## INDEPENDENT AUDITORS' REPORT

Mahoney Foundries, Inc. Savings and Retirement Plan  
Kendallville, IN 46755

### Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the financial statements of Mahoney Foundries, Inc. Savings and Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Mahoney Foundries, Inc. Savings and Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mahoney Foundries, Inc. Savings and Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mahoney Foundries, Inc. Savings and Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mahoney Foundries, Inc. Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mahoney Foundries, Inc. Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

The supplemental schedule of assets held for investment purposes is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and additional procedures in accordance with GAAS. For information included in the supplemental schedule agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**MAHONEY FOUNDRIES, INC. SAVINGS AND RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

December 31, 2024 and 2023

**1. DESCRIPTION OF THE PLAN**

The following description of the Mahoney Foundries, Inc. Savings and Retirement Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

**General**

The Plan is a 401(k) Salary Deferred plan covering all employees of Mahoney Foundries, Inc., (Company), who have completed at least 1,000 hours of service. New participants enter the Plan on the first day of the current month or the following month, after satisfying the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

**Contributions**

Each year participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Contributions are subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified plans. The Company's match is 100% of the first four percent of wages. The Company may also make a discretionary contribution each year. Forfeitures will be used to reduce future employer contributions. Additionally, the employer absorbs certain costs of plan administration.

**Participant's Accounts**

Each participant's account is (a) credited with the participant's contribution, an allocation of the Company's contribution, and plan earnings, and (b) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are immediately vested in their voluntary contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of the participants' accounts plus actual earnings thereon is based on years of continuous service. A participant is fully vested after three years of credited service.

(continued)

## 1. DESCRIPTION OF THE PLAN (continued)

### **Payment of Benefits**

On termination of service due to death, disability or retirement, or due to hardship, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

### **Investment Options**

Upon enrollment in the Plan, a participant may direct all contributions in one percent increments into various investment options offered by the Plan. The plan assets are invested in various accounts offered by Principal Life Insurance Company.

## 2. SUMMARY OF ACCOUNTING POLICIES

### **Basis of Accounting**

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with generally accepted accounting principles.

### **Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### **Payment of Benefits**

Benefits are recorded when paid.

(continued)

## **2. SUMMARY OF ACCOUNTING POLICIES (continued)**

### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the reported amounts of plan assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### **Minimum Funding Requirements**

Contributions to the Plan have been funded in accordance with the minimum funding standards of ERISA.

### **Subsequent Events**

The Plan's management has evaluated subsequent events through October 6, 2025, the date the financial statements were available to be issued.

## **3. INFORMATION CERTIFIED BY THE CUSTODIAN**

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company (the custodian of the Plan).

## **4. FAIR VALUE MEASUREMENTS**

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the years presented and there were no changes in the methods used to measure fair value at December 31, 2024 and 2023.

#### 4. FAIR VALUE MEASUREMENTS (continued)

##### *Level 2 Fair Value Measurements*

The fair value of pooled separate accounts is based on the net asset value (NAV) of units held by the Plan at year end.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024.

	<u>Level 2</u>	<u>Total</u>
Pooled separate accounts	\$ 7,016,090	\$ 7,016,090
Total assets at fair value	<u>\$ 7,016,090</u>	<u>\$ 7,016,090</u>

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023.

	<u>Level 2</u>	<u>Total</u>
Pooled separate accounts	\$ 6,039,244	\$ 6,039,244
Total assets at fair value	<u>\$ 6,039,244</u>	<u>\$ 6,039,244</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that cause the transfer. For the years ended December 31, 2024 and 2023, there were no transfers of investments into or out of Level 3.

#### 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a benefit-responsive investment contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

(continued)

## 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than one percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

A summary of the Plan's investment contracts as of December 31 are as follows:

	<b>2024</b>	<b>2023</b>
Traditional investment contract	\$ 33,784	\$ 28,437

## 6. DEFERRED VESTED BENEFITS AND FORFEITED ACCOUNTS

There were no unallocated assets or assets allocated to participants who have withdrawn from the Plan at December 31, 2024. There were unallocated forfeitures of \$-0- at December 31, 2024 and 2023. Forfeitures will be used to reduce future employer contributions.

## **7. PLAN TERMINATIONS**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan terminations, participants will become 100 percent vested in their accounts.

## **8. TAX STATUS**

The Plan has obtained a favorable tax determination letter from the Internal Revenue Service. The Plan has been amended since receiving the determination letter. However, the plan sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

## **9. REPORTABLE TRANSACTIONS**

There were no single transactions or series of transactions within the plan year in excess of 5 percent of the current value of the plan assets that are required to be reported on the Form 5500.

## **10. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## **11. PARTY-IN-INTEREST TRANSACTIONS**

Certain plan investments are investment funds managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan paid \$55,740 in 2024 and \$44,263 in 2023 for administrative fees. Additionally, the Plan paid \$16,546 for investment advisory fees in 2024 and \$12,850 in 2023.
