## **INDEPENDENT AUDITOR'S REPORT**

To the Retirement Plan Committee and Plan Administrator of  
Brenau University 403(b) Defined Contribution Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Brenau University 403(b) Defined Contribution Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Brenau University 403(b) Defined Contribution Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Brenau University 403(b) Defined Contribution Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Brenau University 403(b) Defined Contribution Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Brenau University 403(b) Defined Contribution Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Brenau University 403(b) Defined Contribution Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter – Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

## **Brenau University 403(b) Defined Contribution Plan Notes to Financial Statements**

### **Note 1: DESCRIPTION OF PLAN**

The following description of the Brenau University 403(b) Defined Contribution Plan (the Plan) provides only general information. Refer to the Plan document for a more complete description of the Plan provisions.

#### ***General***

The Plan is a defined contribution plan covering substantially all employees of Brenau University (Employer, or Plan Sponsor) and was established effective January 1, 1972. The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Retirement Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan assets are held and managed by Teachers Insurance and Annuity Association of America (TIAA), College Retirement Equities Fund (CREF), Variable Annuity Life Insurance Company (VALIC), The Lincoln National Life Insurance Company (Lincoln), and United Services Automobile Association Life Insurance Company (USAA), which invest contributions and Plan earnings, make investment transactions as directed by the Retirement Committee and provide certain recordkeeping services.

#### ***Eligibility***

Employees, other than student employees, may become a participant of the Plan if they work 20 hours a week and are expected to work at least 1,000 hours. Effective January 1, 2024, part-time employees who worked at least 500 hours in three consecutive years are also eligible to become a participant in the Plan. An eligible employee may enter the Plan immediately after all entry requirements have been met.

#### ***Contributions***

Each year, participants may contribute up to 100 percent (%) of pretax annual compensation, as defined in the Plan. Participants with 15 years of service at a qualified institution as well as participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e. rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

## Brenau University 403(b) Defined Contribution Plan Notes to Financial Statements

### Note 1: DESCRIPTION OF PLAN (Continued)

#### *Contributions (continued)*

The Employer matches up to 8% of an eligible participant's contribution to the Plan according to the following table:

Years of Service	Percentage of Base Contribution Matched
1	2%
2	3%
3	4%
4	5%
5	6%
6	7%
7+	8%

Employee and Employer matching contributions are only being remitted to TIAA as they were discontinued in prior years to VALIC, Lincoln, and USAA.

#### *Participant Accounts*

Each participant's account is credited with the participant's contributions and Employer's matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### *Vesting*

Participants are immediately vested in their voluntary contributions, any rollover contributions, Employer contributions, and actual earnings thereon.

#### *Notes Receivable from Participants*

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

## **Brenau University 403(b) Defined Contribution Plan Notes to Financial Statements**

### **Note 1: DESCRIPTION OF PLAN (Continued)**

#### ***Plan Loans***

Loans are available to participants through TIAA. A participant may borrow the lesser of 45% of the participant's vested account balance or \$50,000, as defined in the loan contract. Plan loans are issued directly from TIAA and loan proceeds are not removed from participant account balances. Investments in the participant's TIAA Traditional Annuity account equaling 110% of the outstanding loan balance are reserved, or held in collateral, for each Plan loan. The loan must be repaid over a period not extending beyond five years from the date of the loan, unless the loan is used to acquire a primary residence, in which case the loan may be repaid over a reasonable amount of time, not-to-exceed ten years. At December 31, 2024 and 2023, participants had outstanding Plan loan balances due to TIAA of \$10,765 and \$14,092, respectively. These loans are collateralized by the Traditional Annuity account balances of \$11,842 and \$15,501 as of December 31, 2024 and 2023, respectively.

#### ***Benefit Payments***

On termination of service, death, disability, retirement, or attainment of age 59 1/2, a participant may elect to receive either a lump sum amount equal to the value of the participant's account, annual installments, or an annuity. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

#### ***Hardship Withdrawals***

As permitted by the Internal Revenue Code (IRC) and in accordance with the plan agreement, a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's employee deferral balance, whichever is less.

### **Note 2: SUMMARY OF ACCOUNTING POLICIES**

#### ***Basis of Accounting***

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

#### ***Use of Estimates***

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

## **Brenau University 403(b) Defined Contribution Plan Notes to Financial Statements**

### **Note 2: SUMMARY OF ACCOUNTING POLICIES (Continued)**

#### ***Investment Valuation and Income Recognition***

Investments generally are reported at fair value, but may also be reported at contract value or net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 4 and 5 for further discussion of fair value measurements, contract value and NAV. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

#### ***Payment of Benefits***

Distributions to participants are recorded when paid.

#### ***Purchase of Annuity Contracts***

Amounts transferred to TIAA for the purchase of insurance or annuity contracts in allocated funding arrangements are reported in the statement of changes in net assets available for benefits as annuity settlement options. There were no annuity settlement options in 2024.

#### ***Administrative Expenses***

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Certain investment management, recordkeeping, and other fees related to the administration of the Plan are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in value of investments.

#### ***Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

#### ***Subsequent Events***

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 14, 2025, and determined there were no events that occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

### **Note 3: INFORMATION CERTIFIED BY QUALIFIED INSTITUTIONS**

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA, CREF, VALIC, and Lincoln, the qualified institutions:

- a) Total investments, at fair value and contract value, included in the statements of net assets available for benefits at December 31, 2024 and 2023.
- b) Notes receivable from participants, included in the statements of net assets available for benefits at December 31, 2024 and 2023.
- c) Investment income, net appreciation in the value of investments, and interest income on notes receivable from participants, information included in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- d) All amounts included in Note 4, *Fair Value Measurements*.
- e) All amounts included in Note 5, *Investments Reported at Contract Value*
- f) All information included in the supplemental schedule of assets (held at end of year) as of December 31, 2024.

### **Note 4: FAIR VALUE MEASUREMENTS**

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

*Level 1:* Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

*Level 2:* Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
  - observable; or
  - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

## Brenau University 403(b) Defined Contribution Plan Notes to Financial Statements

### Note 4: FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Fixed annuity contracts, non-fully benefit responsive:* These fixed annuity contracts are not actively traded, and significant other observable inputs are not available. Therefore, the fair value of the fixed annuity contracts is determined using an income approach by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. These contracts have liquidity restrictions and are non-benefit responsive.

*Variable annuity contracts:* Valued at the net asset value (NAV) of units held by the Plan at year end based on the fair value of the underlying investments. NAV is a readily determinable fair value which is published daily and is the basis for current transactions.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
<b>December 31, 2024</b>				
Fixed annuity contracts, non-fully benefit responsive	\$ -	\$ -	\$ 14,490,281	<b>\$ 14,490,281</b>

### Note 4: FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
<i>December 31, 2023</i>				
Fixed annuity contracts, non-fully benefit responsive	\$ -	\$ -	\$13,667,725	\$ 13,667,725

Mutual funds	42,862,827	-	-	42,862,827
<b>Total investments at fair value</b>	<b>\$ 42,862,827</b>	<b>\$ 4,201,694</b>	<b>\$ 13,667,725</b>	<b>\$ 60,732,246</b>

### **Changes in Fair Value of Level 3 Assets**

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

We evaluate the significance of transfers between levels based upon the nature of the financial instruments and size of the transfer relative to total net assets available for benefits.

The following table sets forth a summary of the changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2024:

	Fixed annuity contracts, non-fully benefit responsive
<i>For the year ended December 31, 2024</i>	
Purchases	\$ 824,531
Issuances	\$ (575,108)
Transfers in	\$ 1,604,705
Transfers out	\$ (1,031,572)

### Note 4: FAIR VALUE MEASUREMENTS (Continued)

#### *Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements*

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2024 and 2023, respectively, and the significant unobservable inputs and the ranges of value for those inputs:

Instrument	Fair Value, December 31		Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
	2024	2023			
TIAA Traditional – Non Benefit responsive funds	\$ 13,446,141	\$ 12,641,096	Discounted cash flow	Risk-adjusted discount rate	3.00% to 6.50%
VALIC Fixed Account Plus	1,044,140	1,026,629	Discounted cash flow	Risk-adjusted discount rate	3.00% to 3.80%
<b>Total</b>	<b>\$ 14,490,281</b>	<b>\$ 13,667,725</b>			

### Note 5: INVESTMENTS REPORTED AT CONTRACT VALUE

The Plan invests in certain fully benefit-responsive guaranteed investment contracts with TIAA (TIAA Plan Loan Default Fund, TIAA Stable Value, and TIAA Traditional – Benefit Responsive Fund) and VALIC (VALIC Short-Term Fixed Account). TIAA and VALIC maintain the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rates are based on formulas established by the contract issuers but may not be less than 1% for contracts held with TIAA and 1.5% for the contract held with VALIC. The crediting rates are reviewed on a quarterly basis for resetting. The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA and VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

## Brenau University 403(b) Defined Contribution Plan Notes to Financial Statements

### Note 5: INVESTMENTS REPORTED AT CONTRACT VALUE (Continued)

The contract value of the guaranteed investment contracts as of December 31, 2024 and 2023, is as follows:

<i>December 31,</i>	<b>2024</b>	2023
TIAA Plan Loan Default Fund	\$ <b>8,908</b>	\$7,584
TIAA Stable Value	<b>1,841,104</b>	2,001,495
TIAA Traditional Benefit Responsive	<b>99,806</b>	96,591
VALIC Short-Term Fixed Account	<b>30,656</b>	30,835
<b>Total</b>	<b>\$ 1,980,474</b>	<b>\$ 2,136,505</b>

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no other restrictions or events that affect the ability of the Plan to transact at contract value. However, in certain events, such as termination of the contract, transactions may be delayed 90 – 180 days by TIAA.

### Note 6: TAX STATUS

The Plan has adopted a volume submitter plan sponsored by TIAA, which has received its most recent favorable opinion letter from the IRS, dated August 7, 2017, stating that the volume submitter plan document is designed in accordance with applicable sections of the IRC. Although the volume submitter plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### Note 7: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by TIAA, VALIC, Lincoln and USAA, issuers and contract holders of certain Plan assets and record-keepers for the Plan; and, therefore, these transactions qualify as party-in-interest transactions.

Under the recordkeeping services agreement with TIAA, the Plan holds a revenue credit account that holds revenue generated through various negotiated agreements between the Plan and TIAA. The balance of the revenue credit account can only be used to pay direct, reasonable and necessary expenses of the Plan. As of December 31, 2024 and 2023, the balance in the revenue credit account was \$48,877 and \$61,058 respectively. The Plan Sponsor paid \$95,555 of expenses to the Plan's investment advisor out of the Revenue Credit Account during the year December 31, 2024.

### **Note 8: PLAN TERMINATION**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.
