Retirement Plan Committee
Lowe Engineers, LLC 401(k) Profit Sharing Plan

Dear Richard Meehan, Plan Administrator of Lowe Engineers, LLC 401(k) Profit Sharing Plan,

Thank you for using Smith and Howard as your independent auditor.

We have completed an Employee Retirement Income Security Act of 1974 (ERISA) Section 103(a)(3)(C) audit, pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, of the financial statements of Lowe Engineers, LLC 401(k) Profit Sharing Plan (the Plan) as of and for the year ended December 31, 2024, and have issued our report thereon dated October 13, 2025. This letter presents communications required by our professional standards.

Our Responsibility under Auditing Standards Generally Accepted in the United States of America

As communicated in our engagement letter dated January 30, 2025, our responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). As permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Other than for the certified investment information, the financial statements and supplemental schedule were audited by us in accordance with GAAS and were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

Other Information in Documents Containing Audited Financial Statements

We are not aware of any documents prepared by management, other than the Plan's Form 5500, which contain our reports on the audited financial statements of Lowe Engineers, LLC 401(k) Profit Sharing Plan. Our responsibility for this information does not extend beyond the financial information identified in the report. We do not have an obligation to perform any procedures to corroborate other information contained in the Plan's Form 5500. We have read the Plan's Form 5500 to corroborate the financial information. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of information appearing in the financial statements.

Planned Scope and Timing of the Audit

We have issued a separate communication regarding the planned scope and timing of our audit and identified significant risks.

Significant Findings

Qualitative Aspect of Accounting Policies

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by Lowe Engineers, LLC 401(k) Profit Sharing Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during the year ended December 31, 2024.

We noted no transactions entered into by the Plan during the year that were both significant and unusual, and of which, under professional standards, we are required to inform you, or transactions for which there is a lack of authoritative guidance or consensus. In addition, we did not identify any significant findings or issues during the audit in connection with the Plan's related parties.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Significant Unusual Transactions Identified During the Audit

We identified no significant unusual transactions during the audit.

Difficult, Contentious or Other Matters Encountered During the Audit

We encountered no difficult, contentious, or other matters for which we consulted outside the engagement team that were, in our professional judgment, significant and relevant to those charged with governance regarding the responsibility to oversee the financial reporting process.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter that could be significant to the financial statements or the auditors' report. We are pleased to report no such disagreements arose over the course of the audit.

Circumstance Affecting the Form and Content of the Auditor's Report

We encountered no circumstances that affect the form and content of the auditor's report.

Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. If a consultation involves application of an accounting principle to the Plan's financial statements, or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Management Representations

We have requested certain representations from management that are included in the management representation letter. This letter has been provided to you.

Independence

We are not aware of any relationships between Smith and Howard and the Plan that, in our professional judgment, may reasonably be thought to bear on our independence. Relating to our audit of the financial statements of Lowe Engineers, LLC 401(k) Profit Sharing Plan as of and for the year ended December 31, 2024, Smith and Howard hereby confirms in accordance with the Code of Professional Conduct issued by the American Institute of Certified Public Accountants, that we, in our professional judgment, are independent with respect to the Plan.

During the year ended December 31, 2024, Smith and Howard provided the following services to the Plan:

- Preparation of plan financial statements

Form 5500

In performing our audit, in accordance with GAAS, we are responsible for obtaining and reading the draft Form 5500 in order to identify material inconsistencies, if any, with the audited ERISA plan financial statements. During our audit we obtained and read the draft Form 5500 from management and did not identify any material inconsistencies.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

Employee Files and Participant Data

During our testing of participant data and contributions, we noted that there were instances in which personnel files we reviewed did not contain important documents such as enrollment forms and approved pay rates. We noted that employee pay rates were obtained from Human Resources (HR) records; however, these rates were not consistently supported by signed offer letters, merit increases or other formal documentation of approval. We also noted an instance of a timesheet that did not agree to the paid hours via payroll. Maintaining complete and accurate documentation may help prevent disputes if they were to arise.

We recommend a formal pay rate approval process. In addition, we recommend that Plan management, on a periodic basis, compare and reconcile their personnel file records with the information and data maintained with their recordkeeper to ensure the completeness and accuracy of the participant's information.

Deferral Election Discrepancies

During our audit, we noted instances where employee deferral contribution elections were not accurately reflected in payroll records, resulting in discrepancies between payroll and recordkeeper data.

We recommend management implement a formal reconciliation process between payroll and recordkeeper to ensure deferral elections are accurately processed.

Nondiscrimination Testing Corrections

Per review of the nondiscrimination testing results, we noted ADP test for employee deferral contributions was failed because highly compensated employees ("HCEs") received more benefit than non-highly compensated employees ("NHCEs"). We noted that the nondiscrimination testing failure was not corrected in a timely manner.

In order to avoid penalties, corrections for all compliance testing failures should be made by March 15 of the subsequent year. We recommend Plan management take corrective actions to correct nondiscrimination testing failures in a timely manner to avoid jeopardizing the Plan's exempt status.

Unallocated Forfeited Participant Accounts

The Plan document has established guidelines for the use of forfeited participant accounts. In addition, the Internal Revenue Code (IRC) requires that these forfeited accounts be used or reallocated to Plan participants in accordance with the terms of the Plan document in the Plan year they are incurred.

During our audit, we noted that, as of December 31, 2024, the Plan had accumulated approximately \$70,266 of unallocated forfeited participant accounts that had not been utilized. The Plan should use or reallocate these forfeited accounts as soon as possible.

During our audit, we also became aware of deficiencies in internal control other than significant deficiencies or material weaknesses, and the following other matters that are opportunities for strengthening internal controls and operating efficiency:

SSAE 16 / SOC 1 Review

During our audit, we noted that Plan management did not review the SOC 1 report(s) provided by the Plan service provider(s). Plan management has a fiduciary duty to monitor Plan service providers and to ensure that plan data is secure and properly recorded and that transactions are processed according to the plan's provisions. SOC 1 reports help to fulfill this duty. In addition, should there be any service provider issues (noted as qualifications or exceptions reported within the SOC 1 reports), Plan management should be aware of these issues and take the necessary steps to address them. SOC 1 reports also discuss controls that service providers expect to be in place at the plan sponsor. These user entity controls are an integral part of the overall controls surrounding the Plan. Without proper monitoring of the SOC 1 report(s), Plan management may not be aware of additional needed controls.

We recommend that Plan management review the available SOC reports and document their review as evidence of monitoring of Plan service providers. In instances of issues such as qualifications and exceptions noted in the SOC reports, Plan management should review, document, and discuss with the service provider the potential impact to the Plan and what steps have been taken by the service provider to address them. The Plan sponsor may need to perform additional reviews or reconciliations to mitigate any risks associated with the exceptions.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Retirement Plan Committee and, if appropriate, management of Lowe Engineers, LLC 401(k) Profit Sharing Plan and is not intended to be and should not be used by anyone other than these specified parties.
