Mitsubishi Chemical America Employees' Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Mitsubishi Chemical America Employees' Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplementary schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

MITSUBISHI CHEMICAL AMERICA EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Mitsubishi Chemical America Employees' Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Mitsubishi Chemical America, Inc. and affiliated employers that have adopted the plan (collectively the Company) who have met the age and service requirements of the Plan. The Administrative Committee of the Plan controls and manages the operation and administration of the Plan. Empower Trust Company LLC and Empower Annuity Insurance Company (collectively Empower) serve as trustee and custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Transfer to other plan: Effective March 31, 2024, through a spin-off of MEP America, Inc., plan assets of \$1,846,761 were transferred out of the Plan and into the MEP Plan.

Contributions: Each year, participants may contribute up to 50% of annual compensation, as defined by the Plan. Mitsubishi Chemical Advanced Materials, Inc. participants may contribute up to 100%. Participant salary deferrals may be traditional 401(k) (pretax) or Roth (after-tax). Participants are automatically enrolled to contribute 5% of pay for all participating employers unless they make an affirmative election otherwise. Those participants will have that deferral increased annually by 1% until a deferral rate of 15% is reached unless the participant affirmatively elects out of automatic increases. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make Employee Emergency Savings Contributions to an after-tax account with limitations defined in the Plan. Participants may rollover amounts representing distributions from other qualified plans and certain individual retirement accounts to the Plan. Participant contributions are subject to certain Internal Revenue Code (IRC) limitations.

Company contributions: Company matching contributions vary depending by division and/or Participating Affiliate. The Company may contribute a Basic Contribution (generally up to 2.5% of eligible compensation). The Basic Contribution for 2024 was \$6,677,534 of which \$2,208,771 was funded from the suspense account (described below). The Company may also make additional contribution for participants in any plan year (Supplemental Contributions). The Supplemental Contribution for 2024 was \$1,328,273 of which \$500,660 was funded from the suspense account. The Company may also make a discretionary employer service contribution. The discretionary employer service contribution for 2024 was \$1,429,196. Contributions are subject to certain limitations.

Investment options: Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds, pooled separate accounts, common collective trust funds and guaranteed investment contracts as investment options for participants.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings (losses), and charged with benefit payments, transaction fees related to notes receivable from participants and distributions and allocations of administrative expenses. Allocations are based on participant earnings, participant contributions, division, participating affiliate, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

MITSUBISHI CHEMICAL AMERICA EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is generally 100% vested after 3 years of credited service in basic and matching contributions. Participants are generally immediately vested in supplemental contributions.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, or more for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At December 31, 2024, outstanding loans bore interest rates ranging from 3.50% to 9.50%. Principal and interest are paid ratably through payroll deductions. All fees and expenses incurred in connection with the loans are deducted from the participant's account.

Payment of benefits: On termination of service, a participant whose vested balance exceeds \$7,000 may elect to receive either a lump sum amount or installment payments equal to the value of the participant's vested interest in his or her account. Terminated participants whose vested balance is \$7,000 or less will be distributed in a lump sum amount equal to the value of the participant's vested interest in his or her account. Hardship distributions are available from vested balances, with limitations defined in the Plan. In-service distributions are available from fully vested accounts after the participant reaches age 59 1/2. Participants may elect to withdraw all or any part of rollover contribution and Employee Emergency Savings contribution accounts at any time.

Forfeited accounts: At December 31, 2024 and 2023, forfeited non-vested accounts were approximately \$2,180,000 and \$1,620,000, respectively. These accounts will be used to reduce future Company contributions. During 2024, forfeitures of approximately \$3,150,000 were used to reduce Company contributions.

Suspense account: In 2021, the Company elected to terminate the Mitsubishi Chemical America Retirement Pension Plan – Polyester Film Division (PFD Plan). During 2023, the remaining assets of PFD Plan were transferred to the Plan. The transfer from the PFD Plan is held in a suspense account. The account will be used to fund Company contributions.

The following table illustrates the activity within the account from December 31, 2023 to December 31, 2024:

Balance at December 31, 2023	\$ 12,972,587
Contributions	1,576
Amounts used to fund contributions	(2,939,898)
Investment income	407,303

Balance at December 31, 2024	<u>\$ 10,441,568</u>

MITSUBISHI CHEMICAL AMERICA EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Expense budget account: The expense budget account (EBA) is an unallocated account maintained within the Plan to account for funds received under a revenue-sharing agreement with Empower, the Plan recordkeeper, and fees assessed to participants. These amounts may be used to pay plan expenses or may be allocated to plan participants at the end of the year at the direction of the Company.

The following table illustrates the activity within the account from December 31, 2023 to December 31, 2024:

Balance at December 31, 2023	\$ 338,174
Participant account revenue received	437,429
Amounts used to pay expenses	(227,524)
Investment income	<u>15,780</u>
Balance at December 31, 2024	<u>\$ 563,859</u>

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Contributions: Participant salary deferrals and Company matching contributions are recorded in the year the salary deferrals are withheld from compensation.

Investment valuation and income recognition: Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee and custodian. See Note 3 for discussion of fair value measurements.

Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. Other interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

MITSUBISHI CHEMICAL AMERICA EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

Subsequent events: The Plan has evaluated subsequent events through October 14, 2025, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

Fair value, as defined under U.S. GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP established a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1 Observable inputs such as quoted prices in active markets.

Level 2 Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3 Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2024 and 2023. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

MITSUBISHI CHEMICAL AMERICA EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3. Fair Value Measurements (Continued)

Common collective trust funds: The Plan invests in common collective trust funds for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net asset value (NAV) of units, as determined by the trustee, as the estimated fair value. These investments are valued daily and there are no participant redemption restrictions or unfunded commitments. The practical expedient is not used when it is determined to be probable that the trustee will sell the investment for an amount different than the reported NAV.

Pooled separate accounts: The Plan invests in pooled separate accounts for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net asset value (NAV) of units, as determined by Empower Annuity Insurance Company, as the estimated fair value. The practical expedient is not used when it is determined to be probable that the custodian will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2024 and 2023.

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 138,489,763	\$ -	\$ -	\$ 138,489,763
Common collective trust funds	338,894,871	-	-	338,894,871

NOTES TO FINANCIAL STATEMENTS

Note 3. Fair Value Measurements (Continued)

(a) In accordance with U.S. GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments.

	Fair Value at December 31, 2024	Fair Value at December 31, 2023	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
Pooled separate accounts	\$ 40,553,607	\$ 40,059,998	None	Daily	None

Note 4. Fully Benefit-Responsive Investment Contracts

The Plan has two fully benefit-responsive guaranteed investment contracts issued by Empower Annuity Insurance Company (EAIC). EAIC maintains the contributions in general accounts backed by annuity contracts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on EAIC's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) premature termination of the contracts, (4) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (5) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreements without the consent of the issuer.

NOTES TO FINANCIAL STATEMENTS

Note 5. Unaudited Information Certified by the Trustee and Custodian

The accompanying financial statements include the following unaudited information as of December 31, 2024 and 2023 and for the year ended December 31, 2024 that was obtained from data prepared and certified to be complete and accurate by Empower Trust Company LLC and the Empower Annuity Insurance Company, the Plan's trustee and custodian, respectively.

	<u>2024</u>	<u>2023</u>
Investments at fair value	\$ 517,938,241	\$ 475,780,500
Investments at contract value	132,715,986	152,465,236
Notes receivable from participants	12,469,505	11,150,856
Net appreciation in fair value of investments	49,183,522	N/A
Interest and dividends	11,293,532	N/A
Interest income on notes receivable from participants	843,059	N/A

Note 6. Exempt Party-in-Interest Transactions

Certain plan investments are funds managed by the custodian or its affiliates. The Plan paid \$363,489 to Empower for administrative services during the year ended December 31, 2024. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. The Plan paid \$227,840 to third parties for advisory, legal, auditing, and general consulting services during the year ended December 31, 2024. These transactions qualify as exempt party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 8. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated September 8, 2013, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and operated in compliance with the applicable provisions of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

MITSUBISHI CHEMICAL AMERICA EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 8. Tax Status (Continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.
