## **Report of Independent Auditors**

The Plan Administrator  
MultiCare Health System 401(k) Plan

### **Report on the Audit of the Financial Statements**

#### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed an audit of the financial statements of MultiCare Health System 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

#### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MultiCare Health System 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Emphasis of Matter***

As discussed in Note 1 to the financial statements, effective September 30, 2024, the Yakima Valley Memorial Hospital 401(k) Plan assets were merged with and into the MultiCare Health System 401(k) Plan. Our opinion is not modified with respect to this matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MultiCare Health System 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MultiCare Health System 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MultiCare Health System 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter***

##### *Supplemental Schedule Required by ERISA*

The supplemental Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **MultiCare Health System 401(k) Plan**

### **Notes to Financial Statements**

---

#### **Note 1 – Description of Plan**

The following description of the MultiCare Health System 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

**General** – The Plan is defined-contribution plan originally established by Good Samaritan Community Healthcare under the provisions of Section 401(a) of the Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On November 14, 2012, the Board of Directors of MultiCare Health System (MHS or the Company) approved freezing the Plan effective December 31, 2015. No further contributions were allowed into the Plan effective December 31, 2015; however, loan repayments were permitted. All 401(k) participants at that time became eligible for the MHS 401(a) Retirement Account Plan as of January 1, 2016.

On July 1, 2017, MHS acquired Deaconess and Valley Hospitals and Rockwood Clinic, and all acquired employees became eligible for participation in the Plan. The Plan was reopened to allow for participation and contributions by eligible employees of Deaconess and Valley Hospitals and Rockwood Clinic only. This amendment also updated the employer contribution to follow new formulas and vesting requirements. The Plan was renamed as the MultiCare Health System 401(k) Plan. Effective March 1, 2018, eligible employees now include employees of the MHS Inland NW Regional Services. Only employees of Deaconess Hospital, Valley Hospital, Rockwood Clinic, and Inland NW Regional Services (Inland Northwest Region) are eligible for the Plan.

On April 1, 2021, MHS completed the purchase of Capital Medical Center, resulting in the establishment of the Capital Pacific Region. The Plan was amended to include the employees of Capital Medical Center. Employees who joined MHS via the purchase of Capital Medical Center were deemed eligible to participate in the Plan effective April 1, 2021.

On January 17, 2023, MHS completed its affiliation with Yakima Valley Memorial Hospital (Yakima), resulting in the establishment of the Yakima Valley Region. Effective September 30, 2024, the Plan was amended to include the Yakima Valley Memorial Hospital 401(k) Plan which merged into the Plan and eligible employees of Yakima Valley Memorial Hospital Association (Memorial) became eligible to participate in the Plan. Also, at that time, \$378,201,244 of Yakima Valley Memorial Hospital 401(k) Plan assets were transferred into the Plan.

Effective June 30, 2025, the Navos 401(k) Retirement Plan and Greater Lakes Mental Healthcare 401(k) Retirement Plan was merged into the Plan. As of June 30, 2025, Navos 401(k) Retirement Plan and Greater Lakes Mental Healthcare 401(k) Retirement Plan assets of \$20,262,269 and \$11,575,154, respectively were transferred to the Plan.

The Plan is administered by the Retirement Committee, which consists of certain employees of the Company. Empower Retirement is the recordkeeper of the Plan. Empower Trust Company, LLC, formerly Great-West Trust Company, LLC (Empower), is the trustee and custodian for the Plan. The Retirement Committee and NEPC, LLC (NEPC), serve as the investment managers for the Plan.

## MultiCare Health System 401(k) Plan Notes to Financial Statements

---

**Eligibility** – Employees of the Company hired on or before December 31, 2007, as defined by the Plan provisions, were eligible to participate in the Plan. As of January 1, 2016, with the freezing of the Plan, these participants became eligible to participate in the MHS 401(a) Retirement Account Plan.

Beginning July 1, 2017, the Plan was reopened to eligible employees of the Inland Northwest Region. Beginning April 1, 2021, the Plan also allowed eligible employees of the Capital Pacific Region. Beginning September 30, 2024, the Plan also allowed eligible employees of Yakima. Participation is limited to these groups as defined by the Plan provisions, excluding any employees currently eligible under the MultiCare Health System Retirement Account Plan. Eligible employees may participate immediately upon hire.

Employees are admitted to the Plan on the first day of the month following attainment of eligibility requirements.

**Contributions** – Inland Northwest Region participants may elect to contribute eligible compensation, as defined by the Plan, subject to certain limitations under the IRC. All other participants of the Plan are not eligible to make contributions into the Plan. Eligible participants who have attained age 50 may elect an additional catch-up contribution, subject to certain limitations under the IRC. Participants may also contribute amounts representing distributions from other qualified plans, represented as participant rollovers. Employees are eligible for matching contributions following one year of service. Matching contributions begin on the first full payroll after meeting the service requirement.

Each year, the Company contributes an amount to the Plan equal to a percentage of each participant's eligible compensation based on where the employee's primary position resides as defined by the following groups:

*Group A* – Applies to all employees assigned to work at any Rockwood Clinic. Each participant in this group who is eligible for an employer matching contribution as defined by Plan provisions receives a contribution equal to 50% of the participant's contribution up to a maximum of 6% of compensation, not to exceed 3% of eligible compensation.

*Group B* – Applies to all employees assigned to work at Deaconess Hospital, Valley Hospital, and Inland NW Regional Services. Each participant in this group who is eligible for an employer matching contribution, as defined by Plan provisions, receives a contribution of 100% of the participant's contribution on the first 1% of eligible compensation, then receives a contribution of 50% of the participant's contribution above 1% of eligible compensation up to a maximum of 6% of eligible compensation. All employer matching contributions in this group will not exceed 3.5% of eligible compensation for each participant.

*Group C* – Applies to all employees assigned to work at Capital Medical Center, Capital Medical Center Physicians, Capital Medical Center Specialty Physicians, and Capital Pacific Regional Services. Each participant in this group who is eligible for an employer matching contribution, as defined by Plan provisions, receives a contribution of 25% of the participant's contributions that do not exceed 6% of the participant's eligible compensation. All employer matching contributions in this group will not exceed 1.5% of eligible compensation for each participant.

## MultiCare Health System 401(k) Plan Notes to Financial Statements

---

*Group D* – Applies to all employees assigned to work at Yakima Valley Memorial Hospital, Signal Health and Memorial Foundation. Each participant in this group who is eligible for an employer matching contribution, as defined by Plan provisions, will receive a discretionary matching contribution. Discretionary Matching Contributions shall be made pursuant to the formula set forth in Section 3.1(a)(1) of the Plan. Furthermore, an eligible employee of Yakima who is not a participant in the Yakima Valley Memorial Hospital 401(k) Plan on September 30, 2024, including employees with no deferral election in place or who have a 0% deferral election on file under the Yakima Valley Memorial Hospital 401(k) Plan, shall be automatically enrolled in the Plan after 60 days of becoming eligible for the Plan, at a pre-tax contribution rate of 3% of eligible compensation.

Contributions are subject to regulatory limitations.

**Participant accounts** – Participant accounts are valued on a daily basis. Any investment or transactional expenses are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants direct the investment of their account into various investment options offered by the Plan.

**Vesting** – Participants in the Plan prior to July 1, 2017, are fully vested in all contributions and earnings thereon. Participants hired on or after July 1, 2017, are fully vested in participant contributions, including rollover contributions and earnings thereon. Vesting in the Company contributions and earnings thereon is based on years of service, as defined under the Plan document, according to the following schedule:

| <u>Years of<br/>Service</u> | <u>Vesting<br/>Percentage</u> |
|-----------------------------|-------------------------------|
| 0 – 1 year                  | 0%                            |
| 1 – 2 years                 | 20%                           |
| 2 – 3 years                 | 40%                           |
| 3 – 4 years                 | 60%                           |
| 4 – 5 years                 | 80%                           |
| 5+ years                    | 100%                          |

A year of service is earned for each calendar year where a participant earns a minimum 1,000 hours of service, as defined in the Plan document.

**Notes receivable from participants** – A participant may borrow 50% of his or her voluntary contributions, including pretax, Roth and/or rollover contributions, up to a maximum of \$50,000. The minimum loan amount is \$1,000. Loans are repayable through automatic deductions from the participant’s checking or saving account, and new loans may be repaid through payroll deductions over periods ranging up to five years, unless the loan is used to acquire a principal residence, in which case the loan term may not exceed 15 years. Loans are secured by the balance of the participant’s account. The interest rate is based on 1% above the prime interest rate as published in *The Wall Street Journal* when the loan is made and is fixed over the life of the note. The interest rates on outstanding loans ranged from 3.25% to 9.50% at December 31, 2024, and the loans mature through December 2040.

## **MultiCare Health System 401(k) Plan**

### **Notes to Financial Statements**

---

**Payment of benefits** – On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a life annuity, a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or an annuity to be paid in monthly installments over a fixed reasonable period of time, not exceeding the life expectancy of the participant or designated beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. For termination of service with vested benefits of \$1,000 or less, a participant or beneficiary will automatically receive the value of the vested interest in his or her account as a lump-sum distribution.

**Forfeitures** – Forfeitures are the nonvested portion of a participant's account that are lost upon termination of employment. Forfeitures may be used to restore participant balances and/or used to reduce future Company contributions or to pay administrative expenses. Forfeiture allocations for the years ended December 31, 2024 and 2023, were approximately \$207,000 and \$149,000, respectively. As of December 31, 2024 and 2023, unallocated forfeitures were approximately \$477,000 and \$273,000, respectively.

#### **Note 2 – Summary of Significant Accounting Policies**

**Basis of accounting** – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

**Use of estimates** – The preparation of financial statements in accordance with GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Investment valuation** – The investments are reported at fair value and contract value. The Plan's trustees, Empower Annuity Insurance Company of America and Empower Trust Company, LLC, certify the contract value of the group annuity contract and the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

**Income recognition** – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

**Contributions** – Contributions from participants and corresponding matching contributions are recorded in the year in which the related participant compensation is earned.

## MultiCare Health System 401(k) Plan Notes to Financial Statements

---

**Notes receivable from participants** – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan agreement.

**Payment of benefits** – Benefits are recorded when paid.

**Expenses** – Administrative expenses may be paid by the Plan and, if paid by the Plan, are allocated to participants based upon individual account value or specific transaction. These expenses represent loan, investment, and brokerage account fees. All other administrative expenses are paid by MHS.

**Subsequent events** – The Plan has evaluated subsequent events through October 2, 2025, which is the date the financial statements were available to be issued.

### **Note 3 – Fair Value Measurements**

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

*Registered investment companies (mutual funds)* – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

## MultiCare Health System 401(k) Plan Notes to Financial Statements

---

*Common collective trusts* – Units held in collective trusts (CTs) are valued using the NAV practical expedient of the CTs as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CTs, minus its liabilities, and then divided by the number of units outstanding. The CT can be redeemed daily, and there are no redemption restrictions or notice requirements.

*Self-directed brokerage account* – Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2024 and 2023:

|   | Fair Value Measurement at December 31, 2024 |         |         |                |

## **MultiCare Health System 401(k) Plan**

### **Notes to Financial Statements**

---

#### **Note 4 – Group Annuity Contracts**

The Plan entered into a fully benefit-responsive investment contract (FBRIC) with Empower Annuity Insurance Company of America (Empower). Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and is therefore reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower Annuity Insurance Company of America, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

#### **Note 5 – Tax Status**

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated November 18, 2013, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has been amended since the determination letter was received. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

## **MultiCare Health System 401(k) Plan Notes to Financial Statements**

---

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **Note 6 – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statements of net assets available for benefits.

### **Note 7 – Certified Investment Information**

The following information related to investments was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, a qualified institution:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investments reflected on the schedule of assets (held at end of year) as of December 31, 2024.

### **Note 8 – Party-in-Interest Transactions**

The Plan paid expenses related to the Plan's operations and investment management to various service providers. Empower Annuity Insurance Company of America is the contract issuer for the group annuity contract and is an affiliate of Empower Retirement, LLC, the recordkeeper. Therefore, transactions with these entities qualify as exempt party-in-interest transactions.

### **Note 9 – Plan Termination**

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

**Supplemental Schedule  
Required by the Department of Labor**
