INDEPENDENT AUDITOR'S REPORT

To the Retirement Governance and Investment Committee of
Pinto Valley Mining Corp. Retirement Savings Plan for Salaried Employees
Miami, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pinto Valley Mining Corp. Retirement Savings Plan for Salaried Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

PINTO VALLEY MINING CORP.
RETIREMENT SAVINGS PLAN FOR SALARIED EMPLOYEES
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN

Pinto Valley Mining Corp. (the Company) established the Pinto Valley Mining Corp. Retirement Savings Plan for Salaried Employees (the Plan) as a qualified retirement plan effective January 1, 2013, to provide employees with the opportunity to save for retirement on a tax-advantaged basis. The Plan was amended and restated effective October 10, 2023. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the legal plan document for a more complete description of the Plan's provisions.

Plan Transfer: During 2024, plan assets totaling \$2,893 were transferred from the Plan to the Pinto Valley Mining Corp. Retirement Savings Plan for Union Represented Employees. Plan assets totaling \$1,373,751 were transferred into the Plan from the Pinto Valley Mining Corp. Retirement Savings Plan for Union Represented Employees.

Eligibility: The Plan covers all eligible employees of the Company or any affiliate who has adopted the Plan, except union employees (covered by a collective bargaining agreement), leased employees, interns, residents of Puerto Rico, nonresident aliens, contract employees, and co-op students. Eligible employees may become active participants in the Plan on their date of hire.

Contributions: Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as a salary deferral. There are three types of salary deferrals: pre-tax 401(k) deferrals, Roth 401(k) deferrals and after-tax deferrals. Total deferrals in any taxable year may not exceed a dollar limit which is set by law. Participants at least age 50 or will attain age 50 before the end of a calendar year may elect to defer additional amounts to the Plan as catch-up contributions. Participants may revoke, or make any other modifications to, their salary deferral election at any time during the Plan year.

The Company makes a matching contribution equal to 100% of participants' salary deferrals. In applying the matching contribution, a participant's salary deferral for each payroll period that exceeds 6% of their eligible wages for such period will not be considered. The Company also has the discretion to true-up the matching contribution for the Plan year. The Company also makes a profit sharing contribution to the Plan equal to 8.5%, and for eligible wages over the taxable wage base, 5.7% of the eligible wages of all participants eligible to share in allocations. The profit sharing contribution will be allocated or divided among participants eligible to share in the contribution for the Plan year.

Participants are also permitted to deposit into the Plan distributions they have received from other retirement plans and certain IRAs as rollover contributions.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company contributions (b) Plan earnings and losses, and (c) forfeitures of discretionary matching and profit-sharing contributions and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are always 100% vested in their salary deferrals, employer contributions, and rollover contributions plus actual plan earnings thereon.

Payment of Benefits: Participants may receive a distribution of the vested portion of some or all of their accounts in the Plan upon termination of employment, normal retirement, or disability. A beneficiary will become entitled to receive a participant's vested account balance in case of death. If the vested account balance does not exceed \$5,000, then the vested account balance may only be distributed as a single lump-sum payment. If the vested account balance exceeds \$5,000, the participant must consent to any distribution before it is made. Vested account balances exceeding \$5,000 may be paid as a single lump-sum payment, installments, or partial withdrawals. Benefits under the Plan will be paid to participants in cash only.

Participants who have attained age 59½ may receive a distribution from the Plan from certain accounts prior to their termination of employment as an in-service distribution. Participants may also withdraw money for financial hardship. A hardship distribution may be made to satisfy certain immediate and heavy financial needs that a participant might have.

Notes Receivable from Participants: Loans are available to participants on a reasonably equivalent basis. The amount of the loan will be limited to the lesser of \$50,000 reduced by the excess of the highest outstanding balance of loans during the prior one-year period or ½ the participant's vested interest in the Plan. No loan in an amount less than \$1,000 will be made. All loans are adequately secured by the balance in the participant's account and charged a reasonable rate of interest. Generally, the term of the loan may not exceed five years unless the loan is for the purchase of a principal residence.

Forfeitures: Forfeitures may be used to pay Plan expenses or to offset employer contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$285,383 and \$306,363, respectively. During 2024, the Plan used \$196,899 of forfeitures to reduce employer contributions.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Plan Termination: Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participant accounts will continue to be 100% vested. The Company will direct the distribution of participant accounts in a manner permitted by the Plan as soon as practicable.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through July 29, 2025, which is the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments, other than the fully benefit responsive investment contract, are reported at fair value as further described in Notes 4 and 5. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are reported on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefits Paid to Participants: Benefits are recorded when paid.

Risks and Uncertainties: The Plan invests in various types of investment securities, including mutual funds and a fully benefit-responsive investment contract. These investments are subject to a range of risks, including interest rate risk, credit risk, market volatility, and geopolitical and economic uncertainty. Such risks could materially affect participants' account balances, and the amounts reported in the financial statements.

The fair values of individual securities or asset classes may fluctuate significantly due to changes in market conditions. Additionally, the fully benefit-responsive investment contract is subject to credit risk related to the issuer's financial capacity. It is at least reasonably possible that changes in the values of investment securities could occur in the near term and materially impact the amounts reported in the statements of net assets available for benefits.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Trust Company, LLC and John Hancock Life Insurance Company.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31:

	2024			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE 5 – GROUP ANNUITY CONTRACT

The Plan holds a fully benefit-responsive group annuity contract with John Hancock Life Insurance Company (U.S.A.) (John Hancock). This contract is reported at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The contract is credited with interest at a rate set by John Hancock, which is reviewed and may be reset semi-annually on January 1 and July 1. Under the terms of the contract, the interest crediting rate is guaranteed not to be less than 1%. John Hancock is contractually obligated to repay principal and credited interest to the Plan. The Plan's ability to receive amounts due is dependent on John Hancock's ability to meet its financial obligations.

Participant-initiated withdrawals are paid at contract value. However, withdrawals triggered by Plan sponsor actions—such as plan termination, mergers, spin-offs, layoffs, early retirement incentive programs, sales or closings of all or part of the Plan sponsor's operations, bankruptcy, or receivership—may be subject to market value adjustments or paid in five equal annual installments if the total amount of such withdrawals over the preceding twelve-month period exceeds 5% of the Plan's balance in the contract as of the start of such period.

The contract includes provisions that restrict direct transfers from the stable value fund to competing investment options. Transfers to such options are subject to an equity wash, requiring assets to be directed to a non-competing investment option for a designated period before being eligible to invest in a competing fund. Fees for plan recordkeeping or other services may be deducted from the assets of the stable value fund at the direction of the Plan sponsor.

The contract includes an optional market value recovery feature. If the Plan experiences a market value adjustment loss on a prior investment, John Hancock may add a corresponding recovery amount to the initial deposit into the contract. In such cases, an additional fee is charged until the recovery amount is recouped. As of the financial statement date, no events are currently probable of occurring that might limit the ability of the Plan to transact at contract value with John Hancock or with participants.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain other. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds an unallocated investment contract with John Hancock. John Hancock and affiliates are service providers to the Plan and, therefore, these transactions and the Plan's payment of fees to the service providers qualify as party-in-interests. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 7 – TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the non-standardized pre-approved plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended from the original non-standardized pre-approved plan document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023, to the Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 38,544,522	\$ 31,733,826

 Net assets per the Form 5500	 <u>\$ 38,543,458</u>	 <u>\$ 31,732,793</u>

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2024, per the financial statements to the net income reported in the 2024 Form 5500:

Increase in net assets available for benefits per the financial statements	\$ 5,439,838
Less: change in participant contributions receivable	<u>(31)</u>
 Net income per Form 5500	 <u>\$ 5,439,807</u>
