## Independent Auditors' Report

The Retirement Plan Committee  
Cutter Automotive Galleries 401(k) Retirement Savings Plan:

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of the Cutter Automotive Galleries 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# CUTTER AUTOMOTIVE GALLERIES 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

## **(1) Description of Plan**

The following description of the Cutter Automotive Galleries 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

### ***General***

The Plan is a defined contribution plan covering eligible employees of MJC, Inc., as well as its wholly owned subsidiaries (collectively, the Companies). The Plan is subject to the provisions of the Internal Revenue Code (IRC) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

### ***Administration of Plan Assets***

MJC, Inc. is the plan administrator and is responsible for the investment, administration, and disbursement of plan assets. The Retirement Plan Committee oversees the management and administration of the Plan. Reliance Trust Company serves as the custodian of the Plan. Prior to August 22, 2023, Empower Trust Company, LLC was the plan trustee and custodian.

### ***Eligibility***

All employees of the Companies, as stated in the plan agreement, are eligible to participate in the Plan following the later of attaining the age of 21 or on the date which the participant completes the earlier of six consecutive months of service commencing from the date of hire or rehire during which the employee worked at least 20 hours of service each week, or a year of service during a 12-month period during which the employee worked at least 1,000 hours. Participants become eligible for matching contributions and profit-sharing contributions if the participant completed at least 1,000 hours of service during the plan year and the participant are employed on the last day of the plan year.

### ***Contributions***

Eligible employees of the Companies are entitled to make salary deferrals to the Plan up to the lesser of 100% of the participant's eligible compensation or the maximum amount allowed by the IRC. Participants may also contribute amounts representing rollover distributions from other qualified plans or individual retirement accounts. Additionally, participants who attain age 50 before the end of a calendar year may elect to make additional catch-up contributions to the Plan, not to exceed the amount allowable under current income tax regulations, which was \$7,500 for the plan year ended December 31, 2024.

## CUTTER AUTOMOTIVE GALLERIES 401(k) RETIREMENT SAVINGS PLAN

### Notes to Financial Statements

December 31, 2024 and 2023

The Companies may make discretionary matching or profit-sharing contributions as determined by their respective board of directors. For the year ended December 31, 2024, the Companies elected to make a discretionary employer matching contribution of 50% of the participant's deferral contribution to the Plan up to a maximum of 2% of the participant's eligible compensation. The Companies did not elect to make any profit-sharing contributions for the year ended December 31, 2024. The aggregate of all matching and profit-sharing contributions cannot exceed 25% of statutory compensation as defined in the plan agreement.

#### ***Participant Accounts***

Each participant's account is credited with the participant's contributions and the Companies' matching contributions and an allocation of (a) the Companies' profit-sharing contribution, if any, and (b) Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investment accounts are participant directed.

#### ***Notes Receivable from Participants***

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 less the highest outstanding balance of any loans for the one year period preceding loan issuance or 50% of their vested account balance, provided that the loan is paid back with interest within five years. However, if the loan is for the purchase of a participant's principal residence, the plan administrator may permit a longer repayment term. The loans are secured by the vested balance in the participant's account and bear a reasonable rate of interest as determined by the plan administrator based on the prevailing rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Current interest rates range from 4.25% to 9.50%. Participants may only have one loan outstanding at a time. If a participant fails to make a payment required under the terms of the participant loan and the Plan, a deemed distribution shall occur on the last day of the calendar quarter following the calendar quarter in which the participant failed to make the payment.

#### ***Vesting***

Participants are immediately vested at all times in account balances attributed to their salary deferrals and rollover contributions plus earnings or losses thereon.

## CUTTER AUTOMOTIVE GALLERIES 401(k) RETIREMENT SAVINGS PLAN

### Notes to Financial Statements

December 31, 2024 and 2023

Participants become 100% vested in employer discretionary matching and profit-sharing contributions after completing six years of eligible service in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
0 -1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

#### ***Payment of Benefits***

Upon a participant's death, permanent disability, retirement, or other termination of employment from the Companies, the participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a fixed period, selected by the participant, that does not extend beyond the life expectancy of the participant and that of a designated beneficiary. However, if a participant's vested interest in his or her account is \$5,000 or less, the participant's vested interest shall be distributed in a lump-sum as soon as practicable. Under certain circumstances, a participant may qualify for a hardship distribution and receive a lump-sum payment equal to all or a portion of the participant's account balance.

#### ***Forfeited Accounts***

At December 31, 2024 and 2023, forfeited nonvested accounts amounted to \$10,912 and \$5,682, respectively, and were available to pay administrative expenses and/or reduce future employer contributions. In 2024, \$30 of forfeitures were used to reduce employer contributions and \$1,417 of forfeitures were used to pay plan administrative expenses.

#### ***Administrative Expenses***

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Participants are allocated a portion of administrative and accounting fees as stated in the plan agreement. Fees related to notes receivable from participants, distributions, and annual asset charges are charged directly to the respective participant's account and are included in administrative expenses. Fees paid by the Plan for investment management services are netted against investment income in the accompanying statement of changes in net assets available for benefits. Administrative expenses recorded in the Plan during the year ended December 31, 2024 totaled \$57,478.

### (2) Summary of Significant Accounting Policies

#### *Basis of Accounting*

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

#### *Use of Estimates*

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### *Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, the plan trustee, and third party administrators. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Realized and unrealized appreciation in the fair value of investments is based on the difference between the fair value of assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation, or on the last day of the year for unrealized appreciation.

#### *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

#### *Payment of Benefits*

Benefits are recorded when paid.

### (3) Information Certified by the Plan Trustee and Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee and custodians have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

<b>December 31:</b>	<b>2024</b>	<b>2023</b>
Investments at fair value	\$ 18,683,780	\$ 17,715,196
Notes receivable from participants	575,635	594,432
<b>Year Ended December 31:</b>	<b>2024</b>	
Net appreciation in fair value of investments	\$ 1,734,787	
Dividend income	327,174	
Interest income on notes receivable from participants	45,368	
Interest income	143	

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

### (4) Fair Value Measurements

The accounting guidance for fair value measurements establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

**Level 1** - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

## CUTTER AUTOMOTIVE GALLERIES 401(k) RETIREMENT SAVINGS PLAN

### Notes to Financial Statements

December 31, 2024 and 2023

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

*Common/collective trust:* Valued at their NAV as reported by the fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Each collective trust provides for daily redemptions by the Plan at reported NAV per share, with no advance notification requirement. There are no unfunded commitments associated with these funds.

*Money market fund:* The fair value of the money market fund was estimated using a cost approach using market-based inputs such as comparable but not identical funds.

The preceding measurements described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### Notes to Financial Statements

December 31, 2024 and 2023

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

<b>Investments at Fair Value as of December 31, 2024</b>				
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	\$ 16,136,097	\$ -	\$ -	\$ 16,136,097

Total investments	\$ 16,228,125	\$ 1,217	\$ -	\$ 17,715,196

<sup>(a)</sup> Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

<sup>(b)</sup> Certain investments that were measured at NAV per share (or its equivalent) are direct filing entities and as such, investment strategy disclosures are not required.

## CUTTER AUTOMOTIVE GALLERIES 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

### **(5) Risks and Uncertainties**

The Plan invests in various types of investment securities. Investments in general are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### **(6) Tax Status**

By a letter dated June 30, 2020, the Internal Revenue Service (the IRS) informed the Plan's recordkeepers that the volume submitter profit sharing plan upon which the Plan is based is designed in accordance with the provisions of the IRC. The Plan has not yet applied for its own determination letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and thus qualifies the Plan for tax exempt status.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **(7) Plan Termination**

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

## CUTTER AUTOMOTIVE GALLERIES 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

### (8) Related Party Transactions

Certain plan investments represented units of mutual funds and a general account managed by Transamerica. Transamerica received revenue from investment providers for services Transamerica provided to the funds. This revenue was placed into an expense budget account and used to offset certain administrative expenses to the Plan. During the year ended December 31, 2024, the Plan applied \$13,759 to offset administrative expenses. These transactions, therefore, qualify as party-in-interest transactions. Upon transition of the recordkeeper to Transamerica effective November 27, 2023, investment revenue is placed into an expense budget account to offset certain administrative expenses to the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

### (9) Reconciliation of Financial Statements to Form 5500

In 2024 and 2023, certain notes receivable from participants became delinquent. The points in time in which delinquent notes receivable from participants are deemed to be distributions are different under the provisions of the plan document and the IRC. As a result, net assets available for benefits and the increase in net assets, as reported in the financial statements, differ from the Form 5500 due to these deemed distributions:

<b>Year Ended December 31:</b>	<b>2024</b>	<b>2023</b>
Net assets available for benefits per the financial statements	\$ 19,261,568	\$ 18,311,347
Deemed distributions	(10,303)	(7,436)
Net assets available for benefits per the Form 5500	<u>\$ 19,251,265</u>	<u>\$ 18,303,911</u>
<b>Year Ended December 31:</b>	<b>2024</b>	
Increase in net assets per the financial statements	\$ 950,221	
Change in deemed distributions	(2,867)	
Increase in net assets per the Form 5500	<u>\$ 947,354</u>	

### (10) Subsequent Events

The Plan has evaluated subsequent events through October 13, 2025, the date at which the accompanying financial statements were available to be issued, and determined that there are no other items to disclose.
