INDEPENDENT AUDITORS' REPORT

To the Retirement Committee and Trustees
Gould Medical Group, Inc.
Cash Balance Pension Plan
Modesto, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Gould Medical Group, Inc. Cash Balance Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits in liquidation and related statements of accumulated plan benefits in liquidation as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits in liquidation and statements of changes in accumulated plan benefits in liquidation for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Gould Medical Group, Inc. Cash Balance Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gould Medical Group, Inc. Cash Balance Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Termination and Liquidation Basis

As described in Note 1 to the financial statements, on September 11, 2023, the Gould Medical Group, Inc. Board of Directors adopted a resolution to terminate the Plan effective December 31, 2023. Management determined that liquidation was imminent when the resolution was reached. As a result, the Plan has changed its basis of accounting to the liquidation basis of accounting in presenting the 2024 and 2023 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gould Medical Group, Inc. Cash Balance Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of Gould Medical Group, Inc. Cash Balance Pension Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General:

The Plan is a noncontributory, defined benefit, cash balance plan covering identified shareholders of Gould Medical Group, Inc. (the “Group”) who enter the Plan on January 1 or July 1 following completion of eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was established on January 1, 2013.

Effective January 1, 2020, the Plan was amended to allow participants who continue to be employed by the Group beyond age 59 ½ may elect, not more than once per plan year, to commence distributions of any portion or all of the participant’s benefits to the extent accrued as of the date of commencement.

Effective June 16, 2020, the Group amended the Plan in order to freeze all benefit accruals under the Plan effective with the payroll period beginning June 16, 2020.

Effective July 16, 2020, the Group amended the Plan to unfreeze all benefit accruals under the Plan effective with the payroll period beginning July 16, 2020, with no retroactive effect on the benefit accruals under the Plan during the period when benefit accruals were frozen.

The Plan was amended effective January 1, 2023, to reflect a change in a participant’s hypothetical allocation as of January 1, 2023 and the inclusion of new participants under the Plan effective July 1, 2023.

The Plan was frozen and terminated effective December 31, 2023.

Plan Termination and Liquidation:

On September 11, 2023, the Gould Medical Group, Inc. Board of Directors approved a resolution to freeze and terminate the Plan effective December 31, 2023, and authorized the plan administrator to take steps to execute the termination, subject to the provisions of ERISA and the Internal Revenue Code. Participants are 100% vested in the participant’s accrued benefit. The total net assets of the Plan were distributed to the participants based on the priorities established in the Plan and by ERISA. Participants were permitted to elect to receive payments for their accrued benefits in lump sum distribution or annuity distribution options.

**GOULD MEDICAL GROUP, INC.
CASH BALANCE PENSION PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Cont.)

Plan Termination and Liquidation (cont.):

Upon resolution to terminate the Plan, the plan administrator changed the Plan's basis of accounting from the ongoing basis to the liquidation basis. The statement of net assets available for benefits as of December 31, 2023 included estimated accrued income and expenses that were expected to be incurred during the Plan's liquidation process. The accrued income consisted of interest and dividends of \$617,574 expected to be paid through the end of the liquidation period. The accrued expenses of \$127,120 were for administrative expenses including trustee fee expenses expected to be incurred through the end of the liquidation period.

Cash Balance Account:

A participant's benefits in the Plan are expressed in the form of a hypothetical "Cash Balance Account." Each plan year, the account is credited with the participant's contribution credit in accordance with the Plan's provisions. Accounts accumulate earnings based on actual rate of return (net of expenses) on aggregate Plan assets for such period, including both positive and negative rates of return, not exceeding 5.5% annually. All contributions for the plan year are credited and deposited on the last day of the plan year and all benefit distributions and Plan expenses are withdrawn on the first day of the plan year.

Funding Policy:

All contributions made to the Plan are made by the Group on the basis of annual funding amounts determined by the Plan's independent actuary. No employee contributions are permitted. The Group's funding policy is to make contributions to the Plan which shall not be less than the minimum amount required to meet the funding standards of ERISA and the Internal Revenue Code. The Plan had met the ERISA minimum funding requirements for 2023.

Vesting:

Each participant is 100% vested in the participant's accrued benefit derived from employer contributions.

Benefits:

The Plan provides for benefits to accrue at the actuarial equivalent of the balance of the participant's cash balance account as of valuation date projected to the participant's normal retirement age. The actuarial equivalent is based on the 30-year Treasury interest rate for the month preceding the first day of the plan year (not less than 4%) and mortality in accordance with the applicable mortality table specified for the plan year.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Cont.)

Benefits (cont.):

Benefit payments are generally made as a single life annuity for single employees, reduced joint and 100% survivor annuity for married employees, single sum or various options as defined in the Plan. If the value of the participant's vested accrued benefit does not exceed \$1,000, the plan administrator may immediately distribute such benefit to the participant in a single sum without such participant's consent.

Administrative Expenses:

The Plan incurred administrative expenses directly related to the Plan, which consisted primarily of trustee fees, custodian fees, auditor fees, and actuarial fees. These expenses are charged against the Plan's assets and reported on the statements of changes in net assets available for benefits as administrative expenses. Any other administrative expenses were paid directly by the Group on behalf of the Plan. Expenses that were paid by the Group were excluded from these financial statements.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared under the liquidation basis of accounting.

Under the liquidation basis of accounting, the Plan recognizes items that it expects to use to settle accumulated plan benefits in liquidation previously not recognized under the ongoing basis of accounting. In addition, the Plan is required to accrue costs and income that it expects to incur or earn through the end of its liquidation if there is a reasonable basis for estimation.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in fair value of investments presented on the statements of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Paid to Participants:

Benefits are recorded when paid.

Use of Estimates:

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America. Those standards require management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Actuarial Present Value of Accumulated Plan Benefits:

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions for the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances, including retirement, death, disability, and termination of employment, are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits as of December 31, 2023 (in liquidation) was determined by the Plan's actuary, October Three Consulting, LLC (October Three). The present value of accumulated plan benefits, as determined by the Plan's actuary, is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of January 1, 2023 are as follows:

- (a) 2023 assumed life expectancy of participants: IRS 2023 Static Mortality Table with separate tables for annuitants and non-annuitants
- (b) retirement age assumptions (age 65 or immediately if participant is age 65 and over)
- (c) the 2023 assumed a cash balance interest crediting rate of 2.60%
- (d) the 2023 valuation does not include a discount rate assumption

Note 2. Summary of Significant Accounting Policies (Cont.)

Actuarial Present Value of Accumulated Plan Benefits (cont.):

The computation of the actuarial present value of accumulated plan benefits was made as of January 1, 2023. Had the valuations been performed as of December 31, 2023, there would be no material differences. The Plan actuary, October Three, determined that the Plan's termination did not affect the actuarial assumptions in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits as of January 1, 2024 was not prepared, as the Plan was terminated effective December 31, 2023 and all of the assets related to participant benefit obligations of the Plan have been distributed as of December 31, 2024.

Date of Management's Review of Subsequent Events:

The Plan has evaluated subsequent events through October 10, 2025, the date on which the financial statements were available to be issued.

Note 3. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 measurements consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 measurements are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Level 1 Fair Value Measurements

Investments in registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded and classified within the Level 1 hierarchy.

Note 3. Fair Value Measurements (Cont.)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Total	Fair Value Measurement Using Quoted Prices in Active Markets for Identical Assets (Level 1)
<u>December 31, 2024</u>		
Registered investment companies	\$ --	\$ --
Total investments in the fair value hierarchy	\$ --	\$ --
<u>December 31, 2023</u>		
Registered investment companies	\$ 33,413,220	\$ 33,413,220
Total investments in the fair value hierarchy	\$ 33,413,220	\$ 33,413,220

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliations of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 4. Summary of Information Certified by Trustee (Unaudited)

The Plan's investments are held and administered by Matrix Trust Company, as trustee. The Trustee of the Plan has provided certifications that the following information, which is contained in or used to develop the accompanying financial statements, is complete and accurate:

Investments, at fair value as of December 31, 2024 and 2023.

Net appreciation in fair value of investments for the years ended December 31, 2024 and 2023.

Interest and dividends for the years ended December 31, 2024 and 2023.

NOTES TO FINANCIAL STATEMENTS

Note 5. Related Party and Party-in-Interest Transactions

During the 2024 and 2023 plan years, the trustee of the Plan provided participant-level services as defined by the Plan and, therefore, these transactions qualify as party-in-interest which are exempt from the prohibited transaction rule.

Note 6. Income Tax Status

The Plan had previously obtained its determination letter on December 22, 2014, in which the Internal Revenue Service determined and informed the Plan, that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan had been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan, as amended, was designed, and being operated, in compliance with the applicable requirements of the Internal Revenue Code and therefore, believe that the Plan was qualified, and the related trust was tax-exempt.

On March 14, 2025, the Plan received a final determination letter from Internal Revenue Service that termination of the Plan does not affect the qualification of the Plan for federal tax purposes.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the Plan's tax returns remain open for three to four years for income tax examination.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
