INDEPENDENT AUDITORS' REPORT

To the Trustees of Facilities Management Services
401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Facilities Management Services 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Facility Management Services 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are

INDEPENDENT AUDITORS' REPORT (CONTINUED)

required to be independent of Facilities Management Services 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Facilities Management Services 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Facilities Management Services 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Facility Management Services 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter

The trustee did not provide a breakdown of investment income between appreciation in fair value and interest and dividends, as is required by accounting principles generally accepted in the United States of America (GAAP). The effect of this departure from GAAP is not considered to be material. Our opinion is not modified with respect to this matter.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FACILITIES MANAGEMENT SERVICES 401(K)
RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

A. DESCRIPTION OF PLAN

The following description of the Facilities Management Services 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General - The Plan is a defined contribution plan, with a 401(k) feature, covering all employees of Facilities Management Services, Inc. (Company) who have completed one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan Sponsor. The original Plan became effective January 1, 2008, and at various times has been amended to modify certain of its provisions.
2. Contributions - Contributions may consist of (a) salary deferral contributions and (b) Company matching contributions. Participants may contribute any percentage of their eligible compensation, subject to limitation of the Internal Revenue Code (IRC). Contributions may be allocated to the available investment options at the discretion of the participant. Gains and losses under the Plan are valued on a daily basis and allocated to participant accounts based on account balances.

Effective May 1, 2013, the Plan was amended to include safe harbor employer matching contributions. At that time, the Company began making safe harbor matching contributions of 100% of the elective deferral that does not exceed 3% of compensation, plus 50% of the elective deferral that exceeds 3% of compensation but does not exceed 5% of compensation. Prior to the May 1, 2013 plan amendment, the Plan had an automatic enrollment feature for all eligible employees. Eligible employees were enrolled automatically in the Plan at a 3% pre-tax contribution rate unless they formally opted-out of the Plan or elected to contribute at a higher or lower rate.

The Plan also accepts rollover contributions from other qualified plans. Rollovers are credited to a participant's rollover contribution account, are treated in a manner similar to before-tax contributions for Plan accounting and federal income tax purposes and are not eligible for matching contributions by the Company.

3. Participant Accounts - Each participant's account is credited with an allocation of the (a) Company's contribution, (b) plan earnings and (c) forfeitures of terminated participant's non-vested accounts. Allocations are based on participant earnings and on account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.
4. Vesting - Participants are immediately vested in their voluntary contributions (if any) plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of credited service. A participant is 100 percent vested after six years of credited service.
5. Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by any outstanding loans. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.75% to 7.25%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are payable ratably through regular payroll deductions.

A. DESCRIPTION OF PLAN - (Continued)

6. Payment of Benefits - On termination of service, a participant will receive the value of his or her account in a single lump-sum amount. In addition, hardship distributions are permitted if certain criteria are met.
7. Forfeitures - When certain terminations of participants in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are utilized to reduce administrative expenses of the Plan for the plan year, then any remaining forfeitures are applied to participants accounts in proportion to elective deferrals. However, if the participant is re-employed and fulfills certain requirements, as defined in the Plan, the participant's account will be reinstated. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$2,142 and \$2,289, respectively.

B. SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting. The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.
2. Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
3. Investment Valuation - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. The trustee has provided the plan administrator a certification attesting that the information provided to the plan administrator by the trustee is complete and accurate.

Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation in fair value of investments, which consists of realized gains or losses, unrealized appreciation and depreciation, interest and dividends on those investments. The trustee did not provide a breakdown of investment income between appreciation in fair value and interest and dividends, as is required by accounting principles generally accepted in the United States of America (GAAP). The effect of this departure from GAAP is not considered to be material.

4. Notes Receivable from Participants - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.
5. Payments of Benefits - Benefits are recorded when paid. Accordingly, benefits payable to persons that have elected to withdraw from the Plan but not yet paid have not been accrued.
6. Risks and Uncertainties - The Plan provides for various investment options in a combination of different investment securities. The Plan's investments are exposed to various risks, including, but not limited to, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value in investment securities, it is at least reasonably possible that changes in risks in the near term

could materially affect participants' account balances and the amounts reported in these financial statements.

7. Administrative Expenses - The Company, at its discretion, may absorb certain costs of the administration of the Plan to maximize the benefit available to the participants. The expenses include, but are not limited to trustee, legal, and accounting fees. Fees for the administration of notes receivable from participants are included in investment expenses and charged directly to the participant's account.

C. TAX STATUS

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter and the plan administrator and the trustee believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

D. FAIR VALUE MEASUREMENTS

The Plan measures certain financial assets and liabilities at fair value in accordance with FASB ASC topic 820, Fair Value Measurements and Disclosures, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). In accordance with authoritative guidance, fair value measurements are classified under the following hierarchy:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

D. FAIR VALUE MEASUREMENTS - (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money market portfolio: Valued using amortized cost which approximates fair value.

Mutual funds: Valued at the fund's quoted price, which is in an active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

transactions qualify as party-in-interest transactions. Investment management fees paid to the trustee during the plan year ending December 31, 2024 and 2023 totaled \$29,450 and \$25,850, respectively.

G. PLAN TERMINATION

Although they have not expressed any interest to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the participants will become 100 percent vested in their accounts.

H. SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events through October 12, 2025, the date which the financial statements were available to be issued.
