseeing the nonattest services.

- a. We acknowledge our responsibility for the fair presentation of the supplementary information, including its form and content in conformity with relevant regulatory requirements or other applicable criteria.
  - b. The methods of measurement and presentation of the supplementary information are unchanged from those used in the prior period, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplementary information.
  - c. We believe the significant assumptions or interpretations underlying the measurement and/or presentation of the supplementary information are reasonable and appropriate.
  - d. The supplemental information, including its form and content, is fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
  - e. The supplemental information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

***Estimates***

39. We have identified all accounting estimates that could be material to the financial statements, and we confirm the appropriateness of the methods and the consistency in their application, the accuracy and completeness of data, and the reasonableness of significant assumptions used by the Plan in making the accounting estimates, including those measured at fair value reported in the financial statements.
40. Significant estimates that may be subject to a material change in the near term have been properly disclosed in the financial statements. We understand that "near term" means the period within one year of the date of the financial statements. In addition, we have no knowledge of concentrations, which refer to volumes of loans, investments, or deposits, existing at the date of the financial statements that would make the Plan vulnerable to the risk of severe impact in the near term that have not been properly disclosed in the financial statements.

***Fair Value***

41. With respect to the fair value measurements of financial assets and liabilities, recognized in the financial statements or disclosed in the notes thereto:
- a. The underlying assumptions are reasonable and they appropriately reflect management's intent and ability to carry out its stated course of action.

  - c. The significant assumptions appropriately reflect market participant assumptions.
  - d. The disclosures related to fair values are complete, adequate, and in conformity with accounting principles generally accepted in the United States of America.
  - e. There are no subsequent events that require adjustments to the fair value measurements and disclosures included in the financial statements.

***Investments***

42. Investments are properly measured at fair value. Investments measured at fair value include:
- a. Investments with a readily determinable fair value that are reported at net asset value (NAV) per share/unit.

***Off-Balance Sheet Risk***

43. Financial instruments with off-balance sheet risk and financial instruments with concentrations of credit risk have been properly recorded or disclosed in the financial statements.
