INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
Whittier College 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Whittier College 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Whittier College 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Whittier College 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Whittier College 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Whittier College 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2024, and of assets (held at end of year) as of December 31, 2024, (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of Whittier College 403(b) Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan sponsored by Whittier College (the "College" or "Employer") pursuant to Section 403(b) and related provisions of the Internal Revenue Code ("IRC"), was established effective September 26, 1984. The Plan was most recently restated effective March 31, 2020, and amended March 1, 2024. The Plan is designed to provide participants with benefits in the event of disability, death, termination or financial hardship. The Plan is subject to the provisions of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), and subsequent laws.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, related to participant loans and distributions. The College has until December 31, 2026, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The College has until the end of the first plan year beginning on or after January 1, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The College is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The College has delegated certain functions related to the operation and administration of the Plan. Teachers Insurance and Annuity Association ("TIAA") and College Retirement Equities Fund ("CREF"), and as agent for TIAA Trust, N.A., (collectively, the "Custodians"), serve as the Plan's asset custodians and are responsible for the custody and management of the Plan's assets. An affiliate of the Custodians is responsible for maintaining participant accounts and transactions related to participant-initiated activity.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

All employees, except for students performing services described in IRC Section 3121(b)(10), are immediately eligible to participate in the Plan. All employees who are at least 21 years of age and have completed 12 months of service (24 months for support staff), except for employees covered by a bargaining agreement, students performing services described in Code Section 3121(b)(10), and employees who normally work less than 20 hours per week, are eligible to receive Employer matching contributions on the first of the month following the month in which the years of service requirement has been met.

Participant accounts

Each participant's account is credited with the participant's contributions, rollover contributions, College's contributions, if any, as well as allocations of Plan earnings, and charged with an allocation on investment losses and administrative expenses not paid directly by the College. Allocations of investment earnings are based on participant's selection of investment and timing of purchase. Other allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Participants may contribute up to the limits permitted by the IRC. Maximum allowed deferral amounts were \$23,000 for 2024. In addition, participants who have attained age 50 before the end of the Plan year are allowed to make an additional \$7,500 catch-up contribution to the Plan for 2024. The Plan also allows for additional catch-up contributions for employees with 15 years or more of qualifying service. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Effective on March 1, 2024, the Plan was amended to permit employees to make Roth contributions.

Through July 31, 2020, the College made matching contributions equal to 8.5% of the eligible participant's compensation, as defined by the Plan. Matching contributions were suspended effective August 1, 2020 through March 30, 2023. The College phased in reinstatement of matching contributions starting effective April 1, 2023 to June 30, 2023, at 2% and the match increased to 4.25% from July 1, 2023 through July 1, 2024. Effective July 1, 2024, matching contributions increased to 8.50% of the participant's eligible compensation.

The College can make discretionary contributions to the Plan. No discretionary contributions were contributed to the plan in the year ended December 31, 2024.

Participants direct the investment of all their contributions into various investment options offered by the Plan. The Plan currently offers various variable annuities, registered investment companies and guaranteed investment contracts as investment options for participants.

1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their voluntary contributions and the Plan's matching contributions, plus earnings thereon.

Notes receivable from participants

Participants may borrow against their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable terms are generally five years or less, but may exceed five years if the purpose of the loan is to purchase a principal residence. The notes receivable are secured by the remaining balance in the participant's account and accrue interest at the prime lending rate plus 1%. Interest rate range for loans is 4.25% to 9.50% as of December 31, 2024. Notes receivable from participants mature at various dates through March 1, 2031.

Plan loans to participants

Plan loans, which are no longer offered as of November 2019, were issued directly from funds owned by TIAA and not directly from a participant's account. Adequate security is required and a portion of the participant's account is reserved, or held in collateral, to cover 110% of the outstanding loan in case of default. The loan interest rate for these Plan loans may be fixed or variable, and the initial rate is determined by the terms of the controlling contract as is the rate adjustment and frequency, if applicable. For all loans, interest is paid directly to TIAA. For loans having collateral held in a Group Supplemental Retirement Annuity contract, principal repayments increase the amount of TIAA Traditional Annuity funds available for the participant's use. For loans having collateral held in a Retirement Annuity or Group Retirement Annuity contract, principal repayments are allocated to the participant's existing contribution preferences. These loans are not considered part of the Plan's assets.

At December 31, 2024 and 2023, participants had outstanding loan balances due to TIAA and CREF in the amount of \$27,883 and \$76,408, respectively. Interest rates on Plan loans ranged from 4.24% - 6.85% and maturities through January 1, 2028. As of December 31, 2024 and 2023, there were \$27,883 and \$21,681, respectively, in defaulted Plan loans with TIAA Traditional Annuity funds that have been deemed as distributed but remain a part of total assets until the participant has a distributable event as defined.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

Distributions and withdrawals are payable upon death, disability, discharge, or retirement, as defined in the plan documents. The Plan allows for in-service distributions if a participant reaches age 59 ½ and hardship distributions subject to Plan provisions. Participant account balances less than or equal to \$1,000 upon termination will be distributed in a lump-sum payment directly to the participant unless the participant makes an election to roll funds to an individual retirement account designated by the plan administrator. Balances greater than \$1,000, but \$5,000 or less upon termination will be rolled over to an individual retirement plan designated by the administrator if the participant has not requested a lump-sum cash payment or a direct rollover into another qualified benefit plan. If the account balance is over \$5,000 upon termination, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, or postpone payment to a later date and remain in the Plan as described in the plan documents. Upon demonstration of immediate and heavy financial need, as defined in the Plan, hardship withdrawals are allowed only from the participant's salary deferrals contributed to the Plan.

Effective May 16, 2024, the Plan's involuntary cash-out distributions was increased from \$5,000 to \$7,000.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements are presented on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("U.S. GAAP"). Accordingly, income and the related assets are recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligations are incurred.

Had the financial statements been prepared using the accrual basis of accounting in accordance with U.S. GAAP, employee contributions receivable of \$126,652 and \$6,927 would have been recorded as of December 31, 2024 and December 31, 2023, respectively. Employer contributions receivable of \$106,494 and \$0 would have been recorded as of December 31, 2024 and December 31, 2023.

Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. The Custodians certify the value of all investments (Note 3).

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4).

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value generally consists of contributions and interest, less expenses and distributions. See Note 5 for a description of investments measured at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Contributions

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the College, which is the pay date. The Plan records receivables for participants' contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Rollover contributions from participants are recorded based on the date the contributions are received by the Custodians.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Benefit payments

Benefits are recorded when paid.

Administrative expenses

Administrative expenses are recorded when incurred and paid.

Subsequent events

The Plan has evaluated subsequent events through October 14, 2025, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

Forfeited accounts

Forfeited nonvested accounts totaled \$1,605 and \$1,528 as of December 31, 2024 and 2023, respectively. This account can be used to reduce Employer contributions. No forfeitures were used to reduce Employer contributions during the year ended December 31, 2024.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the Plan's investment information, and related activity, certified by the Custodians, determined to be qualified institutions by the Plan administrator, as complete and accurate, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule of assets (held at end of year) ("supplemental schedule"). The Custodians have certified that the following investment information included in the financial statements is complete and accurate:

- Investments and notes receivable from participants as shown on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, interest and dividends, interest from notes receivable from participants and other income, as shown on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investments and notes receivable from participants reflected on the supplemental schedule as of December 31, 2024.

4. FAIR VALUE MEASUREMENTS

Accounting standards require that fair value be determined based on the price that would be received for an asset or paid to transfer a liability ("exit price") in the principal or most advantageous market, in an orderly transaction between market participants. Such fair value is a market-based measurement, not an entity-specific measurement. U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- *Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access at the measurement date;
- *Level 2* - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; or
- *Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets or liabilities.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Variable annuity contracts: Units held in the CREF portfolios are valued using the net asset value ("NAV") of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The net asset value of the portfolio is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund. The Plan may redeem units at NAV on any day that the New York Stock Exchange is open for business. Participants cannot redeem units from the CREF portfolios (with the exception of the Money Market Account) for 90 days if a purchase, sale and/or repurchase is made within that account within a 60 day period.

Whittier College 403(b) Plan
Notes to Financial Statements
Modified Cash Basis
December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS (continued)

Mutual funds and money market fund: Mutual funds and money market funds are valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate account: The TIAA Real Estate (REA) pooled separate account invests in real estate properties and real-estate related investments. Units held in the separate account are accumulation units and calculate the contract owner's interest. Such units are valued daily to reflect investment performance and the prorated daily deduction for expense charges. The number of units credited to a participant's account is determined by dividing the dollar amount of the transaction by the unit value the next time value is computed. units are valued any day the New York Stock Exchange is open for business and may be accessed by plan sponsors and participants via the TIAA website. The pooled separate account is classified within Level 1 of the fair value hierarchy.

Whittier College 403(b) Plan
Notes to Financial Statements
Modified Cash Basis
December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS (continued)

TIAA Variable Annuities consist of CREF Accounts:

- CREF accounts consist of eight investment portfolios: the Stock, Global Equities, Growth, Equity Index, Bond Market, Inflation Linked Bond, Social Choice and Money Market accounts. The fair values of accumulation units held by the Plan in CREF Accounts are primarily valued using market quotations or prices obtained from independent pricing sources. CREF Accounts are deemed actively traded, and thus are classified within Level 1 of the fair value hierarchy. Data for values is available daily to plan administrators and client investors on TIAA's website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings. Underlying holdings include mutual funds and are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts, and these investments may be redeemed at any time.
- Fixed annuity contracts - The Plan's investments in the TIAA Traditional Annuities are reported by TIAA at contract value, which approximates fair value. As these investments are contract based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs. TIAA Traditional Annuities are segregated into non-fully benefit-responsive and fully benefit-responsive categories. The Plan's investments in the non-fully benefit-responsive contracts are presented as Level 3 fair value investments in the fair value hierarchy. The fully benefit-responsive contracts are not categorized within the fair value hierarchy as they are measured at contract value. The Plan purchased and sold investments in non-fully benefit-responsive contracts of \$1,810,578 and \$3,903,912, respectively, during the year ended December 31, 2024. Transfer out of non-fully benefit-responsive investment contracts totaled \$4,074,374 and transfers in on non-fully benefit-responsive investment contracts totaled \$5,083,071 during the year ended December 31, 2024.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

4. FAIR VALUE MEASUREMENTS (continued)

The following table presents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the fair value hierarchy as of December 31, 2023:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional Annuity	\$ 34,376,855	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA - 6.00% - 6.75% RC - 6.25% - 6.75%

5. INVESTMENT CONTRACTS WITH TIAA

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types, including the Retirement Annuity ("RA"), Group Supplemental Retirement Annuity ("GSRA"), Supplemental Retirement Annuity ("SRA"), Retirement Choice ("RC"), and Retirement Choice Plus ("RCP"). The RA and the RC are considered a non-fully benefit-responsive contracts and the GSRA, SRA and RCP are considered fully benefit-responsive contracts.

The RA and RC are considered non-fully benefit-responsive contracts and the GSRA, SRA and the RCP are considered fully benefit-responsive contracts.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value, as reported by TIAA. TIAA indicated that contract value approximates fair value for these investments at December 31, 2024 and 2023. Contract value represents accumulated cash contributions made under the contract, plus interest credited to the contract, less participant withdrawals and transfers. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

5. INVESTMENT CONTRACTS WITH TIAA (continued)

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. The crediting interest rate for the SRA and GSRA ranged between 4.00% and 5.25% for the years ended December 31, 2024 and 2023. The crediting interest rate of RCP ranged between 4.25% and 5.50% for the year ended December 31, 2024 and 2023. See Note 4 for crediting interest rates for the contracts that are non-fully benefit-responsive.

All other withdrawals must be spread over ten annual installments. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with TIAA or with the Plan's participants are probable.

The contract does not permit TIAA to terminate the agreement prior to the scheduled maturity date.

6. OTHER INCOME

Certain Plan investments maintain revenue sharing arrangements with TIAA. Under these arrangements, a percentage of the asset management fees earned by those investments are transferred to the Plan and held in a revenue credit account ("RCA").

6. OTHER INCOME (continued)

The RCA is used to offset certain permitted Plan administrative expenses, including those incurred for TIAA recordkeeping, participant communication, audits, investment performance monitoring, third party compliance consulting, and other administration costs. The Plan may also direct TIAA to return any unused RCA balance to participants. As of December 31, 2024 and 2023, the balance in the RCA was \$74,895 and \$486,699, respectively. During the year ended December 31, 2024, TIAA transferred \$4,956 in Plan servicing credits to the Plan and \$99,339 in Plan administrative expenses were paid from the RCA. Additionally, during the year ended December 31, 2024, \$427,718 of plan service credits were reallocated to participants.

7. TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. The Plan is based on the ERISA 403(b) Volume Submitter Plan (the "volume submitter plan") sponsored by TIAA, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated August 7, 2017, in which the IRS stated that the volume submitter plan is appropriate for use by employers for the benefit of their employees. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. PLAN TERMINATION

Although the College has not expressed any intent to do so, the College has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets of the Plan would be distributed to the participants in proportion to their respective account balances.

9. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

ERISA defines party-in-interest similarly to a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide the services to the Plan; however, these entities may not necessarily be related parties. The Employer did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employee or employee association or relatives of such persons.

Certain fees and expenses of the Plan may be paid by the College. These transactions qualify as party-in-interest transactions. The Plan is not required to repay expenses paid by the College on its behalf.

9. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS (continued)

The Custodians retain, as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings, thereby impacting Plan revenue applied to participants' accounts (Note 6).

Certain Plan investments are owned and managed by the Custodians; therefore, these transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:
