Independent Auditors' Report

Plan Administrator
Tufts Medicine, Inc. 403(b) Retirement Plan
Burlington, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Tufts Medicine, Inc. 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TUFTS MEDICINE, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of the Tufts Medicine, Inc. 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) plan established on March 1, 2020 with a cash deferred arrangement sponsored by Tufts Medicine, Inc. (the "Employer" or "Company") covering all employees, except leased employees and employees represented by the Massachusetts Nurses Association, who have met certain eligibility requirements and have completed a salary reduction arrangement ("Participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Substantially all of the investments are participant directed.

Participant Contributions

Participants may contribute a portion of their compensation, as defined by the Plan, on a pre-tax or after-tax ("Roth") basis, subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may also make additional catch-up contributions subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements.

Employer Discretionary Matching Contributions

The Employer may make matching contributions at its discretion to "match eligible" participants. Match eligible participants are defined as eligible participants noted above, except those covered by a collective bargaining agreement, per visit basis, temporary, and as needed employees, as defined. New hires are immediately eligible for an Employer contribution. For the year ended December 31, 2024, the Company elected to match 50% of a participant's first 6% of elective deferrals, for a maximum match of 3% of compensation, deposited each pay period with an annual true-up.

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Note 1 - Description of the Plan (Continued)

Vesting

Participants are immediately vested in their deferral, rollover, and Roth contributions and actual earnings thereon. Participants become 100% vested in Employer contributions upon death, total and permanent disability, or attainment of normal retirement age. Participants who were eligible on March 1, 2020 or were employed by Tufts Medical Center, Inc. on September 29, 2023, are fully vested in the Employer matching contributions, plus actual earnings thereon. Each other participant who became eligible on or after September 29, 2023 vests in the Employer's discretionary matching contributions based on years of vesting service, as follows:

<u>Years of Vesting Service</u>	<u>Percent Vested</u>
Less than 1	0%
1 but less than 2	25%
2 but less than 3	50%
3 or more	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements as set forth in the Plan, the participant's account is restored. Forfeitures of Employer discretionary matching contributions are used to reduce future Employer contributions, pay administrative expenses or allocated to participants. The unallocated forfeiture balances at December 31, 2024 and 2023 were \$412,746 and \$292,562, respectively. During 2024, \$324,207 of forfeitures were used to fund the 2023 Employer true-up contribution. Subsequent to year-end in 2025, \$424,703 of forfeitures were used to fund the 2024 Employer true-up contribution funded in 2025.

Payment of Benefits

Benefits are distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants may elect a distribution in the form of an annuity, installment payments, or a lump sum. Upon termination, if a participant's vested account balance exceeds \$1,000 but does not exceed \$5,000, and the participant does not elect to take a distribution, and if provided by the terms of the investments held in the participant's account, the Plan administrator may make a lump-sum distribution to a direct rollover individual retirement account. If a participant's vested account balance is \$1,000 or less, and the participant does not elect to take a distribution, and if provided by the terms of the investments held in the participant's account, the Plan administrator may distribute the participant's vested account balance directly to the participant without consent.

A participant is allowed to request an in-service withdrawal from their deferral account upon attainment of age 59½ or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship", as defined in the plan document.

Notes to Financial Statements

Note 1 - Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their deferral and rollover accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The loans are secured by the balance in the participant's account. Loans bear a reasonable rate of interest. All loans are available with terms of up to five years unless the proceeds are used to acquire a principal residence, in which case a longer repayment period is allowed. No more than one loan can be outstanding at any time. Principal and interest are repaid at least quarterly by participants directly to the Plan custodian.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Unit Values

Individual participant accounts for the variable rate annuity accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the trust but do have interest therein represented by units which are valued daily. The investments earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each investment are converted to units by dividing the amounts of such transactions by the unit value as last determined, and the participants' accounts are charged or credited with the number of units attributable to each participant.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

TUFTS MEDICINE, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefits Paid

Benefits are recorded when paid.

Contributions

Contributions from Plan participants and the Employer matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Plan Expenses

Participant transaction fees, investment expenses, and certain administrative fees incurred by the Plan are paid by the participants. Investment related expenses are included in net appreciation in fair value of investments. Any remaining fees not paid from plan assets are paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could vary from the estimates that were used.

Subsequent Events

The Employer has evaluated subsequent events through October 14, 2025, the date that the financial statements were available to be issued. No significant matters were identified for disclosure in this evaluation.

Note 3 - Information Certified by the Custodian and Insurance Company

Plan investments are held by the Plan's custodian, Fidelity Management Trust Company ("Fidelity"), and the Plan's insurance company, Variable Annuity Life Insurance Company ("VALIC"). The fair value of all investments as of December 31, 2024 and 2023, and all investment transactions for the year ended December 31, 2024, including interest and dividends and net appreciation in fair values are reported to the Plan and certified as complete and accurate by the Insurance Company and Custodian. Information in the supplemental schedule and notes receivable from participants are also derived from information certified by the Custodians. The Plan offers investment choices to allow Participants to create a diversified portfolio of assets based on a participant's risk tolerance. Participants in the Plan are able to direct contributions to a variety of investment options.

TUFTS MEDICINE, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

VALIC Variable Annuities

The variable annuity funds invest principally in equity securities, fixed income instruments and short-term investments in accordance with each portfolio's investment objectives. Variable annuity fund investments are primarily valued using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments including matrix pricing.

TUFTS MEDICINE, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

VALIC Variable Annuities (Continued)

The fair values of accumulation units held by the Plan in the variable annuities (registered investment companies) are based on each account's daily NAV, which is considered by Plan management to be the best approximation of the fair value hierarchy. Data for NAVs are available daily to Plan administrators and client investors on VALIC's website and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources.

VALIC Fixed Interest Option

The VALIC fixed interest option is a fixed unallocated annuity contract investment option for Plan participants. As these investments are contract-based, observable prices for identical or similar investments do not exist, and accordingly, these investments are valued using unobservable inputs (Level 3). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals and expenses. Each year, VALIC will declare and credit interest in the contract periodically, but not less than annually. The interest rate will be set in advance of the period it relates to and will be at least 3% per year.

Self-Directed Brokerage Accounts

Balances consist of interest bearing cash and common stocks and are valued at quoted market prices reported on the active market on which the individual securities are traded, and mutual funds are valued as noted above.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

- (a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs. There were no purchases or transfers in or out of Level 3 investments during the year.

Note 4 - Fair Value Measurements (Continued)

Investments Measured Using Net Asset Value per Share

The following table summarizes investments for which fair value is based on NAV per share. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

<i>Investments</i>	<i>Fair Value</i> <u>12/31/2024</u>	<i>Fair Value</i> <u>12/31/2023</u>	<i>Unfunded</i> <u>Commitments</u>	<i>Redemption</i> <u>Frequency</u>	<i>Notice</i> <u>Period</u>
Variable Rate Annuities	\$ 2,650,021	\$ 2,527,905	\$ -	Daily	1 day

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as an international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 6 - Related-Party Transactions and Exempt Party-in-Interest Transactions

Certain Plan investments are held by Fidelity. Accordingly, these investments are considered exempt party-in-interest transactions. During the Plan year ended December 31, 2024, \$694,146 of administrative expenses, net of revenue credits of \$162,500 received from Fidelity, was paid to Fidelity and other related parties. Additionally, \$74,688 of revenue credits transferred into the Plan in prior years were utilized to pay plan expenses. Notes receivable from participants are also considered exempt party-in-interest transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

TUFTS MEDICINE, INC. 403(b) RETIREMENT PLAN

Notes to Financial Statements

Note 8 - Tax Status

The Plan was initially designed to comply with the provisions of Section 403(b) of the IRC and had been amended and restated effective September 29, 2023, and has since been amended. The Plan has not obtained a tax determination letter from the Internal Revenue Service ("IRS"). However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with plan terms and the applicable requirements of the IRC and is, therefore, exempt from federal income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Reconciliation of Financial Statements to Form 5500

The accompanying Statements of Net Assets Available for Benefits, Statement of Changes in Net Assets Available for Benefits and the supplemental schedule have been prepared in accordance with accounting principles generally accepted in the United States of America. The information listed on Schedule H of Form 5500 has been prepared in accordance with procedures established by the third-party administrator. Although the net assets agree in total, certain items have been classified differently.
