|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

**Part III Accountant's Opinion**

**3** Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

**a** The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1)  Unmodified (2)  Qualified (3)  Disclaimer (4)  Adverse

**b** Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1)  DOL Regulation 2520.103-8 (2)  DOL Regulation 2520.103-12(d) (3)  neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

**c** Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BAKER TILLY US LLP**

(2) EIN: **30-1413443**

**d** The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1)  This form is filed for a CCT, PSA, DCG or MTIA. (2)  It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

**Part IV Compliance Questions**

**4** CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

|  | Yes | No | Amount |
|--|-----|----|--------|
| <b>a</b> Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)                 |     | X  |        |
| <b>b</b> Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? ## Independent Auditors' Report

To the Participants and Plan Administrator of  
RR Donnelley Savings Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of RR Donnelley Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of RR Donnelley Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of RR Donnelley Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about RR Donnelley Savings Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of RR Donnelley Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about RR Donnelley Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**RR DONNELLEY SAVINGS PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 and 2023**

**NOTE 1 – PLAN DESCRIPTION**

The following description of the RR Donnelley Savings Plan (the “Plan”) is provided for general information purposes only and covers current Plan provisions, except as specifically noted otherwise. For more complete information, refer to the Summary Plan Description and the Plan document, including any modifications and amendments thereto. The Plan is a defined contribution plan sponsored by R. R. Donnelley & Sons Company (the “Company”) designed to allow eligible employees to save for retirement on a tax-advantaged basis. The Plan is intended to qualify as a cash or deferred arrangement under Section 401(k) of the Internal Revenue Code of 1986, as amended (the “Code”), and is subject to the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

***Administration***

The Plan is administered by the Plan’s Benefits Committee and its delegates and allocatees. The Plan’s assets are held in the RR Donnelley Savings Plan Trust (the “Trust”). Fidelity Management Trust Company (the “Trustee”) serves as the trustee of the Trust and custodian of the Plan’s assets. Fidelity Workplace Services LLC serves as the Plan’s recordkeeper.

***Eligibility***

With certain limited exceptions, all employees of the Company and its U.S. subsidiaries are eligible to become Plan members (“participants”). Elections to participate in the Plan are effective as soon as administratively practicable. The Plan has automatic enrollment provisions pursuant to which eligible employees are automatically enrolled 35 days (30 days prior to March 28, 2023) after being hired, in each case unless the employee opts out of automatic enrollment or elects to be enrolled earlier.

The Company acquired Valassis Communications, Inc. and its subsidiaries (“Valassis”) on July 19, 2024 and Valassis adopted the Plan and became a participating employer in the Plan effective on such date. Thereafter, Valassis employees are eligible to participate in the Plan.

***Contributions***

Eligible employees may elect to make before-tax, after-tax and Roth 401(k) contributions under the Plan. Subject to certain limitations, the contribution election percentages allowed are from 1%-85% of eligible compensation for before-tax, after-tax and Roth 401(k) contributions, and the total of all elections cannot exceed 85% of eligible compensation. Before-tax and Roth 401(k) contributions are also limited by governmental regulations. One of these limits also applies to after-tax contributions. Participants who are eligible employees and have attained age 50 by the end of the Plan year are eligible to make catch-up contributions and thereby exceed certain governmental limits that would otherwise apply. Participants who are eligible employees can change contribution elections at any time.

Individuals who are automatically enrolled make before-tax contributions equal to 5% of eligible compensation. Any automatically enrolled participant who is an eligible employee will have their contribution rate automatically increased by 1% each April 1, until their contribution rate equals 10% or until they cease to participate in this automatic increase program.

The Company makes matching contributions to participants at a rate of 25% for every before-tax, Roth 401(k) and catch-up contribution dollar the participant contributes, excluding for this purpose participant contributions in excess of 5% of the participant’s eligible compensation. The Plan permits the Company to provide discretionary matching contributions and discretionary profit sharing contributions. Furthermore, from time to time, the Company may make different matching contributions in connection with a corporate transaction, such as an acquisition. These matching contributions are generally made for only a limited time period.

Employees may also roll over amounts to the Plan that are distributed from certain types of retirement plans and accounts. During 2024, Valassis employees were permitted to roll over into the Plan their account balances from the defined contribution retirement plan that was sponsored by Vericast Corp., the parent of Valassis Communications, Inc., prior to Valassis being acquired by the Company.

***Participant Accounts***

Each participant’s account is credited with the participant’s contributions and the Company’s contributions, if any, and allocations of Plan earnings or losses. Participant accounts are charged with an allocation of general administrative expenses and with participant-

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 and 2023

#### NOTE 1 – PLAN DESCRIPTION (CONT.)

##### *Participant Accounts (cont.)*

specific transaction charges. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

##### *Vesting and Forfeited Accounts*

Participants are vested immediately in their contributions and the earnings thereon. Participants vest in Company matching contributions and profit sharing contributions that are made on or after September 1, 2022, and the earnings thereon, upon the earlier of (i) 1 year of service, (ii) reaching age 65, or (iii) effective March 28, 2023, termination of employment due to death. Generally, participants are 100% vested in Company matching contributions and profit sharing contributions that were made prior to January 1, 2022.

At December 31, 2024 and 2023, the Plan held \$40,486 and \$270,574 of forfeited non-vested amounts, respectively. During 2024, as permitted by Plan provisions when forfeited non-vested amounts are available, the Plan used \$382,525 of forfeitures to reduce employer contributions.

##### *Notes Receivable from Participants*

Subject to statutory and regulatory requirements and Plan rules, participants are generally permitted to borrow up to 50% of certain portions of their vested account balance. The minimum loan amount is \$1,000. The loans bear interest at a rate equal to 1% over the prime rate on the first business day of the month in which the loan is initiated. Principal and interest are generally paid through payroll deductions.

##### *Benefit Payments and Withdrawals*

A participant's account balance may be distributed in various forms and at various times depending on multiple factors, including the participant's employment status, the participant's age, the participant's financial need, the participant's uniformed services status, the classification of the contributions to the participant's account and the type of investments held in the participant's account. Distributions can be taken in various ways, including as one or more lump sums or as periodic installments. Additionally, in certain situations, brokerage account assets may be distributed in-kind.

##### *Investment Options*

Participants are permitted to direct how their account balance under the Plan is invested. Subject to certain restrictions, participants can change investment elections on a daily basis. As of December 31, 2024 and 2023, the following investment options were offered under the Plan:

**Core Investment Funds**— investment funds that invest in different asset classes, such as fixed income, bonds, and stocks.

**Target Date Funds**— mix of investments in core investment funds that automatically reduce their level of equity risk over time and target retirement at age 65.

**Target Date Retirement Income Fund**— a conservative portfolio comprised of a mix of investments in core investment funds with equity risk maintained lower than any other Target Date Fund.

**Self-Directed Brokerage Accounts**— participants may invest a portion of their account balance under the Plan in investment options not otherwise offered under the Plan, such as certain mutual funds, stocks, or bonds, by directing such portion of their account balance to be invested through a self-directed brokerage account under the Plan.

##### *Recent Regulatory Pronouncements*

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the years ended December 31, 2024 and 2023. Plan management is evaluating the impact of optional SECURE 2.0 provisions and awaiting additional regulatory guidance from the Internal Revenue Service ("IRS") and the Department of Labor ("DOL"). The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements. The Plan will be amended to reflect any changes made in response to SECURE 2.0 prior to the deadline set by law or applicable regulations.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 and 2023**

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Accounting***

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“US GAAP”). The accounts of the Plan are maintained on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

***Use of Estimates***

The preparation of financial statements in conformity with US GAAP requires the Plan Administrator to make estimates and assumptions that affect (i) the reported amounts of assets, liabilities and changes therein, and (ii) disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***

The Plan’s investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements, including details on inputs, valuation techniques and the fair value levels within the fair value hierarchy.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation of investments included in the accompanying Statement of Changes in Net Assets Available for Benefits includes realized gains or losses from the sale of investments during the year, the change in unrealized appreciation or depreciation in the fair value of investments held during the year and any investment related expenses, such as investment manager fees.

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Fees related to the administration of notes receivable from participants are included in the principal amount borrowed and are charged directly to a participant by reducing the amount of principal disbursed to the participant at loan origination.

***Plan Distributions***

Benefit payments to participants are recorded upon distribution.

***Administrative Expenses***

Certain expenses of maintaining the Plan are paid by the Plan, unless paid by the Company. Expenses paid by the Company may include certain legal fees, and some other administrative fees and are excluded from these financial statements. Administrative expenses paid by the Plan include recordkeeping fees, investment consulting fees, custody fees, audit fees, and most other administrative fees. Investment related expenses paid by the Plan, such as investment management fees, are included in net appreciation in fair value of investments.

***Risks and Uncertainties***

The Plan provides various options for investing in securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

As of December 31, 2024 and 2023, the Plan’s investments in excess of 10% of the Plan’s net assets available for benefits were concentrated within one fund valued at \$378,217,025 and \$303,841,455, respectively.

## RR DONNELLEY SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 and 2023

#### NOTE 3 – GALLIARD STABLE VALUE FUND

The Plan assets include benefit-responsive investment contracts via investment in the Galliard Stable Value Fund (“the Fund”), an investment option of the Plan. The Fund is solely owned by the Plan and therefore the Plan owns the Fund’s underlying contracts and investments.

The Fund primarily invests in security-backed contracts issued by insurance companies and other financial institutions. A security-backed contract is an investment contract issued by an insurance company or other financial institution, backed by a portfolio of bonds or units of a collective fund that are owned by the Fund. The portfolio underlying the contract is maintained separately from the contract issuer’s general assets, usually by a third party custodian. These contracts typically allow for realized and unrealized gains and losses on the underlying assets to be amortized, usually over the duration of the underlying investments, through adjustment to the future interest crediting rate, rather than reflected immediately in the net assets of the Fund. The security-backed contracts are designed to reset their respective crediting rates on a quarterly basis and cannot credit an interest rate that is less than 0%. The issuer guarantees that all qualified participant withdrawals will be at contract value.

The Fund’s investments are reported at contract value, except for a short-term investment collective trust fund used for liquidity, which is at fair value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate a permitted transaction under the terms of the Plan and the contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Risks arise when entering into any investment contract due to the potential inability of the issuer to meet the terms of the contract. In addition, security-backed contracts have the risk of default or the lack of liquidity of the underlying portfolio assets. The credit risk of each issuer is evaluated and monitored through Galliard’s credit analysis, and the underlying portfolio assets are rated investment grade at the time of purchase.

The primary variables impacting the future crediting rates of security-backed contracts include:

- The current yield of the assets underlying the contract;
- The duration of the assets underlying the contract; and
- The existing difference between the fair value and contract value of the assets within the contract.

The crediting rate of security-backed contracts will track current market yields on a trailing basis. The rate reset allows the contract value to converge with the fair value of the underlying portfolio over time, assuming the portfolio continues to earn the current yield for a period of time equal to the current portfolio duration.

Security-backed contracts generally provide for withdrawals associated with certain events which are not in the ordinary course of Fund operations and are paid with a market value adjustment. Events that may trigger a market value adjustment can include the following:

- Material amendments to the Fund’s structure or administration;
- Changes to the participating plans’ competing investment options including the elimination of equity wash provisions;
- Complete or partial termination of the Fund, including merger with another fund;
- The failure of the Fund to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA;
- The redemption of all or a portion of the interests in the Fund held by a participating plan including withdrawals due to the removal of a specifically identifiable group of employees from coverage under the participating plan, the closing or sale of a subsidiary, employing unit, or affiliate, the bankruptcy or insolvency of a plan sponsor, the merger of the plan with another plan, or the plan sponsor’s establishment of another tax qualified defined contribution plan;
- Any change in law, regulation, ruling, administrative or judicial position, or accounting requirement, applicable to the Funds or participating plans; and
- The delivery of any communication to plan participants designed to influence a participant not to invest in the Fund.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 and 2023**

**NOTE 3 – GALLIARD STABLE VALUE FUND (CONT.)**

At this time, the Fund does not believe that the occurrence of any such market value event, which would limit the Fund's ability to transact at contract value with participants, is probable. Participants may redeem their shares at any time at contract value.

**NOTE 4 – FAIR VALUE MEASUREMENTS**

Various inputs are used in determining the fair value of the Plan's investments. These inputs are categorized in the three tier value hierarchy, which prioritizes valuation methodology based on the reliability of inputs, as listed below:

Level 1 – Valuations based on quoted prices for identical assets and liabilities in active markets.

Level 2 – Valuations based on observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Valuations based on unobservable inputs reflecting the Plan's own assumptions, consistent with reasonably available assumptions made by other market participants.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of the input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description by major asset categories of the valuation methodologies and levels used for determining fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

*Cash* – Consists of money market funds valued at the respective fund's published market price, which is a constant net asset value of \$1 per unit and cash reserves valued at the carrying value which approximates fair value. Cash is classified as Level 1.

*Equity securities* – The values of individual equity securities, primarily preferred and common stock, are based on quoted prices in active markets. As such, these assets are classified as Level 1.

*Collective trust funds* – The fair values of participation units held in collective trusts are based on the net asset value ("NAV") reported by the fund managers as of the financial statement dates and recent transaction prices, but are not quoted on active markets. The NAV is used as a practical expedient. Each collective trust provides for daily redemptions by the Plan at reported NAVs per share, with no advance notice requirement, except for one fund that requires three days' advance notice.

*Registered investment companies* – Valued at the daily closing price as reported by the fund. Investments held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1 measurements).

*Self-directed brokerage accounts* – The individually managed self-directed brokerage accounts are also classified as Level 1 since the underlying investments are actively traded on a market or exchange.

The valuation methodologies described above may generate a fair value calculation that may not be indicative of net realizable value or future fair values. While the Plan believes the valuation methodologies used are appropriate, the use of different methodologies or assumptions in calculating fair value could result in different amounts. The Plan invests in various assets the valuation of which is determined by NAV. The Plan believes that the NAV is representative of fair value at the reporting date, as there are no significant restrictions on redemption of these investments or other reasons to indicate that the investment would be redeemed at an amount different than the NAV.

The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value presented in the statements of net assets available for benefits.

**NOTE 5 – TAX STATUS OF THE PLAN**

The Plan obtained its latest determination letter on September 30, 2016, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code, including Sections 401(a) and 401(k) of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator, having consulted with the Plan’s counsel, believes that the Plan remains tax-exempt as of the financial statement date.

US GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken. The Plan has not recognized interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 and 2023**

**NOTE 6 – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, the rights of the participants in their account balances will, to the extent not already vested, become 100% vested.

**NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are managed by the Trustee. Fees paid by the Plan to the Trustee for investment management services are party-in-interest transactions for which there is an exemption from the prohibited transactions rules of ERISA. The Plan reimburses the Company for certain employees' compensation and related benefit costs related to the administration of the Plan and such reimbursements constitute a party-in-interest transaction for which there is an exemption. In addition, notes receivable from participants constitute party-in-interest transactions for which there is an exemption.

**NOTE 8 – INFORMATION CERTIFIED BY THE TRUSTEE**

The Plan Administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements is complete and accurate:

- Plan investments and notes receivable from participants as shown in the statements of net assets available for plan benefits as of December 31, 2024 and 2023
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for plan benefits for the year ended December 31, 2024
- Supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

**NOTE 9 – RECONCILIATION TO FORM 5500**

The following table reconciles the financial statements to the Plan Form 5500 as filed for the Plan:

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Plan Form 5500 for the year ended December 31, 2024:

|   |                       |
|---|-----------------------|
| Net increase in Net Assets Available for Benefits<br>per the financial statements | \$ 219,884,270        |
| Change in contract value to fair value adjustment                                 | <u>894,730</u>        |
| Net increase in Net Assets Available for Benefits<br>per the Form 5500            | <u>\$ 220,779,000</u> |

**NOTE 10 – PLAN AMENDMENTS**

The Plan is amended from time to time for various matters, including in connection with acquisitions to provide, among other things, eligibility to participate in the Plan, recognition of prior service, and matching and/or profit-sharing contributions for certain (usually collectively bargained) participants.

**NOTE 11 – SUBSEQUENT EVENTS**

The Company acquired Williams Lea on January 31, 2025 and Williams Lea adopted the Plan and became a participating employer in the Plan effective on February 14, 2025. Thereafter, Williams Lea employees are eligible to participate in the Plan.

The Plan has evaluated subsequent events through October 14, 2025, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.

## Independent Auditors' Report

To the Participants and Plan Administrator of  
RR Donnelley Savings Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of RR Donnelley Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of RR Donnelley Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of RR Donnelley Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about RR Donnelley Savings Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of RR Donnelley Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about RR Donnelley Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**RR DONNELLEY SAVINGS PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 and 2023**

**NOTE 1 – PLAN DESCRIPTION**

The following description of the RR Donnelley Savings Plan (the “Plan”) is provided for general information purposes only and covers current Plan provisions, except as specifically noted otherwise. For more complete information, refer to the Summary Plan Description and the Plan document, including any modifications and amendments thereto. The Plan is a defined contribution plan sponsored by R. R. Donnelley & Sons Company (the “Company”) designed to allow eligible employees to save for retirement on a tax-advantaged basis. The Plan is intended to qualify as a cash or deferred arrangement under Section 401(k) of the Internal Revenue Code of 1986, as amended (the “Code”), and is subject to the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

***Administration***

The Plan is administered by the Plan’s Benefits Committee and its delegates and allocatees. The Plan’s assets are held in the RR Donnelley Savings Plan Trust (the “Trust”). Fidelity Management Trust Company (the “Trustee”) serves as the trustee of the Trust and custodian of the Plan’s assets. Fidelity Workplace Services LLC serves as the Plan’s recordkeeper.

***Eligibility***

With certain limited exceptions, all employees of the Company and its U.S. subsidiaries are eligible to become Plan members (“participants”). Elections to participate in the Plan are effective as soon as administratively practicable. The Plan has automatic enrollment provisions pursuant to which eligible employees are automatically enrolled 35 days (30 days prior to March 28, 2023) after being hired, in each case unless the employee opts out of automatic enrollment or elects to be enrolled earlier.

The Company acquired Valassis Communications, Inc. and its subsidiaries (“Valassis”) on July 19, 2024 and Valassis adopted the Plan and became a participating employer in the Plan effective on such date. Thereafter, Valassis employees are eligible to participate in the Plan.

***Contributions***

Eligible employees may elect to make before-tax, after-tax and Roth 401(k) contributions under the Plan. Subject to certain limitations, the contribution election percentages allowed are from 1%-85% of eligible compensation for before-tax, after-tax and Roth 401(k) contributions, and the total of all elections cannot exceed 85% of eligible compensation. Before-tax and Roth 401(k) contributions are also limited by governmental regulations. One of these limits also applies to after-tax contributions. Participants who are eligible employees and have attained age 50 by the end of the Plan year are eligible to make catch-up contributions and thereby exceed certain governmental limits that would otherwise apply. Participants who are eligible employees can change contribution elections at any time.

Individuals who are automatically enrolled make before-tax contributions equal to 5% of eligible compensation. Any automatically enrolled participant who is an eligible employee will have their contribution rate automatically increased by 1% each April 1, until their contribution rate equals 10% or until they cease to participate in this automatic increase program.

The Company makes matching contributions to participants at a rate of 25% for every before-tax, Roth 401(k) and catch-up contribution dollar the participant contributes, excluding for this purpose participant contributions in excess of 5% of the participant’s eligible compensation. The Plan permits the Company to provide discretionary matching contributions and discretionary profit sharing contributions. Furthermore, from time to time, the Company may make different matching contributions in connection with a corporate transaction, such as an acquisition. These matching contributions are generally made for only a limited time period.

Employees may also roll over amounts to the Plan that are distributed from certain types of retirement plans and accounts. During 2024, Valassis employees were permitted to roll over into the Plan their account balances from the defined contribution retirement plan that was sponsored by Vericast Corp., the parent of Valassis Communications, Inc., prior to Valassis being acquired by the Company.

***Participant Accounts***

Each participant’s account is credited with the participant’s contributions and the Company’s contributions, if any, and allocations of Plan earnings or losses. Participant accounts are charged with an allocation of general administrative expenses and with participant-

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 and 2023

#### NOTE 1 – PLAN DESCRIPTION (CONT.)

##### *Participant Accounts (cont.)*

specific transaction charges. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

##### *Vesting and Forfeited Accounts*

Participants are vested immediately in their contributions and the earnings thereon. Participants vest in Company matching contributions and profit sharing contributions that are made on or after September 1, 2022, and the earnings thereon, upon the earlier of (i) 1 year of service, (ii) reaching age 65, or (iii) effective March 28, 2023, termination of employment due to death. Generally, participants are 100% vested in Company matching contributions and profit sharing contributions that were made prior to January 1, 2022.

At December 31, 2024 and 2023, the Plan held \$40,486 and \$270,574 of forfeited non-vested amounts, respectively. During 2024, as permitted by Plan provisions when forfeited non-vested amounts are available, the Plan used \$382,525 of forfeitures to reduce employer contributions.

##### *Notes Receivable from Participants*

Subject to statutory and regulatory requirements and Plan rules, participants are generally permitted to borrow up to 50% of certain portions of their vested account balance. The minimum loan amount is \$1,000. The loans bear interest at a rate equal to 1% over the prime rate on the first business day of the month in which the loan is initiated. Principal and interest are generally paid through payroll deductions.

##### *Benefit Payments and Withdrawals*

A participant's account balance may be distributed in various forms and at various times depending on multiple factors, including the participant's employment status, the participant's age, the participant's financial need, the participant's uniformed services status, the classification of the contributions to the participant's account and the type of investments held in the participant's account. Distributions can be taken in various ways, including as one or more lump sums or as periodic installments. Additionally, in certain situations, brokerage account assets may be distributed in-kind.

##### *Investment Options*

Participants are permitted to direct how their account balance under the Plan is invested. Subject to certain restrictions, participants can change investment elections on a daily basis. As of December 31, 2024 and 2023, the following investment options were offered under the Plan:

**Core Investment Funds**— investment funds that invest in different asset classes, such as fixed income, bonds, and stocks.

**Target Date Funds**— mix of investments in core investment funds that automatically reduce their level of equity risk over time and target retirement at age 65.

**Target Date Retirement Income Fund**— a conservative portfolio comprised of a mix of investments in core investment funds with equity risk maintained lower than any other Target Date Fund.

**Self-Directed Brokerage Accounts**— participants may invest a portion of their account balance under the Plan in investment options not otherwise offered under the Plan, such as certain mutual funds, stocks, or bonds, by directing such portion of their account balance to be invested through a self-directed brokerage account under the Plan.

##### *Recent Regulatory Pronouncements*

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the years ended December 31, 2024 and 2023. Plan management is evaluating the impact of optional SECURE 2.0 provisions and awaiting additional regulatory guidance from the Internal Revenue Service ("IRS") and the Department of Labor ("DOL"). The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements. The Plan will be amended to reflect any changes made in response to SECURE 2.0 prior to the deadline set by law or applicable regulations.

**RR DONNELLEY SAVINGS PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 and 2023**

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Accounting***

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“US GAAP”). The accounts of the Plan are maintained on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

***Use of Estimates***

The preparation of financial statements in conformity with US GAAP requires the Plan Administrator to make estimates and assumptions that affect (i) the reported amounts of assets, liabilities and changes therein, and (ii) disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***

The Plan’s investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements, including details on inputs, valuation techniques and the fair value levels within the fair value hierarchy.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation of investments included in the accompanying Statement of Changes in Net Assets Available for Benefits includes realized gains or losses from the sale of investments during the year, the change in unrealized appreciation or depreciation in the fair value of investments held during the year and any investment related expenses, such as investment manager fees.

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Fees related to the administration of notes receivable from participants are included in the principal amount borrowed and are charged directly to a participant by reducing the amount of principal disbursed to the participant at loan origination.

***Plan Distributions***

Benefit payments to participants are recorded upon distribution.

***Administrative Expenses***

Certain expenses of maintaining the Plan are paid by the Plan, unless paid by the Company. Expenses paid by the Company may include certain legal fees, and some other administrative fees and are excluded from these financial statements. Administrative expenses paid by the Plan include recordkeeping fees, investment consulting fees, custody fees, audit fees, and most other administrative fees. Investment related expenses paid by the Plan, such as investment management fees, are included in net appreciation in fair value of investments.

***Risks and Uncertainties***

The Plan provides various options for investing in securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

As of December 31, 2024 and 2023, the Plan’s investments in excess of 10% of the Plan’s net assets available for benefits were concentrated within one fund valued at \$378,217,025 and \$303,841,455, respectively.

## RR DONNELLEY SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 and 2023

#### NOTE 3 – GALLIARD STABLE VALUE FUND

The Plan assets include benefit-responsive investment contracts via investment in the Galliard Stable Value Fund (“the Fund”), an investment option of the Plan. The Fund is solely owned by the Plan and therefore the Plan owns the Fund’s underlying contracts and investments.

The Fund primarily invests in security-backed contracts issued by insurance companies and other financial institutions. A security-backed contract is an investment contract issued by an insurance company or other financial institution, backed by a portfolio of bonds or units of a collective fund that are owned by the Fund. The portfolio underlying the contract is maintained separately from the contract issuer’s general assets, usually by a third party custodian. These contracts typically allow for realized and unrealized gains and losses on the underlying assets to be amortized, usually over the duration of the underlying investments, through adjustment to the future interest crediting rate, rather than reflected immediately in the net assets of the Fund. The security-backed contracts are designed to reset their respective crediting rates on a quarterly basis and cannot credit an interest rate that is less than 0%. The issuer guarantees that all qualified participant withdrawals will be at contract value.

The Fund’s investments are reported at contract value, except for a short-term investment collective trust fund used for liquidity, which is at fair value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate a permitted transaction under the terms of the Plan and the contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Risks arise when entering into any investment contract due to the potential inability of the issuer to meet the terms of the contract. In addition, security-backed contracts have the risk of default or the lack of liquidity of the underlying portfolio assets. The credit risk of each issuer is evaluated and monitored through Galliard’s credit analysis, and the underlying portfolio assets are rated investment grade at the time of purchase.

The primary variables impacting the future crediting rates of security-backed contracts include:

- The current yield of the assets underlying the contract;
- The duration of the assets underlying the contract; and
- The existing difference between the fair value and contract value of the assets within the contract.

The crediting rate of security-backed contracts will track current market yields on a trailing basis. The rate reset allows the contract value to converge with the fair value of the underlying portfolio over time, assuming the portfolio continues to earn the current yield for a period of time equal to the current portfolio duration.

Security-backed contracts generally provide for withdrawals associated with certain events which are not in the ordinary course of Fund operations and are paid with a market value adjustment. Events that may trigger a market value adjustment can include the following:

- Material amendments to the Fund’s structure or administration;
- Changes to the participating plans’ competing investment options including the elimination of equity wash provisions;
- Complete or partial termination of the Fund, including merger with another fund;
- The failure of the Fund to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA;
- The redemption of all or a portion of the interests in the Fund held by a participating plan including withdrawals due to the removal of a specifically identifiable group of employees from coverage under the participating plan, the closing or sale of a subsidiary, employing unit, or affiliate, the bankruptcy or insolvency of a plan sponsor, the merger of the plan with another plan, or the plan sponsor’s establishment of another tax qualified defined contribution plan;
- Any change in law, regulation, ruling, administrative or judicial position, or accounting requirement, applicable to the Funds or participating plans; and
- The delivery of any communication to plan participants designed to influence a participant not to invest in the Fund.

**RR DONNELLEY SAVINGS PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 and 2023**

**NOTE 3 – GALLIARD STABLE VALUE FUND (CONT.)**

At this time, the Fund does not believe that the occurrence of any such market value event, which would limit the Fund's ability to transact at contract value with participants, is probable. Participants may redeem their shares at any time at contract value.

**NOTE 4 – FAIR VALUE MEASUREMENTS**

Various inputs are used in determining the fair value of the Plan's investments. These inputs are categorized in the three tier value hierarchy, which prioritizes valuation methodology based on the reliability of inputs, as listed below:

Level 1 – Valuations based on quoted prices for identical assets and liabilities in active markets.

Level 2 – Valuations based on observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Valuations based on unobservable inputs reflecting the Plan's own assumptions, consistent with reasonably available assumptions made by other market participants.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of the input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description by major asset categories of the valuation methodologies and levels used for determining fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

*Cash* – Consists of money market funds valued at the respective fund's published market price, which is a constant net asset value of \$1 per unit and cash reserves valued at the carrying value which approximates fair value. Cash is classified as Level 1.

*Equity securities* – The values of individual equity securities, primarily preferred and common stock, are based on quoted prices in active markets. As such, these assets are classified as Level 1.

*Collective trust funds* – The fair values of participation units held in collective trusts are based on the net asset value ("NAV") reported by the fund managers as of the financial statement dates and recent transaction prices, but are not quoted on active markets. The NAV is used as a practical expedient. Each collective trust provides for daily redemptions by the Plan at reported NAVs per share, with no advance notice requirement, except for one fund that requires three days' advance notice.

*Registered investment companies* – Valued at the daily closing price as reported by the fund. Investments held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1 measurements).

*Self-directed brokerage accounts* – The individually managed self-directed brokerage accounts are also classified as Level 1 since the underlying investments are actively traded on a market or exchange.

The valuation methodologies described above may generate a fair value calculation that may not be indicative of net realizable value or future fair values. While the Plan believes the valuation methodologies used are appropriate, the use of different methodologies or assumptions in calculating fair value could result in different amounts. The Plan invests in various assets the valuation of which is determined by NAV. The Plan believes that the NAV is representative of fair value at the reporting date, as there are no significant restrictions on redemption of these investments or other reasons to indicate that the investment would be redeemed at an amount different than the NAV.

\* In accordance with U.S. GAAP, certain investments that are measured at NAV per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy as of December 31, 2024 and 2023. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value presented in the statements of net assets available for benefits.

**NOTE 5 – TAX STATUS OF THE PLAN**

The Plan obtained its latest determination letter on September 30, 2016, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code, including Sections 401(a) and 401(k) of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator, having consulted with the Plan’s counsel, believes that the Plan remains tax-exempt as of the financial statement date.

US GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken. The Plan has not recognized interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 and 2023**

**NOTE 6 – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, the rights of the participants in their account balances will, to the extent not already vested, become 100% vested.

**NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are managed by the Trustee. Fees paid by the Plan to the Trustee for investment management services are party-in-interest transactions for which there is an exemption from the prohibited transactions rules of ERISA. The Plan reimburses the Company for certain employees' compensation and related benefit costs related to the administration of the Plan and such reimbursements constitute a party-in-interest transaction for which there is an exemption. In addition, notes receivable from participants constitute party-in-interest transactions for which there is an exemption.

**NOTE 8 – INFORMATION CERTIFIED BY THE TRUSTEE**

The Plan Administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements is complete and accurate:

- Plan investments and notes receivable from participants as shown in the statements of net assets available for plan benefits as of December 31, 2024 and 2023
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for plan benefits for the year ended December 31, 2024
- Supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

**NOTE 9 – RECONCILIATION TO FORM 5500**

The following table reconciles the financial statements to the Plan Form 5500 as filed for the Plan:

|   | <u>2024</u>             | <u>2023</u>             |

| Net increase in Net Assets Available for Benefits<br>per the Form 5500            | <u>\$ 220,779,000</u> |

**NOTE 10 – PLAN AMENDMENTS**

The Plan is amended from time to time for various matters, including in connection with acquisitions to provide, among other things, eligibility to participate in the Plan, recognition of prior service, and matching and/or profit-sharing contributions for certain (usually collectively bargained) participants.

**NOTE 11 – SUBSEQUENT EVENTS**

The Company acquired Williams Lea on January 31, 2025 and Williams Lea adopted the Plan and became a participating employer in the Plan effective on February 14, 2025. Thereafter, Williams Lea employees are eligible to participate in the Plan.

The Plan has evaluated subsequent events through October 14, 2025, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.
