INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
Allbirds 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed the audits of the financial statements of the Allbirds 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for twelve months from the date these financial statements were issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALLBIRDS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN

The following description of the Allbirds 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Allbirds, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees are eligible to participate in the Plan on the first day of the month following their hire date.

Administration

The Plan is administered by the Company.

Contributions

Participants may elect to contribute up to 90% of eligible pre-tax or post-tax compensation, not to exceed the limits of the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

For the year ended December 31, 2024, the Company made safe harbor matching contributions equal to 100% of the participant's deferral up to the first 3% of eligible compensation and 50% of the participant's deferral on the next 2% of eligible compensation. The Company may also make discretionary profit sharing contributions as determined by management. For the year ended December 31, 2024, the Company made no discretionary profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's safe harbor matching contributions, as well as allocations of the Company's discretionary profit sharing contributions, if any, and Plan earnings. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's eligible compensation, participant contributions, investment elections, specific participant transactions and/or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

ALLBIRDS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN – (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding \$1,000 may be immediately distributed in a lump-sum payment. All vested account balances exceeding \$1,000, but not exceeding \$7,000 (effective January 1, 2024, increased from \$5,000 to implement the respective provision from the SECURE 2.0 Act), may be rolled into an Individual Retirement Account. With the plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

Vesting

Participants are immediately vested in their contributions and safe harbor matching contributions, plus actual earnings thereon. The Company's discretionary profit sharing contributions, plus actual earnings thereon, become 20% vested at the end of two full years of service, as defined, and continue to vest at the rate of 20% for each successive year of service until 100% vested after six (6) years of service, attaining normal retirement age, death or disability.

Forfeitures

The unvested portion of a terminated participant's account and excess contributions will be forfeited and used to reduce future Company contributions or to pay Plan expenses. For the year ended December 31, 2024, Plan expenses were reduced by \$445 from forfeited non-vested accounts. As of December 31, 2024 and 2023, the amount of available forfeitures totaled \$42,846 and \$6,555, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or within a reasonable period of time that is longer than five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and generally bear interest at a rate commensurate with the rates that a bank or other professional lender would charge for making a loan in a similar circumstance. Principal and interest are paid ratably through payroll deductions. Participants can only have one loan outstanding at a time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Plan Fees and Administrative Expenses

Plan fees and administrative expenses are generally paid by the Plan, unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain transactional fees are charged directly to the participant's account and are included in administrative expenses.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the prior year amounts to conform to the current year presentation.

Subsequent Events

The Company has evaluated subsequent events through the date of the independent auditor's report, which is the date the accompanying financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this framework are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. FAIR VALUE MEASUREMENTS – (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investment companies: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Money market fund: These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

<u>Description</u>	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

3. FAIR VALUE MEASUREMENTS – (Continued)

In regard to the classification of investment options offered by the Plan, there were no reclassifications in or out of levels 1, 2 or 3 during the year ended December 31, 2024.

4. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

6. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), the trustee of the Plan, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year).

7. TAX STATUS

The Company adopted a Non-standardized Pre-Approved Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC. The Plan has since been restated and amended. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS

7. TAX STATUS – (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by Fidelity Investments, an affiliate of Fidelity, the trustee of the Plan. The Plan paid \$31,751 in contract administration fees during 2024. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. The Company paid certain administrative expenses of the Plan, including recordkeeping and audit fees. These transactions qualify as party in interest transactions for which a statutory exemption exists.

9. PROHIBITED TRANSACTIONS

During the Plan years ended December 31, 2024, 2023, and 2022, the plan sponsor inadvertently failed to deposit \$102,486, \$1,251 and \$480,729, respectively, of participant deferrals and repayments on notes receivable from participants within the required timeframe as stated by ERISA. These deferrals were deposited beyond the earliest expected date on which assets could be segregated from the employer's assets. The U.S. Department of Labor considers late deposits to be prohibited transactions. The plan sponsor is in the process of calculating lost earnings on the deferrals for the Plan year ended December 31, 2024 as of the date of these financial statements.

The plan sponsor has self-corrected the prohibited transactions for the Plan years ended December 31, 2023 and 2022 during 2024. The plan sponsor does not believe that these issues will have a material impact on the Plan's net assets available for benefits or the Plan's tax status.
