INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries of the
Odyssey Reinsurance Company Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the financial statements of Odyssey Reinsurance Company Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section:

- the amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2024 financial statements.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2024 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter

2024 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 4, 2024 indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries of the
Odyssey Reinsurance Company Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the financial statements of Odyssey Reinsurance Company Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section:

- the amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2024 financial statements.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2024 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter

2024 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 4, 2024 indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The Odyssey Reinsurance Company Profit Sharing Plan (the “Plan”) is a defined contribution plan under the Internal Revenue Code (the “Code”) Section 401. Eligible employees of Odyssey Reinsurance Company and its subsidiaries (the “Company”) (the “Plan Administrator”) can become participants in the Plan. The Company is wholly owned by Odyssey Group Holdings, Inc., a privately held holding company, which through its subsidiaries, is an underwriter of insurance and reinsurance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Bank of America, N.A. (herein referred to as either “BANA” or “Trustee”) is the Plan's Trustee. To become a participant in the Plan, an employee must satisfy the following eligibility conditions: 1) reached the age of 21 and 2) served 1 hour with the Company. All U.S. employees are eligible to participate in the Plan except: employees covered by a collective bargaining agreement, non-resident aliens, employees of an affiliated company that is not a participating employer, leased employees, temporary employees, reclassified employees; effective September 19, 2003 all employees of Fairfax, Inc., the Company’s ultimate parent, who are not based in the offices of the Company and effective January 1, 2012 all employees who have signed, and are employed pursuant to a Premier Crop Agent Appointment Agreement.

The following summary of the Plan is provided for general purposes only. Participants should refer to the Plan document for the complete provisions of the Plan.

Contributions. Each year, participants may contribute up to 50 percent of pre-tax and after-tax (Roth 401(k)) annual compensation subject to annual Internal Revenue Service (“IRS”) contribution limits and up to 10 percent after-tax annual compensation as defined in the Plan. Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan adopted a “Safe Harbor” match formula effective January 1, 2006. The Company contributes 100 percent of the first three percent of pre-tax base compensation, and 50 percent on the next two percent that a participant contributes to the Plan. The maximum amount of pre-tax and after-tax (Roth 401(k)) contributions participants can make to the Plan for the 2024 taxable year was \$23,000. Participants, who are age 50 or older in 2024, may be eligible to contribute an additional before tax or after-tax (Roth 401(k)) amount up to \$7,500. Additional discretionary contribution amounts may be contributed at the option of the Company’s Board of Directors and are allocated pro-ratably based on the participant’s annual compensation in relation to total employee annual compensation. Participants direct the investment of their contributions, the Company’s matching contributions and the discretionary contributions into various investments offered by the Plan. Participants may change their investment options daily. Contributions are subject to certain limitations. There were no discretionary contributions during the year ended December 31, 2024.

Profit Sharing Contribution. Effective January 1, 2012, all employees hired on or after August 1, 2011 are eligible for an annual profit sharing contribution, subject to Plan limitations. The Company makes this contribution regardless of whether or not elective deferrals were made during the year. The profit sharing contributions are paid each January and will use prior year’s 401(k) compensation (base pay, short-term disability earnings and any overtime earnings) to determine the actual contribution for each employee. The profit sharing contributions are calculated as a percentage of earnings at the end of each year and allocated to participant accounts in January of the following year.

The profit sharing contribution percentages are based upon the employees’ years of service as follows:

Years of Service	Percent
Less than or equal to 5 years	6%
More than 5 years but less than or equal to 15	7%
More than 15 years	8%

Vesting. The profit sharing contribution amounts are vested based upon the following vesting schedule:

Years of Service	Percent
Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

Participants are vested immediately in their contributions plus actual earnings thereon. The Company's matching contribution and related earnings made after January 1, 2006 are no longer subject to vesting requirements, as they are fully vested when contributed. Discretionary contributions, if provided, plus actual earnings thereon are also vested immediately.

Participant accounts. A separate account is maintained for each participant and the account balances are adjusted daily. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (matching, discretionary and profit-sharing) (b) investment earnings/losses and (c) may be charged with an allocation of administrative expenses depending on the investment. Discretionary allocations are based on participant earnings or account balances, as defined. Participants may at any time revise their investment election, and may also at any time direct the transfer between investments of amounts up to the total value of their investment in any of these funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance in their account.

Forfeited balances of terminated participants' non-vested accounts can be used to reduce future Company contributions. During the year ended December 31, 2024, forfeitures of \$406,555 were used to reduce Company contributions. As of December 31, 2024 and 2023, forfeitures available to offset future contributions were \$720,683 and \$406,071, respectively.

Notes receivable from participants. The Plan provisions permit employees who have been Plan participants for at least one year to borrow a minimum of \$500 up to the maximum of the lesser of (a) \$50,000 (reduced by the highest outstanding loan balance of loans during the one-year period ending on the day before the new loan is made) or (b) 50% of the employee's vested account. Loans are repayable over a period of up to five years unless the loan is used to buy, build, rebuild or substantially rehabilitate the employee's principal residence, in which case the loan term may exceed 5 years. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 9.5 percent, which the Trustee believes are commensurate with interest rates charged for loans made under similar circumstances by lending institutions. Repayment of the loan plus interest is made via payroll deductions and credited to the participants' balance.

Payment of benefits. On separation of service due to death, disability, termination or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant or a beneficiary may have the option to keep the money in the Plan, no longer than to age 73, as an inactive participant and receive the distribution as a retirement benefit as long as the participant's account balance exceeds \$1,000. The Plan also allows payments prior to termination (in service withdrawals and/or hardship withdrawals).

Plan termination. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The accompanying financial statements are prepared on the accrual basis of accounting and are in accordance with accounting principles generally accepted in the United States of America (“GAAP”). The financial statements, notes to the financial statements and supplemental schedule are presented in U.S. dollars. The preparation of financial statements in conformity with GAAP requires the Plan to make estimates and assumptions, which could differ materially from actual results that affect the reported amounts of assets, liabilities, changes in net assets available for benefits and the disclosures of contingent assets and liabilities.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Investment Valuation and Income Recognition:

The Plan’s investments are stated at fair value.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of investments, which consists of the realized gains and losses and the unrealized appreciation and depreciation on these investments.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date. Gains and losses on sales of interest in various investments are calculated using the average historical cost.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Employer Contributions:

Included in the receivable for Employer contributions are amounts that represent the annual profit sharing contributions (see Note 1) and employer match true-up contributions as of December 31, 2024 and 2023. The December 31, 2024 Employer contributions receivable is comprised of the 2024 year profit sharing contributions of \$5,480,796 and \$165,502 that was paid into the Plan on January 30, 2025 and March 19, 2025, respectively. The employer match true-up contribution of \$354,347 was paid into the Plan on April 17, 2025.

Expenses:

Investment management fees are applied to the overall investment income from the respective funds (See Note 6). Administrative fees are accrued when incurred and are paid by the Plan.

Payment of Benefits:

Benefits are recorded when paid.

Subsequent Events:

The Plan has evaluated subsequent events through October 14, 2025, the date the financial statements were available for issuance, and believes no additional disclosures are required.

3. New Accounting Pronouncements

There are no new accounting pronouncements that need to be disclosed as of the date of these financial statements.

4. Fair Value Measurements

Accounting Standards Codification 820 *Fair Value Measurement* establishes a framework for measuring fair value. The framework provides a fair value hierarchy and prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). When the inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement in its entirety. For example, a Level 3 fair value measurement may include inputs that are observable (Levels 1 and 2) and unobservable (Level 3). Therefore, gains and losses for such assets and liabilities categorized within the Level 3 category may include changes in fair value that are attributable to both observable inputs (Levels 1 and 2) and unobservable inputs (Level 3). Financial assets and liabilities recorded in the Plan are categorized based on the inputs to the valuation techniques as follows:

Level 1: Financial instruments are financial assets and liabilities for which the values are based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access. For determining the fair value of its Level 1 investments, the Plan utilizes quoted market prices. The majority of the Plan's Level 1 investments are in readily marketable investment funds and the Self-Direct Brokerage Account that primarily invests in money market funds and common stocks. The fair value of the Level 1 self-direct brokerage investments is determined by utilizing publicly traded over the counter prices and broker-dealer prices provided by the Trustee.

Level 2: Financial instruments are financial assets and liabilities for which the values are based on quoted prices in markets that are not active, or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability. The Plan does not have any Level 2 investments. Level 2 inputs include the following:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in non-active markets;
- c) Pricing models, the inputs for which are observable for substantially the full term of the asset or liability; and
- d) Pricing models, the inputs for which are derived principally from, or corroborated by, observable market data through correlation or other means, for substantially the full term of the asset or liability.

Level 3: Financial instruments are financial assets and liabilities for which the values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect the Plan's own assumptions about the methodology and valuation techniques that a market participant would use in pricing the asset or liability. The Plan does not have any Level 3 investments.

The Plan is responsible for determining the fair value of its investment portfolio by utilizing market driven fair value measurements obtained from active markets where available, by considering other observable and unobservable inputs and by employing valuation techniques that make use of current market data. For the majority of the Plan's investment portfolio, the Plan uses quoted prices and other information from independent pricing sources in determining fair values.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Net Asset Value ("NAV"): The Net Asset Value of each share is determined by dividing the Net Asset Value of that class of share by the number of redeemable participating preference shares in issue in that class of shares. Galliard Stable Return Fund is categorized as other investment fund valued at NAV per share as a practical expedient for fair value.

The following tables present a summary of the Plan's other investment fund that is measured at fair value using reported NAV per share as of December 31, 2024:

Investment	Fair Value Estimated Using Net Asset Value per Share as of December 31, 2024				
	Fair Value	Unfunded Commitment	Settlement Terms	Redemption Frequency	Redemption Notice Period
Galliard Stable Return Fund E	\$ 7,433,356	\$ -	(1)	Daily	12 month
Total	\$ 7,433,356	\$ -			

(1) Per Stable Value Fund's withdrawal restrictions and conditions

There were no assets measured at fair value using NAV in 2023.

5. Information Certified by Trustee

As permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the information in this footnote and ERISA required supplemental schedule, was prepared by or derived from information certified by BANA, the Trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the Trustee that such information is complete and accurate of all investments and related investment activity and notes receivable from participants and related activity.

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedule for the periods indicated:

	2024	2023
Mutual funds	\$ 272,495,963	\$ 240,518,963
Common Collective Trusts	7,433,356	-
Money market	18,163,129	16,722,099
Self-direct brokerage account services	3,390,346	3,203,485
Notes receivable from participants	1,872,274	1,959,912
Accrued dividends	3,285	1,931
Net assets available for benefits certified by the trustee	<u>\$ 303,358,353</u>	<u>\$ 262,406,390</u>

In order to reconcile the Net Assets Available for Benefits, certified by trustee, to the Statements of Net Assets Available for Benefits, contributions receivable and other items need to be included.

Investment and interest income for the year ended December 31, 2024 is as follows:

	2024
Net appreciation in fair value of investments	\$ 23,793,534
Dividends	13,898,816
Total net investment gain	<u>37,692,350</u>
Interest income on notes receivable from participants	<u>122,887</u>
Net investment gain and interest income on notes receivable from participants certified by the trustee	<u>\$ 37,815,237</u>

6. Party-in-Interest Transactions

Administrative and recordkeeping fees incurred by the Plan are deducted from investment related revenue provided through BANA. These administrative and recordkeeping fees are included in administrative expenses on the statement of changes in net assets available for benefits.

The Plan adopted a revised revenue sharing and fee agreement for the years beginning January 1, 2012, and thereafter. Under the terms of the agreement, the Plan recorded investment related revenue in the amount of \$57,192 for the year ended December 31, 2024.

Notes receivables from participants as of December 31, 2024 and 2023 are \$1,872,274 and \$1,959,912, respectively.

7. Income Tax Status

The Company adopted the Merrill Lynch Pierce Fenner & Smith Inc (an affiliate of BANA) prototype master plan which has received a letter, dated June 30, 2020, from the IRS, which indicates that it is qualified under the applicable sections of the Code and therefore is exempt from federal income taxes. The Plan has relied on the favorable opinion letter issued by the IRS for their prototype non-standardized Profit Sharing Plan with Cash or Deferred Arrangement (“CODA”). The Plan Administrator and tax counsel deem that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code; as such, the Plan is held to be qualified and the related trust is tax exempt.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Additionally, GAAP requires the plan Administrator to recognize accrued interest and penalties related to unrecognized tax benefits in tax expense. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements, nor were there any associated accrued interest or penalties, related to unrecognized tax benefits, recognized in tax expense as of December 31, 2024 and 2023.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Based on IRS guidance, the Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.
