Report of Independent Auditors

The Plan Administrator
MultiCare Health System 403(b) Employee Savings Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MultiCare Health System 403(b) Employee Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of MultiCare Health System 403(b) Employee Savings Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

MultiCare Health System 403(b) Employee Savings Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the MultiCare Health System 403(b) Employee Savings Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America (GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MultiCare Health System 403(b) Employee Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of MultiCare Health System 403(b) Employee Savings Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of MultiCare Health System 403(b) Employee Savings Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter***Supplemental Schedule Required by ERISA***

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

MultiCare Health System 403(b) Employee Savings Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the MultiCare Health System 403(b) Employee Savings Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

General – The Plan is a defined contribution plan established by MultiCare Health System (the Company) under the provisions of Section 403(b) of the Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective September 30, 2024, the Plan was amended to include the Yakima Valley Memorial Hospital Tax Deferred Annuity Plan which merged into the Plan. As of September 30, 2024, Yakima Valley Memorial Hospital Tax Deferred Annuity Plan assets of \$16,475,349 were transferred into the Plan.

The Plan is administered by the Retirement Committee, which consists of certain employees of the Company. Empower Retirement is the recordkeeper of the Plan. American United Life Insurance Company (AULC) and Variable Annuity Life Insurance Company and VALIC Trust Company Inc. (VALIC) are the custodians of their respective group annuity contracts held by the Plan. Empower Trust Company, LLC, formerly Great-West Trust Company, LLC (Empower), is the trustee for the Plan and is also the custodian for all other assets held by the Plan. The Retirement Committee and NEPC, LLC (NEPC), serve as the investment manager for the Plan.

Eligibility – Employees identified as Puget Sound Region employees are eligible to contribute and may enter the Plan immediately upon date of hire. A Puget Sound Region employee is any employee of the Company that is not considered an Inland Northwest Region employee.

Contributions – Participants may elect to contribute eligible compensation, as defined by the Plan, subject to certain limitations under the IRC. Eligible participants who have attained age 50 may elect an additional catch-up contribution, subject to certain limitations under the IRC. Eligible participants who have at least 15 years of experience may elect to contribute an additional \$3,000, subject to certain limitations under the IRC. Participants may also contribute amounts representing distributions from other qualified plans, represented as participant rollovers.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with their eligible contributions and valued on a daily basis. Any investment or transactional expenses are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting – Participants are fully vested in all contributions and earnings thereon.

MultiCare Health System 403(b) Employee Savings Plan

Notes to Financial Statements

Notes receivable from participants – A participant may borrow up to 50% of his or her voluntary contributions, including pretax, Roth, and/or rollover contributions, up to a maximum of \$50,000. The minimum loan amount is \$1,000. Loans are repayable over periods ranging up to five years, unless the loan is used to acquire a principal residence, in which case the loan term may not exceed 15 years. Loans are secured by the balance of the participant's account. The interest rate on Plan loans held by Empower is based on 1% above the prime interest rate as published in *The Wall Street Journal* when the loan is made and is fixed over the life of the note. The interest rate on loans held by VALIC is set at an adjustable rate determined by VALIC that will not exceed a maximum rate comprising the monthly average of the composite yield used in Seasoned Corporate Bonds, as published by Moody's Investors Service, Inc. The interest rates on outstanding loans ranged from 4.16% to 9.50% at December 31, 2024, and the loans mature through December 2039.

Prior to October 1, 2010, Plan or policy loans were available to participants of the Annuity Plan through VALIC, subject to certain limitations. These loans were issued directly from the funds owned by VALIC and loan proceeds were not removed from the participants' account balances in the Annuity Plan. However, portions of the participants' account balances in the Annuity Plan were held in collateral and invested in a group annuity contract to cover the outstanding loan amounts for the period of time the loans were outstanding. Investments underlying defaulted loan balances are reflected in the statements of net assets available for benefits until a distribution event occurs. At December 31, 2024 and 2023, investments held in collateral to cover outstanding loan balances due to VALIC were approximately \$207,000 and \$194,000, respectively. During 2024 and 2023, account balances totaling approximately \$52,000 and \$53,000, respectively, were used to satisfy policy loan defaults, which have been recorded as benefit payments in the accompanying statement of changes in net assets available for benefits.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or monthly installments over a fixed reasonable period of time, not exceeding the life expectancy of the participant or designated beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Terminated participants with vested benefits greater than \$1,000 and less than \$5,000 will have their account transferred to another qualified account within the Plan. For termination of service with vested benefits of \$1,000 or less, a participant or beneficiary will automatically receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

MultiCare Health System 403(b) Employee Savings Plan

Notes to Financial Statements

Because certain historical records were not available at the Annuity Plan level, the Plan has excluded in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, certain annuity and custodial accounts, and related activity, issued to current and former employees prior to January 1, 2009. This accounting policy election is permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. However, U.S. generally accepted accounting principles require that these accounts and the related income and distributions be included in the accompanying financial statements. The amount of these excluded annuity and custodial accounts and the related income and distributions were not determinable.

Use of estimates – The preparation of financial statements in accordance with GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are reported at fair value and contract value. The Plan's trustees and custodians, Empower Annuity Insurance Company of America and Empower Trust Company, LLC, AULC, and VALIC, certify the contract value of the group annuity contract and the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan agreement.

Contributions – Contributions from participants are recorded in the year in which the employee contributions are withheld from compensation.

Payment of benefits – Benefits are recorded when paid.

Expenses – Administrative expenses may be paid by the Plan and, if paid by the Plan, are allocated to participants based upon individual account value or specific transaction. These expenses represent loan, investment, and brokerage account fees. All other administrative expenses are paid by the Company.

Subsequent events – The Plan has evaluated subsequent events through October 2, 2025, which is the date the financial statements were available to be issued.

MultiCare Health System 403(b) Employee Savings Plan

Notes to Financial Statements

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

Pooled separate accounts – Units held in pooled separate accounts (PSAs) are valued using the net asset value (NAV) practical expedient of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. The Plan invests in the AIG and FMTC variable accounts (pooled separate accounts), which invest mainly in mutual funds with a diversified strategy. There are no unfunded commitments from participants in the Plan who invest in these accounts. The Plan has no restrictions on its ability to redeem any of the above pooled separate accounts as of December 31, 2024.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Self-directed brokerage account – Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

MultiCare Health System 403(b) Employee Savings Plan

Notes to Financial Statements

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2024 and 2023:

Note 4 – Group Annuity Contracts

The Plan entered into a fully benefit-responsive investment contract (FBRIC) with Empower Annuity Insurance Company of America (Empower). Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

MultiCare Health System 403(b) Employee Savings Plan

Notes to Financial Statements

The contract meets the FBRIC criteria and is therefore reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower Annuity Insurance Company of America, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 5 – Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b).

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statements of net assets available for benefits.

Note 8 – Party-in-Interest Transactions

Empower Annuity Insurance Company of America is the contract issuer for the group annuity contract and is an affiliate of Empower Retirement, LLC, the recordkeeper. Therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Note 9 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA.

Note 10 – Reconciliation to Form 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.
