INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Clinica de Salud del Valle de Salinas
403 (b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed an audit of the financial statements of Clinica de Salud del Valle de Salinas 403 (b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Mid Atlantic Trust Company as of December 31, 2024 and for the period November 1, 2024 to December 31, 2024 and Nationwide Trust Company, FSB as of December 31, 2023 and for the period from January 1, 2024 to December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section

- the amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of Clinica de Salud del Valle de Salinas 403 (b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Clinica de Salud del Valle de Salinas 403 (b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be used.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Clinica de Salud del Valle de Salinas 403 (b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Clinica de Salud del Valle de Salinas 403 (b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

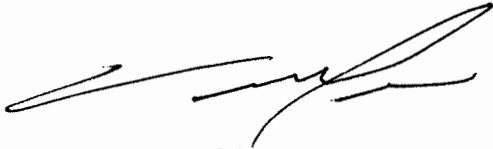

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

CLINICA DE SALUD DEL VALLE DE SALINAS
403 (b) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

NOTE A: DESCRIPTION OF PLAN

The following description of the Clinica de Salud del Valle de Salinas 403 (b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General.

Clinicas de Salud del Valle de Salinas (the Organization) established the Plan to provide employees with a systematic means of savings and investing for the future. The Plan is a defined contribution plan covering all eligible employees, as defined in the Plan, of the Organization. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 "ERISA", as amended.

Contributions.

The Plan permits employee pre-tax and Roth elective deferral contributions, employer matching contributions, and rollover contributions.

Participants can choose to enroll and contribute to the Plan upon employment commencement. Effective November 1, 2024, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default pre-tax elective deferral rate set at 3% of annual compensation, as defined in the Plan. Participants are permitted to revoke their salary deferral election at any time during the Plan Year and make a new election or modify an existing election as of each payroll period. Participants may also contribute amounts representing distributions from other qualified retirement plans.

Total elective deferrals in any taxable year cannot exceed a dollar limit which is set by law. The limit for 2024 is \$23,000. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up elective deferral contributions up to a dollar limit which is set by law. The limit of catch-up deferral contributions for 2024 is \$7,500.

After one year of service with the Organization, eligible participants, as defined in the Plan, receive an employer match contribution equal to 50% of each eligible participant's annual deferral contribution.

The limit of annual additions (the combination of all employee elective deferrals and employer contributions) for each participant is the lesser of \$66,000 or 100% of the participant's compensation, as defined in the Plan.

Participant Accounts.

Each participant's account is credited with the participant's contributions, allocation of the Plan Sponsor's matching contributions and Plan gains or losses. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's accounts.

CLINICA DE SALUD DEL VALLE DE SALINAS
403 (b) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

NOTE A: DESCRIPTION OF PLAN (continued)

Vesting.

Participants are immediately vested in all contributions plus actual earnings thereon. Vesting in the Organization's contribution portion of their accounts plus actual earnings thereon is 100% vested upon entering the Plan.

Investment Options.

Upon enrollment in the Plan, participants direct the investment of their contributions and the Organization's contributions into various investment contracts offered by the Plan. Effective November 1, 2024, Participants can no longer invest in Annuity options offered by the Plan.

Payment of Benefits.

Upon retirement, disability or death, a participant or beneficiary receives the vested account balance in either a lump sum or, at the participant's election, in annual installments. Upon termination, other than by retirement, disability, or death, a participant becomes eligible to receive the current value of the participants' vested account in a lump-sum. The Plan permits in-service and hardship withdrawals under certain conditions, as defined in the Plan.

Notes Receivable from Participants.

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 1% above Wall Street Journal's published prime rate. Each loan shall be repaid in equal installments of principal and interest over a period to be determined by the Plan Administrator, but such period shall not exceed five (5) years unless the purpose of the loan is for the purchase of the principal residence of the Participant in which case the repayment period shall not exceed thirty (30) years. All loan installment payments must be made through payroll deductions with equal installments made each pay period. Participants may have only one loan outstanding at any time.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting.

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive contracts. There are no fully benefit-responsive contracts in the plan at December 31, 2024.

CLINICA DE SALUD DEL VALLE DE SALINAS
403 (b) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Accounting Estimates.

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participants loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Self-Allocated Contracts.

Under terms of the plan document, certain participants have the right to purchase variable annuity contracts with their contributions. The purchase of these annuity contracts transfers the legal obligation of performance from the Organization to the insurance company which issues the contracts, resulting in the exclusion of these contracts from the Plan assets. The contributions for the purchase of these contracts are recorded as contributions and the purchases of the contracts are recorded as self-allocated contract premium expense.

Payments of Benefits.

Benefits are recorded when paid.

Expenses.

Certain expenses for administering the Plan are paid directly by the Organization and are excluded from these financial statements. Fees that are deducted directly from plan assets are included in administrative expenses.

NOTE C: FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels; Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Fair value measurements for investments reported at fair value on a recurring basis were determined based on:

NOTE C: FAIR VALUE MEASUREMENTS (continued)

December 31, 2023

Mutual Funds	
Fixed Income	\$ 319,932
Index Funds	465,406
Balanced Funds	5,934
Growth Funds	779,957
Hybrid Funds	<u>5,805,701</u>
Total Investments at Fair Value	<u>\$ 7,376,930</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023 are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2024, there were no transfers between Levels 1, 2 and 3.

NOTE D: UNAUDITED INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The December 31, 2024 and December 31, 2023 Statement of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the twelve months ended December 31, 2024, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Custodian in accordance with 29 CFR 2520.10-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of 8,856,800 and total investments and participant loans of \$ \$7,406,213 at December 31, 2024 and December 31, 2023, respectively, and related investment income of \$712,843 for the year ended December 31, 2024.

NOTE E: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

NOTE F: CHANGE IN SERVICE PROVIDER

Effective November 1, 2024, the Plan terminated its service agreements with National Benefit Services and Nationwide and entered into a new service agreement with Mutual of America and Mid Atlantic Trust Company to serve as the Plan's recordkeeper and custodian, respectively. Plan assets transferred to the new custodian were transferred into funds comparable to those offered by the previous custodian. The conversion initiated a blackout period beginning November 1, 2024, and continuing through November 20, 2024. During this period, funds could not be applied to the employee-selected funds with the custodian or withdrawn from the Plan until the custodian could accurately complete the conversion. During this period, no employee contributions were made through payroll deductions. At the end of the blackout period, such funds were transferred to the investment options requested by each participant.

NOTE F: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE G: TAX STATUS

The plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71 [or the draft Listing of Required Modifications issued April 4, 2009]. The plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America Require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024, there are not uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions: however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE H: RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Mutual of America. Mutual of America is the recordkeeper, as defined by the Plan. The Plan also invested in shares of mutual funds managed by Nationwide Trust Company, FSB (Nationwide). Nationwide was the trustee as defined by the Plan for the period January 1, 2024 to October 31, 2024. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping and investment management services amounted to \$7,884 for the year ended December 31, 2024.

NOTE G: DELIQUENT PARTICIPANT CONTRIBUTIONS

The Organization untimely remitted certain participant contributions and loan repayments to the Plan aggregating \$108,000 during the 2024 plan year. These untimely remittances constitute a prohibited transaction under ERISA and the Internal Revenue Code. The Organization filed an application with the U.S. Department of Labor Voluntary Fiduciary Correction Program (VFCP) and remitted lost earnings to the Plan to correct these prohibited transactions.

NOTE I: EVALUATION OF SUBSEQUENT EVENTS

For the year ended December 31, 2024, the Plan has evaluated subsequent events for potential recognition and disclosure through October 14, 2025 the date of financial statement issuance.
