Report of Independent Auditors

To the Administrator of the West Monroe Partners, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the West Monroe Partners, Inc. 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, including the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – 2023 Financial Statements

Other auditors performed an audit of the 2023 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 15, 2024 indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agreed to, or were derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agreed to or was derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 (“supplemental schedules”), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

West Monroe Partners, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of the Plan

The following description of West Monroe Partners, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete explanation of the Plan's provisions.

General

The Plan is a defined contribution plan covering all salaried full-time and part-time regular employees of West Monroe Partners, Inc. (the Company) who have attained the age of 21. There is no service requirement to enter the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is administered by the West Monroe Retirement Committee (the Committee). The activities of the Committee are overseen by the Board of Directors of the Company (the Board). The trustee of the Plan's assets is Principal Trust Company (Principal), under the terms of a trust agreement.

On November 9, 2021 (the Transaction Date), the Company was acquired by West Monroe Enterprises, Inc. (the Parent Company), a holding company formed by MSD Partners, LP and the beneficial equity holders of West Monroe Partners, LLC (the Transaction). In 2023, MSD Partners merged with Chicago-based merchant bank BDT & Company. The combined companies are known as BDT & MSD Partners.

The Corporation is currently owned approximately 50% by BDT & MSD Partners and/or its affiliates or affiliated funds thereof, and approximately 50% by the active and former employees of West Monroe Partners, Inc. (approximately 35% through an investment fund within the Plan designed to invest primarily in shares of the Company (the "KFUND") and approximately 15% through direct ownership by active and former partners and directors of West Monroe Partners, LLC).

Prior to November 9, 2021, the equity ownership and governance structure of the Company was an S corporation, owned by an employee stock ownership plan (the ESOP). On the Transaction Date, pursuant to a stock purchase agreement, the Parent Company, through its wholly owned intermediary companies, acquired 100% of the ESOP and all the outstanding shares of the Company previously held in the West Monroe Partners, Inc. Employee Stock Ownership Trust.

As a result of the Transaction, the ESOP was amended and terminated effective as of the Transaction Date (the ESOP Amendment). The ESOP is no longer designed to invest in employer securities or to qualify as an employee stock ownership plan and the Company reverted to a C corporation.

In addition, as part of the Transaction, the Plan was amended and restated, effective as of the Transaction Date, as an individually designed plan (the Plan Restatement).

Contributions

Each year, participants may contribute up to the maximum allowable amount of compensation subject to the limitations under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan also allows participants to designate all or a portion of their deferrals as Roth contributions to the Plan on an after-tax basis and allows rollovers of designated Roth contributions into the Plan.

West Monroe Partners, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

The Plan has an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect otherwise. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a qualified designated investment fund until changed by the participant. Automatically enrolled participants may elect at any time to increase or decrease deferral percentages, as defined by the Plan.

The Plan provides for discretionary matching Company contributions for eligible participants. Participants must be employed by the Company on the last day of the Plan year for which the matching contribution is made or, as of that date, have transferred employment to a related entity of the Company.

During the year ended December 31, 2024, the discretionary match formula was equal to 25% of each dollar contributed by participants.

Additional discretionary nonelective and profit-sharing amounts may be contributed at the option of the Company. Participants who are considered to be active employees of the Company on the last day of the Plan year or, as of that date, have transferred employment to a related entity of the Company, may receive an allocation of any discretionary nonelective or profit-sharing contributions. The Company did not make any such additional discretionary nonelective or profit-sharing contributions to the Plan for the year ended December 31, 2024.

Participants may contribute voluntary nondeductible after-tax contributions subject to certain IRC limitations. After-tax voluntary contributions are not Company-matched.

Effective January 1, 2025, the Company adopted the Secure Act 2.0 allowance for increased catch-up contributions for employees between 60 and 63 years of age, called "Super Catch-up."

Participants may direct all their contributions among one or more funds offered in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

Employer Securities

Pursuant to the Plan Restatement, the Company created an investment fund within the Plan, designed to invest primarily in shares of common stock of the Company (Employer Securities). The fund was named the KFund, and Argent Trust Company (KFund trustee) was appointed as the trustee of the KFund Trust to hold and maintain the Employer Securities invested in the KFund. Principal Financial Group was retained as the contract administrator of the Plan (Administrator), including the KFund.

Effective with the Transaction and the ESOP Amendment, a portion of proceeds from the sale of shares held in the ESOP were required to be transferred to the KFund, and eligible ESOP participants were allowed to voluntarily elect to have additional portions of their ESOP accounts transferred to the KFund to be invested primarily in the Employer Securities. The elective ESOP transfers to the KFund are considered participant directed accounts. Mandatory ESOP transfers are considered nonparticipant directed accounts. See Note 5 for a discussion of nonparticipant directed accounts.

The mandatory and elective portions of the sale proceeds from the ESOP were transferred to the Plan and invested primarily in shares of common stock of the Parent Company. The ESOP Transfers totaled \$444,500,070 in aggregate and were converted into 44,450,007 common shares of the Parent Company at the initial value of \$10 per share in January 2022.

West Monroe Partners, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

In addition, pursuant to the Transaction and the Plan Restatement, the KFund trustee established Participant Direction Procedures for certain participants to elect their entire accounts or a portion of their Plan investments to be invested in Employer Securities invested in the KFund, subject to an overall pro-rata cap of \$5,000,000. These accounts are considered participant directed.

These initial transfers and purchases and other details of the Transaction, along with the associated risks and other relevant business information of the Company, were disclosed to eligible employees in a disclosure memorandum issued and dated October 20, 2021. The Transaction and the transfers and purchases were completed as of the Transaction Date, November 9, 2021.

The Employer Securities included in the KFund will be held in the following separate accounts:

ESOP Transfer Account

This account refers to the separate account by the Administrator for each participant with respect to the portion of his or her account required to be transferred from the ESOP to the KFund, plus any elective transfers allowed pursuant to the Transaction from the ESOP to the KFund (ESOP Transfers).

Internal Plan Transfer Account

This account refers to the separate account established for each participant with respect to their participant-directed account transferred to the KFund from within this Plan (Internal Plan Transfers).

Annual Internal Marketplace

Pursuant to the Plan Restatement, during the year ended December 31, 2024, the Company offered participants the ability through an Internal Plan Transfer to buy or sell Employer Securities held in the KFund, according to annual offering materials.

Participant Accounts

Each participant's account is credited with the participant's contributions and any discretionary matching Company contributions, as well as allocations of (a) any additional discretionary nonelective or profit-sharing contributions, and (b) Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations generally are based on participant earnings, account balances, or specific-participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, excluding amounts invested in the KFund. Loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with the prevailing interest rate charged on similar commercial loans. Interest rates on loans currently outstanding range from 4.25% to 9.50% and mature through 2033. Principal and interest are paid ratably through payroll deductions over a term not exceeding five years, or ten years for loans used for the purchase of a primary residence.

Payment of Benefits

In general, on termination of service due to retirement, death, disability, or attainment of retirement age (age 55), a participant may elect to receive the value of their vested interest in his or her account in the form of a lump-sum amount, installment payments, or a rollover to another entity. Eligible in-service withdrawals of KFund investments that originate from Internal Plan Transfers are also permissible upon the completion and approval of an election form.

West Monroe Partners, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Employer Securities held in the KFund that originated from ESOP Transfers are subject to carryover distribution rules from the ESOP, which, in general, require distributions to be deferred for up to five years followed by a series of up to five annual installments, if separation is for reasons other than retirement, death or disability, as defined under the Plan. However, separations after attaining age 55 or after having become disabled or due to death, participants (or their beneficiaries) may elect to begin installment distributions of their ESOP Transfers beginning in the year following the year of separation.

Additionally, if the value of Employer Securities that originated from ESOP Transfers exceeds \$1,380,000, the Company is allowed to extend its regular five-year payout by one year (up to five additional years), for each \$275,000 increment or fraction thereof by which an account balance exceeds \$1,380,000. These dollar amounts, subject to annual cost-of-living adjustments, pertain to 2024 account balances which are to be disbursed starting in 2025 pursuant to a distribution election.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan. Amounts invested in the KFund are ineligible for financial hardship withdrawals.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. For Company matching contributions, effective July 1, 2023, the Plan was amended to change the determination of years of service for vesting from the 1,000 hours of service method to the elapsed time method. Under elapsed time, participants add one year of service for each year that they are an active employee on their hire date anniversary with the Company, as follows:

Years of Service	Vested
Less than 1	0 %
1	34 %
2	67 %
3	100 %

For Plan participants employed by the Company before July 1, 2023, years of service for vesting related to years 2023 and prior, accrue under either the 1,000 hours of recorded service method or the elapsed time method, whichever method provides the higher vesting result. In any case, accounts vest fully upon death, disability or retirement, as defined under the Plan.

Effective January 1, 2024, the Company adopted a provision granting prior service credit to employees acquired through acquisition for purpose of vesting in Company matching contributions.

Forfeited Accounts

Forfeitures of nonvested Company contributions may be used to accomplish distributions from the KFund, pay administrative expenses of the Plan, or reduce future Company contributions. As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$23,847 and \$82,721, respectively. During the year ended December 31, 2024, forfeited nonvested accounts were used to reduce discretionary matching Company contributions by \$78,645, offset Plan expenses by \$24,962, and facilitate distributions totaling \$151,026 from the KFund to terminated participants who elected to receive their available KFund benefits during September and October 2024. See Note 10 for a discussion about post-market KFund distribution funding utilizing forfeitures.

December 31, 2024 and 2023

2. Summary of Accounting Policies

Basis of Accounting

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

A significant estimate used in the preparation of these financial statements is the valuation of the Employer Securities recorded at fair value for which the ultimate realization of the investments is based upon future economic factors related to the investment.

For the aforementioned estimate, it is reasonably possible that the recorded amounts or related disclosures could significantly change in the near future as new information is available about the value of the Employer Securities, which represents a significant investment of the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board determines the Plan's valuation policies, utilizing information provided by the investment advisors and the trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable, requested distributions from participants, and accounts created pursuant to a domestic relation order, are charged directly to the participant's account and are included in administrative expenses. Expenses related to independent auditor fees not fully offset by the use of forfeitures are charged to Plan assets on a pro rata basis and are shown as professional administrative expenses. Certain other administrative and investment-related expenses are included in net appreciation

West Monroe Partners, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

(depreciation) of fair value of investments. See Note 10 for a discussion about the 2024 Prohibited Transaction Exemption ("PTE") 80-26 loan payment charged as other administrative expense.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 14, 2025, the date the financial statements were available to be issued.

On August 5, 2025, assets of the Inspired Insight LLC 401(k) plan in the amount of \$1,816,232 were transferred into the Plan, following its December 19, 2024 acquisition as a wholly owned subsidiary of the Company. Inspired Insight employees were granted prior service credit in the Plan for their years of service while with Inspired Insight.

No other additional subsequent events have occurred through that date that required recognition or disclosure in the financial statements.

3. Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

West Monroe Partners, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Registered Investment Companies

These assets are valued at the daily closing prices as reported by the fund manager. Registered investment companies held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Common Collective Trust (CCT)

These assets are valued using the NAV provided by the administrator of the fund. The NAV is based on the fair value of the underlying assets held by the fund, less its liabilities, and then divided by the number of shares outstanding and is used as a practical expedient to estimate fair value.

Employer Securities

Investments in Parent Company common stock are valued annually by the KFund trustee with the assistance of its independent appraiser. In approaching the valuation, a variety of factors are taken into consideration, including the following:

- The nature and history of the business, its current position, and its outlook.
- The general and relevant economic conditions prevailing at the time of the appraisal.
- The current conditions and outlook in the market in which the subject company competes.

The approach in determining fair value of the common stock involves the following:

- Determine estimated fair value of shares of common stock using the Guideline Company Method. This valuation analysis is a technique that determines a value based on a direct comparison of the subject company to publicly traded companies.
- Determine estimated fair value of shares of common stock using the Discounted Cash Flow Method. The Discounted Cash Flow Method values a company based on projected cash flows.

Plan management accumulated the data as requested by the KFund trustee and its independent financial advisor from the year ended December 31, 2024 audited financial statements of the Company. The KFund trustee's independent financial appraiser prepares a preliminary report that the KFund trustee reviews in detail, discusses, and approves. The results of this process are documented by the KFund trustee.

Policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes that its valuation methods and the valuation methods employed by the KFund trustee and its independent financial appraiser are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

West Monroe Partners, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

The investment in West Monroe Enterprises, Inc. common stock is considered a Level 3 investment as a number of the inputs to the valuation methodologies are unobservable.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 117,638,725	\$ -	\$ -	\$ 117,638,725
Employer securities, West Monroe Enterprises, Inc. – 44,950,007 shares	-	-	357,352,556	357,352,556
	<u>\$ 117,638,725</u>	<u>\$ -</u>	<u>\$ 357,352,556</u>	<u>\$ 474,991,281</u>
Common collective trust at NAV				243,760,317
Total investments, at fair value				<u>\$ 718,751,598</u>

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 304,425,040	\$ -	\$ -	\$ 304,425,040
Employer securities, West Monroe Enterprises, Inc. – 44,950,007 shares	-	-	357,352,556	357,352,556

Common collective trust at NAV				23,314,058
Total investments, at fair value				<u>\$ 685,091,654</u>

Investments in the common collective trust can generally be redeemed immediately at the participant level. The Plan is required to provide notice to the fund in order to terminate its entire investment interest at the current NAV per share based on the fair value of the underlying assets.

There were no purchases, sales, or transfers in the fair value of the Plan's Level 3 investment in Employer Securities.

Fair Value of Investments That Calculate NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2024

- Schedule H (Form 5500), Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, as shown on the ERISA-required supplemental schedule.

At the direction of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information provided by Principal to the related information included in the financial statements and ERISA-required supplemental schedules.

5. Nonparticipant Directed Investments

Employer Securities includes both participant and nonparticipant directed investments, which are commingled.

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company contribution portion of their accounts.

7. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Principal or its affiliates. Principal is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. Employees are not paid by the Plan for their services.

Principal Financial Group, an affiliate of Principal Trust Company, the trustee of the Plan, receives compensation from certain investments to offset the costs of providing recordkeeping, participant website access, participant statements, education, and Plan compliance services and other administrative services on behalf of the Plan. Additionally, Principal Financial Group receives revenue sharing compensation from the Principal Equity Institutional Fund that Principal Financial Group credits back to the Plan. Amounts credited back to the Plan are classified as other income on the statement of changes in net assets available for benefits. For the year ended December 31, 2024, \$8,138 was credited to the Plan and allocated to other income. Principal receives no other revenue sharing compensation.

The Plan held 44,950,007 and 44,950,007 shares of West Monroe Enterprises, Inc. common stock at December 31, 2024 and 2023, valued at \$357,352,556 and \$357,352,556, respectively. The investment qualifies as a party-in-interest transaction, which is exempt from the prohibited transaction rules of ERISA.

Argent Trust Company is the KFund trustee, as defined by the Plan. These organizations are considered to be parties-in-interest under ERISA.

8. Tax Status

There is no determination letter program required for individually designed plans except for certain circumstances. The Plan has been amended since the Plan Restatement. However, the Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and that the related trust and KFund Trust are both tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

9. Risks and Uncertainties

The Plan invests in the common stock of West Monroe Enterprises, Inc. The common stock is exposed to various risks, such as market volatility, as well as valuation assumptions based on earnings, cash flows, and/or other such techniques. Due to the level of risk associated with the investment in common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the values of this common stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

The Plan also invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Post-Market Distribution Funding

Effective October 8, 2024, the Company and the KFund trustee entered into a loan satisfaction agreement in which the KFund was to pay \$153,705 to the Company in full satisfaction of its 2023 Prohibited Transaction Exemption (PTE) 80-26 loan made on December 18, 2023, in the amount of \$196,240. The Company agreed to forgive \$42,535 due on the loan determined as the difference between the value of 19,334 shares at the time of the loan using the December 31, 2022 value of \$10.15 per share and the value of such shares at the time of the 2024 Annual Internal Marketplace, which was the December 31, 2023 value of \$7.95 per share. The 19,334 shares were released from the Employer Securities suspense account and sold during the 2024 Annual Internal Marketplace at \$7.95 per share.

In December 2024, the Company utilized forfeitures in the amount of \$151,026 to facilitate distributions from the KFund to terminated participants who made distribution elections of their available KFund benefits during September and October 2024, following the close of the 2024 Annual Internal Marketplace. The amount was determined as 18,997 shares at the December 31, 2023 value of \$7.95 per share or \$151,026 in the aggregate. Forfeitures are considered plan assets and are utilized for the benefit of the Plan in accordance with the provisions outlined in the Plan document. The 18,997 shares were placed in an Employer Securities suspense account to be sold during the 2025 Annual Internal Marketplace.

Notes to Financial Statements

December 31, 2024 and 2023

11. Prohibited Transactions

During 2024 and 2023, the Company failed to remit to the Plan's trustee certain participant contributions totaling \$1,236,257 and \$567, respectively, within the period prescribed by the DOL's regulations. Delays in remitting contributions to the trustee were due to administrative oversight and constitute prohibited transactions. During the year ended December 31, 2024, the Company remitted lost earnings to the Plan for certain 2024 late remittances and for all 2023 late remittances. Certain 2024 late remittances were fully corrected in 2025. In lieu of filing the applicable Forms 5330 for the late remittances that occurred during 2024 and 2023, on June 11, 2025, the Company filed an application under the Voluntary Fiduciary Compliance Program for relief under PTE 2002-51.

12. Concentrations

The Plan holds certain investments that represent 10% or more of the Plan's net assets available for benefits. As of December 31, 2024 and 2023, the Plan had investments of \$357,352,556 and \$357,352,556, respectively, that were concentrated in one fund.
