## INDEPENDENT AUDITOR'S REPORT

Plan Administrator  
MFG 401(K) PLAN  
Alpharetta, Georgia

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of MFG 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits--modified cash basis as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits--modified cash basis for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of MFG 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note B.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MFG 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MFG 401(K) Plan's ability to continue as a going concern for one year after the date that the Financial Statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a

material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MFG 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting polices used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about MFG 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter - Supplemental Schedules Required by ERISA***

The supplemental schedules H, line 4i--schedule of assets--modified cash basis (held at end of year) and schedule H, line 4a--schedule of delinquent participant contributions--modified cash basis as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary

information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirement of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS

### MFG 401(K) PLAN

December 31, 2024

#### NOTE A--DESCRIPTION OF PLAN

The following description of MFG 401(K) Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of MFG Employment Services, LLC (the "Company", "Plan Administrator" or "Employer") and certain affiliated companies: Merit Financial Inc., Mentor Group, LLC, and Wisdom Theory Financial Holdings, LLC. Employees who have attained twenty-one years of age are eligible to participate in the Plan the first day of the month coinciding with or following three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions: The Plan provides for an employee elective pre-tax and ROTH contributions with an Employer Safe Harbor matching provision. Plan participants may make contributions up to 85% of their annual compensation, as defined by the Plan, not to exceed the Federal statutory maximum. The Employer Safe Harbor matching contribution is 100% of the first 3% of participant compensation deferred, and a further 50% on the next 2% of participant compensation deferred, up to the Internal Revenue Service limits. The maximum effective Employer matching rate for a participating employee is 4% of participant compensation, except as limited by Internal Revenue Service requirements.

The individual safe-harbor matching contribution is determined based on the Plan year. The Plan document allows for additional discretionary matching and non-elective Employer contributions. No discretionary or non-elective contributions were made by the Employer during the year ended December 31, 2024.

Participant Accounts: Each participant's account is credited with their contributions, their account's earnings or losses, the Employer's matching contributions, the Employer discretionary profit-sharing contribution, less an allocation of certain administrative expenses that are paid by the Plan. All investments are participant directed. Participants may change their investment options daily.

Investments: Participants can allocate their contributions and employer contributions to a self-directed brokerage account or among a selection of investment options: mutual funds, and a collective investment trust. Through the self-directed brokerage option, participants may make investments in publicly traded common stock, exchange traded funds, and cash.

## NOTES TO FINANCIAL STATEMENTS--Continued

### MFG 401(K) PLAN

#### NOTE A--DESCRIPTION OF PLAN--Continued

Vesting: Participants are immediately vested in their voluntary contributions, safe harbor contributions and allocated earnings thereon. Discretionary employer matching and non-elective contributions and earnings thereon vest on a vesting schedule of 0% for less than 2 years of service, and 20% per year for two to six years of service. A participant becomes fully vested after six years of credited service, or in the event of participant death or disability, or normal retirement.

Forfeitures: Forfeited amounts can be used to pay administrative expenses of the Plan and to reduce future Employer contributions to the Plan.

Administration: The Plan is administered by the Employer. All funds in the Plan were held by Matrix Trust Company (the "former Custodian") at December 31, 2023 and through October 31, 2024. Effective November 1, 2024, the Plan appointed a new custodian and trustee, Fidelity Management Trust Company ("Fidelity" or "Trustee"). All assets of the Plan were transferred from the former Custodian to Fidelity. Fidelity invests participants' account balances, as directed by the participants.

Withdrawals: A participant may withdraw his participant elected and rollover contributions, plus earnings thereon, in the case of a financial hardship. Withdrawals are taxable in the year received by the participant and may be subject to a penalty tax. Additionally, after reaching the age of 59½, a participant may request an in-service distribution from vested accounts.

Payment of Benefits: Upon a participant's termination of employment with the Company, or after reaching the age of 65, the participant is entitled to receive a distribution of his vested account balance. The participant may elect to receive a distribution at any time in the form of a lump sum payment. If the participant dies prior to receiving his entire vested account balance, the balance will be paid to the participant's beneficiary.

Notes Receivable from Participants: Generally, participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. Participants may only have one loan outstanding at any given time. Loans are repaid ratably through payroll deductions over periods of up to 60 months, except in circumstances when the loan proceeds were used to purchase the primary residence of the participant. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate plus 1% at the date of the loan.

### MFG 401 (K) PLAN

#### NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Plan follows the Financial Accounting Standards Board Accounting Standards Codification as its sole source of authoritative guidance.

The financial statements of the Plan are prepared utilizing the modified cash basis method of accounting, which differs from generally accepted accounting principles, which uses the accrual method.

The Plan's investments are stated at fair value, as further described in Note C. Investment securities, in general, are exposed to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is possible that changes in values of investment securities will occur and that such changes could materially affect the amount reported in the statements of net assets available for plan benefits.

Purchases and sales of securities are recorded on the settlement date. Realized gains and losses on the sale of investments are calculated based on the difference between the selling price and cost on an average cost basis. Interest income is recorded when received. Dividends are recorded when received. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as the change in unrealized gains/losses for securities held at the end of the year.

Contributions are recorded on the modified cash basis, which recognizes participants' contributions and the related Employer matching contributions at the time such contributions are received in cash by the Plan.

Benefits are recorded when paid, including amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

The Plan is responsible for the payment of administrative expenses. Certain administration expenses are paid by the Employer.

Notes receivable from participants are reported separately from Plan investments and measured at their unpaid principal balance.

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the disclosure of contingent assets and liabilities, at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### MFG 401 (K) PLAN

#### NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Subsequent events have been evaluated through October 13, 2025, which is the date the financial statements were available to be issued.

#### NOTE C--FAIR VALUE MEASUREMENTS

Current accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the accounting guidance are described below:

- Level 1        Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.
- Level 2        Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3        Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Common stock and exchange traded funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the quoted market price, which represents the net asset value of the shares held by the Plan at year end.

NOTES TO FINANCIAL STATEMENTS--Continued

MFG 401(K) PLAN

NOTE C--FAIR VALUE MEASUREMENTS--Continued

Collective investment trust: Valued based on quoted market prices of the securities underlying the collective investment trust.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024
