REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Employee Benefits Plan Committee
John Bean Technologies Corporation Savings and Investment Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of John Bean Technologies Corporation Savings and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE A - DESCRIPTION OF THE PLAN

The following description of the John Bean Technologies Corporation (the “Company”) Savings and Investment Plan (the “Plan”) provides general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a qualified salary-reduction plan under Section 401(k) of the Internal Revenue Code (the “IRC”), which covers substantially all full-time employees and certain eligible part-time employees of the Company (other than employees who generally reside or work outside of the United States and employees of subsidiaries that have not adopted the Plan). Such employees are eligible to participate in the Plan immediately upon commencement of their employment with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan is administered by the John Bean Technologies Corporation Employee Benefits Plan Committee (the Benefits Plan Committee), acting on behalf of the Plan sponsor, the Company. The Plan’s trustee is Fidelity Management Trust Company (the “Trustee”).

Effective January 1, 2024, the A&B Process Systems Corp 401(k) Profit Sharing Plan and Trust (“A&B Plan”) was merged into the Plan. The Plan was amended and restated effective January 1, 2024 to add A&B Process Systems Corp as a participating employer in the Plan effective January 1, 2024. On December 29, 2023, net assets, including notes receivable from participants, totaling \$35,479,825, were transferred from the A&B Plan to the Plan.

Effective January 1, 2023, the Plan was restated to incorporate all the previously effective Plan amendments.

On May 26, 2023, the Plan Sponsor entered into a stock purchase agreement and sold JBT AeroTech Corporation to OSHKOSH Corporation. As a result, effective August 1, 2023, the employees of JBT AeroTech Corporation and its subsidiaries (“Aerotech”), which were covered under the Plan, ceased to participate in the Plan, and Aerotech was removed as participating employers under the Plan. Due to the termination of the Aerotech employees participating in the Plan, a partial Plan termination was triggered, so all impacted participants became 100% vested in their Plan related accounts.

In addition, effective August 1, 2023, the Jetway Systems, Ogden, and Utah United Steel Workers Local 6162 Bargaining Unit, ceased to participate in the Plan, and no bargaining units are covered under the Plan going forward. Jetway Systems, Ogden, and Utah United Steel Workers Local 6162 Bargaining Unit shall not be eligible to receive any Company Nonelective Contributions.

Contributions

Participants may make elective deferrals of their annual compensation up to the IRC annual limit. The aggregate amount of such elective deferrals is contributed to a trust on a pre-tax or Roth basis. Participants may also elect to make after-tax contributions, either as an alternative to pre-tax or Roth contributions, or in addition to the maximum elective deferrals. The aggregate of pre-tax, Roth and after-tax contributions cannot exceed 75% of a participant’s total compensation (20% for highly compensated employees). Active employees who will attain age 50 or older during the year are eligible to make catch-up contributions up to the prescribed limit. Participants may also make rollover contributions to the Plan.

December 31, 2024 and 2023

The Plan provides for certain changes to Company contributions for eligible participants. The Company will make safe harbor matching contributions for participants who are eligible to receive matching contributions under the Plan. The safe harbor matching contribution formula is equal to 150% of all pretax, Roth, and after-tax contributions made up to 1% of each participant's compensation for each payroll contribution period and 100% of all pretax, Roth, and after-tax contributions made on the next 2% to 6% of each participant's compensation for each payroll contribution period ("Safe Harbor Matching Contribution"). The Company may make a safe harbor nonelective contribution and/or a discretionary matching contribution. No safe harbor nonelective contributions and or discretionary matching contributions were made during 2024 or 2023.

The Plan allows for an automatic enrollment contribution election of 3% for eligible employees. Contribution rates for eligible employees will automatically increase annually by 1% until reaching a contribution election of 6%.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in 1% increments, with a minimum of 2%, to any of the available investment options. Safe harbor matching contributions and Company matching contributions to the Plan are allocated to the investment options selected by the participants.

Vesting

Participants are immediately vested in their elective contributions any safe harbor nonelective contributions. Vesting in the safe harbor matching contributions is determined according to the following graduated schedule based on years of service.

<u>Years of Service</u>	<u>Percent Vested</u>
Fewer than 2	0%
2 or more	100%

Vesting in the Company matching contributions, discretionary matching contributions, and the Jetway Union nonelective contribution and related earnings is determined according to the following graduated schedule based on years of service.

<u>Years of Service</u>	<u>Percent Vested</u>
Fewer than 1	0%
At least 1 but fewer than 2	33 $\frac{1}{3}$
At least 2 but fewer than 3	66 $\frac{2}{3}$
3 or more	100

Effective August 1, 2023, participants become vested in their Company nonelective contributions as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
1 or less	33 $\frac{1}{3}$
2 but fewer than 3	66 $\frac{2}{3}$
3 or more	100

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Notwithstanding the foregoing, participants are immediately vested in all Company contributions upon separation from service due to disability, dying while employed by the Company, attainment of age 55 while employed by the Company, termination of service due to a permanent shutdown of a site, or if the Benefits Plan Committee, in its discretion, fully vests participants in connection with a transaction.

Benefit Payments

Upon termination of service, death, disability or attainment of age 59½, any participant may elect to immediately receive a lump-sum distribution equal to the vested interest of his or her account. Participants may, upon termination, elect to defer their lump-sum distribution or receive annual installments. Any unvested interests are forfeited. Forfeitures are used to restore forfeitures of participants that are rehired within five years, pay for certain administrative expenses of the Plan and reduce future Company contributions to the Plan.

Minimum required distributions for participants who have reached age 73 also apply per IRC regulations.

Forfeitures

Forfeited nonvested accounts are used to reduce administrative expenses or future Company contributions. Forfeited nonvested accounts as of December 31, 2024 and 2023 totaled \$261,769 and \$428,946, respectively. There were \$431,640 used to reduce Company contributions for the year ended December 31, 2024. There were \$190,059 forfeitures used to reduce administrative expenses for the year ended December 31, 2024.

Expenses

Certain administrative expenses of the Plan are paid by the Plan and constitute a charge upon the respective investment funds or upon the individual participants' accounts. Certain other Plan expenses can be paid by the Plan from the forfeitures balance, or by the Company.

Hardship Withdrawals

The Plan allows participants to make hardship cash withdrawals (subject to income taxation and Internal Revenue Service ("IRS") penalties) of some or all of their eligible vested account balances.

Notes Receivable from Participants

Eligible participants may borrow money from their Plan account in the form of loans. The minimum that may be borrowed is \$1,000. The maximum that may be borrowed is the lesser of \$50,000, or 50% of the participant's vested account balance. Loans, which are secured by the participant's vested account balance, must be repaid over not more than 60 months with interest at the prime interest rate at the inception of the loan. A participant may have up to two loans outstanding at any one time. Principal and interest are paid ratably through payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Plan and ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

Participant Accounts

Each participant's account is credited with the participant's contributions, any applicable Company contributions, and an allocation of Plan earnings, and charged with withdrawals, an allocation of administrative expenses, and Plan losses. Allocations of Plan earnings (losses) are based on the participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

The Plan's interest in the Master Trust is reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the Plan's interest in the Master Trust is based on the specific interest that it has in the underlying participant-directed investments of the Master Trust. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year. Net investment income is allocated to the Plan based on the Plan's specific interest in the Master Trust.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the participant loan is deemed to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments

Benefit distributions to participants are recorded when paid.

NOTE C - PARTY-IN-INTEREST TRANSACTIONS

Certain Master Trust investments are shares of funds managed by the Trustee.

The Company pays certain administrative costs of the Plan and provides certain administrative services to the Plan at a charge.

**John Bean Technologies Corporation
Savings and Investment Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Notes receivable from participants also constitute exempt party-in-interest transactions.

The Trustee provides certain administrative services to the Plan pursuant to a trust agreement between the Company and the Trustee. The Trustee receives revenue from mutual fund and collective trust fund service providers for services the Trustee provides to the funds. This revenue is used to offset certain amounts owed to the Trustee for its administrative services to the Plan. If the revenue received by the Trustee from such fund service providers exceeds the amount owed under the trust agreement, the Trustee remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or Company may make a payment to the Trustee for administrative expenses not covered by revenue sharing.

NOTE D - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Plan's interest in Master Trust, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Change in Plan's interest in Master Trust and interest income on notes receivables from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2024.

NOTE E - INTEREST IN MASTER TRUST

The Master Trust was established for the investment of assets of the Plan and another Company affiliated retirement plan. The assets of the Master Trust are held by the Trustee. Use of the Master Trust permits the commingling of assets for the participating plans. Although the assets are commingled in the Master Trust, the Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. Investment income and investment expenses relating to the Master Trust are allocated to the individual plans based upon the balances of participant accounts in each plan.

The net investment income of the Master Trust for the year ended December 31, 2024 is as follows:

Net appreciation in fair value of investments	\$ 49,911,935
Interest and dividend income	11,468,595
Net investment income	<u>\$ 61,380,530</u>

NOTE F - FAIR VALUE MEASUREMENTS

The fair value framework requires the categorization of assets and liabilities into three levels based upon the assumptions (inputs) used to price the assets or liabilities. Level 1 provides the most reliable measure of fair value; whereas Level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1 - Unadjusted quoted prices in active markets for identical assets and liabilities.

Level 2 - Observable inputs other than those included in Level 1. For example, quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets.

Level 3 - Unobservable inputs reflecting management's own assumptions about the inputs used in pricing the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value within the Master Trust. There have been no changes in the methodologies used as of December 31, 2024 and 2023:

Money market fund and mutual funds - Valued at the quoted net asset value ("NAV") of shares held by the Plan at year end traded on an active market.

Collective trust funds - An investment formed from the pooling of investments by institutional investors. The Plan's interest in the collective trusts is valued by the trustee based on the NAV of shares held by the Plan at year end as practical expedient fair value. Participant transactions (purchases and sales)

may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments of the collective trust funds. The funds have various objectives and certain funds seek to maximize long-term capital appreciation.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's investments at fair value as of December 31:

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 179,301,597	\$ -	\$ -	\$ 179,301,597

NOTE G - TAX STATUS

The Plan received a determination letter from the IRS on June 30, 2020, as to the qualified status of the Plan under Section 401(a) of the IRC. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is currently operated in compliance with the IRC and, therefore, is qualified, and the related trust is exempt from federal income taxes under Section 501(a) of the IRC. Accordingly, income taxes are not provided for in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE I - SUBSEQUENT EVENTS

Effective January 1, 2025, the Plan increased the automatic enrollment contribution election to 4% for eligible employees and contribution rates for eligible employees will automatically increase annually by 1% until reaching a contribution election of 10%.

The Plan administrator has evaluated subsequent events through October 15, 2025, the date the financial statements were available to be issued. There are no other subsequent events that require adjustment to or disclosure in these financial statements.
