INDEPENDENT AUDITOR'S REPORT

To the Plan Administrative Committee
Medical Eye Center Inc 401(k) Profit Sharing Plan and Trust
Medford, Oregon

Opinion

We have audited the financial statements of Medical Eye Center Inc 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Part IV, Line 4(a) – Schedule of Delinquent Participant Contributions and Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) at December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

MEDICAL EYE CENTER INC 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 – DESCRIPTION OF PLAN

The following description of Medical Eye Center Inc 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a 401(k) salary deferral and profit-sharing plan covering substantially all employees of Medical Eye Center (the “Company”) and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is named as the Plan Administrator. Employees of the Company are eligible to participate in the Plan after completing three consecutive full calendar months of service in which at least one hour is worked, with no minimum age requirement. Participants must have one year of service, complete at least 1,000 hours of service during the 12 months following date of hire and be employed as of the last day of the Plan year, to be eligible to receive any employer paid discretionary matching and profit-sharing contributions. However, the requirement to be employed as of the last day of the Plan year may be waived if nondiscrimination testing fails and the Plan must allocate contributions to otherwise ineligible participants. To be eligible for the employer safe harbor contribution, Participants must have one year of service, and complete at least 1,000 hours of service during the 12 months following the date of hire. Eligible wages for the safe harbor contribution start after the participant has completed 1,000 hours and the match is calculated based on total deferrals to eligible match compensation. The Plan entry date is monthly, coinciding with or next following satisfaction of service requirements.

Contributions

Participant contributions: Participants may contribute to the Plan through salary deferrals. During any calendar year, a participant may defer any amount up to the Elective Deferral Dollar Limit under Internal Revenue Code §402 and the Internal Revenue Code §415 Limitation. Participants who have attained age 50 before the end of a Plan year are eligible to make catch-up contributions. Roth Deferrals are also permitted under the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans. As of January 1, 2017, the Plan was amended to include an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant.

Employer discretionary matching and profit-sharing contributions: The Company may elect to make discretionary matching and profit-sharing contributions to the Plan. Employee contributions, up to 4% of eligible compensation deferred to the Plan are eligible for a discretionary matching contribution. Profit sharing contributions are completely discretionary and can be different for each eligible participant based on a percentage of compensation or a dollar amount. Profit sharing contributions totaled \$231,934 for the year ended December 31, 2024.

Employer safe harbor: The Company also makes safe harbor matching contributions equal to 100% of salary deferrals up to the first 3% of plan compensation, plus 50% of salary deferrals up to the next 2% of plan compensation for employees eligible to receive employer contributions or a non-elective safe harbor contribution of 3%. Non-elective safe harbor contributions totaled \$309,734 for the year ended December 31, 2024.

Contributions are subject to regulatory limitations.

MEDICAL EYE CENTER INC 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 – DESCRIPTION OF PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions and safe harbor matching and non-elective contributions as well as allocations of the Company's profit-sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account contributions into various investment options offered by the Plan.

Vesting

Participants are vested immediately in their contributions and the Company's contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 10 years. Under the terms of the Plan agreement, Plan loans will bear the Prime rate of interest plus two percentage points. Principal and interest is paid ratably through biweekly payroll. As of December 31, 2024, the rates of interest on outstanding loans ranged from 5.25% to 10.50% with various maturities through October 2029.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum, or equal to the value of the participant's vested interest in his or her account, partial lump-sum, or equal annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum or partial lump-sum distribution. For terminated participants with vested account balances less than \$5,000, the vested benefit will automatically be rolled over into an individual retirement account (IRA) selected by the Plan administrator unless a lump sum distribution is requested by the participant. In service distributions are permitted at normal retirement age.

Plan Forfeitures

Plan forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Participants are fully vested in all employer contributions immediately. Therefore, as of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$0 and there were no allocations to participant accounts for the year ended December 31, 2024.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), under the accrual method of accounting.

MEDICAL EYE CENTER INC 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that may affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as deemed distributions upon the occurrence of a distributable event, based on the terms of the plan agreement. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes both the plan's gains and losses and unrealized appreciation and depreciation on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2024, there were no participants who had elected to withdraw from the Plan but had not yet been paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees for investment advisory services provided to certain participants are charged directly to that participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

DECEMBER 31, 2024 AND 2023

NOTE 3 – FAIR VALUES OF FINANCIAL INSTRUMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investment companies (mutual funds and money market funds): Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Schwab Personal Choice Retirement Account and self-directed brokerage accounts: Accounts primarily consist of mutual funds, common stocks and exchange-traded funds (ETFs) that are valued on the basis of readily determinable market prices. Accounts also include corporate bonds and US government securities, valued using pricing models maximizing the use of observable inputs for similar securities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – TAX STATUS

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by an affiliate of the custodian. Therefore, transactions in these investments qualify as party-in-interest transactions, which are exempt from prohibited transaction rules. During the year ended December 31, 2024, the Plan changed custodians from American Funds to Charles Schwab Trust Bank and the recordkeeper to Standard Retirement Services. Fees paid by the Plan to the parties-in-interest totaled \$9,110 for the year ended December 31, 2024.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate this Plan at any time by delivering to the Plan Administrator written notice of such termination, subject to the provisions of ERISA. In the event of plan termination, all amounts credited to an affected participant's account become 100% vested.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The classification of investment income reported in the statement of changes in net assets available for benefits and the classifications of cash and investments reported in the statement of net assets available for benefit may differ from the classifications of earnings and assets on Schedule H, Form 5500 due to different reporting requirements on Schedule H, Form 5500. However, the total increase in net assets available for benefits for the year ended December 31, 2024 and the total net assets available for benefits agree between the amounts reported in the statement of changes in net assets available and the statement of net assets available for benefits and Schedule H, Form 5500.

NOTE 9 – PROHIBITED TRANSACTIONS

For the year ended December 31, 2024, there were no new known instances of late remittance of participant contributions to the Plan.

For the year ended December 31, 2023, the Company, failed to deposit \$54,899 of participant contributions within the required time frame as stated by the United States Department of Labor (DOL) regulations. Delays in remitting the payments to the trustee were due to administrative errors, and the Company has, or will make, contributions to the affected participants' accounts to those participants for potential lost income due to the delay. While the Company has deposited the participant contributions in to the Plan, the Company has not calculated lost earnings and fully corrected the contributions by December 31, 2024.

NOTE 10 – SUBSEQUENT EVENTS

The Plan has evaluated events and transactions through October 15, 2025, the date the financial statements were available for issuance, for recognition and/or disclosure in the financial statements.
