Independent Auditor's Report

Plan Sponsor, Plan Administrator and Participants
Franklin Mountain Management, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Franklin Mountain Management, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2 to the financial statements.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting for the Financial Statements

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2024 and the Schedule of Delinquent Participant Contributions (modified cash basis) for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Franklin Mountain Management, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Franklin Mountain Management, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established on May 1, 2008, by Franklin Mountain Management, LLC and participating employers (collectively the “Company” or “Plan Sponsor”) under the provision of Section 401(a) of the United States Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Substantially all employees of the Company are eligible to participate in the Plan, provided they have reached 21 years of age and have completed six months of service (one month prior to September 1, 2020). Entry dates into the Plan occur the first day of the month coinciding with or next following the date eligibility requirements are satisfied.

Plan Administration

The Plan is administered by Orenda Retirement LLC (the “Plan Administrator”). The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets, and maintain accurate records and reports. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities. The Plan’s custodian, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the “Custodian” or “Principal”) is responsible for the custody and management of the Plan’s assets.

Contributions

Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan, subject to certain maximum limitations imposed by the IRC. The Plan permits both “traditional” (before-tax) and “Roth” (after-tax) contributions, depending on whether they are deducted before or after federal income taxes are withheld. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are not to exceed the limits imposed by Section 402(g) of the IRC. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company provides a safe harbor matching contribution equal to 100% of a participant’s elective deferrals that do not exceed 6% of such participant’s compensation. To share in the safe harbor matching contribution, participants must complete one year of service. Additionally, the Company may make a discretionary non-elective contribution each Plan year, as determined by the Company. To share in the allocation of a discretionary non-elective contribution, participants generally must be an active participant on the last day of the plan year and complete one year of service. Employees earn a year of service for each service period in which there are 1,000 or more hours of service. For the year ended December 31, 2024, the Company did not make a discretionary non-elective contribution to the Plan.

Participant Accounts

Individual accounts are maintained for each of the Plan’s participants to reflect the participant’s contributions and related employer matching and non-elective contributions, as well as the participant’s share of investment income, appreciation (depreciation), administrative expenses, and any related distributions. Allocations are based on participant earnings or account balances as defined. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their elective contributions, rollover contributions, safe harbor matching contributions and the earnings received on those contributions. Vesting in the Company's non-elective contributions portion of the participants' accounts is based on years of vesting service. A year of service is considered to be each twelve consecutive month period in which the participant is credited with 1,000 hours of service. A participant is 100 percent vested after six years of service. Full and immediate vesting will also occur upon attainment of normal retirement age, death, or disability. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts under the Plan. These borrowings must be for an amount not less than \$500 and not more than the lesser of (a) 50% of the participant's vested account balance, reduced by any outstanding loan balance, or (b) \$50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. Participants may have only one loan outstanding at a time. Each loan, by its terms, must be repaid in five years or less except for loans used to acquire the participant's principal residence, which allows the term to be extended. The loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with rates currently being charged by commercial lenders for loans made under similar circumstances. Principal and interest is paid ratably through payroll deductions.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Plan, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and the IRC. In the event of Plan termination, all Participants will become 100% vested in their accounts to the extent not otherwise vested and all benefits would be distributed.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may receive a lump-sum distribution equal to the participant's vested account balance, unless the participant elects an alternate form of distribution in accordance with the Plan document. Partial or installment distributions are permitted only to satisfy required minimum distribution rules. In addition, in-service and hardship distributions are permitted if certain criteria are met. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts and may be used to pay Plan administrative expenses or reduce employer contributions. If any forfeitures remain, such forfeitures will be reallocated. At December 31, 2024 and 2023, there were no forfeited non-vested account balances in the Plan. No forfeitures were used to pay Plan administrative expense or reduce employer contributions during the year ended December 31, 2024.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is as follows:

Method of Accounting

The accounting records of the Plan are maintained on the modified cash basis which is a basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis, revenues are recognized when received rather than when earned, and expenses are recognized when paid rather than when incurred. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. The Plan is under no obligation to reimburse the Company for expenses paid on its behalf. Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses in the accompanying statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2024.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in fair value are reflected in operations. Mutual funds and common/collective trusts represent investments with various investment managers. The fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value ("NAV") at year end. Units held in common/collective trusts are valued at the NAV as a practical expedient for fair value as reported by the investment managers at year end. The NAV is based on the market value of the underlying investments and is supported by unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date, or as determined by the investment manager. Purchases and sales of securities are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded when received. The net appreciation of investments includes realized gains and losses on sales during the year and current changes in unrealized appreciation in the market value of investments held at year end.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

The Fisher Investments All World Equity Collective Fund (the “Collective Fund”) is a collective trust that indirectly invests in a diversified portfolio of securities (common stocks and other equity-type securities) of issuers domiciled outside of the United States. The Collective Fund seeks to provide investors with a moderate level of stable income without principal volatility and is for conservative investors seeking more income than money market funds without the price fluctuation of stock or bond funds. The investment adviser utilizes a top-down investment process based on applying capital markets technology (i.e., proprietary research tools) to the analysis of a wide range of economic, political, and sentiment drivers to formulate forecasts and develop portfolio themes. The investment adviser attempts to exploit the structure of global markets and capitalize on style and sector cycles as they come into and out of favor. Additionally, the investment adviser seeks to add value at the security level, although the investment adviser believes traditional individual security research is most effective when used to complement higher-level portfolio themes and characteristics rather than as the sole focus of the investment process. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at NAV. The common/collective trust does not have unfunded commitments or significant restrictions on redemptions.

The Fisher Investments U.S. Fixed Income Collective Fund (the “Fixed Income Collective Fund”) is a collective trust that invests in a diversified portfolio of fixed income-related securities. The Fixed Income Collective Fund seeks to meet or exceed the Bank of America Merrill Lynch U.S. Broad Market Bond Index (the “Benchmark”) with a level of risk similar to the risk associated with the Benchmark as measured by the standard deviation of the Benchmark. The investment adviser seeks to achieve this investment objective by investing in a diversified portfolio of fixed income and fixed income-related securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at NAV. The common/collective trust does not have unfunded commitments or significant restrictions on redemptions.

Risks and Uncertainties

The Plan provides for investments in various investment securities with different investment strategies, which, in general, are exposed to various risks, such as interest rate, credit, foreign investment, active management, and overall market volatility risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances, and the amounts reported in the statements of net assets available for benefits. The Plan’s exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

Market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Franklin Mountain Management, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the year ended December 31, 2024, there were no transfers in or out of levels 1, 2, or 3.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Mutual funds: Valued at the NAV of shares held by the Plan at year end.

Common/collective trusts: Valued, as a practical expedient, at the NAV of units held by the Plan at year end. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the common/collective trust less its liabilities, divided by the total number of units. Participant transactions (purchases and sales) may occur daily. Each common/collective trust provides for redemptions by the Plan at reported net asset values per share, with little to no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 15,153,640	\$ -	\$ -	\$ 15,153,640

Common/collective trusts (a)				352,664
Total investments at fair value				<u>\$ 15,506,304</u>

- (a) These investments are valued using NAV as a practical expedient, and therefore have not been classified in the fair value hierarchy. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

3. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets measured at fair value on a recurring basis as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,104,734	\$ -	\$ -	\$ 12,104,734

Common/collective trusts (a)				145,809
Total investments at fair value				\$ 12,250,543

(a) These investments are valued using NAV as a practical expedient, and therefore have not been classified in the fair value hierarchy. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

4. INFORMATION CERTIFIED BY THE PLAN’S CUSTODIAN (UNAUDITED)

The Company has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate as of and for the years ended December 31:

	2024	2023
Investments:		
Mutual funds	\$ 15,153,640	\$ 12,104,734
Common/collective trusts	352,664	145,809
Total investments	\$ 15,506,304	\$ 12,250,543
Investment income:		
Net appreciation in fair value of investments	\$ 1,360,308	
Interest and dividends	351,972	
Total investment income	\$ 1,712,280	

5. TAX STATUS

Effective January 1, 2022, the Company adopted the Principal Financial Group Prototype Basic Savings Plan – Basic Plan Document No. 01 with the related adoption agreement. The Internal Revenue Service (“IRS”) has issued an opinion letter dated June 30, 2020 stating that the Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2017-41) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Company and Plan Administrator believe that the Plan as adopted and amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Plan management evaluates tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company and Plan Administrator have analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2024 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Franklin Mountain Management, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodian and, therefore, these transactions qualify as party-in-interest transactions. Any purchases and sales of investments are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions qualify as exempt party-in-interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

7. PROHIBITED TRANSACTIONS

During the year ended December 31, 2020, the Plan inadvertently failed to deposit \$774 of participant loan repayments within the required timeframe as stated by the DOL. The DOL considers late remittances to be prohibited transactions reportable on the schedule of delinquent participant contributions, which is included in the supplemental information to these financial statements for the year ended December 31, 2024. Delinquent participant contributions stemming from the 2020 Plan year have been corrected fully. In accordance with DOL requirements, the Plan Sponsor is following the self-correction program to restore lost earnings.

8. REPORTABLE TRANSACTIONS

During the year ended December 31, 2024, there were no reportable transactions, investment assets both acquired and disposed of during the Plan year, loans in default or uncollectible, or non-exempt transactions with parties-in-interest which would require supplemental presentation under DOL regulations.

9. RECENT LEGISLATION

In December 2022, Securing a Strong Retirement Act ("SECURE 2.0") was passed into law. This package of laws builds on the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019. SECURE 2.0 covers numerous changes to retirement provisions designed to increase retirement savings, facilitate access to retirement savings, encourage employees to save for retirement, and lower employers' cost of offering and funding retirement savings plans. The provisions include both required and optional elements, and the Plan Administrator will determine the optional provisions to elect. The United States Department of the Treasury and the Internal Revenue Service continue to issue guidance and regulations implementing provisions of SECURE 2.0. Many of the provisions in SECURE 2.0 were effective in 2023 and 2024, but it will not be completely implemented until 2028. The deadline for amending plan documents has been extended to December 31, 2026.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 14, 2025, the date the financial statements were available to be issued.
