INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustees
CuraLeaf 401(k) Plan
Stamford, Connecticut

Opinion

We have audited the accompanying financial statements of CuraLeaf 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of CuraLeaf 401(k) Plan as of December 31, 2024, and 2023, the changes in its net assets available for benefits for the year then ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of CuraLeaf 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1 and 6, the financial statements include investments, valued at \$17,497,296 and \$9,621,665 for the years ending December 31, 2024 and 2023, respectively, held through multiple intermediaries on behalf of the Plan and Plan Sponsor. The Plan Sponsor's operations are subject to a variety of federal, state, and local regulations. Failure to comply with one or more of those regulations or changes in these regulations or their enforcement could impact the Plan. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CuraLeaf 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CuraLeaf 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CuraLeaf 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules (Schedules 1 and 2) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CURALEAF 401(K) PLAN
Notes to the Financial Statements
December 31, 2024

1. Description of Plan

The following description of the CuraLeaf 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on January 1, 2022, as a defined contribution plan covering employees of CuraLeaf Holdings, Inc. (the Company) and all affiliated service groups defined by the Plan. Prior to January 1, 2024, the Plan excludes all employees who are CuraLeaf New York union employees, non-resident aliens, and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Curaleaf Florida LLC became an affiliated service group and transitioned into the Plan on January 1, 2024. As described in Note 7, they were historically an adopting employer of a multiple employer plan, Regis HR 401k Plan.

Amendments – The Plan was amended in order to comply with recent required legislative updates by adopting a non-standardized pre-approved plan document as well as allow New York union employees to participate in the Plan beginning January 1, 2024.

Contributions – Each year, participants may elect to defer a portion of their compensation, on a pre-tax or Roth basis, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The maximum contribution to the Plan in any year is determined by provisions in the Plan and the Internal Revenue Code (IRC) and Income Tax Regulations. As of December 31, 2024, the Plan offered various mutual funds and money market funds as investment options for participants. The funds are held by Fidelity Investments through SaveDaily, the provider of an electronic trading platform to PCS Retirement LLC, the 401(k) administrator of the Plan.

The Company may make discretionary non-electing or matching contributions into the Plan. Employees are eligible for company contributions after one year of service (union New York employees after 90 days). For the year ending December 31, 2024, the Company elected to match up to 1 percent of employee contributions (25 percent for the first 4 percent contributed) except New York union employees are matched at 100 percent for first 3 percent of employee contributions and 50 percent for the next 2 percent of employee contributions as is stated in the retail agreement between Curaleaf NY, LLC and New York 's Cannabis Workers Union.

Participant Accounts – Each participant’s account is credited with the participant’s contribution, if any, and allocations of (a) company contributions, (b) administrative expenses, and (c) plan earnings, net of investment fees. Allocations are based on participant earnings, account balances, or other participant events, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately vested in their voluntary contributions and company contributions plus actual earnings thereon.

Payment of Benefits – On termination of service, for any reason, a participant will receive a lump-sum amount equal to the value of the participant’s vested interest in his or her account. The Plan provides for an automatic lump-sum distribution of account balances of \$5,000 or less. The Plan allows for in-service distributions, normal retirement (age 65) distributions, and financial hardship withdrawals of all or part of the participant’s deferral contributions, if the participant can prove financial hardship and is unable to meet their financial needs another way.

Forfeited Accounts – Forfeited amounts may be used to reduce company contributions, pay plan expenses, or be allocated to participant accounts. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$2,461 and \$64 respectively.

Notes Receivable from Participants – Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 (reduced by the excess, if any, of the participant’s highest outstanding note balance during the one-year period ending on the day before the date on which such note is made over the participant’s outstanding balance of notes on the date such note was made) or 50 percent of their vested balance for reasons as defined by the Plan. Participants may have only one outstanding loan at a time. The minimum amount of a loan is \$1,000. Loan terms range from one to five years except for the purchase of a primary residence, which is a longer term not to exceed 15 years determined by the plan administrator. The loans are secured by the vested balance in the participant’s account and bear interest at prevailing rates. Principal and interest are paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is

recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Investment and Administrative Expenses – The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain fees are charged to the Plan for services provided to the Plan. When applicable, these fees and fees charged by mutual funds are netted with investment earnings.

Payment of Benefits – Benefits are recorded when paid for financial statement purposes.

Subsequent Events – The Plan has evaluated subsequent events through October 14, 2025, the date on which the financial statements were available to be issued.

3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10 establishes a framework for measuring fair value under generally accepted accounting principles. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The following is a description of the valuation methodologies used for assets measured at fair value:

- *Money Market Funds* – Valued at the total of the invested deposit plus earnings thereon, which approximates fair value.
- *Mutual Funds* – Valued at quoted market prices, which represent net asset value (NAV) of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 17,392,785	\$ -	\$ -	\$ 17,392,785
Money Market Funds	104,511	-	-	104,511
Total	<u>\$ 17,497,296</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,497,296</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 9,336,171	\$ -	\$ -	\$ 9,336,171
Money Market Funds	285,494	-	-	285,494

4. Administrative Expenses and Party-in-Interest Transactions

A transaction with a plan service provider or a participant of the Plan qualifies as a party-in-interest transaction. Service provider fees, either directly or indirectly, are paid to the investment custodian, third-party administrator, investment advisor, record keeper, and auditor. Of these fees, \$113,224 is included in administrative expenses on Exhibit B for the year ended December 31, 2024. Other investment fees are netted with investment earnings. Expenses, net of any revenue sharing credits (if any), incurred in the administration of the Plan were also paid by the plan sponsor.

Notes receivable from participants are considered to be both party-in-interest and a related-party transaction.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. Tax Status

The pre-approved plan, on which the Plan is designed, obtained its latest opinion letter on September 6, 2023, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving this determination letter, the plan administrator and the pre-approved plan provider believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has undertaken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor's operations are subject to a variety of federal, state, and local regulations. Failure to comply with one or more of those regulations or changes in these regulations or their enforcement could impact the Plan. The plan administrator has analyzed the Plan's tax positions and concluded as of December 31, 2024, and through October 14, 2025, that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require recognition of a liability or disclosure in the financial statements.

7. Transfer of Plan Assets

On January 1, 2024, the Company transitioned Curaleaf Florida LLC into the Plan. Curaleaf Florida LLC was historically an adopting employer of a multiple employer plan, Regis HR 401k Plan. In May 2024, the investments and outstanding notes receivable from participants pertaining to Curaleaf Florida LLC, in the amount of \$2,382,779 were transferred from Regis HR 401k Plan into the Curaleaf 401(k) Plan.

8. Prohibited Transactions

During 2023, contributions totaling \$720,936 were not remitted timely to the Plan. These amounts have been remitted to the Plan and corrections for lost earnings were made during the year ending December 31, 2024.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
