## Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance  
Leisure Care 401(k) Plan  
Seattle, Washington

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Leisure Care 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audits of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

### **Supplemental Information Required by ERISA**

The supplemental information of Schedule H, line 4a – schedule of delinquent participant contributions and Schedule H, line 4i – schedule of assets (held at end of year), as of or for the year ended December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# LEISURE CARE 401(k) PLAN

## NOTES TO FINANCIAL STATEMENTS

### Note 1 – Description of Plan

The following description of the Leisure Care 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### General and eligibility

The Plan was established on February 1, 1998, as a multiple-employer defined contribution plan available to eligible employees of Leisure Care, LLC and its affiliated companies (Sponsor or Sponsor Employer), and adopting employers (Participating Employers) who have executed an adoption agreement. The Plan has been amended and restated over the years to comply with tax legislation, and the most recent restatement was on January 1, 2022. Eligible employees of the Sponsor and Participating Employers may enter the Plan upon reaching age 21 and meeting the service requirements selected by the Participating Employers in their adoption agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Sponsor is responsible for oversight of the Plan, determining the appropriateness of investment offerings, and monitoring investment performance. The Plan contracted with The Lincoln National Life Insurance Company (Lincoln or the Custodian), who serves as the custodian of the Plan, processes and maintains the participant records and holds the Plan's investment assets.

#### Contributions

Each year, participants may contribute an amount of annual compensation as elected by the Sponsor, and Participating Employers, subject to Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Sponsor and Participating Employers may make discretionary matching contributions and discretionary profit-sharing contribution allocations. During the years ended December 31, 2024 and 2023, both the Sponsor's and Participating Employers' matching contributions were equal to 50% of the participant's deferrals, up to the lesser of 6% of a participant's eligible compensation, as defined, not to exceed \$3,000. For the year ended December 31, 2024, the aggregate Sponsor and Participating Employers matching contributions totaled \$915,565. Sponsor and Participating Employers' contributions are invested in funds in accordance with the participant's direction and the Plan's provisions.

Contributions are subject to certain IRS limitations.

#### Participant accounts

Each participant's account is credited with the participant's contribution, and an allocation of: (a) their Participating Employers contributions, if any, and (b) Plan earnings or losses. Participants are charged with his or her withdrawals and an allocation of Plan administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

**LEISURE CARE 401(k) PLAN**  
**NOTES TO FINANCIAL STATEMENTS, CONTINUED**

**Note 1 – Description of Plan, Continued**

Vesting

Participants are immediately vested in their individual deferrals, plus actual earnings or losses thereon. Vesting in the Sponsor or Participating Employer's contributions (if any), plus earnings or losses thereon, is based on years of credited service. Participants who become eligible, and are enrolled in the Plan, will receive vesting credit for years of service based only on the elapsed time method, as defined. A participant is fully vested after four (4) years of credited service based on a graded vesting schedule. Participant accounts become fully vested upon death, disability, normal retirement age of sixty-five (65), death, becoming disabled, or termination of the Plan.

Forfeitures

Forfeited nonvested accounts may be used to offset certain Plan administrative expenses or reduce future Sponsor or Participating Employers contributions. During the year ended December 31, 2024, forfeitures totaling \$469,384 were used to reduce the Sponsor and Participating Employers contributions and pay Plan administrative expenses. At December 31, 2024 and 2023, available forfeited nonvested accounts approximated \$223,000 and \$150,000, respectively.

Notes receivable from participants

Plan participants are permitted to borrow from their account a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms range from one to five years unless the loan is used to acquire a principal residence of the participant which must be repaid in a reasonable period of time not to exceed thirty years. Loans are secured by the vested account balance in the participant's account, and bear interest at the prime rate plus 1%. A participant may only have one (1) loan outstanding at any time. Any delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Principal and interest are repaid through regular payroll deductions.

Payment of benefits

Upon termination of service due to death, disability, or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed \$5,000 or elect a lump-sum distribution. Participants with vested amounts less than \$5,000 must elect a lump-sum distribution. Participants may elect to take an in-service distribution of their vested accounts if they meet certain defined requirements, including becoming disabled, early retirement (age 59½), or due to heavy financial hardship, as defined. Early retirement and hardship withdrawals are limited to the participant's vested pre-tax or after-tax deferral account balances.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan investment assets. Certain administrative expenses are paid directly by the Sponsor and Participating Employers and are not reflected in these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Plan administration

The management and administration of the Plan is the responsibility of the Sponsor and its designee. Lincoln holds the Plan's investment assets and has substantially all the responsibility for investment, reinvestment, control and disbursement of the funds. Lincoln invests cash received, interest and dividend income and makes distributions to participants (subject to the direction of participants).

# LEISURE CARE 401(k) PLAN

## NOTES TO FINANCIAL STATEMENTS, CONTINUED

### **Note 1 – Description of Plan, Continued**

#### Plan administration, continued

The Sponsor contracted with 3(16) Fiduciary Services to act as the Plan's fiduciary and National Professional Planning Group, Inc. (NPPG) for third-party administrative services.

### **Note 2 – Summary of Significant Accounting Policies**

#### Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

#### Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is valued at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Custodian.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

#### Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates, and those differences may be material.

#### Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible changes in such risks in the near-term would materially affect participants' account balances and the amounts reported in the financial statements.

#### Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are charged directly to the borrowing participants' accounts and included as administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable is reduced and a benefit payment recorded.

#### Payment of benefits

The Plan records benefits when paid.

## LEISURE CARE 401(k) PLAN

### NOTES TO FINANCIAL STATEMENTS, CONTINUED

#### **Note 2 – Summary of Significant Accounting Policies, Continued**

##### Contributions

Contributions from Plan participants and the matching contributions from the Participating Employer are recorded in the year in which the employee contributions are withheld from compensation.

##### Plan expenses

The Plan classified certain administrative expenses as an expense rather than as a reduction of investment income. Substantially all administrative expenses for maintaining the Plan are paid by the Sponsor and Participating Employers and are not reflected in these financial statements. Certain expenses paid by the Plan consist of recordkeeping, custodian, and third-party administrator fees. Certain participant directed transactions such as loan processing fees are charged directly to participants' accounts.

##### Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2024, that it would be unable to substantiate.

#### **Note 3 – Certified Investment Information**

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Lincoln National Life Insurance Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2024 and 2023;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024; and
- Investment information included in the Schedule H, Line 4i – Schedule of Assets (held at end of year) as of December 31, 2024, as shown on the ERISA-required supplemental information.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental information, including assessing whether the supplemental information is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

#### **Note 4 – Fair Value Measurements**

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

**LEISURE CARE 401(k) PLAN**  
**NOTES TO FINANCIAL STATEMENTS, CONTINUED**

**Note 4 – Fair Value Measurements, Continued**

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

A financial investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodology used at December 31, 2024 and 2023. During the years ended December 31, 2024 and 2023, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the value methodology used for assets measured at fair value:

*Pooled separate accounts* - Valued at net asset value (NAV) based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs, but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments, measured at fair value on a recurring basis as of December 31, 2024 and 2023:

	Fair Value Measurements as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 44,226,553	\$ -	\$ 44,226,553

  

	Fair Value Measurements as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 43,043,945	\$ -	\$ 43,043,945

**NOTES TO FINANCIAL STATEMENTS, CONTINUED**

**Note 5 – Guaranteed Investment Contract with Insurance Company**

The Plan invests in a fully benefit-responsive investment contract issued by Lincoln, the issuer. Contract value of the Guaranteed Stable Value Account (GSV) as reported by Lincoln amounted to \$369,437 and \$588,768, as of December 31, 2024 and 2023, respectively.

Lincoln maintains contributions in its general account. The GSV is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Lincoln is contractually obligated to repay the principal and interest under the terms of the contract. Contributions received are credited with the applicable crediting rate. Interest is credited daily at a rate not less than the guaranteed minimum interest rate of 1.0%, as contractually specified. The interest crediting rate is reset by Lincoln every six months. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of Lincoln or otherwise.

The Plan's ability to receive amounts due is dependent on Lincoln's ability to meet its financial obligations. Lincoln's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with Lincoln. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Sponsor or other Sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with Lincoln and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow Lincoln to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of a material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of Lincoln.

Based on ongoing credit evaluations of its guaranteed investment contract investments, Plan management does not expect payment defaults or delinquencies and has not recorded an allowance for credit losses for these investments as of December 31, 2024 and 2023.

**Note 6 – Excess Contributions Payable**

During 2024 and 2023, the Plan received contributions from participants in excess of Plan and IRS limitations. Such excess contributions were refunded to participants in each of the subsequent years with a liability and corresponding reduction to contributions recorded in the year the excess contribution was received.

**Note 7 – Party-In-Interest Transactions**

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Sponsor, Participating Employers, and certain others. The Plan invests in various funds offered by Lincoln. These transactions are considered party-in-interest transactions because Lincoln serves as the custodian and recordkeeper of the Plan. Such transactions are exempt from the prohibited transaction rules under ERISA.

Certain administrative functions are performed by officers and employees of the Sponsor. No officer or employee receives compensation from the Plan for these services.

**LEISURE CARE 401(k) PLAN**  
**NOTES TO FINANCIAL STATEMENTS, CONTINUED**

**Note 7 – Party-In-Interest Transactions, Continued**

Lincoln receives revenue from service providers for services Lincoln provides to the pooled accounts. This revenue is used to offset certain amounts owed to Lincoln for its administrative services. Fees incurred for the Plan for investment management services are included in net appreciation in fair value of investments, which were not covered by revenue sharing.

The Plan also made direct payments to service providers which were not covered by revenue sharing. The Plan contracted with NPPG for third-party administrative services. The Plan compensates NPPG directly for such services which is included in administrative expenses for the year ended December 31, 2024, in the accompanying statement of changes in net assets available for benefits.

**Note 9 – Plan Termination**

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their respective Participating Employer's contributions.

**Note 10 – Tax Status**

On June 30, 2020, the IRS stated that the Non-Standardized Pre-Approved profit-sharing plan with CODA adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the Plan and its related trust are tax-exempt. The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended since adoption, however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

**Note 11 – Delinquent Participant Contributions**

For the year ended December 31, 2024, the Sponsor and Participating Employers failed to remit to the Plan certain participant contributions and loan repayments totaling \$129,630, within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions as defined by ERISA. The 2024 delinquent participant contributions and related lost earnings were corrected during the year ending December 31, 2025.

**Note 12 – Subsequent Events**

The Plan evaluated events occurring subsequent to December 31, 2024 through October 10, 2025, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
