## INDEPENDENT AUDITOR'S REPORT

October 9, 2025

To the Plan Administrator and Participants of  
REDCOM Laboratories, Inc. 401(k) and Profit Sharing Plan:

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of REDCOM Laboratories, Inc. 401(k) and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of REDCOM Laboratories, Inc. 401(k) and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **INDEPENDENT AUDITOR'S REPORT**

(Continued)

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of REDCOM Laboratories, Inc. 401(k) and Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about REDCOM Laboratories, Inc. 401(k) and Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

## **INDEPENDENT AUDITOR'S REPORT**

(Continued)

### **Auditor's Responsibilities for the Audit of the Financial Statements (Continued)**

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of REDCOM Laboratories, Inc. 401(k) and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about REDCOM Laboratories, Inc. 401(k) and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

### **Other Matter - Supplemental Schedules Required by ERISA (Continued)**

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# REDCOM LABORATORIES, INC. 401(K) AND PROFIT SHARING PLAN

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### 1. DESCRIPTION OF PLAN

The following description of the REDCOM Laboratories, Inc. 401(k) and Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution plan established to provide retirement benefits for the employees of REDCOM Laboratories, Inc. (the Company). The Plan contains both 401(k) and discretionary matching and profit sharing provisions. Unless otherwise indicated, the Plan provisions are identical for all components. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent legislation, where applicable.

#### **Administration**

The Company is the sponsor of the Plan. The Plan is administered by the Administrative Committee, which is appointed by the Company's Board of Directors. The trustees of the Plan are: Brigitte Gueldenpfennig, majority shareholder of the Company, and Dinah Weisberg, President and CEO of the Company. Voya Retirement Insurance and Annuity Company (Voya) serves as the custodian and record-keeper of the Plan.

#### **Eligibility**

Employees that are not nonresident aliens, leased employees, or represented by a collective bargaining agreement are eligible to participate in the Plan. Employees become eligible to participate in the Plan on the first quarterly entrance date after employment begins. The participant becomes eligible for profit sharing and discretionary match once one year of service is completed. A year of service is defined as a twelve month period beginning on the date of hire, in which a participant has worked 1,000 hours.

#### **Contributions**

The employee 401(k) savings feature of the Plan allows participants to elect to contribute up to 100% of their pre-tax compensation, as defined in the Plan, subject to defined limits as prescribed by the Internal Revenue Code (IRC). The Plan includes an automatic enrollment feature whereby all employees are automatically enrolled in the Plan with a deferral rate of 6%, unless they choose not to participate or elect a different deferral percentage. The Company may make discretionary matching and profit sharing contributions. There were no profit sharing contributions to the Plan for the years ended December 31, 2024 and 2023.

## 1. DESCRIPTION OF PLAN (Continued)

### **Contributions (Continued)**

The discretionary employer contribution, if any, is subject to approval by the Company's Board of Directors. Contributions made by the Company will be used to fund the Company match of employee deferrals first and any remaining amount of discretionary employer contributions will then be allocated to participants who were eligible as defined in the Plan as having been eligible at any point during the Plan year, according to the ratio of each participant's compensation for the Plan year to the total compensation of all eligible participants. During 2024 and 2023, the Company made a discretionary match equal to 100% of participants' elective deferrals up to 2% of eligible compensation. The Company contributed \$218,573 and \$222,565 to the Plan for the years ended December 31, 2024 and 2023, respectively.

### **Participant Accounts**

Each participant's account is credited with the participant's contributions; the Company's matching contributions and allocations of (a) the Company's discretionary contribution and (b) the participant's share of the Plan's earnings and losses. Allocations are based on participant compensation, as defined. Plan expenses are generally allocated to each participant account proportionately based on the number of participants.

### **Vesting**

Participants are immediately vested in their elective contributions plus actual earnings thereon. Participants vest in Company discretionary matching contributions and discretionary profit sharing contributions plus earnings as follows: 40% vested after one year of service, 70% vested after two years of service, and fully vested after 3 years of service. In addition, participants will become fully vested in the Company contribution portion of their account upon attainment of age 65, death or total and permanent disability.

### **Investment Options**

Upon enrollment in the Plan, a participant may direct elective and non-elective contributions in any of the investment options offered by the Plan. Participants may change their investment options daily.

### **Notes Receivable from Participants**

Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance, for a period not to exceed five years with the exception of if the loan is used to purchase a primary residence, in which case the period is not to exceed fifteen years. Loans are secured by the balance in the participant's account and bear interest at the prime rate. Principal and interest are paid ratably through payroll deductions. A participant may only have one general purpose loan and one residential loan outstanding at a time.

### **Payment of Benefits**

Upon termination of service, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or rollover their balance to a new plan. A participant may remain in the Plan if vested benefits are greater than \$5,000. The normal retirement age is the date a participant reaches the age of 65. Additionally, the Plan provides for in-service withdrawals once a participant has reached the age of 59 ½.

### **Hardship Withdrawals**

Hardship withdrawals from the Plan are permitted from all accounts. All hardship withdrawals must comply with specific rules relating to hardships, which are uniformly applicable to all participants.

## 1. DESCRIPTION OF PLAN (Continued)

### **Forfeitures**

Forfeitures are first used to offset plan administrative expenses and then employer contributions. During 2024 and 2023, \$13,800 and \$11,250 were used to offset administrative expenses, respectively. In 2024 and 2023, there were forfeitures of non-vested employer contributions and earnings on unused amounts totaling \$4,130 and \$22,345, respectively. There were \$4,491 and \$14,161 of unallocated forfeitures at December 31, 2024 and 2023, respectively.

### **Administrative Expenses**

The Plan pays for a substantial portion of expenses associated with the administration of the Plan. Certain administrative expenses are paid by the Company.

### **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions set forth by ERISA. In the event of termination, all participants become fully vested in their account balances.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### **Basis of Accounting**

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

### **Investment Valuation and Income Recognition**

The Plan's investments in pooled separate accounts are reported at fair value using the net asset value (NAV) practical expedient. Pooled separate accounts are valued based on the underlying fund's daily performance plus any applicable dividend income less the daily separate account charge. The Plan's investment in its guaranteed investment contract is a fully benefit-responsive investment contract reported at contract value as reported by Voya. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on an accrual basis and dividend income is recorded on the ex-dividend date. The net appreciation in the fair value of investments consists of both realized and unrealized gains and losses on the Plan's investments.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, economic conditions, world affairs, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

### Benefit Payments

Benefit payments are recorded when paid.

### Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to use estimates and assumptions that affect the amounts reported in the financial statements. Actual results could differ from those estimates.

## 3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by Voya, the custodian and record-keeper, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and is included in the financial statements and supplemental schedule as of and for the years ended December 31:

	<u>2024</u>	<u>2023</u>
Investments, at fair value	\$ <u>42,513,356</u>	\$ <u>40,020,128</u>
Investments, at contract value	\$ <u>2,145,978</u>	\$ <u>2,270,243</u>
Net appreciation in fair value of investments	\$ <u>5,474,475</u>	\$ <u>6,310,921</u>
Interest and dividends	\$ <u>41,995</u>	\$ <u>41,108</u>
Schedule of Assets (Held at End of Year)	Schedule I (except notes receivable from participants)	

#### **4. FAIR VALUE MEASUREMENTS**

At December 31, 2024 and 2023, all of the Plan's investments at fair value are measured using the NAV per share practical expedient. As such, the fair value hierarchy disclosures are not required at December 31, 2024 and 2023.

The following is a description of the valuation methodologies used for assets measured at fair value.

*Pooled separate accounts:* Pooled separate accounts held at December 31, 2024 and 2023 are valued at fair value using the NAV per share practical expedient. The pooled separate accounts are valued using Accumulation Unit Value (AUV). AUV represents the underlying fund's daily performance, plus any applicable dividend income, less the daily separate account charge. Units are issued and redeemed as of the end of each day at the daily AUV. The investment strategies of the pooled separate account funds are to invest in underlying funds with the goal of producing favorable long-term returns and growth, depending on the overall fund objectives. There are no restrictions on redemption of the pooled separate accounts. There are no unfunded commitments.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

#### **5. INVESTMENT CONTRACT WITH INSURANCE COMPANY**

The Plan holds a traditional fully benefit-responsive investment contract with Voya under a guaranteed general account contract. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract is included in the financial statements at contract value as reported to the Plan by Voya. Contract value represents contributions made, plus investment income, less funds used to pay retirement benefits and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. There are no events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than contract value. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring. The crediting interest rate is based on a contractually guaranteed interest rate that may not be less than one percent. Such interest rates are reviewed on a semi-annual basis for resetting. The interest rate guaranteed by the contract issuer was 1.25% and 1.00% as of December 31, 2024 and 2023, respectively.

## 6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya, the custodian of the Plan. Therefore, transactions involving these investments qualify as part-in-interest transactions. Additionally, transactions involving notes receivable from participants qualify as party-in-interest transactions.

## 7. TAX STATUS

The Plan is designed from a prototype plan offered by Voya. The Internal Revenue Service has determined and informed Voya, by letter dated September 1, 2014, that the written form of the underlying prototype plan document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not applied for its own determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and that the related trust is tax-exempt.

## 8. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per Form 5500 at December 31:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 44,818,629	\$ 42,418,655
Employer receivable	-	(8,612)
