Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of the Allen & Overy LLP Cash Balance Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Allen & Overy LLP Cash Balance Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in *the Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2024 and of reportable transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALLEN & OVERY LLP CASH BALANCE PENSION PLAN

Notes to Financial Statements December 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN

The following brief description of Allen & Overy LLP Cash Balance Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

The Plan is a defined benefit pension plan. Prior to April 30, 2023, the Plan covered eligible employees of Allen & Overy LLP (the "Firm") whose resident office was in the United States and were Equity Partner, Senior Counsel, Entry Partner, Head or Senior Manager, as defined in the Plan document. Effective April 30, 2023, newly eligible employees are limited to Equity Partners and Entry Partners whose resident office is in the United States, as further defined in the Plan documents. Existing eligible employees already participating in the Plan prior to April 30, 2023, who are Senior Counsel, Senior Managers, or Heads, whose residence office is in the United States, will continue to participate in the Plan provided that they remain Senior Counsel, Senior Managers, or Heads, whose resident office is in the United States.

To be eligible, an employee must attain age 21, complete one year of service, and be a highly compensated employee as defined by the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The custodian and recordkeeper of the Plan is First State Trust Company and the actuary is October Three Consulting, LLC. The Firm is the Plan Administrator.

Allen & Overy LLP merged with Shearman & Sterling LLP on May 1, 2024, and the merged Firm's name officially became Allen Overy Shearman Sterling US LLP on May 1, 2024.

[2] Pension benefits and vesting:

Participant become fully vested in the Plan upon completion of two years of service, attain age 62, become disabled or die. The normal forms of benefit payments are a single life annuity for unmarried participants and a 50% joint and survivor annuity for married participants. In addition, all participants may elect (with spousal consent if married) a lump sum distribution. Further, a married participant may elect a 75% joint and survivor annuity. Participants in the Plan, after attaining age of 59½, may elect to receive payment of their vested cash balance account prior to their retirement on any January of July 1 of any plan year thereafter.

Participants under the age 59½ cannot receive a benefit payment until they terminate their employment or retire from the Firm. If they terminate employment prior to age 59½ and do not receive a benefit payment within six months following their termination date, then they cannot receive benefit payment until their normal retirement age. Normal retirement age is defined as the first of the month coincident with or next following the month the participant attains the age of 62.

[3] Participants' accounts:

Under the Plan provisions, amounts are credited by the Firm to the participants' hypothetical accounts. The accounts are credited with a cash balance credit. The cash balance credit is a percentage of compensation.

For Equity Partners, the cash balance credits are determined annually as a percentage of the partner's compensation based on age and partner points at plan entry, points in a given year, and number of years as a Plan participant. For Entry Partners, Senior Counsel, Head or Senior Managers, the cash balance credits are determined annually as a percentage of their compensation, subject to statutory limitations, based on age at plan entry and number of years as a Plan participant. These cash balance credits for a plan year are allocated to the participant's account on the last day of each calendar month at a rate of one-twelfth (1/12) of the participant's cash balance credit for the plan year. Each year, the amount of each participant's cash balance credit will be rounded down to the nearest multiple of \$5,000, but will not be less than \$5,000 and will not be greater than \$250,000.

Notes to Financial Statements December 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

[3] Participants' accounts: (continued)

At the end of each day, participant accounts are adjusted (up or down) to reflect their share of the Plan's investment experience (net of fees and expenses) since the beginning of the day. However, the gain cannot exceed 8% for each plan year cumulatively over the participant's participation in the Plan.

Senior Counsel, Head or Senior Manager accounts will not be credited with new cash balance credits after July 30, 2023. Senior Counsel, Head and Senior Management accounts will continue to be credited with investment experience after July 30, 2023.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements of the Plan are prepared on the accrual method of accounting.

[2] Subsequent events:

The Plan has evaluated subsequent events through October 14, 2025, the date the financial statements were available to be issued.

[3] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

[4] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[5] Actuarial present value of accumulated plan benefits:

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions, which are attributable, under the Plan's provisions, to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' compensation during each year of credited service. The accumulated Plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date (the valuation date). Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

ALLEN & OVERY LLP CASH BALANCE PENSION PLAN

Notes to Financial Statements December 31, 2024 and 2023

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[6] Payment of benefits:

Benefits are recorded when paid.

[7] Administrative expenses:

The Plan's expenses are paid either by the Plan or the Firm, as provided by the Plan document. Expenses that are paid directly by the Firm are excluded from the Plan's financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, First State Trust Company, the custodian of the Plan has certified to the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the statement of changes in net assets available for benefits for the year ended December 31, 2024 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2024 and supplemental schedule of reportable transactions for the year ended December 31, 2024.

NOTE D - FUNDING POLICY

The Plan's funding policy is for the Firm to contribute an amount equal to the sum of cash balance credits for the Plan year, but not less than the annual ERISA minimum funding requirement. For the year ended December 31, 2024, the Firm made contributions of \$8,794,583. The Firm's contributions for 2024 exceeded the minimum funding requirements of ERISA.

NOTE E - ADJUSTED FUNDING TARGET ATTAINMENT PERCENTAGE ("AFTAP")

The Pension Protection Act (the "Act") included many provisions and numerous revisions to rules surrounding defined benefit plans, including rules that govern Plan funding. The Act established minimum funding standards for defined benefit plans and limited benefit increases and accruals for underfunded plans. Pursuant to the Act, each year the actuaries are required to certify to the Plan's funded percentage. The Plan received such certification for the 2024 Plan year for the AFTAP, which is one way of measuring the funded status of a plan using actuarial assumptions mandated by the IRS, and the actuary determined that the 2024 AFTAP for the Plan is 113.49%.

Notes to Financial Statements December 31, 2024 and 2023

NOTE F - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan that are actively traded are classified as level 1 investments, whereas mutual funds that are not actively traded are classified as level 2 investments.

Exchange Traded Funds ("ETFs") – Valued at the daily closing price. Exchange traded funds are investment companies whose shares are traded intraday on stock exchanges at market-determined prices, which may be greater or less than NAV. Plan may buy or sell ETF shares through a broker or in a brokerage account just as they would the shares of any publicly traded company. ETFs are registered with the SEC, and generally, are structured as open-end investment companies (open-end funds) or unit investment trusts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ALLEN & OVERY LLP CASH BALANCE PENSION PLAN

Notes to Financial Statements December 31, 2024 and 2023

NOTE F - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023:

Investment Assets at Fair Value as of December 31, 2024

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 12,186,615	\$ 21,621,640	\$ -	\$ 33,808,255
Exchange-traded funds	7,869,035	-	-	7,869,035
Total investment assets at fair value	\$ 20,055,650	\$ 21,621,640	\$ -	\$ 41,677,290

Investment Assets at Fair Value as of December 31, 2023

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 8,798,479	\$ 16,288,741	\$ -	\$ 25,087,220
Exchange-traded funds	7,102,119	-	-	7,102,119
Total investment assets at fair value	\$ 15,900,598	\$ 16,288,741	\$ -	\$ 32,189,339

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE G - ACCUMULATED PLAN BENEFITS

The actuarial present value of accumulated Plan benefits is determined by an independent actuary. The accumulated Plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date.

The significant actuarial assumptions used in the valuation as of December 31, 2024 and 2023:

Expected retirement age	62 years of age
Asset valuation	Fair market value of assets
Form of payment	Lump sum
Interest crediting rate	3%
Mortality table – December 31, 2024	IRS 2025 Static Mortality Table
Mortality table – December 31, 2023	IRS 2024 Static Mortality Table

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

ALLEN & OVERY LLP CASH BALANCE PENSION PLAN

Notes to Financial Statements December 31, 2024 and 2023

NOTE G - ACCUMULATED PLAN BENEFITS (CONTINUED)

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2025 and 2024. Had the valuations been performed as of the respective December 31, there would be no material differences.

Accumulated plan benefits information, as estimated by the Plan's actuary as of December 31, 2024 and 2023, is as follows:

	<u>December 31,</u>	
	<u>2024</u>	<u>2023</u>
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Participants entitled to deferred benefits	\$ 5,952,438	\$ 1,790,318
Other participants	35,317,156	30,753,405
	41,269,594	32,543,723
Nonvested benefits	195,652	-
Total actuarial present value of accumulated plan benefits	<u>\$ 41,465,246</u>	<u>\$ 32,543,723</u>

Changes in present value of accumulated plan benefits for the year ended December 31, 2024 are as follows:

Actuarial present value of accumulated plan benefits – at beginning of year	<u>\$ 32,543,723</u>
Increase (decrease) during the year attributable to:	
Benefits accumulated	8,794,583
Increase in interest due to the decrease in the discount period	3,115,584
Benefits paid	<u>(2,988,644)</u>
Net increase	<u>8,921,523</u>
Actuarial present value of accumulated plan benefits – at end of year	<u>\$ 41,465,246</u>

NOTE H - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated November 20, 2018, stating that the Plan is qualified under the Internal Revenue Code ("IRC") and therefore the related trust is exempt from taxation. The Plan has been amended since receiving the tax determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain

ALLEN & OVERY LLP CASH BALANCE PENSION PLAN

Notes to Financial Statements December 31, 2024 and 2023

positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE I - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

First State Trust Company is the Plan's custodian and Citi Private Bank is the Plan's investment advisor. As service providers to the Plan, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee were \$17,845 for the year ended December 31, 2024 and the fees paid by the Plan to the investment advisor were \$110,356 for the year ended December 31, 2024.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2024 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE K - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

ALLEN & OVERY LLP CASH BALANCE PENSION PLAN

Notes to Financial Statements December 31, 2024 and 2023

NOTE L - PLAN TERMINATION

Although it has not expressed any intention to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions as set forth in ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Benefits attributable to employee contributions, taking into account those paid out before termination.
- b. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- c. Other vested benefits insured by the Pension Benefit Guaranty Corporation (the "PBGC") (a U.S. government agency) up to the applicable limitations (discussed subsequently).
- d. All other vested benefits (that is, vested benefits not insured by the PBGC).
- e. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

Allen & Overy LLP Cash Balance Pension Plan

EIN / PN 13-5514352 / 005

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

Plan Sponsor Elections

Yield curve election: The plan sponsor did not elect to use the full yield curve under IRC section 430(h)(2)(D)(ii).

Applicable month: The plan sponsor elected to base the segment rates on the rates published in the month containing the valuation date.

Economic Assumptions

	Funding Target		PBGC Funding Target
	with stabilization	without stabilization	
First segment rate (years 0 to 4):	4.75%	4.37%	4.37%
Second segment rate (years 5 to 19):	4.96%	4.96%	4.96%
Third segment rate (years 20 and after):	5.59%	4.95%	4.95%
Effective interest rate (current year):	4.96%	4.86%	N/A

Interest crediting rate: 3.00%

The interest rates listed above are compounded annually.

The cash balance interest crediting rate is equal to the rate of return on plan assets, subject to cumulative minimum and maximum interest crediting rates. Accordingly, the assets needed to provide future cash balance benefits are independent of interest rates and only dependent on the plan's asset allocation to the extent that the cumulative minimum or maximum interest crediting rates affect the cash balance accounts. This plan provision is difficult to measure using traditional deterministic valuation procedures. To account for this plan provision, the interest crediting rate was selected from a reasonable range based on the plan's asset allocation that, when combined with the segment interest rates, produced a funding target that was as close as possible to the economic value of the cash balance accounts.

Allen & Overy LLP Cash Balance Pension Plan

EIN / PN 13-5514352 / 005

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

Demographic Assumptions

RETIREMENT

All participants are assumed to retire according to the following schedule, but no earlier than one year from the valuation date of January 1, 2024:

Assumed retirement age	Percent assumed to retire
62	100.00%

WEIGHTED AVERAGE RETIREMENT AGE

The weighted average retirement age for the population during the current year, rounded to the nearest whole number, is 62.

WITHDRAWAL AND DISABILITY

None.

RATIONALE FOR RETIREMENT AGE, WITHDRAWAL AND DISABILITY ASSUMPTIONS

The economic value of the cash balance benefits is not materially affected by the timing of benefit commencement. Therefore, no preretirement withdrawal or disability is assumed, and all participants are assumed to retire according to the schedule above.

MORTALITY AND MORTALITY IMPROVEMENT

The mortality follows the IRS 2024 Static Mortality Table, as prescribed by Treasury regulation section 1.430(h)(3)-1. The mortality decrement is assumed to occur as of the beginning of the year.

Other Assumptions

FORM OF PAYMENT

Based on the experience of the plan and future expectations, all participants are assumed to elect a lump sum form of payment.

Allen & Overy LLP Cash Balance Pension Plan

EIN / PN 13-5514352 / 005

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

EXPENSES

Assumed expenses are \$0 for 2024, based on the experience of the plan and future expectations. In accordance with our understanding of the available guidance, the expense assumption reflects administrative expenses and does not include investment-related expenses or any other non-administrative expense.

Changes from Prior Year and Rationale for Changes

None.

GAIN / LOSS ANALYSIS

In our judgment, a gain/loss analysis is not appropriate for assessing the reasonableness of the assumptions.

Actuarial Methods

VALUATION DATE

The valuation date is January 1, 2024.

ACTUARIAL VALUE OF ASSETS

The actuarial value of assets is equal to the market value of assets.

MINIMUM FUNDING METHOD

The funding target and target normal cost for minimum funding calculations are determined using the traditional unit credit cost method as prescribed by Treasury regulation section 1.430(d)-1. The liability under the unit credit cost method is the value of the accrued pension benefit using service and pay as of the valuation date. The sum of the present value of the accrued benefits for all participants is the ERISA funding target. The normal cost is the present value of the benefits earned during the year. The target normal cost is the sum of the normal costs for all participants and the assumed administrative expenses.

Changes in Method from Prior Year and Rationale for Changes

None.

Plan Provisions and Statutory Limits

EFFECTIVE DATE

The effective date of the plan was January 1, 2017. The plan was last amended effective July 30, 2023.

PLAN YEAR

January 1 to December 31.

ELIGIBLE EMPLOYEE

An Eligible Employee is an Employee of the Employer, with a resident office in the United States, who is, generally, an Equity Partner or an Entry Partner.

PARTICIPATION

An Eligible Employee shall become a Participant on the January 1 preceding the date on which he or she is credited with a Year of Service for Participation and attains age twenty-one (21) provided, however, that he or she is an Eligible Employee, and a Highly Compensated Employee (considering only US sourced income), on such Entry Date.

ACTUARIAL EQUIVALENT

For converting the Deemed Account Balance to a life annuity, the lesser of 5.00% and the rate of interest on 30-year Treasury securities for the month of August preceding the Plan Year, and mortality using the table set forth in Code Section 417(e)(3)(B).

DEEMED ACCOUNT BALANCE

The sum of Deemed Plan Year Allocations and Deemed Investment Experience. As of January 1, 2024, Deemed Account Balances, excluding Deemed Plan Year Allocations for the year, totaled \$32,543,722. This total includes the value of minimum and maximum accounts.

DEEMED PLAN YEAR ALLOCATION

For any participant, as of any date, the participant's Deemed Plan Year Allocations credited to such date, as increased or decreased to reflect his or her Deemed Investment Experience to such date and reduced by any distributions prior to such date. For the 2024 plan year, Deemed Plan Year Allocations are estimated to total \$9,620,000.

DEEMED INVESTMENT EXPERIENCE

The Deemed Investment Experience shall be determined by applying the rate of return to the Deemed Account Balance as of the beginning of the day. In no event shall the cumulative rate of return provided herein for such Plan Year be greater than the annual rate of return of 8%, nor less than 0%.
