To the Board of Trustees
Lynch Livestock, Inc.
401(k) Profit Sharing Plan
Waucoma, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Lynch Livestock, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of ended December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Lynch Livestock, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Notes 3 through 5 to the financial statements, are complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lynch Livestock, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lynch Livestock, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lynch Livestock, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lynch Livestock, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LYNCH LIVESTOCK, INC.
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Lynch Livestock, Inc. (Company) 401(k) Profit Sharing Plan (plan) provides only general information. Effective February 1, 2025, the Lynch Livestock, Inc. (Company) 401(k) Profit Sharing Plan was renamed the Lynch Family Companies, Inc. (Company) 401(k) Profit Sharing Plan. The name change does not alter the rights or benefits of plan participants. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

a. General

The plan is a defined contribution plan with 401(k) plan provisions covering all employees of Lynch Family Companies, Inc., Livestock Express, Inc., Lynch BBQ Company, GJL Transport, Inc., Driftless Meats LLC, Premium Iowa Pork, LLC and Subsidiaries, who have attained age twenty-one and have completed sixty days of service. An employee may become a participant in the plan on the first day of the month following the date on which the employee meets the eligibility requirements. The plan is subject to the provisions of the Employee Retirement Income Security Tax Act of 1974 (ERISA).

In December of 2022, the Consolidated Appropriations Act of 2023 was signed into law, which includes the package of retirement provisions referred to as "SECURE 2.0". These provisions continue the themes and reforms that began with the 2019 SECURE Act, focusing on getting more participants into the retirement system and finding ways for them to accumulate more assets. These changes have various effective dates starting in 2023 and forward. Since the provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect.

b. Contributions

The Company matches 25% of the first 8% that employees contribute to the plan. Participants may elect to contribute any amount of their annual wages as pre-tax, or Roth contributions as defined in the plan subject to the following limitations. The maximum amount an individual can contribute to the plan in any calendar year is limited to the applicable limit under the Internal Revenue Code Section 402(g). The maximum amount under the Internal Revenue Code Section 402(g) is \$23,000 and \$22,500 for the years ended December 31, 2024 and 2023, respectively. In addition, participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The maximum catch-up contribution is \$7,500 for each of the years ended December 31, 2024 and 2023. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants can change their elective deferral contribution withholding rates as of the first day of each month. Participants direct the investment of their contributions into various investment options offered by the plan.

c. Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's match, as well as allocations of plan earnings. Forfeitures of terminated participants' non-vested accounts are used to reduce the Company's match and plan expenses. In addition, contract fee expenses are deducted from each participant's account. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 20% vested after two years of service, with an additional 20% vesting in each of the following years, becoming 100% vested after six years of credited service. Additionally, a participant shall be fully (100%) vested upon the earlier of their attainment of age sixty-five, death or disability while still employed.

See Independent Auditor's Report.

1. Description of Plan (Continued)

e. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance and a maximum of two loans to be outstanding at once. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms range from one to five years. Loans for the purchase of a primary residence may exceed the five-year term as deemed by the plan administrator. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%. Interest rates ranged from 4.25% to 9.50% as of December 31, 2024. Principal and interest are paid ratably through weekly or bi-weekly payroll deductions.

f. Retirement, Disability and Death Benefits

A participant may retire on their normal retirement date or any valuation date thereafter. If a participant's employment is terminated because they are disabled, they are deemed to be retired as of the next valuation date. Upon retirement, a participant's vested account will be applied to purchase a monthly income annuity. The retiree has the option to elect to receive the total amount due him/her in a lump sum payment. If a participant dies prior to retirement or termination of employment, the amount due him/her will be paid to the participant's beneficiary in cash.

g. Hardship Withdrawals

The amount of the withdrawal cannot exceed the amount of the hardship but may include the amount necessary to pay federal and state taxes. Hardship withdrawals can be for medical expenses, costs to purchase principal residence, tuition, related educational fees, and room and board expenses for the next twelve months of postsecondary education, payments to prevent eviction from principal residence, payments for burial or funeral expenses and expenses for the repair or damage to principal residence that would qualify for the casualty deduction under the Internal Revenue Code. Earnings on accounts, Roth 401(k) contributions, safe harbor, qualified nonelective or qualified matching contribution accounts may not be included in the hardship withdrawal.

2. Summary of Accounting Policies

a. Basis of Accounting

The financial statements of the plan are prepared under the accrual method of accounting.

b. Investment Valuation and Income Recognition

The plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Participant loans are valued at cost, which approximates market value. Net appreciation/depreciation includes the plan's gains and losses on investments purchased and sold as well as held during the year.

c. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative fees when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan agreement.

See Independent Auditor's Report.

NOTES TO FINANCIAL STATEMENTS

2. Summary of Accounting Policies (Continued)

d. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The plan distributed the 2024 excess contributions to the applicable participants prior to March 15, 2025.

e. Payments of Benefits

Benefits are recorded when paid.

f. Management Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

g. Administrative Expenses

Certain expenses of the plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to each participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

h. Date of Management's Review

Management has evaluated subsequent events through October 8, 2025, the date the financial statements were available to be issued.

3. Certified Investments

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company.

	2024	2023
Investments, at fair value:		
Mutual funds, pooled separate accounts and common/collective trusts (see Note 5)	\$ 17,829,762	\$ 15,575,897
Notes receivable from participants (see Note 2.c.)	\$ 353,927	\$ 299,134
Interest income on notes receivable from participants	\$ 26,137	\$ 16,425
Interest and dividends	\$ 510,262	\$ 335,790
Net appreciation in fair value of investments	\$ 1,246,103	\$ 1,790,846

See Independent Auditor's Report.

4. Investments and Related Activity

The plan provides that the contributions to the plan will be invested as directed by each participant in certain individual programs maintained by Fidelity Management Trust Company. The December 31, 2024 and 2023 statements of net assets available for benefits and the investment activities included on the statements of changes in net assets available for benefits for the years then ended, and the accompanying notes to the financial statements, were prepared in part from information certified by the custodian in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This information was certified as complete and accurate by the plan's custodian. The information certified includes investments and the related investment income.

During the years ended December 31, 2024 and 2023, the plan's investments (including investments purchased, sold and held during the year) appreciated in value by \$1,246,103 and \$1,790,846, respectively. The appreciation/depreciation is attributable to mutual funds, pooled separate accounts, and common/collective trusts.

5. Fair Value Measurements

The fair value measure accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, level 2 inputs include quoted prices for similar assets and liabilities in active markets, and level 3 inputs have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the plan measures fair value using level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when level 1 or level 2 inputs were not available. The plan had no level 2 or level 3 measurements for the periods presented and there were no changes in the methods used to measure fair value as of December 31, 2024 and 2023.

Accounting guidance on fair value measurements are classified and disclosed in one of the following three categories:

Level 1 Fair Value Measurements:

The fair values of common stocks, certain corporate bonds and U.S. government securities are based on the closing price reported on the active market where the individual securities are traded, when available.

Level 2 Fair Value Measurements:

The fair value of certain corporate bonds for which quoted market price are not available are valued based on yields currently available on comparable securities of issuers with similar credit ratings. Investments in certain restricted common stocks are valued at the quoted market price of the issuer's unrestricted common stock less an appropriate discount.

Level 3 Fair Value Measurements:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

See Independent Auditor's Report.

NOTES TO FINANCIAL STATEMENTS

5. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the plan's investments at fair value as of December 31, 2024 and 2023:

	Investments at Fair Value as of:			
	December 31, 2024		December 31, 2023	
	Level 1	Total	Level 1	Total
Mutual funds:				
Growth funds	\$ 709,601	\$ 709,601	\$ 481,236	\$ 481,236
Blend funds	809,445	809,445	649,867	649,867
Value funds	486,725	486,725	413,851	413,851
International funds	401,277	401,277	309,375	309,375
Real estate funds	37,148	37,148	30,491	30,491
Fixed funds	355,535	355,535	431,455	431,455
Target date funds	14,194,733	14,194,733	12,339,542	12,339,542
Stable value pooled funds measured at NAV as practical expedient	-	835,298	-	920,080
Total investments at fair value	\$ 16,994,464	\$ 17,829,762	\$ 14,655,817	\$ 15,575,897

The following is a description of the valuation methodologies used for investments measured at fair value. Also, there were no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds and Pooled Separate Accounts:

Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Stable Value Fund:

Valued based on the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The following table sets forth a summary of investments measured at fair value based on the NAV per share as of December 31, 2024 and 2023:

Fund	Investment Strategy	Investments at Fair Value	
		2024	2023
Putnam Stable Value Fund	Diversified investment in stable value trust funds and money market funds	\$ 835,298	\$ 920,080

As of December 31, 2024 and 2023, the plan did not have any unfunded commitments with any of the above funds. Furthermore, the above fund redemption frequency is daily without any redemption notice period.

See Independent Auditor's Report.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

7. Income Tax Status

The non-standardized pre-approved plan obtained its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the underlying non-standardized, pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the opinion letter, the plan administrator and the plan's tax counsel believe that the plan is currently being designed and operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified, and the related trust is tax exempt.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examinations by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

8. Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$3,175 and \$4,616, respectively. Forfeitures of terminated participants' non-vested accounts are used to reduce the Company's match and plan expenses.

9. Related Party Transactions

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the record-keeper and therefore, these transactions qualify as party-in-interest. As described in Note 2.g., the plan made direct payments to the third-party administrators and other service providers of \$83,718 and \$70,673 for the years ended December 31, 2024 and 2023, respectively. The Company pays directly any other fees related to the plan's operations.

Certain employees and officers of Lynch Livestock, Inc. 401(k) Profit Sharing Plan, who may also be participating in the plan, perform administrative services to the plan. Lynch Livestock, Inc. 401(k) Profit Sharing Plan does not charge fees for these administrative services to the plan.

10. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect each participant's account balances and the amounts reported in the statements of net assets available for benefits.

See Independent Auditor's Report.

NOTES TO FINANCIAL STATEMENTS

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2024 and 2023:
