## Independent Auditors' Report

To the Plan Administrator and Participants of  
Retirement Plan for Office and Salaried Employees of Green Bay Packaging Inc.

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Retirement Plan for Office and Salaried Employees of Green Bay Packaging Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and of accumulated plan benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Correction of Error**

As disclosed in Note 3 to the financial statements, the 2023 financial statements have been restated to correct an error related to the fair value measurement classification of an investment. Our opinion is not modified with respect to that matter.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedules, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4(j) - Schedule of Reportable Transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2024 and 2023

## 1. Description of Plan

The following description of the Retirement Plan for Office and Salaried Employees of Green Bay Packaging Inc. (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

### General

The Plan is a noncontributory defined benefit plan established effective February 1, 1956, as restated January 1, 2014. The Plan covers substantially all office and salaried employees of Green Bay Packaging Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company's Pension Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

Effective June 30, 2009, the Plan was amended to freeze participation. Participants will not accrue any additional pension benefit for years of service after June 30, 2009. A participant who was either employed on June 30, 2009 or who terminated employment during 2009 received a pension benefit based on earnings through June 30, 2009. A participant's accrued benefit will be frozen at the amount determined as of June 30, 2009 and will not increase based on service performed or earnings received after June 30, 2009.

### Funding Policy

The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The minimum funding requirements of ERISA were met in 2024.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

### Vesting

A participant shall satisfy the requirement for vesting upon completing a period of ten years of service, except any participant who completed one hour of service after December 31, 1988, shall satisfy the requirement for vesting upon completing a period of five years of service. If the service of a participant is terminated before retirement age because of resignation or dismissal but after the participant has completed the vesting requirement, the participant shall, upon attaining early retirement date or thereafter, be entitled to receive a retirement income benefit. The monthly amount of such pension shall be the amount credited to such participant based upon the participant's employment with the Company to the termination date of such employment.

### Pension Benefits

Participants hired prior to December 31, 1988 are entitled to annual benefits beginning on the first day of the month after meeting the normal retirement age after 10 years of service. For those hired after December 31, 1988, participants with more than five years of service are entitled to annual benefits beginning on the first day of the month after meeting the normal retirement age. The Plan also contains provisions regarding deferred retirements for such periods as the Company may approve. The Plan permits early retirement within the 10-year period preceding a normal retirement date.

# Retirement Plan for Office and Salaried Employees of Green Bay Packaging Inc.

Notes to Financial Statements

December 31, 2024 and 2023

The annual amount of retirement income is based upon a participant's earnings for each year of covered service. Pension payments will normally be in the form of an annuity for the life of the participant or, if the participant is married, in the form of a qualified joint and survivor annuity. A participant retiring at an early retirement date may elect to either receive a deferred pension commencing at or after attaining age 62, based upon the years of the participant's employment or receive a reduced amount of retirement income commencing as of such early retirement date.

A lump sum involuntary payment may be made to terminated and vested participants when the accrued benefit is less than \$5,000.

In October 2023, the Plan was amended to allow for the purchase of annuity contracts to satisfy obligations to certain participants. Concurrently, the Plan paid approximately \$4,720,000 to United of Omaha Life Insurance Company to acquire annuity contracts to buy out participants who began receiving payments from the Plan prior to July 1, 2023 of less than \$401 per month. The annuity contracts shall provide for the continued payment of each affected participant's accrued vested benefit beginning as of January 1, 2024.

In December 2023, the Plan was amended to allow eligible participants the option to elect a lump sum distribution if they terminated employment prior to May 31, 2023, have not begun receiving annuity payments of their vested balance as of December 1, 2023 and have a vested accrued benefit with a lump sum value of \$100,000 or less as of December 1, 2023. The Plan paid lump sum distributions of approximately \$6,261,000 during the year ended December 31, 2023.

## Death and Disability Benefits

If a vested participant dies prior to age 55, the surviving spouse (if any) is eligible for a 50% annuity option that the participant would have received had the participant survived to the earliest retirement age and separated service on the date of death. If a vested participant dies after the earliest retirement age, the participant's surviving spouse (if any) will receive the same benefit that would be payable if the participant had retired with an immediate qualified joint and survivor annuity on the day before the participant's date of death.

Participants who suffer a long-term disability will not receive immediate benefit payments, but will continue to be eligible to receive benefits at age 65.

Unvested participants will not receive any benefit.

## 2. Summary of Accounting Policies

### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

### Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

# Retirement Plan for Office and Salaried Employees of Green Bay Packaging Inc.

Notes to Financial Statements

December 31, 2024 and 2023

## Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Company's Pension Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

## Payment of Benefits

Benefits payments to participants are recorded upon distribution.

## Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the Statements of Changes in Net Assets Available for Benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments in the Statements of Changes in Net Assets Available for Benefits.

## Recent Regulatory Updates

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the year ended December 31, 2024, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements.

## Subsequent Events

Subsequent events were evaluated through October 15, 2025, the date the financial statements were available to be issued.

## Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

- (a) Retired or terminated employees or their beneficiaries.
- (b) Beneficiaries of employees who have died.
- (c) Present employees or their beneficiaries.

# Retirement Plan for Office and Salaried Employees of Green Bay Packaging Inc.

Notes to Financial Statements

December 31, 2024 and 2023

Benefits valued for active participants are those accrued to the valuation date. Vested benefits are discounted only for mortality and interest. Nonvested benefits are also discounted for turnover. Benefits under the Plan are based on employees' compensation and years of credited service. Benefits payable under all circumstances such as retirement, death, disability and termination of employment are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of December 31, 2024 and 2023 were as follows:

- (a) Mortality for healthy and disabled participants is determined using the PRI-2012 morality study with white collar adjustments for 2024 and 2023 and projected with mortality improvement scale MP-2021 for 2024 and 2023.
- (b) Retirement between age 55 and 65 or age at the valuation date, if past age 65.
- (c) Interest rate of 7.00% and 6.50% for 2024 and 2023, respectively.
- (d) Discount rate of 5.70% and 5.25% for both 2024 and 2023, respectively.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan was to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

### 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation methodologies used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

# Retirement Plan for Office and Salaried Employees of Green Bay Packaging Inc.

Notes to Financial Statements

December 31, 2024 and 2023

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation methodologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Pooled separate accounts:* Valued based upon the unit values of such pooled accounts held by the Plan at year-end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

*Investments measured at NAV:* Consisting of collective trust funds, valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common-collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

*Alternative investments:* Alternative investments are valued at fair value based on investment statements provided by outside asset custodians. The outside asset custodians determine fair value based on audited financial statements of the investment funds. Fair values of real estate and real estate related investments included in these accounts are generally determined through an appraisal prepared by independent real estate appraisers on at least an annual basis. Inputs used in real estate appraisals include rental income and expense amounts and growth rates, discount rates and capitalization rates.

## Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table presents the Plan's Level 3 financial instruments, the valuation methodologies used to measure the fair value of those financial instruments as of December 31, 2024 and 2023, the significant unobservable inputs and the quantitative information about those inputs.

Instrument	Fair Value December 31, 2024	Fair Value December 31, 2023	Principal Valuation Technique	Significant Unobservable Inputs	Range December 31, 2024	Range December 31, 2023
PGIM Senior Loan Opportunities I	\$ 6,447,225	\$ 5,512,527	Discounted cash flow	Market yield	Low: 9.2%; High: 19.60%	Low: 9.40%; High: 20.60%
PGIM Senior Loan Opportunities II	1,348,705	-	Discounted cash flow	Market yield	Low: 8.50%; High: 12.80%	N/A

In estimating fair value of the investments in Level 3, the Company's Pension Committee may use third-party pricing sources or appraisers.

## Correction of Error

During 2024, the Plan identified a material error in the previously issued 2023 financial statements, where certain investments in the fair value hierarchy table were misclassified. Specifically, an investments was classified as Level 3 alternative investments rather than as a pooled separate accounts with observable inputs, supporting a level 2 classification. The error has been corrected with amounts restated in the fair value hierarchy table as of December 31, 2023. The correction of this error is isolated to the footnotes and does not impact the Statement of Net Assets Available for Benefits as of December 31, 2023. The fair value measurement leveling table as of December 31, 2023 has been restated to properly classify investments based on the nature of the underlying investments, as summarized below.

	As Originally Reported	Correction	As Restated
Pooled separate account - Level 2	\$	\$ 23,227,832	\$ 23,227,832
Alternative investments - Level 3	28,740,359	(23,227,832)	5,512,527

## 4. Information Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, Bank of America, N.A., the Trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2024 and 2023, and the information reported in the supplemental Schedule H, Line 4(j) - Schedule of Reportable Transactions for the year ended December 31, 2024. Such information was obtained by management and agreed to or derived from information certified as complete and accurate by a qualified institution.

## 5. Related-Party and Party in Interest Transactions

The Plan's investments are administered under contracts with the Trustee of the Plan. Contributions are held and managed by the Trustee, who invests cash received, interest and dividend income and makes distributions to participants. These transactions are party in interest transactions under ERISA.

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA. Additionally, certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

## 6. Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations.
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Notes to Financial Statements

December 31, 2024 and 2023

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

## 7. Tax Status

The IRS has determined and informed the Company by a letter dated February 22, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that most likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

## 9. Concentrations

The Plan holds certain investments that represent 10% or more of the Plan's net assets available for benefits. As of December 31, 2024 and 2023, the Plan had investments of \$85,870,477 and \$144,118,325, respectively, that were concentrated in four funds.

(A)(1) Past service retirement income as of  
January 1, 1974.

Each employee who was a participant on  
January 1, 1974 shall be credited with past  
service retirement income credit equal to the  
larger of:

- (i) The sum of his accrued future service  
retirement income credit and his past  
service retirement income credit as of  
December 31, 1973, under the plan as  
in effect on that date; and
- (ii)  $\frac{3}{4}$  of 1% of the employee's  
"compensation base" plus  $\frac{3}{4}$  of 1% of  
the portion of his "compensation base"  
in excess of \$6,000, multiplied by the  
number of years of service prior to  
January 1, 1974, excluding the first  
year. "Compensation base" is the lesser  
of the employee's January 1, 1974 rate  
of salary and the average of his salary  
during the highest five consecutive  
years out of the last 10 prior to  
retirement.

(A)(2) Future service retirement income between  
January 1, 1974 and December 31, 1980.

The annual amount of future service  
retirement income to be credited to a  
participant for each year of participation after  
January 1, 1974 and before December 31,  
1980 shall be 1% of the first \$7,800 of his  
earnings during the year plus 2% of the  
excess, if any, of such earnings over \$7,800.

For active participants on December 31,  
1976, the accrued annual retirement income  
for service prior to January 1, 1977 shall not  
be less than  $\frac{3}{4}$  of 1% of his average annual  
earnings for the last five years prior to  
January 1, 1977, plus  $\frac{3}{4}$  of 1% of such  
average earnings in excess of \$6,000, all  
multiplied by the number of years of service  
prior to January 1, 1977, excluding the first  
year of such service.

Retirement Plan for Office and Salaried Employees of Green Bay  
Packaging Inc.  
EIN: 39-0783183 PN: 001

(B) Past service update as of January 1, 1981:

1% of the first \$7,800 of average annual earnings (last five year average salary on December 31, 1980); plus

1-3/4% of the excess of such average annual earnings over \$7,800; all multiplied by the number of years of service prior to January 1, 1981, excluding the first year of such service.

(C) Future service retirement income between January 1, 1981 and December 31, 1982:

For each year of participation after January 1, 1981 and December 31, 1982, 1% of the first \$7,800 of his earnings during the year plus 2% of the excess, if any, of such earnings over \$7,800.

(D) Future service retirement income between January 1, 1983 and December 31, 1984:

For each year of participation after January 1, 1983 and through December 31, 1984, 1% of the first \$12,000 of his earnings during the year plus 2% of the excess, if any, of such earnings over \$12,000.

(E) Past service update as of January 1, 1985:

1-1/8% of the first \$12,000 of average annual earnings plus 1-7/8% of the excess of such average annual earnings over \$12,000; all multiplied by the number of years of service prior to January 1, 1985, excluding the first year of such service. The average annual earnings is the highest average of the five consecutive complete calendar years of earnings of the last 10 years of participation service. If a participant is eligible for less than five complete calendar years, then the average earnings is the ratio of the sum of his earnings while a participant to the number of his years (including fractional portions of a year) of participation.

(H) Past service update as of January 1, 1997:

1% of the first \$12,000 of average earnings plus 2% of the excess of such average annual earnings over \$12,000; all multiplied by the number of years of service prior to January 1, 1997, excluding the first year of such service. The average annual earnings is the highest average of the five consecutive complete calendar years of earnings of the last 10 years of participation service. If a participant is eligible for less than five complete calendar years, then the average earnings is the ratio of the sum of his earnings while a participant to the number of his years (including fractional portions of a year) of participation.

(I) Past service update as of January 1, 2000:

1% of the first \$12,000 of average earnings plus 2% of the excess of such average annual earnings over \$12,000; all multiplied by the number of years of service prior to January 1, 2000, excluding the first year of such service. Schedule SB, Part V—Statement of Actuarial Assumptions/Methods

Interest Rates for Minimum Funding Purposes	Based on Post-ARPA segment rates with no lookback (as of January 2024), each adjusted as needed to fall within the 25-year average interest rate stabilization corridor.
1st Segment Rate	4.75%.
2nd Segment Rate	4.87%.
3rd Segment Rate	5.59%.
Interest Rates for Maximum Tax Purposes	Based on segment rates with no lookback (as of January 2024), without regard to interest rate stabilization.
1st Segment Rate	4.37%.
2nd Segment Rate	4.96%.
3rd Segment Rate	4.95%.
Payment Form Election Percentage	100% of participants assumed to elect a life annuity.
Retirement Age	
Active Participants	See Table 1.
Terminated Vested Participants	Age 62.
Mortality Rates	
Healthy and Disabled	2024 generational mortality tables for annuitants and non-annuitants per §1.430(h)(3)-1(b)
Withdrawal Rates	See Table 2.
Disability Rates	See Table 3.
Decrement Timing	Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%).
Surviving Spouse Benefit	It is assumed that 80% of males and 80% of females have an eligible spouse, and that males are two years older than their spouses.
Benefit Limits	Projected benefits are limited by the current IRC section 415 maximum benefit of \$275,000.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Expected Return on Assets

2022 Plan Year

7.00%, limited to 5.92%.

2023 Plan Year

7.00%, limited to 5.74%.

2024 Plan Year

6.50%, limited to 5.59%.

Trust Expenses Included in Target Normal Cost

None.

Actuarial Method

Standard unit credit cost method.

Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation reflects the following assumption changes:

- A change in the unlimited expected long-term rate of return on plan assets from 7.00% to 6.50%.

This assumption change was made to better reflect anticipated future plan experience. The change did not reduce the funding shortfall; as such, approval of the Commissioner is not required.
