Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **MAILLIE LLP**

(2) EIN: **23-1518888**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditors' Report

To the Plan Administrator
Sola Optical Pension Plan
White Plains, New York

Opinion on the 2024 Financial Statements

We have audited the accompanying financial statements of Sola Optical Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024, and the related statements of changes in net assets available for benefits for the year then ended, and the statement of accumulated plan benefits as of December 31, 2023, and the related statement of changes in accumulated plan benefits for the year then ended and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024, and the changes in its net assets available for benefits for the year then ended, and the accumulated plan benefits as of December 31, 2023, and the changes in accumulated plan benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

To the Plan Administrator
Sola Optical Pension Plan
White Plains, New York

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sola Optical Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Sola Optical Pension Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

To the Plan Administrator
Sola Optical Pension Plan
White Plains, New York

2024 Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of: (1) Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024 and (2) Schedule H, Part IV, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

Auditor’s Report on the 2023 Financial Statements

The 2023 financial statements of Sola Optical Pension Plan were audited by a predecessor auditor whose report dated July 15, 2024, expressed an unmodified opinion on those financial statements and included an other-matter paragraph that provided an opinion that the information in the 2023 supplemental schedules was fairly stated in all material respects in relation to the financial statements as a whole.

SOLA OPTICAL PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE A - DESCRIPTION OF THE PLAN

The following brief description of the Sola Optical Pension Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General

The Plan is defined benefit pension plan that was established in 1994 by Sola Group Ltd, Inc., now known as Carl Zeiss Vision, Inc. (“Company”). The Plan was amended and restated effective January 1, 2020. The Plan is designed to be qualified under the applicable requirements of the Internal Revenue Code (IRC) and the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Company has appointed an Administrative Committee to manage the operation and administration of the Plan. Milliman, Inc., has been appointed the actuary and they also perform plan administration. The Company contracted with BNY Mellon, N.A. to act as Trustee of the Plan’s assets and to actively manage investments through BNY Mellon Wealth Management.

Action to Freeze the Plan

The Company, by resolution of the Board of Directors, has suspended benefit accruals after March 31, 2003. In addition, any employee who was not a member of the Plan on or before March 31, 2003 will not become eligible to participate in the Plan. At March 31, 2003, all eligible participants who were employees of the Company became 100% vested in their accrued benefits in the Plan. The Company intends to continue the Plan in a frozen state.

Contributions

The Company makes contributions to the Plan based on the recommendation of an enrolled actuary to fund the benefits provided in the Plan. Such contributions shall be no less than the amount required to satisfy the minimum funding standards of the IRC. The Plan has not been funded by contributions from employees. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Pension Benefits

Employees with five or more years of service are entitled to annual pension benefits beginning at normal retirement age (65), equal to 1.1 percent of their final five-year average annual compensation for each year of credited service plus 0.426% of the excess of their average compensation over the social security base. The Plan also provides for a pension benefit offset attributable to the accrued benefit under the Pilkington Visioncare Pension Plan. The Plan permits early retirement with reduced benefits to participants with ten years of service who are at least age 50. For married participants who do not elect otherwise, retirement income will be paid on the basis of a joint and survivor annuity. If a participant is unmarried, retirement income will be paid on the basis of a single life annuity.

See the independent auditors’ report.

SOLA OPTICAL PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Death and Disability benefits

If a married participant dies, the participant's spouse may qualify for monthly benefits that are equal to 50% of the normal retirement benefits accumulated as of the date of death, as provided for in the Plan. Benefits are payable to the spouse for life beginning on the participant's earliest retirement date. Eligible participants who become totally and permanently disabled after ten years of service receive monthly disability benefits that are equal to the normal retirement benefits they have accumulated at the time they become disabled, determined in the same manner as the participant's early retirement income.

Expenses

Plan administration expenses are paid by the Plan; however, certain professional fees, such as legal and audit, are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment management fees are offset against fund performance in the net appreciation (depreciation) in fair value of investments and are not, therefore, separately reflected as investment expenses in the accompanying statements of changes in net assets available for benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Fair Value of Financial Instruments

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient are not categorized within the fair value hierarchy.

See the independent auditors' report.

SOLA OPTICAL PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are recorded at fair value. Common/collective trust are at NAV based on information reported by the trustee using the audited financial statements at year end. The NAV, as provided by the trustee is used as a practical expedient to estimating fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 13, 2025.

NOTE C - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service participants have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died and (c) present participants or their beneficiaries.

The accumulated plan benefits for active participants are based on their number of years of service and compensation on the date in which the Plan was frozen. Benefits payable under all circumstances (retirement, death, disability and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the date the Plan was frozen.

The actuarial present value of accumulated plan benefits was determined by an independent actuary, and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The computations of the actuarial present value of accumulated Plan benefit were made as of January 1, 2024. Had the valuations been performed as of December 31, 2024, there should be no material difference.

See the independent auditors' report.

SOLA OPTICAL PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE C - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)

The significant actuarial assumptions used in the valuation January 1, 2024 are as follows:

Mortality	PRI-2012 Private Pensions Plans Blue Collar Mortality Tables, projected forward with Scale MP-202, for males and females
Expected Rate of Return on Assets	5.50%
Weighted Average Retirement Age	Age 61

The changes in the actuarial assumption from the prior year actuarial valuation are as follows: the expected rate of return on investments increased from 4.75% to 5.50%.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE D - FUNDING POLICY

The funding policy of the Company is to make contributions to the Plan sufficient to meet actuarially determined funding requirements of ERISA and the Pension Protection Act of 2006. From time to time, the Company contributes additional amounts as it deems appropriate. The Plan has met the minimum funding requirements of ERISA for the Plan years ended December 31, 2024 and 2023.

NOTE E - INVESTMENTS

The following investments set forth by level, within the fair value hierarchy, the Plan’s assets that were valued at fair value as of December 31:

	2024	
	Other Investments Measured at NAV *	Total
Investments, at fair value		
Common/collective trusts	\$ 36,361,551	\$ 36,361,551

Common/collective trusts	\$ 37,007,725	\$ 37,007,725
 Total investments	\$ 37,007,725	\$ 37,007,725

(*) As discussed in Note B, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

The NAV of common/collective trusts are calculated at the end of each business day. There are no restrictions on redemptions and the Plan had no unfunded commitments at December 31, 2024 and 2023.

The following investments exceeded approximately 10% of the net assets available for benefits at December 31:

	2024	2023
BNYM Insight U.S. Investment Grade Corp. Long Duration Fund	\$ 8,052,267	\$ 8,723,787

BNYM DB SL Intermediate Credit Bond Index Fund	3,711,858	-

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by BNY Mellon N.A., BNY is the trustee as defined by the Plan and, therefore, these transactions are considered exempt party-in-interest transactions under ERISA.

See the independent auditors' report.

SOLA OPTICAL PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE G - TAX STATUS

On July 20, 2020, the Plan obtained a favorable letter of determination from the Internal Revenue Service which states that the Plan qualifies, under Section 401(a) of the IRC. The Plan has been amended since receiving the determination letter, however, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE H - TAX PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, all participants would become 100% vested, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- (a) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- (b) Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations (discussed below).
- (c) All other vested benefits (that is, vested benefits not insured by the PBGC)
- (d) All non-vested benefits.

See the independent auditors' report.

SOLA OPTICAL PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE H - TAX PLAN TERMINATION (Continued)

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2024 and 2023, that ceiling was \$7,108 and \$6,750 per month. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2024 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted. In addition, the value of the Plan's investments has a direct impact on its funded status. The actual impact on the Plan's funded status and future required contributions cannot be determined at this time.

See the independent auditors' report.

Appendix A – Summary of Actuarial Methods and Assumptions

Actuarial Cost Method

The valuation of retirement benefits is determined under the “Unit Credit Actuarial Cost Method”, as prescribed by the Pension Protection Act of 2006 (PPA). In this method, the regular Plan cost arises from two sources: a Target Normal Cost and an Amortization Payment for the Funding Target Shortfall.

The Funding Target is determined as the actuarial present value of benefits as of the valuation date. The Shortfall is equal to the Funding Target less the Actuarial Value of Assets adjusted by any existing credit balances.

The Normal Cost is the Actuarial Present Value of benefits expected to accrue during the valuation year plus anticipated administrative expense, if any. Since benefits under the plan are frozen, and administrative expenses are not paid from plan assets, the plan’s Normal Cost is currently zero.

Asset Valuation Method

The Actuarial Value of Assets used for determining the Plan’s ERISA funding requirements is based on the permitted three-year asset smoothing as defined under IRS Notice 2009-22. Under this method, the Actuarial Value of Assets equals the Market Value of Assets minus one-third and two-thirds, respectively, of the investment gain or loss for each of the two immediately preceding plan years, but it must be within 90% to 110% of the Market Value of Assets. The Market Value of Assets is equal to the Fair Value of Assets as of the valuation date plus the discounted value of employer contributions made after the valuation date. These contributions are discounted to the valuation date using the Effective Interest Rate for the prior plan year. The expected investment return for a plan year is based on the lesser of the expected rate of return on plan assets (currently 5.50% per year) or the applicable statutory interest rate for the year.

The Actuarial Value of Assets for IRC Section 404 purposes, used in determining the Maximum Deductible Contribution, reflects the Plan Sponsor’s election to use segment rate stabilization as permitted under IRS Notice 2012-61.

Amortization Method

For the Plan’s ERISA funding requirements, any incremental Funding Shortfall amounts are amortized over a fifteen-year period, and the related shortfall amortization payment is determined on the first valuation date following the plan year in which it arises based on the segment rates used for ERISA minimum funding purposes on that date, as prescribed under IRC Section 430.

Sola Optical Pension Plan
2024 Schedule SB, Part V – Statement of Actuarial Assumptions/Methods
EIN/PN: 94-3189941 / 001

Economic Assumptions

Interest Rates:

Assumption: ERISA minimum funding – 24-month average segment rates, using a four-month lookback period, adjusted to reflect the applicable segment rate stabilization corridor.

Maximum Deductible Contribution – 24-month average segment rates, using a four-month lookback period, but not adjusted to reflect segment rate stabilization.

	Minimum Funding	Maximum Deductible	PBGC Premium
Segment 1 (0–5 years)	4.75%	3.62%	5.01%
Segment 2 (5–20 years)	4.87%	4.46%	5.13%
Segment 3 (20+ years)	5.59%	4.52%	5.15%
Effective Interest Rate	5.07%	4.42%	5.13%

Rationale: Plan sponsors have the option to elect the use of a full yield curve, or to use segmented interest rates (with a lookback period, if desired) subject to ARPA constraints. Carl Zeiss Vision, Inc. is currently using segmented interest rates with a four month lookback, based on prior elections.

Assumption: PBGC Premium – Spot segment rates for the month preceding the valuation date, but not adjusted to reflect segment rate stabilization. The standard method (adopted January 1, 2023) is used for the PBGC variable rate premium calculation.

Rationale: The interest rates PBGC premium purposes are prescribed under IRS regulations. These PPA funding rates are based on the plan sponsor’s interest rate election method.

Assumption: FASB ASC Topic 960 / Expected Return on Assets – Expected Return on Assets of 5.50%, compounded annually. This is the assumed rate of return for the Plan’s entire portfolio of assets, net of investment expenses and including assumed inflation rate of 2.30%.

Rationale: In developing an investment return assumption, we utilize capital market assumptions consisting of expected returns, standard deviations, and correlations for a broad range of traditional and alternative asset classes typically seen in institutional investment portfolios. We determine expected returns for each asset class based on forward looking data including forecasts of inflation, GDP growth, and current yields to maturity of fixed income securities. Historical data and academic research is used to estimate volatility (standard deviations) and correlations of asset classes. We then incorporate the plan portfolio’s actual asset allocations and develop the expected nominal arithmetic mean rate of return of the portfolio assuming passive management.

Change in assumptions: ERISA minimum funding – Interest rates were updated from 4.75%, 5.00%, and 5.74% per year to 4.75%, 4.87%, and 5.59% per year, respectively, as required by statute.

Maximum Deductible Contribution – Interest rates were updated from 1.41%, 3.09%, and 3.58% per year to 3.62%, 4.46%, and 4.52% per year, respectively, as required by statute.

Sola Optical Pension Plan
2024 Schedule SB, Part V – Statement of Actuarial Assumptions/Methods
EIN/PN: 94-3189941 / 001

Administrative Expenses:

Assumption: None.

Rationale: Administrative expenses are not paid from plan assets.

Demographic Assumptions

ERISA minimum funding, Maximum Deductible Contribution, and PBGC premium:

Assumption: Statutory generational tables for 2024 with separate rates for non-annuitants and annuitants.

Rationale: These mortality tables are among those mandated for use under PPA for ERISA funding valuations, and are appropriate for the given purpose.

Mortality for FASB ASC Topic 960:

Assumption: PRI-2012 Private Pension Plans Blue Collar Mortality Tables, projected with Scale MP-2021, for males and females.

Rationale: The projection reflects the Society of Actuaries' Retirement Plans Experience Committee's (RPEC) mortality table (PRI-2012 Mortality Tables) and mortality improvement scale (MP-2021). The plan sponsor has elected the mortality assumption described above.

Termination:

Assumption: Rates of withdrawal are based on the T-8 Table from the Pension Actuary Handbook and depend on age. Sample rates are shown in the following table.

Age	Rate
25	11.6%
30	11.2%
35	10.6%
40	9.4%
45	7.6%
50	4.9%
55	1.7%

Rationale: We believe the assumption selected is reasonable for the contingency it is measuring, and is not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

Sola Optical Pension Plan
2024 Schedule SB, Part V – Statement of Actuarial Assumptions/Methods
EIN/PN: 94-3189941 / 001

Retirement:

Assumption: Annual rates of retirement are shown in the following table for active participants who are eligible to retire.

Age	Rate
50-54	3.0%
55-59	5.0%
60-61	7.0%
62	20.0%
63-64	10.0%
65+	100.0%

The weighted average retirement age for active participants is 61.

Annual rates of retirement are shown in the following table for terminated vested participants who are eligible to retire.

Age	Rate
55-61	3.2%
62-64	19.2%
65+	100.0%

Rationale: Based on historical experience and future expectations, we believe the retirement assumption selected is reasonable for the contingency it is measuring and is not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

Disability:

Assumption: None.

Rationale: The majority of the plan participants are inactive, and therefore any additional liability due to disability benefits is negligible.

Form of Payment:

Assumption:

Form of Payment	Rate
Single Life Annuity	50.0%
50% Joint & Survivor Annuity	10.0%
100% Joint & Survivor Annuity	40.0%

Rationale: This assumption was developed based on a review of the plan's historical experience. We believe the assumption selected is reasonable for the contingency it is measuring and is not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

Sola Optical Pension Plan
2024 Schedule SB, Part V – Statement of Actuarial Assumptions/Methods
EIN/PN: 94-3189941 / 001

Change in Assumption: The assumption was updated from 100% of participants electing a Single Life Annuity to 50% of participants electing a Single Life Annuity, 10% electing a 50% Joint & Survivor Annuity, and 40% electing a 100% Joint & Survivor Annuity.

Marital Characteristic:

Assumption: For participants not in pay status – 70% of participants are assumed to be married to a spouse of the opposite sex. Males are assumed to be the same age as females.

For participants and beneficiaries in pay status – actual data is used.

Rationale: We believe the assumption selected is reasonable for the contingency it is measuring, and is not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

Change in Assumption: The marital percentage was updated from 100% to 70%.

Excluded Terminated Vested Participants:

Assumption: Terminated vested participants aged 73 or greater who have not commenced benefits by the valuation date are assumed to be deceased with no further benefit due.

Rationale: A significant proportion of older terminated vested participants are never located and forfeit their benefits as a result. We believe the assumption selected is reasonable for the contingency it is measuring, and is not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

Change in Assumption: No participants were previously excluded.

Sola Optical Pension Plan
2024 Schedule SB, Part V – Summary of Plan Provisions
EIN/PN: 94-3189941 / 001

This summary of plan provisions is intended to only describe the essential features of the Plan. All eligibility requirements and benefit amounts shall be determined in strict accordance with the plan document itself.

Definitions

Accrued Benefit:

1.1% of Final Average Compensation, multiplied by Years of Credited Service, plus;
0.426% of Excess Compensation, multiplied by Years of Credited Service up to 35 years.

A participant who was also a participant in the Sola Optical Pension Plan as of December 31, 1987 will receive a minimum normal retirement benefit equal to the sum of his monthly normal retirement benefit accrued under that Plan to December 31, 1987 plus 1/13th of 1.5% of his compensation for Credited Service earned after December 31, 1987.

Pilkington Visioncare Pension Plan participants as of December 1, 1993 will have their benefit reduced by the December 1, 1993 Pilkington Visioncare Pension Plan benefit.

Future benefit accruals were frozen as of March 31, 2003.

Final Average Compensation: The average of annual Compensation in the five consecutive plan years during the last 10 years of employment prior to March 31, 2003 for which such average is the highest.

Compensation: FICA wages without regard to the Social Security taxable wage base, including any amounts that are treated as salary reduction contributions and used to purchase non-taxable benefits under IRC Section 125 or 401(k). Annual Compensation may not exceed the inflation-adjusted limit specified by the IRS. Compensation does not include amounts paid on exercise of stock options, long-term bonuses, special awards, expense allowances (if not paid in cash), directors' fees, severance benefits, relocation expenses or vacation payouts made upon termination.

Compensation earned after March 31, 2003 is excluded for pension purposes.

Excess Compensation: Compensation in excess of the average, without indexing, of the Social Security Taxable Wage Bases over the 35-year period ending with the calendar year in which the Participant attains his Social Security Retirement Age (or 2003, if earlier).

Credited Service: Elapsed Time Method. Credited Service is frozen as of March 31, 2003.

Plan Effective Date: January 1, 1994; the Plan was last amended effective March 31, 2003.

Plan Year: The 12-month period beginning January 1 and ending December 31.

Vesting Service: Elapsed Time Method.

Eligibility for Participation

The plan was closed to new participants as of March 31, 2003.

Normal Retirement

Normal Retirement Date: The first day of the month coincident with or next following the attainment of age 65 and 5 years of participation.

Normal Retirement Benefit: The Accrued Benefit.

Sola Optical Pension Plan
2024 Schedule SB, Part V – Summary of Plan Provisions
EIN/PN: 94-3189941 / 001

Early Retirement

Early Retirement Date: The first day of the month coincident with or next following the attainment of age 50 and completion of 10 years of Vesting Service.

Early Retirement Benefit: The Accrued Benefit, reduced by 3% for each of the first 2 years and 5% for each of the next 10 years that a participant's Early Retirement Date precedes age 62.

Deferred Retirement

Deferred Retirement Date: The first day of the month coincident with or next following the date of termination of service if it occurs after the Normal Retirement Date.

Deferred Retirement Benefit: The greater of (a) the Accrued Benefit determined as of the Deferred Retirement Date or (b) the Accrued Benefit determined as of the Normal Retirement Date and actuarially increased to the Deferred Retirement Date.

Termination

Termination Date: The date of termination of service other than for reasons of retirement, disability, or death.

Termination Benefit: All participants are 100% vested in their Accrued Benefit as of March 31, 2003.

Preretirement Death

Preretirement Death Benefit Eligibility: Surviving spouses of participants with a vested Accrued Benefit who die before commencement of payments, provided they have been married at least one year.

Preretirement Death Benefit: 50% of the benefit that would have been payable had the deceased participant instead terminated service on the date of death, survived to his earliest possible benefit commencement date, elected a joint and 50% survivor annuity, and died on that same date.

Disability Retirement

Disability Retirement Eligibility: Early Retirement Date, after the occurrence of total disability as defined by the Plan document.

Disability Retirement Benefit: Early Retirement Benefit, determined as of the disability separation date.

Forms of Payment

Normal Forms: Life annuity if single; actuarially equivalent joint and 100% survivor annuity if married.

Optional Forms: Life annuity; actuarially equivalent life annuity with 10 years certain; actuarially equivalent joint and survivor annuity (50% or 100%).

Small Lump Sum: Payable automatically if the actuarially equivalent present value of the vested Accrued Benefit is \$5,000 or less.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
