INDEPENDENT AUDITOR'S REPORT

Plan Administrator, Trustees, and Participants
Viking Plastics 401(k) Plan & Trust
Corry, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Viking Plastics 401(k) Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

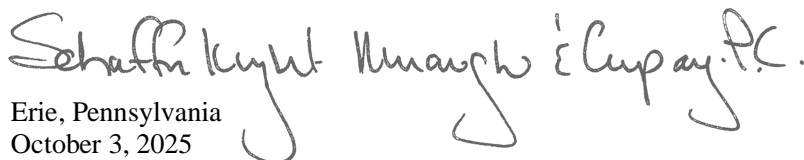

Other Matter-Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2024

1. Description of the Plan

The following description of the Viking Plastics 401(k) Plan & Trust (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution non-standardized prototype profit-sharing plan. The Plan was established September 14, 1973 and covers substantially all employees of Viking Plastics. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The purpose of the Plan is to provide all covered employees with a retirement savings program through employee and employer contributions, principally on a tax-deferred basis.

Eligibility

All full-time employees of Viking Plastics (the Plan Sponsor) are eligible to participate in the Plan. Eligible employees may begin participating on the first day of the month coinciding with or the next month following their date of hire.

For purposes of Plan Sponsor matching and discretionary profit-sharing contributions, full-time employees will be eligible to receive these contributions after they have served six months of service for the Plan Sponsor. After meeting this requirement, employees may begin participating on the first day of the month coinciding with or the next month following the date they satisfy this eligibility requirement.

Contributions

Participants are permitted to make pre-tax contributions up to the maximum percentage of compensation and dollar amounts permissible, subject to Internal Revenue Service (IRS) limitations. Rollover contributions to the Plan are permitted and may be executed after meeting the eligibility requirements for participation in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants are permitted to change deferral amounts at the beginning of each payroll period.

The Plan Sponsor may make a discretionary matching contribution equal to a percentage of participant salary deferrals. The total matching contributions for the years ended December 31, 2024 and 2023 totaled \$183,620 and \$189,765, respectively.

Plan Sponsor profit-sharing contributions are discretionary and are determined annually by the Plan Sponsor. Profit-sharing contributions are allocated pro-rata based on the ratio of each participant's compensation to the compensation of all eligible participants. There were no additional discretionary contributions to the Plan for the years ended December 31, 2024 and 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of (a) their share of any of the Plan Sponsor's contributions and (b) Plan earnings and increases in the value of investments. The participant may direct their investments within the investment funds offered by the Plan.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Forfeitures

Forfeitures may be used at the discretion of the Plan Sponsor to pay any plan administrative expenses or to reduce future Plan Sponsor contributions. At December 31, 2024 and 2023, forfeitures totaled \$4,940 and \$2,675, respectively. For the year ended December 31, 2024, no forfeitures were used to offset any Plan Sponsor contributions. For the year ended December 31, 2023, the Company used forfeitures totaling approximately \$10 to offset Plan Sponsor contributions to the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor contribution portion of their account plus actual earnings thereon is based on the following vesting schedule:

<u>Years of Service</u>	<u>Vesting %</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Employees are considered to have completed a year of service (for purposes of vesting) when they have completed 1,000 hours of service at any time during a plan year. The hours of service requirement is waived for employment occurring on or after early retirement or normal retirement age, or upon disability or death.

Payment of Benefits

The full value of a participant's account balance is payable at normal retirement age (age 65), with at least five years of service. Participants may withdraw all, or a portion, of the vested balance of his or her account upon termination of employment, disability, or normal retirement age. Distributions of the employee deferral contributions and the earnings thereon can be taken upon reaching age 59 ½ or for financial hardship.

Upon termination, the Plan requires all vested balances under \$5,000 to be paid out in a lump-sum payment. The terminated employees will be responsible for the related fees.

Notes Receivable from Participants

Subject to certain limitations and conditions, the Plan provides for loans to participants not to exceed the lesser of (a) \$50,000 reduced by the excess, if any, of their highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan over their current outstanding balance of loans as of the date of the new loan, or (b) 50% of their vested account balance. The maximum number of Plan loans allowed at a time for any participant is one.

Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Administrative Expenses

Substantially all investment and administrative expenses are paid by the Plan. Certain expenses, which are not material, are paid by the Plan Sponsor.

Subsequent Events

The Plan has evaluated subsequent events through October 3, 2025, the date the financial statements were available to be issued.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accounting records and financial statements of the Plan are maintained on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America, which recognizes additions to and deductions from net assets when contributions are withheld, income is earned, and liabilities are incurred.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and related disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments in registered investment companies are recorded at fair value, determined in accordance with the *Fair Value Measurements and Disclosures* topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investments are valued daily.

3. Tax Status

The Plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the written form of the non-standardized pre-approved plan document is qualified under Section 401 of the Internal Revenue Code (the Code), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401 of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification.

Viking Plastics 401(k) Plan & Trust

Notes to Financial Statements (continued)

3. Tax Status (continued)

During 2024, there was one participant who received \$34 of ineligible employer matching contributions and one participant who did not receive \$116 of eligible employer matching contributions. The corrective actions for these errors will be performed during 2025. These matters are deemed to be “self-corrected” under the IRS SCP; therefore, the Plan Administrator believes that no formal corrective notification to the IRS or the DOL was required. The Plan’s Administrator believes the necessary steps were taken to properly correct the error in order to maintain the Plan’s qualified status and operate in compliance with the Code.

During 2023, the Plan Sponsor failed to remit certain participant elective deferral contributions totaling \$78,588 to the Plan in a timely manner. The Plan Sponsor made corrective contributions to the participants’ accounts during the year ended December 31, 2023. In August 2024, lost earnings on the late remittances were calculated and totaled \$46 and were deposited into the participant accounts. These matters were deemed to be “self-corrected” under the IRS SCP; therefore, the Plan Sponsor believes that no formal corrective notification to the IRS or the DOL was required. The Plan’s Administrator believes the necessary steps were taken to properly correct the error in order to maintain the Plan’s qualified status and operate in compliance with the Code.

During 2023, the Third-Party Administrator for the Plan identified instances of salary deferral deposit errors. In particular, one participant received \$79 in excess of their deferrals and another participant received \$79 less than their deferral. Further, four participants had errors in the calculation of their employer match. The net effect of the errors totaled \$25 representing deposits in excess of the required match. The corresponding corrective actions were performed during 2024. These matters were deemed to be “self-corrected” under the IRS SCP; therefore, the Plan Administrator believes that no formal corrective notification to the IRS or the DOL was required. The Plan’s Administrator believes the necessary steps were taken to properly correct the error in order to maintain the Plan’s qualified status and operate in compliance with the Code.

The FASB issued guidance on accounting for uncertainty in income taxes. Management evaluated the Plan’s tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2021.

4. Information Prepared and Certified by Custodian

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2024 and 2023, and net realized and unrealized appreciation in fair value of investments, interest and dividends and investment expenses for the years ended December 31, 2024 and 2023, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Alerus Financial, N.A., the custodian of the Plan. The financial information certified by the custodian has been adjusted to reflect minor timing differences related to financial statement presentation in accordance with accounting principles generally accepted in the United States of America.

5. Fair Value Measurements

Investments are recorded at estimated fair value, in accordance with the provisions of FASB ASC’s *Fair Value Measurements and Disclosures* topic. This topic establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Viking Plastics 401(k) Plan & Trust
Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the topic are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Cash: Reported at the daily balance at the Plan's year end.

Mutual funds-registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2024			
	Level 1	Level 2	Level 3	Total
Cash	\$ 254,173	\$ -	\$ -	\$ 254,173
Mutual funds	12,386,735	-	-	12,386,735
Total investments in fair value hierarchy	\$ 12,640,908	\$ -	\$ -	\$ 12,640,908

Viking Plastics 401(k) Plan & Trust
Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

	2023			
	Level 1	Level 2	Level 3	Total
Cash	\$ 4,768	\$ -	\$ -	\$ 4,768
Mutual funds	12,438,985	-	-	12,438,985
Total investments in fair value hierarchy	\$ 12,443,753	\$ -	\$ -	\$ 12,443,753

6. Guaranteed Investment Contract

The Standard Stable Asset Fund II is designed to provide Plan participants with a guaranteed return of principal and is considered a fully benefit responsive investment contract. The fund is valued at contract value, which represents contributions made, less withdrawals and administrative expenses, plus interest credited. Net deposits invested in the fund become part of Standard Insurance Company's general account, and there are no particular segregated or identifiable assets ascribed to the Plan's investment and there are no wrap contracts supporting the liquidity of the fund, thus it is considered a traditional investment contract. Net deposits and interest credited become liabilities against Standard Insurance Company on the Plan's behalf. Daily liquidity is available for participant contributions and withdrawals at contract value regardless of market conditions. Contract value is guaranteed by the full faith and credit of Standard Insurance Company.

Certain events may limit the ability of the Plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. The Plan Sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected. The Plan Sponsor does not believe that the occurrence of any such event, which would limit the ability of the Plan to transact at contract value with participants, is probable.

7. Related Party Transaction

For the years ended December 31, 2024 and 2023, certain Plan investments are shares of funds managed by Alerus Financial, N.A. This entity represents the custodian as defined by the Plan and, therefore, transactions with this entity qualify as party-in-interest transactions. The Plan also paid fees to their investment advisor and third-party administrator. Fees paid by the Plan for administrative and investment management services to these parties totaled approximately \$63,100 and \$56,300 for the years ended December 31, 2024 and 2023, respectively, and are charged directly to Plan participant accounts. These fees are not prohibited; payments are for reasonable compensation for the normal operation of the Plan.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
