INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Local 812 Health Fund

Opinion

We have audited the financial statements of the Local 812 Health Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and its benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedules of Benefits Paid, Schedules of Administrative Expenses, Schedule of Assets Held at End of Year and Schedule of Reportable Transactions, together referred to as “supplemental information,” are presented for the purpose of additional analysis and are not a required part of the financial statements. The Schedule of Assets Held at End of Year and Schedule of Reportable Transactions represent supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Supplemental information is the responsibility of the Plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following brief description of the Local 812 Health Fund (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a multi-employer benefit plan established in 1945, under the provisions of an Agreement and Declaration of Trust by the Soft Drinks, Brewery Workers and Delivery Employees, Industrial Employees, Warehousemen, Helpers and Miscellaneous Workers, Greater New York and Vicinity, Local Union No. 812, I.B. of T. (the Union), affiliated with the International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers of America. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Trustees is responsible for the oversight of the Plan including determining the appropriateness of the Plan's investments.

Benefits

The Plan provides hospitalization, medical, prescription drug, dental, life insurance, vision, and disability benefits to eligible participants and covered dependents. Life and disability benefits provided are covered by insurance contracts maintained by the Plan.

Employer Contributions

Employer contributions due and not paid at year end are recorded as contributions receivable. Allowance for uncollectible accounts is considered unnecessary and is not provided.

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results may differ from those estimates.

NOTE 1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments and Income Recognition

Investments in equities, exchange traded funds and mutual funds are carried at fair value which generally represents quoted market prices or the net asset value of the fund as the last business day of the fiscal year as provided by the custodian. Short-term investments are carried at cost which approximates fair value or values maximizing the use of observable inputs.

Purchases and sales of securities are recorded on a trade date basis. Interest and dividend income are recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Claims Incurred but not Reported

Claims incurred but not reported at year end were estimated by the Plan's actuary based on claims experience.

Postretirement Benefit Obligations

Postretirement benefit obligations are estimated by the Plan's actuary.

Payment of Benefits

Stop Loss Coverage - The Plan has entered into a stop-loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims). Premiums for stop loss insurance are included in premium payments in the accompanying statements of changes in net assets available for benefits. Stop loss refunds totaling \$1,536,381 and \$811,575 in 2024 and 2023, respectively, have been netted with claims paid in the accompanying statement of changes in net assets available for benefits.

Refunds - The Plan utilizes a pharmacy benefit manager (PBM) which periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs. Refunds due from the Plan's PBM are recorded when earned. Refunds due as of the financial statement date have been reported as a receivable, with the offset being netted against claims paid. Pharmacy rebates totaling \$3,653,769 and \$3,518,049 have been netted with claims paid in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, respectively.

Property and Equipment

Property and equipment are carried at cost. Major additions are capitalized while replacements, maintenance and repairs which do not improve or extend the lives of the respective assets are expenses currently. Depreciation is computed using the straight-line method over the respective estimated useful lives. Depreciation expense totaled \$13,189 for the years ended December 31, 2024 and 2023.

NOTE 1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent Events

The Plan has evaluated subsequent events for potential recognition or disclosure through October 9, 2025, the date the financial statements were available to be issued.

NOTE 2. FUNDING POLICY

The Plan is funded through employer contributions, as well as contributions from members electing COBRA coverage. The employer contribution rates vary and are set forth in the collective bargaining agreements. Employer contributions are accounted for as exchange transactions. The contributions are due on a monthly basis. It is the policy of the Trustees to pursue monies due.

NOTE 3. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect; however, to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Trustees. In the event of termination, the Trustees shall first satisfy or make provisions to satisfy the obligations of the Plan. Any remaining Plan assets will be distributed in such manner as will, in the opinion of the Trustees, bring about the purpose of the Plan. Termination shall not permit any part of the Plan to be used for or diverted to purposes other than the exclusive benefit of the participants.

NOTE 4. TAX STATUS

The Plan obtained its determination letter on April 20, 1993, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of Section 501(c)(9) of the Internal Revenue Code, and was, therefore, exempt from Federal income taxes. The Plan has been amended since receiving the determination letter. The Plan's Administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the U.S. Federal, state, or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Typically, plan tax years will remain open for three years; however, this may differ depending upon the circumstances of the Plan.

NOTE 5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Basis of Fair Value Measurement:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the years ended December 31, 2024 and 2023, there were no transfers in or out of levels 1, 2 or 3.

NOTE 5. FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level within the fair value hierarchy, the major categories of the Plan's assets measured at fair value at December 31, 2024 and 2023:

	Fair Value Measurements at December 31, 2024			
	Total	Level 1	Level 2	Level 3
Exchange traded funds	\$ 9,966,317	\$ 9,966,317	\$ -	\$ -

Short-term investments	53,771	53,771	-	-
	<u>\$ 11,127,159</u>	<u>\$ 11,127,159</u>	<u>\$ -</u>	<u>\$ -</u>

	Fair Value Measurements at December 31, 2023			
	Total	Level 1	Level 2	Level 3
Exchange traded funds	\$ 7,468,793	\$ 7,468,793	\$ -	\$ -

Short-term investments	77,373	77,373	-	-
	<u>\$ 9,903,757</u>	<u>\$ 9,903,757</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 6. MEDICARE PART D PROGRAM

The Plan provides prescription drug coverage to eligible participants. The Plan's consultant has determined that benefits provided by the Plan were at least actuarially equivalent to Medicare Part D, and, accordingly, the Plan is entitled to a subsidy under the Medicare Prescription Drug, Improvement, and Modernization Act of 2003. The Plan estimated revenue of \$543,182 and \$471,777 for the years ended December 31, 2024 and 2023, respectively. The Plan was due \$968,750 and \$909,442 at December 31, 2024 and 2023, respectively.

The Plan provides lifetime health care coverage to eligible retirees and their dependents.

Accounting principles generally accepted in the United States of America require that the Plan include the actuarial present value of postretirement benefit obligations in the benefit obligations of the Plan.

NOTE 7. POSTRETIREMENT BENEFIT OBLIGATIONS

The amount reported as the postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employees' service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current plan participants.

The following were significant assumptions used in the postretirement benefit obligation valuations as of December 31, 2024 and 2023:

Discount rate: 5.50% for 2024 and 4.75% for 2023.

Mortality: Healthy: Headcount-Weighted PRI - 2012 Blue Collar Annuitant Mortality Table with generational projection using Scale MP-2021 for 2023 and 2024.

Actives' retirement rates for 2024 and 2023 are assumed to be as follows:

Age	2024 Rate	2023 Rate
55-59	3%	3%
60	40%	40%
61-65	30%	30%
66-69	40%	40%
70 and older	100%	100%

Health trend rates:

Medical and Hospital (Pre-65)

For 2024 valuation, 7.0% in 2025, graded to 4.5% over 5 years.
For 2023 valuation, 6.5% in 2025, graded to 4.5% over 4 years.

Medical and Hospital (Post-65)

For 2024 and 2023 valuation, 4.5%.

Prescription drug and Medicare Part D Subsidy:

For 2024 valuation 9.0% in 2025, graded to 4.5% over 9 years.
For 2023 valuation 8.5% in 2025, graded to 4.5% over 8 years.

Dental, vision and hearing aid: 4.0% for 2024 and 2023.

Administrative expense increase rate: 3.0% for 2024 and 2023.

NOTE 7. POSTRETIREMENT BENEFIT OBLIGATIONS (continued)

Valuation assumptions changes decreased obligations by \$56,952,274. This was the net result of (1) a decrease in obligations due to revising the valuation-year per capita health costs and the future trend on such costs, (2) a decrease in obligations due to revising the enrollment percentage assumption, and (3) a decrease in obligations due to raising the discount rate. The discount rate is reset each year based on the rates of return on high-quality fixed income investments currently available as of the valuation measurement date whose cash flows match the timing and amount of expected benefit payments.

Changes in plan provisions since the prior valuation include (1) implementation of in-network deductibles and out-of-network deductibles, (2) increased primary care physician, specialist, urgent care and emergency room copays and (3) implementation of out of pocket maximums for medical benefits and for prescription drugs for in-network benefits.

The weighted-average health care cost trend rate assumption has a significant effect on the amounts reported in the accompanying financial statements. If the assumed rates increased by one percentage point, it would increase the obligation as of December 31, 2024 and 2023, by \$38,499,847 and \$50,311,306, respectively.

The Plan has an unfunded obligation for current benefit claims payable and benefit claims estimated to be incurred but not reported to the Plan as of December 31, 2024 and 2023. The benefit obligations of \$44,580,300 exceeded the Plan's net assets available for benefits of \$15,759,724 by \$28,820,576 as of December 31, 2024 and the benefit obligations of \$24,049,400 exceeded the Plan's net assets available for benefits of \$12,765,994 by \$11,283,406 as of December 31, 2023. The Plan's Board of Trustees is working on lowering these unfunded obligations by keeping current with claims that come due, decreasing benefit costs and trying to decrease administrative expenses. Additionally, the Plan has asked their claims administrator to negotiate lowering the claims payable obligation backlog and has requested that the Plan's professionals assist with overseeing the recovery process, including the preparation and evaluation of cash flow forecasts and budgets of administrative expenses.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligations.

The Plan has the following related entities with which it has transactions:

- Soft Drinks, Brewery Workers and Delivery Employees, Industrial Employees, Warehousemen, Helpers, and Miscellaneous Workers, Greater New York and Vicinity, Local Union No. 812, IB of T
- Local 812 Retirement Fund
- Local 812 Annuity Fund

All of the above entities qualified as tax-exempt organizations. The entities listed above share common Trustees or officers with the Plan.

Administrative Expenses

The Plan shares facilities and staff with related organizations. The Plan reimburses the Soft Drinks, Brewery Workers and Delivery Employees, Industrial Employees, Warehousemen, Helpers, and Miscellaneous Workers, Greater New York and Vicinity, Local Union No. 812, IB of T for its portion of shared administrative expenses which includes salaries, payroll taxes and employee benefits.

NOTE 9. RELATED PARTY TRANSACTIONS (continued)

The Union charges the related parties for their allocated portion of common administrative expenses. Such expenses are allocated pursuant to a cost sharing agreement between the Plan, the Union and the Retirement Fund.

The Plan's share of allocated expenses from the Union totaled \$7,100 and \$7,526 for the years ended December 31, 2024 and 2023, respectively.

Office Space Leases

The Plan, the Union, and the Retirement Fund share office space which is leased by the Union. Rent expense totaled \$103,466 and \$100,548 for the years ended December 31, 2024 and 2023, respectively.

Benefits

Contributions are made to related benefit plans on behalf of all employee groups. Contributions are generally at fixed hourly rates. Contributions for the years ended December 31, 2024 and 2023 are as follows:

	<u>2024</u>	<u>2023</u>

Party in Interest

Flagstar Bank and Fidelity, the custodians as defined by the plan, manages certain money market funds. Therefore, these transactions qualify as party in interest transactions and are denoted as such on the supplemental schedules of assets held at year end and reportable transactions.

NOTE 10. PROPERTY AND EQUIPMENT

The following is a summary of property and equipment as of December 31, 2024 and 2023.

	<u>2024</u>	<u>2023</u>
Furniture and fixtures	\$ 60,809	\$ 60,809
Leasehold improvements	164,059	164,059
Less: accumulated depreciation	<u>(205,085)</u>	<u>(191,896)</u>
Property and equipment - net	<u>\$ 19,783</u>	<u>\$ 32,972</u>

NOTE 11. RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, sector, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 12. FEES MANDATED BY THE PATIENT PROTECTION AND AFFORDABLE CARE ACT

The Plan is subject to certain fees mandated by the Patient Protection and Affordable Care Act. Fees payable to the Patient-Centered Outcomes Research Institute (PCORI) are equal to \$3.00 per covered life for the 2024 and 2023 calendar year. The fee is indexed based on increases in the projected per capita amount of national health expenditures. For the years ended December 31, 2024 and 2023 the Plan paid \$20,654 and \$19,449 in PCORI fees, respectively.
