American Independent Companies, Inc. 401(k) Plan
West Conshohocken, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of American Independent Companies, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents as of and for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**American Independent Companies, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023**

Note 1. Description of the Plan

The following description of the American Independent Companies, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1997 and amended and restated on June 1, 2021. The Plan is a defined contribution plan covering all salaried and hourly employees of American Independent Companies, Inc., (the Companies). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974*, as amended (ERISA).

Eligibility

Employees are eligible to participate in the Plan after the completion of three consecutive months of eligible service, as defined by the Plan. There is no age requirement for participation. Participants can enroll on January 1, April 1, July 1, and October 1 of each plan year.

Contributions

The Plan provides each participant with the opportunity to make pre-tax and/or Roth contributions to the Plan, not to exceed 50% of eligible compensation, and subject to the limitations of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans as rollover contributions.

The Plan provides for discretionary employer matching contributions. The Companies are able to make profit-sharing contributions on behalf of all eligible employees, provided that they have been participants of the Plan for at least one day of the plan year, completed at least 1,000 hours of service during the plan year, and were employed by the Companies on the last day of the plan year. The Companies did not make employer matching and profit-sharing contributions for the year ended December 31, 2024. Contributions are subject to certain IRC limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and allocations of plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Forfeitures

Participant forfeitures of employer discretionary matching contributions and profit-sharing contributions are used to offset future employer matching contributions of the Plan. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$49,225 and \$3,202, respectively. The Plan had reallocated forfeitures to participants' accounts of \$1,933 and \$4,051 as of December 31, 2024 and 2023, respectively.

**American Independent Companies, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023**

Vesting

Participants are immediately vested in their contributions and rollover contributions plus actual earnings thereon. Vesting in the employer contributions made by the Companies is based on the following schedule:

<u>Years of Service</u>	<u>Vested Percent</u>
1 year	20%
2 years	50%
3 years	100%

When participant attains the age of 65, or in the event of a participant's death or total permanent disability, all amounts credited to such participant's account become fully vested.

Payment of Benefits

Upon termination of service, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account. Vested account balances under \$5,000 are automatically distributed to participants upon termination. Participants (or their beneficiaries upon the death of the participant) may elect to receive their vested account balances as a single lump sum or in installment payments. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59½.

Notes Receivable from Participants

A participant may borrow from his or her account the lesser of \$50,000 reduced by the participant's highest outstanding loan balance in the previous 12 months over the existing loan balance, if any, on the date the new loan is made or 50% of his or her vested account balance. The minimum amount of each loan is \$1,000. A participant may not have more than two loans outstanding at any time. The term of the loan cannot exceed five years, unless the loan is used to purchase a principal residence, where the term cannot exceed 15 years. The loans are secured by the vested balance in the participant's account and bear annual interest at a rate equal to the prime rate as published in the Wall Street Journal on the first business day of each month, plus 1%. All loans are covered by promissory notes and are repayable through payroll deductions. The interest rates charged on loans outstanding as of December 31, 2024, ranged from 4.25% to 9.50% per annum.

Administrative and Investment Management Expenses

Expenses incurred for the administration of the Plan are paid by the Companies, except for record-keeping, administrative fees and trustee fees paid to American Funds and Capital Bank and Trust Company, which are paid through the revenue sharing agreement with Capital Bank and Trust Company and are included in administrative expenses. However, fees for investment and loan transactions are charged to the participants by the trustee. Investment fees and other expenses of the investment funds are reflected as a reduction in the investment return of such funds.

Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Other income represents income received from revenue sharing arrangements with Capital Bank and Trust Company.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 3. Financial Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2024.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting guidance titled *Fair Value Measurements and Disclosures*, provide a framework for measuring fair value including a fair value hierarchy. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value of measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value fall into one of the three levels of the fair value hierarchy below and are defined as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2** Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

**American Independent Companies, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023**

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

- *Mutual funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023 :

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2024				
Mutual Funds	<u>\$ 11,346,512</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,346,512</u>
December 31, 2023				
Mutual Funds	<u>\$ 11,392,537</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,392,537</u>

Note 5. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan. The Plan invests in various mutual funds managed by American Funds, which is an affiliate of Capital Bank and Trust Company, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules. The Plan paid \$1,286 of record-keeping fees to Capital Group Retirement Plan Services during the year ended December 31, 2024.

Note 6. Tax Status

The Plan is a prototype non-standardized profit sharing plan with a cash or deferred arrangement sponsored by Capital Group Retirement Plan Services. Capital Group Retirement Plan Services has obtained an opinion letter on the prototype plan dated June 30, 2020, stating that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code (IRC). Generally, the plan administrator and the Plan may rely on the opinion letter received by Capital Group Retirement Plan Services as to the form of the Plan qualifying under the IRC. Certain amendments were made to the prototype plan since its adoption, however, the plan administrator believes that

American Independent Companies, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

the Plan designed and operated through December 31, 2024 was in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audit by taxing jurisdictions; however, there are currently no audit for any tax periods in progress.

Note 7. Reconciliation of Financial Statements to Form 5500 Financial Information

The following is a reconciliation of net assets available for benefits per the financial statements to the amounts presented in the Plan's Form 5500:

	<u>December 31, 2024</u>	<u>December 31, 2023</u>
Net assets available for benefits per the financial statements	\$ 11,526,045	\$ 11,572,302
Less participant contributions receivable	(7,913)	-
Less other receivable	<u>(5,407)</u>	<u>(4,956)</u>
Net assets per Form 5500	<u>\$ 11,512,725</u>	<u>\$ 11,567,346</u>

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2024 per the financial statements to the net loss reported in the Form 5500:

Net increase in net assets per the financial statements	\$ (46,257)
Change in other receivable	<u>(8,364)</u>
Net income per Form 5500	<u>\$ (54,621)</u>

Note 8. Corrective Contributions

During the year ended December 31, 2024, there were late employee contributions and loan repayments of \$11,152 which were identified, computed and corrected in January 2025. The Company believes the Plan continues to be qualified and tax exempt.

Note 9. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2025, the date these financial statements were available for issuance.
