INDEPENDENT AUDITOR'S REPORT

The Trustees of
Castellini Employee Savings and Profit Sharing Plan
Wilder, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Castellini Employee Savings and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Castellini Employee Savings and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in the Certified Investments note to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Castellini Employee Savings and Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Correction of Error

As discussed in Note 11 to the financial statements, an error was discovered by management during the current year resulting in changes to previously reported net assets available for benefits as of December 31, 2022, as well as benefit payments and participant loans as of and for the year ended December 31, 2023. Accordingly, the amounts reported have been restated in the financial statements presented. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Castellini Employee Savings and Profit Sharing Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Castellini Employee Savings and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Castellini Employee Savings and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplementary Schedule Required by ERISA

The supplementary schedule, as noted in the table of contents, referred to as "supplementary information", is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**CASTELLINI EMPLOYEE SAVINGS AND PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Castellini Employee Savings and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document and the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Castellini Company LLC and its affiliates RWI Logistics LLC, Castellini Management Company Limited Partnership, Transport Specialists, Inc., Interstate Truckway Dedicated Services, Inc., Interstate Truckway, Inc., Club Chef Southeast LLC, CHCMC Management LLC, Castellini Company LLC, and Castellini Holding Company, LLC (collectively, the Company), who have 30 days of service and are age twenty or older. Employees will have the opportunity to become a participant on the first "entry date," on the first pay date that immediately follows the date that employee satisfies those requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Club Chef, LLC, Crosset Company, LLC, Grant County Foods, LLC, RWI Transportation, LLC, CC Kitchens Atlanta, LLC, CC Kitchens, LLC, General Produce, LLC, and Merchants Cold Storage LLC are no longer active companies. Additionally, on October 1, 2024, Club Chef Southeast, LLC entered into an agreement to sell certain assets. As part of the transaction, most remaining employees of Club Chef Southeast transferred to the acquiring entity.

The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Participant Contributions

Each year, participants may contribute up to limits as defined in the Plan, not to exceed amounts determined by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other retirement plans as described in the Plan document (rollovers). Participants direct the investment of their contributions into any combination of several investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated fund until changed by the participant. At the start of each plan year, participants with a deferral rate below 6% will have their rate automatically increased to 6% of eligible compensation, unless affirmatively elected otherwise.

Employer Contributions

The Company may make fixed matching contributions, discretionary matching contributions, as well as a profit-sharing contribution to the Plan. These amounts will be determined annually at each employer's sole discretion. In order to receive the discretionary matching contributions and the profit sharing contributions, the participant must be employed on the last day of the Plan year. There was no profit sharing contribution for either 2024 or 2023. Participants may direct the investment of matching contributions and discretionary matching contribution into any combination of several investment options offered by the Plan. The profit sharing contributions are invested in a portfolio of investments as directed by the Company, not by the participant. Contributions are subject to certain statutory limitations.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) Plan earnings (losses), including a charge for an allocation of administrative expenses paid by the Plan and (b) employer contributions. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% their vested account balance. The notes are secured by the balance of the participant's account. The interest rate on these notes is set at 1.0% above the prime rate and is reviewed by the Plan administrator on a regular basis. Principal and interest is paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their 401(k) elective deferrals, rollover contributions, and fixed matching contributions plus actual earnings thereon. Vesting in the remainder of their accounts, plus actual earnings thereon, is based on years of service as defined in the Plan. Vesting begins upon the completion of the third year of service, after which a participant is 100% vested.

Forfeitures

If a participant is not fully vested on their termination date, the non-vested amount of their account is forfeited. Forfeitures on non-vested account balances will be used to reduce future employer contributions or to pay Plan expenses.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment from the Company, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or any other form of payment included in the Plan document. However, participants with a vested balance of less than \$1,000 will receive a lump sum amount equal to the vested portion of their account upon termination. If the participant's vested balance is greater than \$1,000 but less than \$7,000 and they have not elected a distribution method, their vested balance will be automatically rolled over into an IRA chosen by the Plan administrator as soon as administratively practicable. Participants with a vested balance in excess of \$7,000 may remain in the Plan, but they may not make additional contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Certain estimates relate to unsettled transactions and events as of the date of the financial statements. Other estimates relate to assumptions about the ongoing operations and may impact future periods. Accordingly, upon settlement, actual results may differ from estimated amounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and the custodian (see Fair Value Measurements note).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Net Assets Available for Benefits

Net assets available for benefits at both December 31, 2024 and 2023 included \$-0- allocated to the accounts of persons who, prior to that date, had withdrawn from participating in earnings and operations of the Plan.

Tax Status

The Plan is currently operating under a prototype plan document that has been accepted under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. This prototype document received a favorable determination letter from the Internal Revenue Service, dated October 2, 2014. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of both December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Currently, the prior three years are open under Federal statutes of limitations and remain subject to review and change. The Plan is not currently under audit, nor has it been contacted by any taxing authority.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2025, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

LEVEL 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

LEVEL 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at either December 31, 2024 or 2023.

Mutual Funds (including Money Market Fund) – Valued at the quoted net asset values of the shares as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest in Common Collective Trust – Comprised primarily of a diversified portfolio of stable value investment contracts issued by life insurance companies, banks, and other financial institutions that are valued at the net asset value (NAV) of units. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The preceding methods described may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023, are reported in net appreciation in fair value of investments.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2024</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>
Interest in Common Collective Trust	\$ 12,652,799	N/A	Daily	12 month

Total Change in Nonparticipant-Directed Net Assets	\$ (7,568)	\$ (198,444)

NOTE 5 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary schedule, including investments and notes receivable from participants held at both December 31, 2024 and 2023, and the net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and PNC Bank, National Association (PNC), the custodians of the Plan.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 7 – FORFEITURES

For both years ended December 31, 2024 and 2023, forfeitures of \$-0- were used to pay Plan expenses. Forfeitures of \$56,442 and \$18,517 were used to offset employer contributions as of December 31, 2024 and 2023, respectively. As of December 31, 2024 and 2023, there were \$304,246 and \$464,980, respectively, in unallocated forfeitures.

NOTE 8 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Empower Trust Company, LLC and PNC Bank. Empower Trust Company, LLC and PNC Bank are the custodians and record-keepers for the Plan and, therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. Fees paid by the Plan to the custodians are included in either administrative expenses or net appreciation in fair value of investments. The Company pays directly any other fees related to the Plan’s operations.

NOTE 8 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS
(Continued)

These party-in-interest transactions are exempt from the prohibited transaction rule of ERISA.

Several employees of the Company provide administrative services to the Plan, such as day to day administration and oversight. The Company does not charge the Plan for these services.

NOTE 9 – RECONCILIATION OF NET ASSETS WITH PARTICIPANTS' ACCOUNTS

	December 31,	
	2024	2023
		(As Restated)
Balance of Participants' Accounts	\$ 52,434,247	\$ 50,036,172
Unallocated Forfeitures	304,246	464,980
Receivables	426,449	425,858
Net Assets Available for Benefits	\$ 53,164,942	\$ 50,927,010

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 – CORRECTION OF ERROR

An error resulting in a misstatement of previously reported Deemed Participant Loans as of December 31, 2023 was discovered by management during the current year. This amount was related to participant loans (notes receivable from participants) that were determined to be in default by Plan management in a prior year and the Plan handled in accordance with the Plan document. As these were considered benefit payments to these participants in a prior year, they should not be a part of net assets available for benefits of the Plan. Thus, these items as previously reported have been corrected as follows:

	Previously Reported	Correction	Restated
Net Assets Available for Benefits at December 31, 2022	\$ 49,187,884	\$ (242,337)	\$ 48,945,547
Benefit Payments for the Year Ended December 31, 2023	\$ 10,653,302	\$ (77,065)	\$ 10,576,237
Participant Loans at December 31, 2023	\$ 865,412	\$ (165,272)	\$ 700,140
