INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Pioneer Spine and Sports Physicians, P.C. 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pioneer Spine and Sports Physicians, P.C. 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

PIONEER SPINE AND SPORTS PHYSICIANS, P.C. 401(K) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE A – DESCRIPTION OF PLAN

The following description of the Pioneer Spine and Sports Physicians, P.C. 401(k) Plan and Trust (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Pioneer Spine and Sports Physicians, P.C. (the “Company”). The basic plan entry requirements include completion of 12 months of service, at least 1,000 hours of service in a year, and an age requirement of at least twenty-one years of age. Eligible employees are allowed to enroll in the plan on the first day of the Plan Year or the first day of the seventh month of the Plan Year after meeting eligibility criteria. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On December 29, 2022, the Secure 2.0 Act of 2022 (SECURE 2.0 Act) was signed into law. The act introduces new requirements and considerations for plan sponsors that are intended to expand coverage, increase savings, preserve income, and simplify plan rules and administrative procedures. Each of the provisions have its own effective dates ranging from the date of enactment to 2028 and beyond. The Plan has adopted the required minimum distribution at age 73 effective January 1, 2023. The Plan has also been amended to increase the mandatory distribution limit to \$7,000 effective June 21, 2024, and is in the process of evaluating other voluntary provisions. The Plan will incorporate changes in its plan document to the extent required by the SECURE 2.0 Act.

Contributions

Participants may contribute a percentage of their compensation to the Plan on a pre-tax basis through elective salary deferrals; however, annual contributions may not exceed the maximum allowed under the Internal Revenue Code in any calendar year. Participants of qualifying age may make additional “catch-up” contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations. The Plan contains an automatic enrollment feature in which eligible employees are automatically enrolled to defer 6% of pay, unless they complete an elective deferral agreement specifically opting out or electing to defer at a different percentage.

A discretionary contribution may be made for each plan year in an amount determined by the plan sponsor and allocated at such times and in such amount as may be determined by the plan sponsor. There was no discretionary contribution for 2024.

Investment Options

The Plan is invested in mutual funds and self-directed brokerage accounts. The underlying investments are primarily stocks, bonds, and mutual funds. The Plan also has a general insurance fund which seeks to protect any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. All assets in the general insurance fund are credited with interest using a declared monthly rate determined by the Lincoln Financial Group Trust Company, Inc. (“Lincoln”) and stated in advance.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE A – DESCRIPTION OF PLAN (Continued)

Participants are permitted to direct the plan administrators as to respective percentages of their account balances to be invested. They are also permitted to change those percentages, and to direct the plan administrators to transfer a percentage of their accounts invested in the various accounts in accordance with guidelines established by the Plan. These balances can come from elective deferral contributions, participant and rollover contributions, and other contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, and allocations of Plan earnings or losses. The participant accounts are also charged with a portion of the administrative expenses of the Plan. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferred contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 0% vested until two years of service is completed and then participants become vested in 20% annual increments following two years of service. Participants are fully vested in Company contributions after six years of credited service.

Forfeitures

Any non-vested portion of the Company's matching contribution that a participant has lost the right to is called a forfeiture. These amounts are first to be used to pay plan administrative expenses where any excess amounts then be used to restore previously forfeited account balances of participants who have been rehired and any additional excess amounts after that will be used to reduce company matching contributions. During 2024, no forfeitures were used to reduce third party administration fees. At December 31, 2024 and 2023 the unused forfeiture account balance was \$14,910 and \$14,929 respectively.

Notes Receivable from Participants

Loans are not permitted from the Plan.

Payment of Benefits

On termination of service due to retirement, attainment of age 59 ½, termination of employment, death, or disability, the participant's account may be distributed to the participant or beneficiary (in the event of the participant's death) through a lump sum payment. A participant is entitled to receive a lump-sum payment in an amount equal to the vested value of his or her account. Also, under certain hardship circumstances, a participant may withdraw a portion of the amounts credited to their account. Benefits are recorded when paid.

Excess Employee Contributions

No excess contributions were made in 2024.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE A – DESCRIPTION OF PLAN (Continued)

Administrative Expenses

The administrative expenses of the Plan are paid for in part by the Plan through charges to the participant accounts and in part by the plan sponsor directly. For the year ended December 31, 2024, plan expenses charged to participant accounts were \$88,371. Net investment related expenses are included in net appreciation in fair value of investments.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts, which is 100% of contract value.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts, changes therein and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The investments are reported at their fair market value and are valued daily using publicly available quoted market prices. The change in market value from year to year for the investments are reported as unrealized gains and losses. The Plan does not share in the realized gains of the investments, just in the change in market value. All assets in the guaranteed interest funds are credited with interest using a declared monthly rate determined by Lincoln and are stated in advance. All assets in the self-directed accounts are partially held by Lincoln and outside Plan Options. See Note E for discussion of fair value measurements.

PIONEER SPINE AND SPORTS PHYSICIANS, P.C. 401(K) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE C – UNAUDITED INFORMATION CERTIFIED BY CUSTODIAN

Lincoln holds the Plan’s investment assets and has certified that all information pertaining to investments included in the financial statements is complete and accurate. This investment information has not been audited by the independent auditors. The accompanying financial statements and supplemental schedule include the following unaudited information as of December 31, 2024 and 2023 and for the year ended December 31, 2024 that was obtained from data prepared and certified to be complete and accurate by the Plan’s custodian:

	<u>2024</u>	<u>2023</u>
Investments	\$ 13,017,484	\$ 11,833,674
Net appreciation in fair value of investments	<u>\$ 1,613,089</u>	
Interest and dividends	<u>\$ 302,390</u>	

Investment balances and information is included in supplemental Schedule H. Investments held with other custodians were audited by the independent auditors.

NOTE D – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE E – FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (“FASB”) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

PIONEER SPINE AND SPORTS PHYSICIANS, P.C. 401(K) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE E – FAIR VALUE MEASUREMENTS (Continued)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been changes in the methodologies used at December 31, 2024 and 2023:

Mutual Funds

The mutual funds are actively traded with publicly quoted pricing inputs. The NAV of the funds are available in an observable market and are classified within Level 1 of the valuation hierarchy.

Self-Directed Brokerage Accounts (Lincoln & Other)

Self-directed brokerage account allows participants to select investments outside the core investment options offered by the Plan. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to maturity.

At December 31, 2024 and 2023, the self-directed brokerage account is valued based on NAV per unit as a practical expedient ("NAVPE"). Accordingly, these NAV-based investments have been excluded from the valuation hierarchy.

NOTE F – GENERAL INSURANCE FUND

In 2016, the Plan entered into a traditional fully benefit-responsive fixed income account with Lincoln totaling \$70,000 and \$69,076 as of December 31, 2024 and 2023, respectively. The Lincoln stable value account is a fixed annuity contract issued by the Lincoln National Life Insurance Company for contracts sold outside New York. For contracts sold in New York, the contract is issued by Lincoln Life & Annuity Company of New York. Contracts are backed by the general account of the issuing company. The account is credited with a stated interest rate that is provided at least 30 days prior to the effective date each plan year. Administrative fees and recordkeeping fees not paid by the employer may be charged against this fund as expenses. Lincoln General Account Fixed Annuity Contracts guarantee a rate of return pursuant to the contract terms. Regardless of the performance of its underlying investments, the insurance company is obligated pursuant to the contract to pay the guaranteed rate of return. The crediting rate is based on a formula established by the contract issuer that can range from 1% to 3%.

PIONEER SPINE AND SPORTS PHYSICIANS, P.C. 401(K) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE F – GENERAL INSURANCE FUND (Continued)

The contract provides that crediting rate formula won't be reduced in the first three years of the contract except by mutual agreement. After three years, Lincoln will provide advance notice if the crediting rate formula is changed.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

If the plan sponsor decides to terminate the contract, the contract may contain one or more of distribution or payout options upon termination: (1) pay out the balance in six installments over five years by paying 20% immediately, 20% in year 1, 25% in year 2, 33% in year 3, 50% in year 4, and 100% in the final year. During the payout period, interest will continue to be credited to the balance. (2) complete a market value payout based on a formula in the contract, which may result in a total payout amount that's lower than the current account balance. However, it will never be lower than the principal accumulated at the guaranteed minimum interest rate, so it will never cause the contract to result in a loss of principal plus guaranteed minimum interest. (3) complete the payout as a 36-month or shorter put option. This payout will be made at book value (principal plus accumulated interest) within the applicable time frame.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited trans-action exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, no event will result in the Plan not being able to receive contract value over a five-year installment period. Certain events can trigger termination by the issuer, resulting in the plan not being able to receive immediate contract value. Such events include (1) any charges billed to the contract owner haven't been paid to Lincoln within 30 days, (2) the Plan ceases to meet the requirements of the Internal Revenue Code for purchasers of this contract, (3) at any time following the end of the third contract year, the contract owner's account balance is less than \$15,000, (4) at any time following the end of the third contract year, there is no deposit activity for a 24-consecutive-month period and the contract owner's account balance is less than \$50,000, (5) the contract owner fails to furnish requested information or other documentation, (6) Lincoln

discovers any misrepresentation of material information, (7) Lincoln discontinues offering this contract form to the public, (8) the Plan terminates its recordkeeping agreement with Lincoln.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE H – TAX STATUS

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the Internal Revenue Code ("IRC"). The Plan is relying on the IRS approval of the standardized prototype plan that it is utilizing. The IRS has determined and informed the trustee by a letter dated June 30, 2020, that the prototype plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

The Plan has determined that it does not have any material unrecognized tax benefits or obligations as of December 31, 2024. The 2021, 2022, and 2023 tax years remain subject to examination by major tax jurisdictions.

NOTE J – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares in mutual funds and self-directed investments managed by Lincoln and other custodians. They are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were \$88,371 for the year ended December 31, 2024.

NOTE K – DELINQUENT EMPLOYEE DEFERRAL TRANSMITTALS

In 2024, the Company determined that certain employee deferrals and loan repayments, aggregating \$31,000, were not remitted to the Plan in a timely manner as required by Department of Labor (DOL) regulations. These amounts were remitted as of December 31, 2024. The Company is currently calculating the lost earnings and has estimated them to be between \$1,831 and \$2,433. The Company will remit the associated lost earnings to the Plan subsequent to issuance of the financial statements. These transactions represent a prohibited transaction for which the Company has taken full corrective action.

NOTE L – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2024, the date that the financial statements were available to be issued.
